2¢ A DAY for REFRIGERATION

Without GAS or ELECTRICITY

- Freezing action is provided by a harmless, liquid refrigerant which is sealed into the two metal balls.
- A few minutes' attention each day provides enough refrigeration to last 24 hours.
- Cabinets are built from hard wood and steel. Have ample shelf storage space. 3½-inch super-insulated walls and bottom keep cold in and heat out—cannot warp or crack.
- Freezing unit can be easily handled—weighs only 39 lbs. —it is perfectly safe and positively trouble-proof.
- There are no moving parts—there's no oiling to be done. The MIRA-COLD is silent and requires no servicing.

300 miles	.97
500 miles	1.49
750 miles	1.70

... ONE-HALF THE COST ... ONE-FIFTH THE UPKEEP .... OF OTHER TYPES OF MECHANICAL REFRIGERATION! .....

THOUSANDS of housewives in rural communities have welcomed the MIRA-COLD enthusiastically. And well they should, for MIRA-COLD has solved the refrigeration problem in homes where gas or electricity are not available. Where proper food preservation has heretofore been impossible, where low-cost, reliable refrigeration is of utmost importance, MIRA-COLD protects you against food contamination. It requires no ice . . there are no drip pans to empty . . no ice chambers to clean. Its food preserving qualities are unsurpassed and it even makes 14 ice cubes in the handy aluminum container provided. It brings city conveniences to the farm—conveniences that have been luxuries heretofore to all farms and rural communities not served by electricity or gas.

Here's How It Works

The MIRA-COLD freezing process is no miracle at all. It is a simplified application of the principle upon which all mechanical refrigerators operate—it produces cold with heat!

The freezing unit consists of two hollow steel balls, connected by a heavy metal tube or pipe. At the factory, a lifetime supply of harmless refrigerating liquid is sealed into these balls. To start the action of the refrigerant, it is only necessary to heat one of the balls for a short time. Simply adjust the small kerosene heater and water tub furnished; remove unit from the cabinet and place in heating position. The heating is accomplished while you go about your usual house-work. After 90 minutes of heating, replace the unit in the cabinet and it is ready to furnish perfect refrigeration for 24 hours.

800 Pounds of Ice for 75c!

Five gallons of kerosene and a MIRA-COLD will produce more refrigeration than eight hundred pounds of ice in an ordinary ice box! The cost to operate a MIRA-COLD is as low as 2¢ a day—this small cost being for kerosene.

Insulated Steel Cabinets

The freezing unit is enclosed in a sanitary, super-insulated steel cabinet that fits neatly in any corner. You have easy access to the food compartment; ample shelf room for storing dishes of food, packages, bottles and vegetables. The flat top serves as a temporary table when needed.

COLDSPOT ELECTRIC REFRIGERATOR

TESTS PROVE QUALITY OF SEARS DINERS

630 Pounds Couldn't Break It!

More gruelling tests than could possibly be given chairs in the average home in a lifetime. Six different patterns, picked at random from our regular stock were tested at Armour Institute by applying 630 pounds of pressure on the seat. NOT A CHAIR BROKE.

Armour Institute Testing Machine

$2.10 EACH
IN LOTS OF 6 OR MORE
GOLDEN OAK

★ Solid Oak throughout, finished golden or fumed.
★ Genuine leather, brown Spanish grained upholstering.
★ Generously padded removable slip seat, 15¾x13⅞ inches.
★ Heavy continuous back posts.
★ Wide, nicely shaped back panel.
★ Double doweled and carefully glued.
★ Shaped front legs.
★ Height of back from seat, 20½ inches.

High quality specifications assure super strength construction and extra long life in this chair. Under laboratory tests it withstood 630 lbs. pressure—more strain than you could possibly give it. It's smart looking, too. Our very strongest oak diner. Shpg. wt., 12 lbs. See freight rates below.

OUR HARDWOOD FOLDING CHAIRS

STOOD THE *SEVEN ANVIL* TEST

98c EACH

Imagine 1050 lbs. on the seat. But that's the weight this chair withstood. Seven 150-lb. anvils were piled on and it stood the test. When you buy this chair you buy strength and service. A splendid opportunity for Schools, Churches, Lodges, etc.

—Hardwood, light maple finished.
—Smooth folding action, absolutely fool-proof. Seat size, 13¼x12½ in.
—Folds compactly into space less than, 40x17x2 inches.

A value that's hard to beat, and surely unsurpassed as to strength and ability to withstand hard, knockabout service. Shpg. wt., 9 lbs. **Not Prepaid.**

MODERN! ELECTRIFIED
Equipped with new style porcelain electric fixture with 2 outlets and electric light, if desired.

Eight Women Shoppers Have Checked the Value!

In 8 cities, big and little, north, east, south and west, our women shoppers recently priced kitchen cabinets. And this is what they discovered: **"Kitchen cabinets of equal efficiency, beauty, and construction to the one shown here are today selling at an average price of $40.00."** Our new price is **the lowest at which such a cabinet has ever sold, as far as our expert shoppers know.** Is it any wonder this is the fastest selling cabinet we've ever offered? **Write for Large Size Photograph in Colors. State catalog number.**

Upper section of base contains large bread and pastry drawer, cutlery drawer, long roomy linen drawer and a utility drawer. Also roomy space for pots and pans. And the easy-sliding extension top is absolutely **stainless porcelain enameled,** unaffected by strong biting acids or scalding hot liquids. Electrical unit consists of light socket and two outlets for cords. Braced construction throughout with all panels and back of 3-ply hardwood to prevent warping. Height, 72 in., depth, 25 in. Choice of two widths. Shipped promptly from factory in **Central Indiana.** Shpg. wts., 40-in., 260 lbs. 48-in., 275 lbs. **Not Prepaid.** Can be had with electrical attachments for a small extra charge as described at left. Nine-piece glassware set included, other utensils not included. For estimated freight charges, see opposite page.

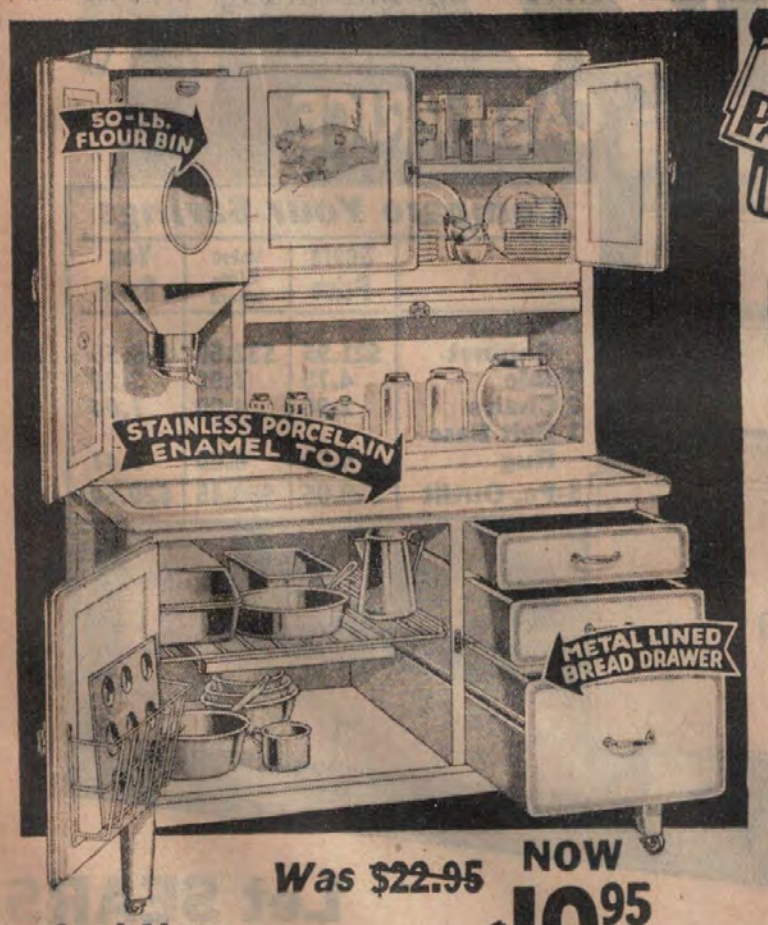
"The Most Popular Inexpensive Kitchen Cabinet in America"

$14.85 CASH
GOLDEN OAK

Quality Built—Even Though Low Priced



Beautiful to look at, a pleasure to work with, and an economy if you want to save money. This colorfully finished cabinet more than measures up to the high quality standards set by Sears. Excelling in everything that you'll find on ANY inexpensive cabinet, it now comes to you at a price well within the most limited budget. Trim, compact and sturdily constructed with braced corner posts for rigidity. Finished in choice of colors—easy to keep spotlessly clean.

Base contains generous space for pots and pans with sliding wire shelf. Wire shelf on door for lids and pans. Sliding extension table top, porcelain enamel on steel, slides out to provide working space 40x23 inches; closed, 40x14 in. **Shipped Not Prepaid from factory in Central Indiana.** Shpg. wt., 140 lbs. A KITCHEN BASE . . Built This Way

ASSURES SATISFACTION

EASY TO BUY See Page 737

Choice of 5 Finishes

Look at the sketch in the left hand circle. See the way the plywood panel is mortised into the 2-in. corner post? It's glued there to stay. That's the way Sears kitchen furniture is constructed. The sketch to the right shows ordinary nailed corners that split and break.

—4 Roomy drawers
—White porcelain enamel steel top, 40x25 in., easy to keep clean
—Hardwood, enamel finished; or Oak, finished Golden
—Partitioned cutlery top drawer
—Ventilated metal bread drawer
—Removable wire sliding pan shelf and wire door rack

A marvelous convenience. Roll it to any part of the kitchen where you want to work and have all your pots and pans with you. And it'll fit anywhere. Rigid post construction with continuous corner posts from top to bottom. Ht., 30½ in. Shpg. wt., 80 lbs. Shipped from factory in Central Indiana. **Not Prepaid.** See estimated freight rates below.

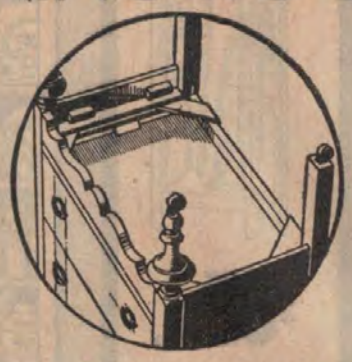
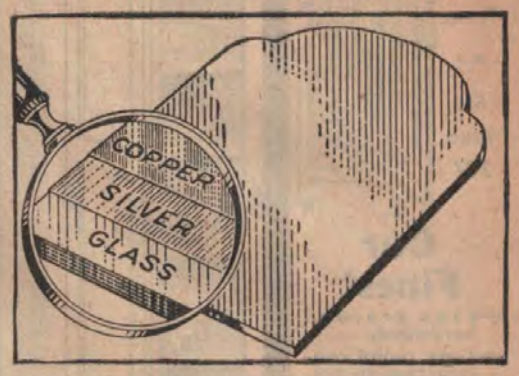
Sears Build Lasting Quality
INTO BEDROOM and DINING ROOM FURNITURE



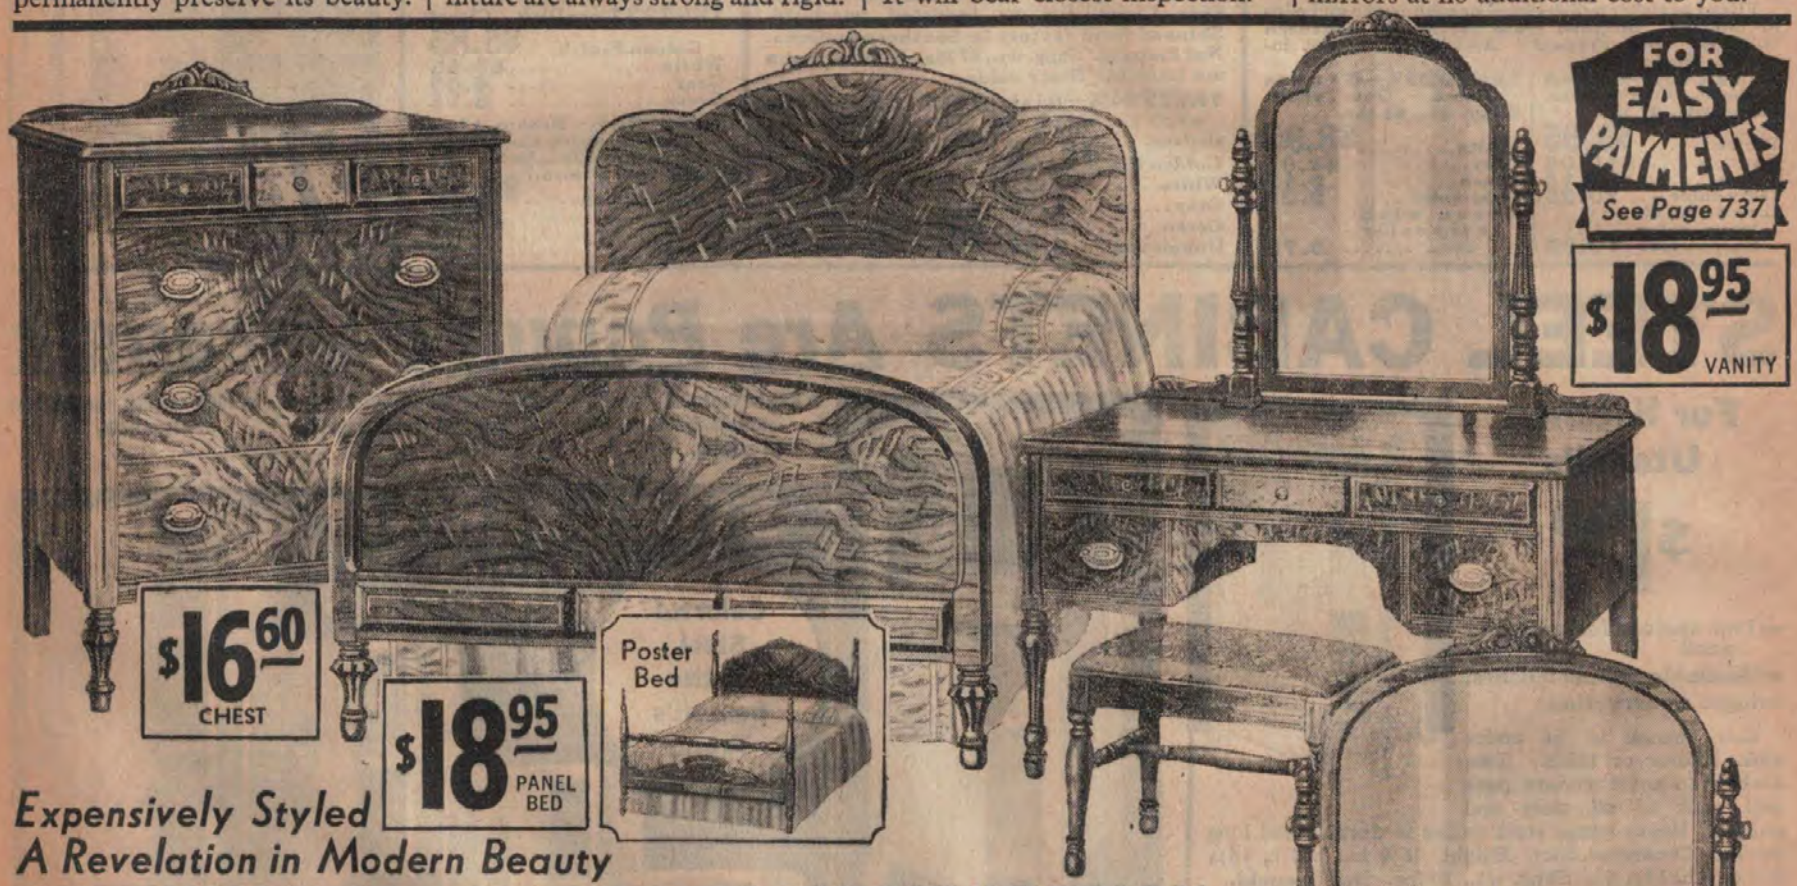
VENEER..FINISHES

Veneered wood is stronger than solid wood because the plies of cabinetwood underneath are securely glued together with the grain running at right angles. The surface veneer is specially selected for color and grain and is carefully conditioned, properly stained, rubbed and finished to permanently preserve its beauty.



JOINTS...BRACING

Joints and bracing may vary in different pieces but the general type employed is a quick index to quality construction. In Sears Honor-Bilt furniture joints are securely fitted, blocked, braced, mortised and tenoned; or doweled and glued in the most workmanlike manner. Joints in Sears furniture are always strong and rigid.



UNSEEN PARTS

The "upside down test" reveals the sturdy construction of Sears furniture inside and out, sides, backs and bottoms. Made better, stronger, more carefully finished with corners glued, blocked, and braced. Sears furniture has nothing to hide, nothing to fear. It will bear closest inspection.

COPPER BACK MIRRORS

A new process of coating and sealing the silvered back of mirrors with copper oxide assures permanent reflection and brilliance. Mirrors thus protected are unaffected by moisture or acid gases in the air, and will not tarnish. Used on many bedroom suites and occasional mirrors at no additional cost to you.

A Thrifty Special for Every Home and Pocketbook

—Beautifully grained American Walnut veneer on 5-ply tops and 3-ply fronts; ends 3-ply hardwood construction.
—Graceful lines in harmony with this simplified design.
—Molded edge tops, fluted corner posts and neatly turned front legs impart a note of graceful charm.
—Drawers dovetailed construction front and back.
—Genuine plate glass mirrors in correct proportion to each piece.

Why deprive yourself of the beauty of Walnut veneered furniture? At these prices, almost as low as is asked elsewhere for hardwood pieces, it is easy to buy this superior furniture. Parts not veneered are hardwood, finished to match. Beds have wood side rails. Shipped from factory in Western North Carolina. **Not Prepaid.** Bedding not included.

All the Good Things From Many Chifforobes Built into One

$29.85 And Up

CLOSED VIEW. NOTE BEAUTIFULLY GRAINED WALNUT VENEER DOORS

WE BOUGHT the very finest chifforobes money could buy. Our buyers, experts and designers studied them . . . examined them . . . measured them. The best features of all were adopted, improvements developed, factories given our specifications, and this perfect chifforobe was born.

It's a new, different, better chifforobe that will fill your every need . . . will take care of your entire wardrobe . . . where the entire family can store suits, dresses, coats, hats, shoes, lingerie, haberdashery—even toilet accessories. *Imagine a place for everything, and everything in its place.* It is the most practical, most useful, common-sense furniture convenience we have ever seen. *And it is priced as only Sears could price it—many dollars under the $95.00 asked elsewhere for similar quality.*

You'll thoroughly appreciate the extra deep and long clothes compartment—fully lined with aromatic Tennessee red cedar—all of **58** in. from garment rod to floor where you can hang suits, dresses and coats full length.

Superb *Honor-Bilt* construction starts from the molded edge top and channeled corner posts, down to the colonial ball feet. Rigidly braced and constructed for maximum strength of kiln-dried hardwood; 5-ply doors and end panels veneered with genuine American Walnut. Choice of styles—with either two wood doors, or with 15x50 in. plate glass mirror on right door front. Substantial lock and key. Height overall, **70** in., width, **37** in., depth, **21** in. Shipped from factory in Central Indiana. For estimated freight rates see page 778. **Not Prepaid.**

Purity Above All..

in Sears Pillows

New Cleanliness....

New Buoyancy.....

Permanently Dustless

More Healthful.....

ONLY FOUR CAN DO IT

At the time of going to press only four pillow companies in the entire country had the necessary equipment to sterilize and purify feathers equal to the purification specifications demanded by Sears. Of these four companies, three are selling their products to Sears!

Safe! Safe for you and your children to sleep on. Healthful, clean, pure, odorless, lastingly buoyant and permanently dustless . . . the *No O-Dr Process* of purification provides all that. Washed and scoured in a solution of non-injurious chemical and billowy soap suds . . . all dirt, grit and grease removed . . . rinsed in purified water until it runs clear . . . and then dried in pure ozonized hot air. Never before such purity . . . such comfort in pillows. Most important is that Sears bring these to you at no increase in price . . . in fact less than the old fashioned kind.

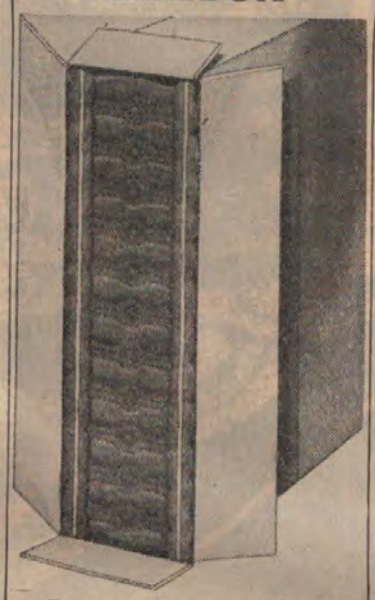
Sears Mattresses MUST Pass These RIGID TESTS!



Coverings Must Be Durable

ONLY heavier quality Damasks and Tickings are good enough for Sears mattress covers. They are painstakingly examined for thread count, tested for weight and examined for filler or "loading." Woven of long staple cotton for durability, resistance to hard usage, and fine appearance. Each fabric selected must be standard weight and guaranteed to give lasting service.

Padding Must Be Felted Cotton

THE composition of all padding is rigidly maintained. Quality specifications call for All Felted Cotton Padding of uniform thickness and firmness. It must be clean, new and free from impurities. Special processing makes it downier, softer and fluffier.

SANITARY SHIPPING CARTON

Every Mattress Packed and shipped in a sanitary Carton. Sealed at the factory insuring its reaching you clean and sanitary.

Inner Springs Tested for Flexibility

INNERSPRING units were given a pounding, battering test under the supervision of the laboratories of Armour Institute, Chicago, Ill. Their flexibility, length of life and resiliency must be definitely known because Sears mattresses are guaranteed to satisfy. Coils are made of highly tempered Premier wire (finest quality obtainable) assuring maximum recoil and as a guard against breakage.

Every Mattress Is Factory Inspected

MADE in factories that are members of the Better Bedding Alliance . . . an organization of America's finest bedding manufacturers who have pledged themselves to maintain the highest quality standards and to truthfully label all mattresses as to filling materials. Every mattress must therefore comply with the sanitary laws of every state.

NEW *Luxury Sleep* COMPANION

Our Own Trade Mark

EVEN BETTER Than Last Year!...

$19.50 54-IN. MATTRESS

- ★ **GUARANTEED** — 550 barrel shaped coils—greatest number ever put in a mattress selling at this price.
- ★ **GUARANTEED** — Full 33 lbs. of fine, white, fluffy all felted cotton—3 lbs. more than average amount.
- ★ **GUARANTEED** — Tufted with tape, through tiny eyelets—no tufts, knots won't pull out or collect dust.
- ★ **GUARANTEED** — Double size ventilators for health—allows mattress to breathe.
- ★ **GUARANTEED** — Insulator of soft, felted cotton, quilted to muslin, over top and bottom of coils—prevents coils feeling through.
- ★ **GUARANTEED** — Especially imported panel pattern cotton DAMASK with linen-like finish; and genuine embroidered side walls.

And... In Addition

—Each spring encased in individual muslin pockets to eliminate noise.

—Taped balloon type roll edges.

—Strictly hand tailored by skilled mattress makers.

GREATEST mattress value of all time. A great mattress made still greater . . . that's finer in appearance . . . more comfortable . . . better tailored . . . more enduring . . . resulting in all the lasting satisfaction that quality—highest quality—can give. There's a wealth of marvelous softness and dressy shapeliness in the *Companion*. By every known standard of comparison the price should be higher. . . . If you didn't know the price you'd emphatically say, "It must be a $29.50 mattress."

Ⓐ Stitched muslin-lined felted cotton pad prevents upholstering from interfering with coils.
Ⓑ Offset coils flex . . . Can't slip.
Ⓒ Feather coils for *soft* sleeping surface.
Ⓓ Heavier coils for *firm* sleeping surface.
Ⓔ Special ring clip fasteners lock units permanently together.
Ⓕ Noiseless shock absorbing insulating pad.
Ⓖ Flexible "Hour Glass" shaped coils.

Exclusive at Sears!

FIRM OR SOFT MATTRESS ALL IN ONE

—Double deck . . . two spring units . . . one on top of other.
—182 Double Cone coils in each unit . . . 364 in all.
—Coils on one side of medium gauge oil-tempered wire, making a very soft surface.
—Coils on other side heavier gauge, producing a more resistant, firmer sleeping surface.
—Coils laced together top and bottom by strong flexible silent helicals.
—Soft, thick, cotton shock absorbing insulator eliminates all noises and friction between coil units.
—Top, bottom and sides cushioned with 32 lbs. of fine grade, felted cotton.
—Stitched cotton batt over coils at top and bottom prevents the coils from "feeling through."
—16 screened ventilators allow mattress to "breathe."
—Covered with beautiful imported panel patterned cotton damask with plain color sides to match.
—New BALLOON type roll edge, contrasting colored corded tape edging, and hand button-tufted.

The very latest improvement in sleeping comfort! This patented New Double-Deck Luxury Sleep mattress has a sleeping surface on one side of deep, feathery softness that molds to your body—perfect for children and lighter weight adults. And a more resistant, firmer, yet yielding surface on the reverse side, which is supremely comfortable for those who prefer a harder sleeping surface.

This new revolutionary innerspring construction is the principle of the double-deck "hour glass" spring, applied for the first time to the inside of a mattress.

The covering is heavy imported panel patterned cotton damask, in shades of Rose, Blue, Green or Orchid.

WORLD'S FINEST . . .
Again Improved

- Inner unit of 848 cylinder coils.
- Each made of finest grade, oil-tempered Premier wire.
- Springs always upright . . . cross tied at top and bottom . . . can't lean or jumble.
- Noiseless . . . each coil encased in a separate muslin pocket.
- Insulator of elastic cotton linter felt securely quilted to muslin over top and bottom of coils.
- Cushioned with full 33 lbs. of new, clean fluffy cotton linter layer felt.
- New, more beautiful Petit point-like cover with fine wool overshot design.
- Non-sag balloon type, taped roll edge.
- Tailored with invisible stitching.
- GENUINE EMBROIDERED sidewalls . . . more beautiful than ever.
- Sanitary screened ventilators permit fresh air to circulate.
- New, improved button tufting.

Like the very latest automobile, the new *Super Luxury Sleep* has the most modern and up-to-date improvements. But even with all its superior points of interior construction we weren't satisfied. We wanted an exterior of even greater beauty-appeal . . . a cover that would be exclusive . . . to make the *Super Luxury Sleep* **the most beautiful as well as the most comfortable mattress in America.**

In our opinion the 1932 *Super Luxury Sleep* excels them all. The new, expensive, exclusive Petit point-like design of fine wool overshot into the heavy cotton ticking, almost silk-like in appearance, is the most striking cover ever put on any mattress. This new design has the resemblance of relief work, is permanent, and is in contrasting tones to the pastel shade backgrounds. For the first time, and only on the *Super Luxury Sleep* can you secure this marvelously beautiful cover.

MATTRESS BUYING..

Spring Filled

SLEEP ON COIL SPRINGS

Open and muslin covered type inner-spring unit . . . hundreds of coil springs . . . resilient, frictionless . . . cushioned with many layers of fluffy felted cotton . . . stitched cotton batt prevents feeling springs through. This is the kind of high grade construction you get in any one of these several Sears mattresses.

TUFTLESS INNER-SPRING

- Imported panel-patterned HEAVY cotton damask, with linen-like finish rich . . . lustrous . . . durable.
- 368 Cylinder shaped highly-tempered coils individually encased in muslin pockets.
- Coils cross-tied at top and bottom to prevent noise and shifting.
- Cushioned top and bottom with FULL 30 lbs. of soft, felted layer cotton.
- Stitched cotton batt "insulator" prevents coils from feeling through.
- Eight sanitary screened ventilators allow fresh clean air to circulate.
- TUFTLESS . . . a perfectly smooth surface.
- Taped roll edges.

One of our FINER GRADES in the less expensive class . . . an inner-spring mattress that will give many years of service and satisfaction. **More durable** because of the greater number of coils . . . **More attractive** because of the high-grade imported heavy cotton damask ticking . . . **More comfortable** because we've incorporated the latest sleep-insuring ideas. Not tufted, so as to give you the smoothest and most sanitary sleeping surface possible. Choice of **Green, Rose, Blue,** or **Orchid.** Shipped **Not Prepaid** in flat carton.

1KM7643—State size and color. **$16.95**

As listed, mattresses conform to government specifications to fit the following size beds: Full size (54-in.), Twin size (39-in.), and Three-quarter size (48-in.).

MADE EASY..at Sears!

Layer Cotton Filled

"Better-Bilt" mattresses are made the Sanitary way . . . the Correct way . . . the Only way to insure real sleeping comfort and durability. Extra layers of soft, fluffy, felted cotton are piled in the center at top and bottom, providing a CROWNED center for greater comfort. They are made by nationally known makers, members of the Better Bedding Alliance of America, in airy factories under the most sanitary conditions. Sears as well as the manufacturer guarantees their purity.

INNER-STRAP FELTED COTTON

- FULL 50 lbs. of soft felted cotton.
- Built-up layer upon layer.
- Tapes sewed inside ticking prevent spreading.
- Cover of heavy drill two-tone ticking.
- Screened air ventilators.
- Roll edges. Deep uniform tufting.

The BEST need not be expensive when you prefer a felted cotton mattress. This one is thoroughly honest quality according to Better-Bilt standards. Cannot spread out because strong, broad tapes are sewed to the inside of the ticking at top and bottom. Choice of two-tone **Green, Rose** or **Orchid.** Shipped in sanitary carton.

1KM7644—State size and color. Not Prepaid.

To Fit	Act. Wt.	Shpg. Wt.	
54-in. bed	50 lbs.	58 lbs.	**$9.95**
48-in. bed	45 lbs.	52 lbs.	**$9.85**
39-in. bed	37½ lbs.	44 lbs.	**9.75**

Similar to above but filled with **100% Genuine Prime Japara Kapok,** covered in heavy sateen and finished with taped roll edges. Kapok is lighter and softer than cotton but will not give as long service. **Not illustrated.**

1KM7559—Not Prepaid. State size.

To Fit	Act. Wt.	Shpg. Wt.	
54-in. bed	30 lbs.	38 lbs.	**$10.95**
48-in. bed	27 lbs.	34 lbs.	**$10.85**
39-in. bed	22 lbs.	28 lbs.	**10.75**

GRANDMOTHER'S FAVORITE

—100% all soft layer felted cotton.
—Crowned center, top and bottom.
—Actually 10 lbs. extra cotton in each size.
—HEAVY, durable alternate blue and white woven stripe 6-oz. ticking.
—Securely tufted—filling can't shift.
—Taped roll edges.
—Four rows of side stitching.

Another fine mattress, Extra Thick for Extra Comfort . . . full 10 lbs. more than the average mattress selling in this price range elsewhere. The blue and white stripe 6-oz. ticking is the same that was so popular in grandmother's day and is today used extensively in America's leading hotels and hospitals. Matches our pillow, 1K7159 shown on page 780. Shipped in sanitary carton. **Not Prepaid. State size.**

	To Fit	Act. Wt.	Shpg. Wt.	
1KM76571	54-in. bed	60 lbs.	68 lbs.	**$8.95**
1KM76572	48-in. bed	55 lbs.	62 lbs.	**$8.85**
1KM76573	39-in. bed	47½ lbs.	54 lbs.	**8.75**

See estimated freight rates below.

55-LBS. ALL LAYER FELT

—Good grade drill ticking with plain color sateen sides to harmonize.
—Deeply tufted.—Imperial Roll edges.
—Four rows of side stitching.

An excellent mattress for the money. One of our best sellers, because it gives more service, more comfort, is better looking and better tailored than most mattresses of its kind that sell for from ⅓ to ½ more. Shipped in sanitary carton. **Not Prepaid. State size.**

	To Fit	Act. Wt.	Shpg. Wt.	
1KM76661	54-in. bed	55 lbs.	63 lbs.	**$7.65**
1KM76662	48-in. bed	50 lbs.	57 lbs.	**7.55**
1KM76663	39-in. bed	42½ lbs.	49 lbs.	**7.45**

Same as above except covered all over including sides in a floral designed drill ticking, 5 lbs. less in each size and 3 rows of side stitching. **Not Prepaid. State size.**

SWISS EMBROIDERY EFFECT PLAIN COLOR SIDES . . . .

1. Full 50 lbs. of soft, new fluffy linter cotton, with layers of felted linter cotton on top and bottom
2. Deeply tufted to prevent lumping
3. Lock stitched roll edges
4. Durable floral art ticking

What a mattress . . . and what a price! The manufacturer was amazed when we told him **"to make us a 100% new linter cotton mattress with layers of felted linter cotton on top and bottom to sell for $4.48"** and in addition to **"finish it with Swiss Embroidery Effect plain colored sides."** And no wonder! Only a store as big as Sears, buying in record-size lots, could do it. The Swiss Embroidery Effect side is a touch of quality and beauty utterly lacking in any other mattress in this price range. Shipped in dustproof carton. For estimated freight rates see page 785. **Not Prepaid. State size.**

1KM7628	Act. Wt.	Shpg. Wt.

To fit 39-in. bed	37½ lbs.	44 lbs.	4.28

Not illustrated. An inexpensive mattress with loose linter cotton center filling and layers of felted linter cotton on top and bottom. Art ticking. Roll edges. Deeply tufted. Act. wt., 45 lbs. To fit 54-in. bed only. Shpg. wt., 53 lbs.
1KM7517—Not Prepaid **$3.65**

SPECIAL OFFERING! 100% Layer Felt

Smashing Values? . . . we'll say they are! A big manufacturer and a good one, too, had thousands of dollars tied up in mattresses . . . Overstocked with beautiful 100 per-cent LAYER FELTED COTTON mattresses . . . thousands of them. But he needed money.

"The goods must be sold at once," he decided. **"NAME YOUR OWN PRICE".** And we did! We picked out a train load . . . enough for all our huge mail order plants. We offered him a price. It was accepted. This most sensational mattress offer is the result.

No Matter How Low the Price We Guarantee the Quality

★ Filling of new, fluffy felted cotton piled layer upon layer.
★ Crowned center where wear is greatest for years of comfort.
★ Attractive covers of floral pattern art ticking.
★ Securely tufted. Keeps filling in place, prevents lumping.

FEATURES TO LOOK FOR.... when you buy a spring

Remember Any Furniture Order Over $20.00 May be Bought on EASY PAYMENTS See Page 737

Our Finest Spring Has 187 Coils

Triple cone coils distribute every strain exactly as the shock absorbers on your car. Highly resilient and lots of recoil.

Helical (coil) spring tied top allows each coil to act independently in yielding to body weight. Two people of unequal weight do not roll to center.

Double deck construction acts as a direction guide and keeps coils in line when compressed. The coil cannot wobble from side to side.

Drop cross slats brace the frame and permit deeper than average coils with the exception of the outside row which rests on the angle frame.

Automatic side stabilizers hold border wire in position.

Continuous angle steel frame for strength, and round corners to prevent torn bedding.

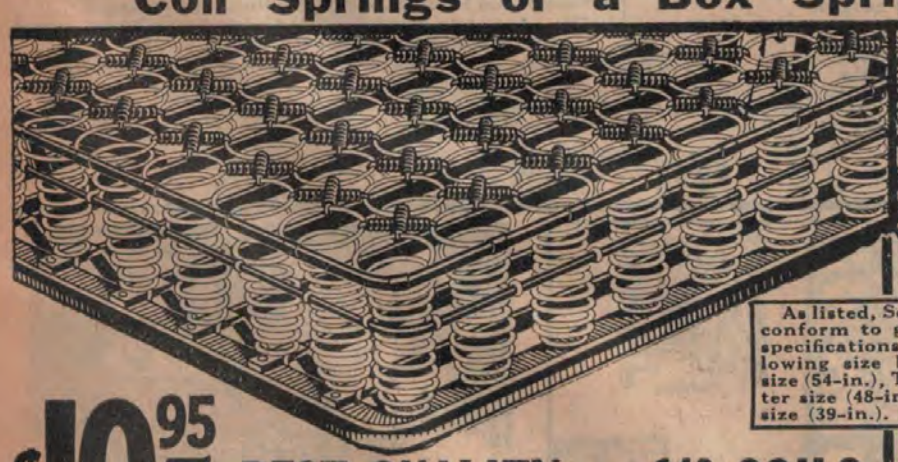
25 Year Guarantee

Write for Large Size Photograph State Catalog Number

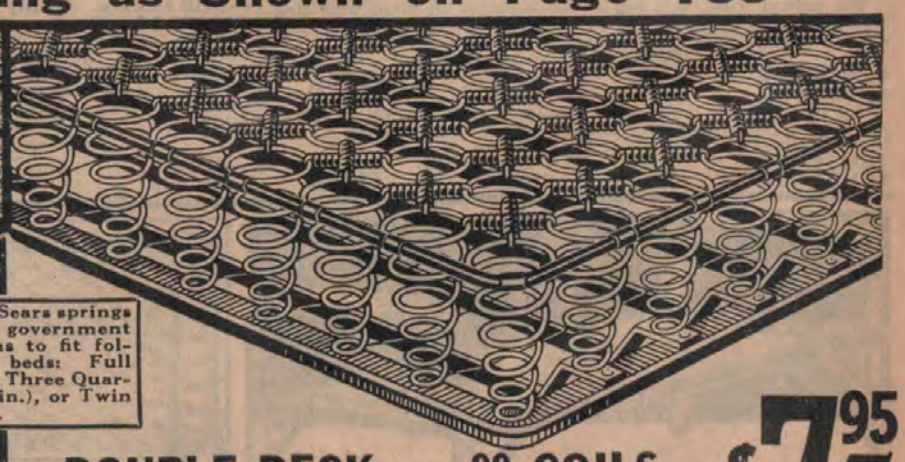
$14.50

TO FIT 54-INCH BED

- ★ 187 flexible, resilient triple cone coils (fewer in smaller sizes).
- ★ Made of oil-tempered Premier wire.
- ★ Tied together at top by 320 lively crossed helical (coil) springs.
- ★ Center deck wire holds coils firmly in position, eliminating sidesway.
- ★ Automatic side braces.
- ★ Heavy border wire around top.
- ★ Continuous 1½x1½ in. angle steel frame for greater strength and durabiity.
- ★ Corners rounded to prevent torn bedding.
- ★ Heavy drop cross slats hold frame rigid and allow deeper center coils.
- ★ Baked-on Green enamel rust-resisting finish.



NATION-WIDE SURVEY PROVES IT A $19.50 VALUE



The best spring made is our finest. In the long run it is the "world's least expensive" bed spring. Spread over the guaranteed period of 25 years, it actually costs you less than 55c a year to enjoy the satisfying comfort found only in superlative quality. Why deprive yourself longer of the greater comfort, longer service, and genuine economy this spring offers? Fits beds with either wood or steel side rails. For freight rates see opposite page. **Not Prepaid.**

1KM5799—State size.

To fit 54-in. bed. Shpg. wt., 107 lbs... **$14.50**

To fit 39-in. bed. Shpg. wt., 77 lbs..... **14.48**

For Innerspring Mattresses, Buy One of These Good Coil Springs or a Box Spring as Shown on Page 783

As listed, Sears springs conform to government specifications to fit following size beds: Full size (54-in.), Three Quarter size (48-in.), or Twin size (39-in.).

BEST QUALITY . . . 140 COILS

$10.95 54-IN.

—140 big, triple cone coils of finest Premier wire.
—234 crossed helical coils hold these big spiral springs together.
—Center tie wires connect all coil springs reducing sideway.
—Automatic side braces support the heavy border top wire.
—Continuous 1½x1½ inch angle steel frame has rounded corners.
—Deeper than average coils because of 2-inch drop cross slats.
—Baked-on Green enamel rust-resisting finish.

Big News—even in this year of slashed prices! Positively sensational for a **genuine double deck** spring with ALL the strong construction points listed above to be offered at this price. For wood or steel beds with wood or steel rails. For estimated freight rates see opposite page. **Not Prepaid. State size.**

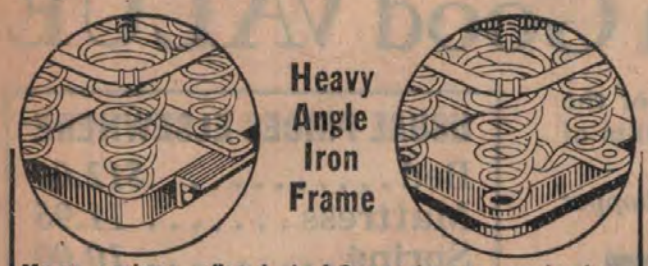
1KM57901—To fit full size 54-in. bed. Shpg. wt., 87 lbs..... **$10.95**
1KM57902—To fit three-quarter size 48-in. bed. Shpg. wt., 75 lbs.... **$10.94**
1KM57903—To fit twin size 39-in. bed. Shpg. wt., 66 lbs..... **10.93**

DOUBLE DECK . . . 99 COILS

$7.95 54-IN.

—99 triple cone shaped coils (proportionately fewer in smaller sizes).
—Tied at top by 160 flexible crossed helical (coil) springs.
—Two-in. drop cross slats permit deeper than average springs.
—Continuous 1¼-inch angle steel frame with rounded corners.
—Stabilizer on each side keeps border wire top from sagging
—Durable Green rust-resisting finish.

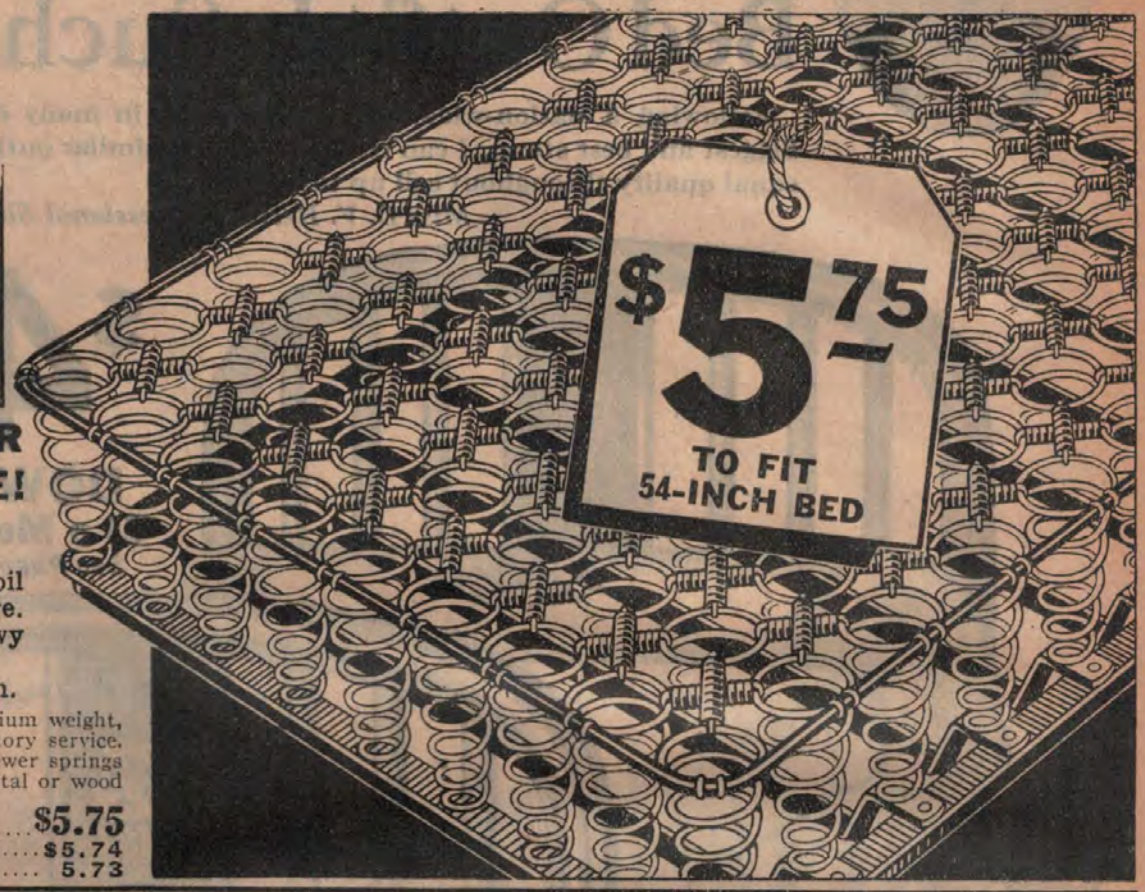
Convincing economy that is yours, when you buy at Sears! If you want a genuinely good, double deck coil spring for less than you ever thought possible, we recommend this one. For freight rates see opposite page. Fits beds with either wood or steel side rails. **Not Prepaid. State size.**



1KM57831—To fit 54-in. bed. Shpg. wt., 69 lbs..... **$7.95**
1KM57833—To fit 39-in. bed. Shpg. wt., 56 lbs..... **$7.93**

Same general construction spring as above but of somewhat lighter materials. No Stabilizers. Fits beds with either wood or steel side rails. **Not Prepaid.**

1KM57551—To fit 54-in. bed. Shpg. wt., 64 lbs..... **$5.95**
1KM57553—To fit 39-in. bed. Shpg. wt., 51 lbs..... **5.93**



Best Grade PREMIER WIRE IN ALL SEARS SPRINGS

Premier wire (finest obtainable for spring construction) is highly tempered in oil. Springs made of Premier wire have great resiliency and recoil with correspondingly long life. Enameled to resist rust.

Many springs offered by others are made of four separate pieces, riveted together. Angle iron used only on sides. This is a cheaper construction.

Our springs are made of one piece continuous angle iron for greater strength and durability. Rounded corners prevent torn bedding. This is the best known construction.

NO SPRING GIVES MORE FOR THE MONEY THAN THIS ONE!

- Single deck style.
- 99 resilient oil tempered Premier wire coils.
- Tied together at top with 160 lively helical coil springs. See small insert on opposite page.
- Heavy angle steel bottom frame and heavy border wire top.
- Baked-on green enamel rust-resisting finish.

A genuine standard quality single deck coil spring, medium weight, flexible, comfortable, and constructed to give long satisfactory service. Rounded corners prevent torn bedding. Proportionately fewer springs than 99 are in the smaller sizes. Fits beds with either metal or wood side rails. **Not Prepaid. State size.**

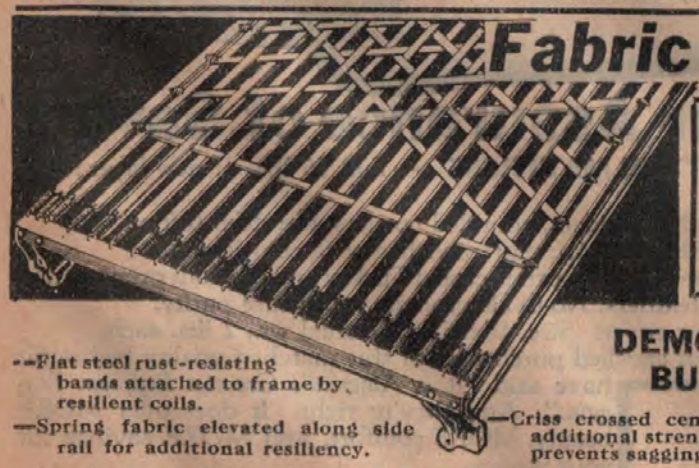
1KM57761—To fit 54-in. bed. Shpg. wt., 76 lbs **$5.75**
1KM57762—To fit 48-in. bed. Shpg. wt., 58 lbs **$5.74**
1KM57763—To fit 39-in. bed. Shpg. wt., 49 lbs **5.73**

Single Deck Coil Springs

—140 deep resilient coils of high-carbon tempered Premier wire.
—Tied together at top with 234 helical (coil) springs.
—Drop cross slats permit extra deep center coils.
—Angle steel frame with rounded corners of heavy tough steel.
—Heavy border wire at top; baked-on green enamel finish.

Better than average, for those who want a single deck spring with additional coils for less money than our better grade double deck spring. Fits beds with either steel or wood side rails. **Not Prepaid. State size.**

1KM57791—To fit 54-in. bed. Shpg. wt., 77 lbs **$7.95**
1KM57792—To fit 48-in. bed. Shpg. wt., 68 lbs **$7.94**
1KM57793—To fit 39-in. bed. Shpg. wt., 50 lbs **7.93**



—99 resilient coils of tough Premier wire will give good service.
—Tied together at top with crimp wire forming an even surface.
—Heavy angle steel frame all around insures long life.

Our lowest priced—yet a splendid value. Far better than usual at this low figure. Heavy border wire and heavy cross slats give it sturdiness. Size to fit 54-in. bed only. Fits beds with either steel or wood side rails. Shpg. wt., 60 lbs. **Not Prepaid.**

1KM5775—To fit 54-inch bed only **$5.35**

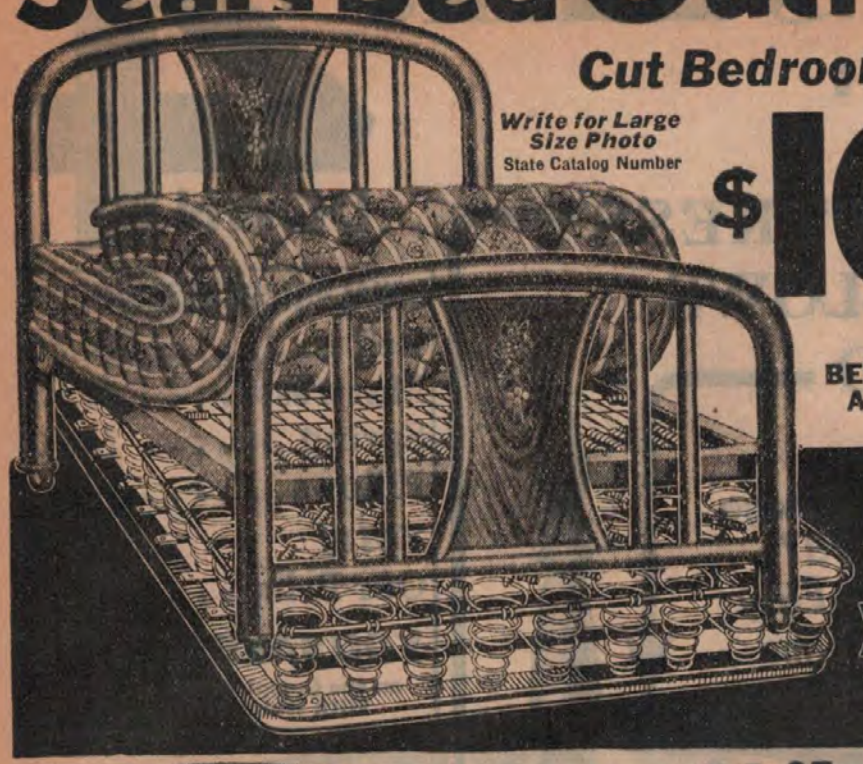
54-In. Walnut Finished Bed, Spring, Mattress and Pillows

How Is Such A Marvelous Value Possible?

It started by scouring the markets for the biggest "quality buys" . . . and ended by grouping them together in this remarkable combination. Separately not one of these pieces was meant to sell at such singularly low prices . . . but by grouping we make this value triumph possible. According to the reports of our trained shoppers, many stores ask up to as high as $16.95 just for the bed alone. Bed Shipped from factory in Central Indiana. Other items from our store. *Not Prepaid. State finish.*



1KM4273½—BED ONLY. State width.

DOUBLE UTILITY SAVING NEW STUDIO COUCH BED

COMFORT..Simply Wonderful

- ★ Choice of slide under link wire spring; or 80-coil automatic action spring
- ★ Full 30 lbs. mattress filled with fluffy cotton
- ★ Deeply tufted forming an attractive surface
- ★ Full valance at front and ends hides metal frame
- ★ Large pillows 18x24 in. filled with fluffy clean cotton
- ★ Mattress and pillows covered in colorful small pattern cretonne
- ★ Angle iron frame, braced and bolted for rigidity
- ★ Length overall 72 in.; slide under style opens to 45 in. width. Coil style opens to 50 in. width

Never before anything like it! A real Studio Couch and a real bed too . . . both for the price of one alone. And that price so very low you'll be amazed that even Sears could pack so much good appearance, quality, and comfort into this couch. No other type of bed has swept the country quite like this studio couch. When set against the wall with the three pillows as a back, it makes an ideal living room davenport. Doubly useful too, for at night it actually gives the convenience of an extra bedroom.

For full description of the resilient link wire spring and the comfortable coil spring, see top of page 786H.

New Cleanliness

All feathers purchased at Sears are now cleaned and made sanitary by the newly perfected *No-O-Dr* Process. They are unqualifiedly guaranteed to be fresh and new—never before used. They are *washed and scoured in a solution of a non-injurious chemical and billowy soap suds,* rinsed in purified water until it runs clear and dried in pure ozonized hot air and come to you unrivaled in purity, freshness and buoyancy and are sanitary and absolutely odorless.

No better assortments of feathers will be found anywhere regardless of price. We are the largest distributors of bulk feathers in the world, and quote lowest prices for highest quality.

Stamped on every bag you'll find our "Seal of Purity" guaranteeing compliance with all health and sanitation laws.

We Pay the Postage on Orders of $2 or More. (*See Page 1*)

1K4131—Postpaid **$2.00**

Consider!

WEIGHT When you buy a stove, be sure the castings are heavy enough to LAST. Light weight castings are very likely to burn out, crack or otherwise deteriorate. Good selected heavy grey castings should last for years.

TROPIC selected castings are extra heavy—and will give many years of satisfactory service.

BEAUTY The TROPIC is a beautiful stove. It is handsomely finished throughout in beautiful Grained Walnut Porcelain Enamel. Equipped with a Grilled Mica window that sheds a cheerful light at all times. Harmonizes with any surroundings—and is worthy of the finest homes.

CAPACITY When buying a stove be sure the rated capacity is correct. We rate the TROPIC to heat 3 to 4 rooms comfortably. Fitted with water pan, ensuring healthful heat at all times.

Then Consider PRICE

$29.50 CASH

"TROPIC" WARM AIR CIRCULATOR

- Warm Air Circulator type.
- Heavy corrugated cast iron fire pot.
- Heavy corrugated one-piece cast iron combustion chamber.
- Walnut Grained Porcelain Enameled outer casing with cast iron front and top and steel sides and back.
- Draw center type grate for efficient use of any fuel.
- Large Water Pan.
- Adjustable flue collar.
- Large feed door.
- Will heat 3 to 4 rooms.

The *TROPIC* is a mighty warm air circulator . . . and a wonderful value. Its all *CAST IRON* inner unit is of high quality and long life—its "circulator" type construction is your guarantee of high heating efficiency.

CAST IRON, for example, is the finest stove material known. It won't rust out. It radiates heat better. In fact, whenever you see a stove with a cast iron inner unit, you may be sure it is a good stove provided the castings are heavy enough.

The TROPIC is equipped with heavy castings. Its one-piece corrugated firepot, being corrugated is stronger, and has a much greater radiation surface. Being the right design, it permits complete combustion of fuel.

The cast iron combustion chamber is also ribbed and corrugated. This gives a far greater radiation surface, and adds strength as well. This feature enables the TROPIC to heat a large space in a short time.

The grates are heavy but easy to shake—consisting of an outer shaking ring, and a draw center dump grate. Has an extra large water pan, large feed door.

Hard coal and coke model fitted with self-feeding magazine. Will hold fire 12 to 15 hours. Soft coal model has smoke curtain.

MEASUREMENTS. Round Firepot 16 in. wide by 10 in. deep. Floor space, 26x24 in. Height 43 in. Feed door, 7¼ in. by 9 in. Takes 6-inch stovepipe. **Shipped from Boston, Mass., Harrisburg, Pa. or factory in Central Ohio. Not Prepaid.** Send your order to Philadelphia or Boston. Shpg. wt., 325 lbs. Estimated freight charges per 100 lbs.: 150 miles, 47c; 300 miles, 69c; 500 miles, $1.05; 750 miles, $1.19.

WHAT TO LOOK FOR BEFORE YOU BUY A HEATER

Circulation Type

Radiation Type

There are two types of heaters in general use; the circulator type and the radiation type. The above illustrations show the big difference in construction design and efficiency between the two types.

In the circulation type, the cold air is drawn in at the bottom of the stove. This cold air circulates around and over the surfaces of the inner combustion unit, quickly becoming heated, passing out of the stove through the open grille work at the top of the stove—and setting up currents of warm air that spread themselves *throughout the entire house.*

This is by far the best type of heater for home use—for comfort, health and economy.

The radiation type heater has many good uses. This type heater gives forth radiant heat rays from its sides. Radiant heat rays are beams directed forward from hot surfaces. This is the old style heater. Its chief advantage is that it heats quickly, and is low in price. It does not circulate the heat thru the house, most of the heat is held in the vicinity of the stove.

What to Look for Before You Buy!

1—Be sure you know whether your stove is a circulator or a radiant type.
2—Be sure the fire pot and combustion chamber are heavy and strong.
3—Be sure the radiation surface of the circulator is big enough for quick and complete radiation.
4—Be sure the grates are heavy and work easily.
5—Be sure the construction prevents leakage of dust and smoke.
6—Be sure you know how many rooms it will heat.

BUILT ENTIRELY *of* CAST IRON *for* LONG, HARD SERVICE

FURNACE FIREPOT

Extra heavy one-piece corrugated firepot. Just like the firepot of a furnace.

COMBINATION GRATE

Heavy outer shaking ring with improved Duplex center Grates for soft coal, hard coal, coke or wood.

HEALTHFUL HUMIDITY

Large water pan. Easily accessible. Supplies healthful moisture to the air.

30% MORE HEAT SPACE

Over size corrugated cast iron combustion chamber. Increases heating efficiency.

RUN PIPE UP OR BACK

Reversible flue collar for running pipe either up to flue hole at ceiling or straight back into fireplace.

Our Finest Warm Air Circulator

$69.85 And Up CASH

Built exactly like a furnace and made throughout of solid cast iron. Cast iron is far superior to any other material for heater construction.

EXTRA WEIGHT THROUGHOUT

The *DAUNTLESS* is extra heavy, built for lifetime service. Its one-piece corrugated fire pot weighs *46 pounds*—almost as heavy as that of a small furnace firepot. Cast in one piece, there are no joints to warp and leak . . . and the double corrugations greatly increase its strength and radiation.

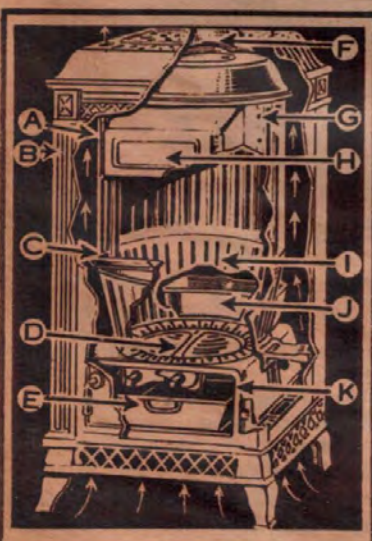
Will heat 5 to 7 rooms all through winter. Has an extra large corrugated combustion chamber and radiating dome. Its large radiation area is increased by the double corrugations of its walls. The entire cast iron inner unit is so scientifically constructed that it permits a greater volume of air to reach the heating surfaces and be forced out through top. Special louvers on sides provide a plentiful supply of air.

A beauty in appearance, too, with the entire outside finished in a rich blended **walnut porcelain enamel.**

The grates are easy to shake—consisting of an outer shaking ring and center two-bar Duplex Grate. The hard coal model is fitted with a **large capacity magazine.** Will hold a fire 24 to 36 hours. The soft coal model has a coal chute and smoke curtain.

MEASUREMENTS: 50¾ in. high, 25¼ in. wide, 25¼ in. deep. Round fire pot, inside measurements, 15½ in. wide at top, 12½ in. at bottom, 9¼ in. deep; feed door opening, 13¾x9¾ in. Shpg. wt., for soft coal, 595 lbs.; for hard coal, 615 lbs. Takes 7-inch stovepipe.

Shipped from Boston, Mass., Harrisburg, Pa., or factory in Central Ohio.



Not Prepaid. Mail your order to Boston or Philadelphia. Estimated freight rates per 100 lbs.; 150 miles, 47c; 300 miles, 69c; 500 miles, $1.05; 750 miles, $1.19.

22KM620½—For Soft Coal, Lignite or Wood.

Time Payment Price ($5 down, $6 a month) **$76.85**

22KM621½—With Magazine for Hard Coal or Coke.
Cash Price **$73.85**
Time Payment Price ($5 down, $6.50 a month) **81.25**

For Time Payments Use Time Payment Order Blank in back of catalog.

22KM965½—Walnut Porcelain Enameled Floor Tray as shown. Shpg. wt., 20 lbs. **Not Prepaid** **$4.50**

Note These Features

(A) Extra circulation space between inner unit and casing.
(B) Entire outer casing is solid cast iron, a very rare feature.
(C) Automatic Chute for coaling. (Not needed for hard coal).
(D) Two-Bar Duplex Grate with shaking ring. Burns any fuel.
(E) Big Ashpan with handle.
(F) Reversible stovepipe collar.
(G) Thick Cast Iron Inner Body.
(H) Smoke curtain to prevent escape of smoke into the room.
(I) Round, one piece corrugated fire pot practically everlasting.
(J) Large size waterpan in back.
(K) Large dust-tight ashpit.

Better Made RADIANT GAS HEATERS

$9.50

A Low Price Heater

—Solid Cast Iron Body, brass finished.
—Fluted brass apron reflects light radiants.
—FIVE double incandescent fireclay radiants that glow brightly when lighted.
—Heats one good sized room in coldest weather.
—Burns manufactured or natural gas.
—Floor space 21x8½ in. 19⅝ in. high.

One of the greatest values ever offered in a low priced radiant heater. Will fit into any fire place, and makes a handsome parlor furnishing. Clean and odorless. Flame instantly regulated to any desired heat. Takes 3-in. flue pipe.

Shipped from Philadelphia, Pa., Boston, Mass. or factory in Central Ohio. **Not Prepaid.** Shpg. wt., 55 lbs.

22KM811¼—Norfolk Radiant..... $9.50

Gas Tubing on Page 813

$11.85

—Strong Solid Heavy Cast Iron Frame. Weighs 65 lbs.
—Antique Brass or polished brass finish with polychromed fireclay top.
—FIVE double incandescent fire clay radiants.
—Will heat largest room comfortably.
—Burns either natural or manufactured gas.
—Floor space 28x11¾ in. 19¾ in. high.
—Approved by American Gas Association.

A real period model! Makes an unusually fine parlor decoration. Considerably larger than No. 22KM811¼ above. Takes 3-in. flue pipe.

Shipped from Philadelphia, Pa., Boston, Mass. or factory in Central Ohio. **Not Prepaid.** Shpg. wt., 75 lbs.

22KM815¼—Antique Brass Finish... $11.85
22KM818¼—Polished Brass Finish .. $11.85

The Angelus

—Frame of cast iron.
—Finished in antique brass.
—Black Japanned body.
—2 sizes, 5 and 7 single radiants.

$5.75

One of our best sellers. An excellent small size heater. Entire surface is evenly and brilliantly lighted. Burns either manufactured or natural gas. Takes 3-inch flue pipe.

Shipped from Philadelphia, Pa., Boston, Mass., or factory in Central Ohio. Not Prepaid. Shpg. wt., 27 lbs.

$19.95 CASH PRICE

OUR MOST Popular Circulator

Here's the *GOOD CHEER*, a nationally famous heater and our fastest seller, thousands sold in a single year. There are many reasons for its success but summed up they all mean simply *BETTER QUALITY FOR THE PRICE.* But if its great popularity isn't proof enough of quality just study the long list of features at upper left. Then add to them the special dust-tight, gas-tight smoke-tight construction, add the big size, add the special approval of the hard coal model by the Anthracite Institute of Pennsylvania.

And That Isn't All

The heavy gauge steel combustion chambers with cast iron fluted radiator dome, because of its great size and its extra large radiation space gives our *GOOD CHEER* a very high heating efficiency, sufficient to warm 4 to 5 rooms all through winter. The soft coal model is built with specially designed firebox fixtures allowing air circulation behind the linings, increasing the lifetime of these parts. This firebox also has our special hot blast feature, which allows the heated air to pass over the top of fuel, mixing with the smoke and gases and causing perfect combustion.

Both hard and soft coal grates are large and heavy enough to withstand hard usage . . . and being scientifically designed according to the best heating principles, the proper relation between grate area and radiation surface is achieved for best heating results. **Will hold fire 15 to 18 hours.**

Water pan holds 2 quarts. Feed door has smoke curtain. Dust-tight ash pit door is fitted with damper. Reversible flue collar.

MEASUREMENTS: Overall width and depth, 31¾x25 in. Height, 43 in. Firebox 22 in. long, 13½ in. wide, 7½ in. deep. Takes 7-inch stovepipe. Feed door opening, 18¼x12 in.

MADE RIGHT *for* LONG SERVICE
PRICED RIGHT *for* BIG SAVING

$39.85 CASH PRICE

Heats 3 to 4 Rooms

- **Warm Air Circulator Type—Uses any kind of coal or wood**
- **Extra heavy solid cast iron inner heating unit, heavily ribbed**
- **Front, sides and back of heavy cast iron and rust-resisting steel plate**
- **Finished in Porcelain Enamel, grained Walnut finish**
- **Large size water pan insures healthful air**
- **Extra large front feed door with smoke curtain and Mica window**
- **Reversible flue collar with damper**

Illustration above shows the all-Cast-Iron inner unit, the dome-type fire chamber, the deeply corrugated firepot and the curtain which keeps smoke in when door is opened. Arrows show course of air entering at the base of the stove, circulating upward past the inner chamber and leaving through the top.

"Made Right" is our way of saying that the GOLDEN DAWN is sturdily made to give a **lifetime of satisfactory service.** That means not only the lavish use of the **best known heat-resisting materials,** but the employment of approved scientific principles of combustion and air circulation. The entire inner chamber is heavy Cast Iron—the firepot being deeply corrugated for greater radiation.

"Priced Right" means that anywhere else you would pay more for similar quality. All in all, a beautiful period design circulating heater unsurpassed for **heating capacity** and noted for sensational **fuel economy.**

Inner Heating Unit is heavy solid cast iron, deeply ribbed. More durable and heat-retaining than steel. Joints are all carefully fitted. Produces tremendous heat and always in perfect control.

Outside Casing. Front, top and bottom heavy cast iron. Sides and back, rust-resisting steel plate, all sides finished in Walnut Porcelain Enamel.

Water Pan is large size and conveniently located for easy refilling and cleaning.

Firepot equipped with extra heavy two-bar Duplex Grate. Burns hard (anthracite) coal, soft coal, coke, lignite or wood. **If you burn hard coal order 22KM573⅓** which is fitted with special self-feeding magazine. Extra large feed door equipped with smoke curtain. Has adjustable draft register in ash door.

Measurements. Overall width and depth, 27x25½ in. Height, 47 in. Fire box, 18 in. long, 11½ in. wide, 10 in. deep. Feed door opening, 12x7¼ in. Takes 7-inch stovepipe. Shpg. wt., 340 lbs.

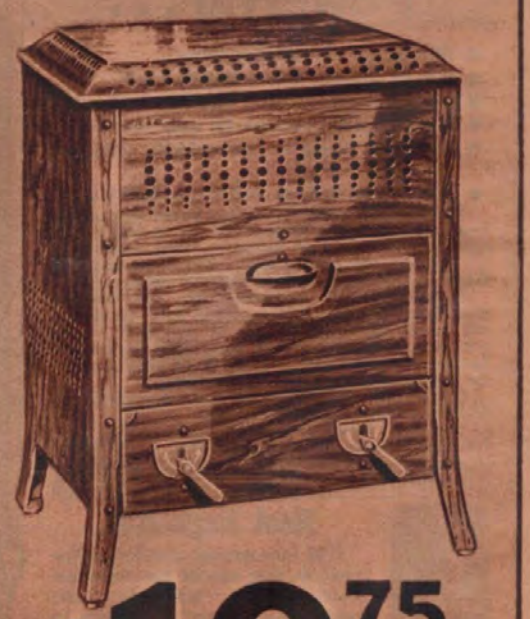
E-Z est WAY CABINET KEROSENE CIRCULATOR

- ★ **Steel construction**
- ★ **Lustrous Porcelain Enamel Finish, grained to resemble Walnut**
- ★ **Two Giant Size Wickless burners**
- ★ **Heats one room comfortably**
- ★ **Burns common kerosene (coal oil)**
- ★ **Water Pan supplies healthful moisture**
- ★ **Operates at high, medium or low heat**
- ★ **All operating parts concealed**
- ★ **Fuel tank holds four quarts**



The Ideal Heater for Homes

Carry It From Room to Room

The E-Z-Est Way Cabinet Circulator heats just as effectively as gas and at considerably less expense, for it uses common kerosene as fuel. Don't confuse it with kerosene heaters that are designed merely to remove the chill from a room. E-Z-Est Way is a full-fledged circulating heater that **will make one room quite comfortable,** even in cold weather. E-Z-Est Way construction means the utmost in efficiency—in other words, the maximum amount of heat per unit of fuel consumed. Two 4-inch size Blue Flame Wickless Burners. Exactly the same burners used as on our regular 5-Burner Wickless Range.

Note the **beautiful period design** of the cabinet. It will harmonize with any furniture. It has no outside pipe or chimney connections, therefore it can be moved easily from place to place. Measures 33½ in. high. Floor space, 25½x14 in. Shpg. wt., 85 lbs. Shipped from Philadelphia, Pa., Boston, Mass., or factory near Boston. **Not Prepaid.**

$19.75

Sunblast WARM AIR CIRCULATOR
WITH SPECIAL HOT BLAST UNIT

This handsome warm air circulator will burn *ANY* kind of fuel—hard and soft coal, coke and wood. But because of its special *HOT BLAST* construction, it does especially well with low priced smoky fuels—making them burn cleanly.

The *HOT BLAST* unit, controlled by damper at top, sends a powerful blast of preheated air down onto the top of the fire—mixing with the smoke and gases in the combustion chamber. This added oxygen sets up a swirling cyclone of fire, burning every bit of smoke and gas that is burnable—giving you the benefit of every ounce of fuel.

Heats 3 to 4 Rooms

The inner unit is of heavy gauge steel with a cast iron dome—while firepot is lined with thick sectional fire brick. The combustion chamber being made of steel, produces a very quick heat.

Has a heavy cast iron shaking and draw center grate, which operates while ash door is closed, preventing dust and ashes coming out into the room.

Ash door is carefully ground and fitted to ash pit. The direct draft damper is mounted in the door permitting perfect control of the fire at all times. Will hold fire **12 to 16 hours.**

Large front feed door with mica windows which reflect the cheerful glow of the fire.

Measurements: Firepot, diameter, 13 in. Depth, 10 in.; Feed door opening, 9x7 in.; Height, 43½ in.; Floor space, 22½x20 in.; 6-inch pipe. Shpg. wt., 270 lbs.

Shipped from Boston, Mass., Harrisburg, Pa. or factory in Central Ohio. Not Prepaid. Mail order to Philadelphia or Boston. Estimated freight per 100 lbs.; 150 miles, 46c; 300 miles, 69c; 500 miles, $1.05; 750 miles, $1.19.

. . . SEE WHY THIS IS SUCH AN AMAZING VALUE

At the price we ask, this is a wonderful "buy." It is a powerful warm air circulator—distributing heat over a wide zone. Heats 2 to 3 rooms in any weather. Although our price is extremely low, this is an *EXCELLENT* heater unequaled anywhere else at this price.

Built to give many years of heavy heating service. In fact, long service is practically guaranteed by the heavy corrugated one-piece cast iron round firepot. Its corrugated sides give greater strength and much greater radiation service—and its heavy gauge steel combustion chamber gives it unusually quick heating qualities. Combustion chamber has heavy cast iron dome.

Front, top, base and legs of outer casing are made of solid cast iron. Sides of heavy **Armco** iron. **Grained Walnut Porcelain Enameled** on three sides, and back in plain finish. Mica fitted front fuel door.

Grates are shaking and draw center type.

Large feed door opening. Gas, dust, and smoke tight. Very economical with fuel.

Our Low Priced Cabinet Circulator

With An All Cast Iron Fire Unit . . . Heats One to Two Rooms

There are many low priced warm air circulators. Some of these sell for about what we ask for our *TORRID*. But most such stoves have sectional inner units, and much smaller capacity. The *TORRID* has an all CAST IRON one piece fire chamber . . . an absolute guarantee of high quality. Produces plenty of heat to warm one big room or two smaller ones.

The oval firepot for example is made of corrugated cast iron—the very best firepot material for home heating stoves. The combustion chamber too, being of one-piece cast iron is guaranteed for better radiation and longer life. All parts are fitted absolutely gas tight. **Latest type triplex bar grate.**

A special feature is the position of the smoke pipe. This is placed in such a way as to hold the smoke and gases over the fire until they are practically consumed. Thus very little heat is lost up the chimney.

Front door is fitted with a number of openings, covered with clear, glass-like mica, so that the warm glow of the fire will show through and add its cheerful radiance to the heater's warmth.

Outer casing is made of Armco Ingot Steel. Entire stove except back, finished in handsome **Walnut Grained Porcelain Enamel.** Back is plain black.

Measurements: Firepot width, 13¾ in. Feed door, 10½x9 in. Height, 37½ in. Floor space, 20x16 in. Takes 6-inch stovepipe. Shpg. wt., 200 lbs.

Shipped from Harrisburg, Pa., Boston, Mass., or factory in Central Ohio. Not Prepaid. Mail order to Philadelphia or Boston. Estimated freight charges per 100 lbs.: 150 miles, 47c; 300 miles, 69c; 500 miles, $1.05; 750 miles, $1.19.

NOW AN OIL BURNING CIRCULATOR FOR ONLY $47.50 CASH PRICE COMPLETE

Giant Blue Flame Oil Burner
Clean Oil Heat. No Soot, Ashes or Odor
No Moving Parts—No Noise
Healthful, Moist, Circulated Heat
Uniform Heat for One to Three Rooms
Burns Fourteen Hours With One Filling
New Beauty—Like Fine Furniture

- Steel construction, base and door of cast iron.
- Full Porcelain Enamel Walnut Grained Outer Casing.
- Grilled Mica Door allows full view of flame.
- 3-Gallon removable fuel tank.
- Porcelain Enameled interior.
- Non-Clogging Valve on Front with clear vision dial.
- Simplified draft control.
- Chrome steel burner parts—will last indefinitely.
- Easy to light—quick heat Blue Flame.

Showing how air is heated as it rises between inner and outer casing assuring continuous circulation. Concealed water pan at back charges heated air with moisture.

An amazing development with new efficiency! Exceeds all previous specifications of the ideal oil-burning circulator. Truly an outstanding development, now offered here for the first time! The cheapest oil heat you ever used; less effort to operate; more comfort, convenience and enjoyment; new beauty of line and finish; new durability in construction; unheard of simplicity. The perfecting of this Blue-Flame Oil Burning Circulator definitely ends home heating problems.

Here complicated parts have been eliminated; installation is merely the connecting to any 5 inch flue; just fill the tank, light a match, lift the burner chimney and light asbestos rings in burner bowl. A full flame in five minutes, adjustable to any flame desired.

No more carrying out ashes. No soiled curtains or furniture. No more overheating; no more fires burning out. Here is constant flame, constant heat. It stays wherever you set it. Leave it for hours or all night long. Needs no watching.

The perfection of such a heater is an accomplishment to be proud of, but to be able to offer it for only $47.50 is an outstanding merchandising achievement. Decide now to enjoy this modern form of luxurious, economical heating for about 3000 cubic feet space.

Large Eight Inch Blue Flame Double heating ring burner using asbestos rings and simple cast iron burner with four perforated chrome steel cylinders that will not burn out. Low, medium or high flame consumes ¾ to 2 pints per hour.

Measurements: Casing is 19 in. square; overall height, 42½ in. Requires 19x28 in. floor space; 3-gallon oil tank. *Burns No. 1 Furnace Oil, 38-40 Distilate, cheap range oil or common kerosene.*

Sectional view showing construction. Notice that fire chamber is separated from outer casing, providing a flue through which air is drawn, heated and then circulated through the room.

A Real QUALITY Heater Made of the Heaviest Castings

- **Heavy Cast Iron Firebox.**
- **Main Front and Top of Outer Casing Heavy Cast Iron, Sides Thick Steel.**
- **Large Water Pan.**
- **Entire Outside in Walnut Porcelain Enamel.**
- **Large Feed Door with Big Firebox 25 Inches Long.**
- **Heats Two to Three Rooms.**

Make no mistake about it! The *WOODBINE* is a sturdy well built wood burning warm air circulator—and is not to be compared with the many light steel stoves of similar size and appearance now on the market. It is extremely well built—having separate cast iron lining, so constructed that the heat is forced all around the stove before it passes out to the chimney. It was built expressly for those who want a high grade good looking, wood burning circulator.

Working on the principle of the warm air circulator, it distributes heat to every corner. Heats 2 or 3 average rooms. Large firebox, *25 in. long.* Fuel door opening has smoke curtain.

Water pan on main top moistens the heated air passing through circulator providing greater comfort and more healthful air.

Measurements: Overall, 36 in. high, 30½ in. long, 22½ in. wide. Firebox, 25x13½x11½ in. Feed opening, 13x10 in. 7-inch stovepipe.

Shipped from Boston, Mass., Harrisburg, Pa. or factory in Central Ohio. Not Prepaid. Mail order to Philadelphia or Boston. Shpg. wt., 255 lbs. Estimated freight charges per 100 lbs.: 150 miles, 46c; 300 miles, 69c; 500 miles, $1.01; 750 miles, $1.19.

Air-o-Flame OIL HEATERS MAKING RECORDS FOR ECONOMY AND EFFICIENCY

$64.50 Cash

EVERY fine feature of every fine burner is built into the Air-O-Flame Burner. We've even added other features. That's why we guarantee its excellence! It's the heart of the stove and performs unfailingly!

Cut-away view showing:

(1) Heat Intensifier—adds 20 to 30 per cent to heating efficiency.
(2) Automatic Draft Regulator saves fuel.
(3) Sensitive Flame Control Valve.
(4) Extra Large Fuel Tank—7 gallons.
(5) Air-O-Flame Burner converts oil into gas.
(6) Positive Anti-Flood Valve—Never Fails!

- **Steel construction, with Cast Iron Top, Burner, Door and Legs**
- **Genuine Porcelain Enamel Finish, with a beautiful, life-like 2-tone Walnut Grain, to harmonize with any furniture**
- **Will heat 3 to 4 rooms to 70° in zero weather. Capacity, 5000-6000 cubic feet**
- **7-Gallon Fuel Tank, Walnut Lacquered**
- **Gravity-Controlled Anti-Flood Valve, Flame Control Valve and Automatic Draft Regulator**
- **Heat Intensifier in Inner Drum increases efficiency 20 to 30 per cent**
- **High Speed Vaporizing Bowl—no wicks—no moving parts**
- **6 Mica windows in handsome door**
- **Connects to any 6-inch chimney flue**

When last year we introduced the *Air-O-Flame*, which was the first time a circulating type oil burner had ever appeared in any mail order catalog, we were quite unprepared for the tremendous immediate acceptance which greeted this new idea in home heating. In the *Air-O-Flame* a new inexpensive home luxury has been added to the already long list of comforts which serve to lessen labor, reduce household expenses and add to the joy of living.

Air-O-Flame banishes heating cares and frees you from a dozen daily chores. It saves you time, it saves you effort, it saves you money. You fill an oil tank, scratch a match, and turn a valve. Then follow comfort, contentment and peace of mind. No heaving and stoking of coal, no ashes, gases or odors. Just clean, steady heat, hour after hour, at temperature you choose. Quick heat in the morning, dependable heat all day or all night. No watching.

$5 DOWN *You Can Buy on Easy Payments If You Desire!* **$6 A MONTH**

A New Modern Note in Circulating Type Heaters—Efficient, Safe, Economical

Listed As Standard By Underwriters' Laboratories

No installation expense. Just set up your circulator and connect it to the chimney flue. *Air-O-Flame* can't go wrong. It's absolutely safe. The burner cannot be flooded. Finest valves, copper tubing and fittings.

FUEL. Air-O-Flame uses low priced oil, **No. 1 Furnace Oil, 38-40 Distillate Oil, Range Oil or common Kerosene (coal oil),** obtainable from any leading oil company, costing in some districts from 7 to 9 cents per gallon. Two hours to the gallon at high flame, four hours at medium flame, six hours at low flame.

Our Answer to a Countrywide Demand

In four short years the demand for oil-burning circulators has doubled and redoubled. Today thousands are in use. Although they all cost more than *Air-O-Flame*, they do not offer the efficiency the fuel economy, the splendid fool-proof construction, the beauty and the durability of *Air-O-Flame*. *In quality it equals the very best, regardless of cost. And Air-O-Flame saves you from $25 to $40.*

Heat is circulated powerfully after the principle of warm air furnaces. Large 2-quart humidor puts plenty of moisture in the air, a safeguard against winter colds, and the drying out of furniture. Air-O-Flame *heats the healthful way!* The 10-inch burner is powerful enough to heat three to four rooms to 70 degrees even in zero weather. The tank holds 7 gallons and is attached to back of circulator and holds enough fuel for *14 hours* at full flame or *40 hours* at low flame.

Measurements: Height, 45½ inches; body depth, including tank, 30 inches, width 21 in. Floor space, 30x22½ inches. Takes 6-inch stovepipe. Shipping weight, 225 lbs. **Shipped Not Prepaid from Boston, Mass., Harrisburg, Pa. or factory in Central Ohio.** Estimated freight per 100 lbs: 150 miles, 58c; 300 miles, 83c; 500 miles, $1.27; 750 miles, $1.45.

SAME QUALITY BUT BIG PRICE REDUCTIONS!

SEARS OIL BURNER UNITS PROVE AN AMAZING SUCCESS

Thousands Sold the First Year

Probably no other Blue Flame Oil Burner has "taken hold" with greater speed than the **E-Z-est WAY.** It was introduced just one year ago, and since then, in the short space of 12 months. thousands have been sold. In fact so popular has it become and so phenomenal its sales, that we are now able to cut its price to $24.50 complete. So why wait, when at such small cost you can change over **almost any** coal range or heater into a modern oil burner. Send for it today and see for yourself how much **Quicker, Cleaner, Quieter, Safer** and **More Economical** it is and how much more **Dependable** in cooking results.

How This Burner Operates

Simply turn the valves and light the burner. Wait about 5 minutes to cook, 15 minutes to bake. The flame remains constant at the height you set it, makes an absolutely **even** heat. This means perfect baking. No effort, no odor, no smoke—and best of all, **No Long Waiting!**

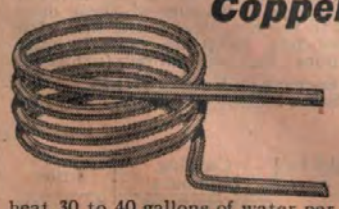
Easy to Install

The *E-Z-est WAY* Twin-Six Conversion Oil Burner can be installed in any COAL and WOOD kitchen ranges and heaters, having a fire box at least *7 inches wide, 15 inches long,* with *15 inches between top plate and bottom of ashpit*—when grates and linings are removed. There are only three holes to bore. Complete installation instructions with each outfit.

(1)-Take Out Old Fire Box

Remove the grates and cast iron linings of the fire box of your kitchen range so as to have a space at least 7x15x15 in. in which to place the new oil burning unit. Heaters with *oblong* fire pot require same space.

(2)-Drill Three Holes



Bore two holes in the side of the range as indicated in the picture . . . and drill one hole in the bottom of stove. Burner valves can be installed in front left end, or back of ashpit. . . . Then cut copper tubing to fit.

(3)-Slip Unit Into Place

Then set the unit into place as indicated in the illustration—taking care to have it set perfectly level. Then make a few simple connections with oil tank. Could anything be easier? Anyone should be able to make the complete installation in about 2 hours.

Copper Water Coil

⅝ inch heavy gauge Copper, 10 feet in length (to fit any standard range burner). Fits around back burner and connects with regular range water boiler. ½ inch connections. Will heat 30 to 40 gallons of water per hour.

Heats water quickly and efficiently, far superior to the usual cast iron or steel water coils.

22KM100¼—Water Coil. Not Prepaid.... $2.95

$24.50 CASH

GUARANTEE

We guarantee the *E-Z-est WAY* Blue Flame Oil Burner to be of the finest known quality and to serve as long as any burner made, regardless of price.

Easy Terms $4 DOWN

AMAZING BLUE FLAME BURNER . . . for your Stove

The **E-Z-est WAY** has **ALL** the fine features of the most expensive burners elsewhere—at a price that is amazingly low—probably the lowest in America. Listed by Underwriters' Laboratories.

Quality In Spite of Low Price

The **chrome steel** perforated cylinders are of the finest material available. The **porcelain enameled** burner bowls are as easy to clean as a china dish. The high speed vaporizing rings are of chrome steel. There is adequate air space for perfect combustion—no fuel waste, no odor or smoke. Each burner has a non-clogging valve for **independent flame** control. The metal oil tank, with fuel gauge to tell the amount of fuel at a glance, holds three gallons. Low operating cost, only about 1c per hour for each burner for low flame.

Tank Green Lacquered, oil reservoir Porcelain Enamel, Stand is **black japan.**

Regular torch lighter—long steel handle with woven asbestos in the end. Dip in oil, ignite, and apply to burners. Cooking heat in five to seven minutes.

Measurements: 6-inch double burner. Adjustable from 6 in. to 10 in. high. Base of burner bowl, 7 in. wide and 14 in. long. Shpg. wt., 45 lbs. Save on freight by making up 100 lb. order. Shipped from Philadelphia, Pa., or factory near Boston.

22KM1351¼—E-Z-est Way Twin Six Oil Burner, complete with tank and stand, all fittings and 8 feet of copper tubing. Not Prepaid. Cash Price..... **$24.50**
Time Payment Price. ($4 down; $4 a month)..... **$27.00**
For Time Payment Use Order Blank in Back of Catalog.

- Intense-heat, chrome steel cylinders Super hot Blue Flame burners. Clean, silent, odorless.
- Chrome steel high speed vaporizing rings.
- Each burner has a non-clogging valve for independent control.
- Reinforced woven Asbestos ring wicks light instantly.
- Burns cheap Range Oil, Kerosene (coal oil) or No. 1 Furnace Oil.
- Both burners at high flame use 1¾ to 2½ pints together; at low flame, ¾ to 1½ pints per hour.
- Metal oil tank with gauge, holds 3 gallons. Easily removed for filling.
- Tank is green lacquered. Oil Reservoir, in porcelain enamel. Stand in black japan.
- Listed as Standard by Underwriters' Laboratories.

E-Z-est WAY Blue Flame Heater Burner

Modern oil heating for your home, AND YOU DON'T HAVE TO BUY A NEW STOVE TO GET IT. Now you can convert your old coal heater for burning oil with one of our E-Z-est Way Blue Flame Burners. Consider the low cost in terms of all you get.

For installation in heaters having a **round** firepot, we offer a giant single burner in choice of two sizes; an **8-inch (Double Heating Ring) burner** to fit round firepot at least **10** inches wide at bottom, or a **10-inch (Triple Heating Ring) burner** to fit round firepot at least **12** inches wide at bottom. Both sizes are exactly similar to the twin-burners above, same quality and same special features, but much larger and with tank and stand in walnut and black instead of green. Very economical; use only 2 to 2½ pints of fuel per hour at high flame. Use Range Oil, No. 1 Furnace Oil, Kerosene or 38-40 Distillate.

Complete Outfit (Burner, Valve, Tank and Copper Tubing)

Self-Feeding Magazine

Self-Feeding Magazine for Hard (Anthracite) Coal. At one feeding you can supply heater with enough coal to last many hours. If you use hard coal be sure to order magazine with your stove and add $2.00 to the prices shown.

Extra Heavy Firepot

Notice the heavy corrugation, a feature which increases heat radiation and adds many years to the life of the heater.

$7.95

NICKEL TRIMMED

- **Heavy Shaking Cast Iron Grate With Draw Center.**
- **Grate Shakes With Ash Door Closed.**
- **Heavy Gauge Steel Body.**
- **Burns any Fuel. Hard or Soft Coal, Coke, or Wood.**
- **Nickel Plated Top Ornament, Top Ring, Foot Rails and Check Damper.**
- **Extra Heavy Corrugated Cast Iron Fire Pot.**

A good substantial low price heater offered at a price which actually saves you $3 to $5. The outstanding features of this stove are: **(1) the self-feeding magazines furnished at $2.00 extra when hard coal is used.** This actually makes it possible to burn hard coal more efficiently and without any attention as the magazine has sufficient capacity to last many hours. (2) Another important construction feature which adds to the efficient operation of this stove is the extra heavy corrugated firepot. Because of these deep corrugations about 20% more firepot surface is exposed to the fire, than is the case with straight fire pots. This gives greater radiation at smaller cost. Keep that point in mind for most stoves of this type do not have corrugated fire pots. Full size ash pan furnished.

Shipped from Harrisburg, Pa., Boston, Mass. or factory in Central Ohio. Not Prepaid. Mail your order to Philadelphia or Boston. Same freight charges per 100 lbs. as for stove at left.

IRONSIDE

HEATS SPACE 40X30 FEET

$11.95 4-Hole Cooking Top

$9.00 2-Hole Cooking Top

Heavy thick Cast Iron Body.

Burns any fuel, coal, coke, wood.

Draw Center Grate.

17 in. Corrugated Firepot and Dome.

Easy Fire Control with Check Draft in Ash and Feed Door.

All Parts carefully machined and fitted.

Two Styles; with 2 or 4 Cooking holes.

TWO OUTSTANDING FEATURES of this heater will recommend themselves to you. 1. **Corrugated firepot and dome**—this gives greater strength, prevents warping and increases radiating surface exposed to the fire. It means more heat from the fuel used. 2. The design is such that the heat is deflected **directly against the floor,** usually the hardest place to keep warm.

The objective of the designers was a stove which would give a lot of heat—quickly and at low cost. It performs that duty well.

Choice of Two or Four Lid Top. Size 7-inch lids. Can be used for heating water, wash boiler and cooking. To secure the fullest advantage of this we recommend the 4-hole size. Takes 6-inch stovepipe. No ashpan furnished.

(8) Big Draw Center Grate.
(9) Full Size Ashpan.
(10) Nickel front and side strips, front legs, urn and top band.

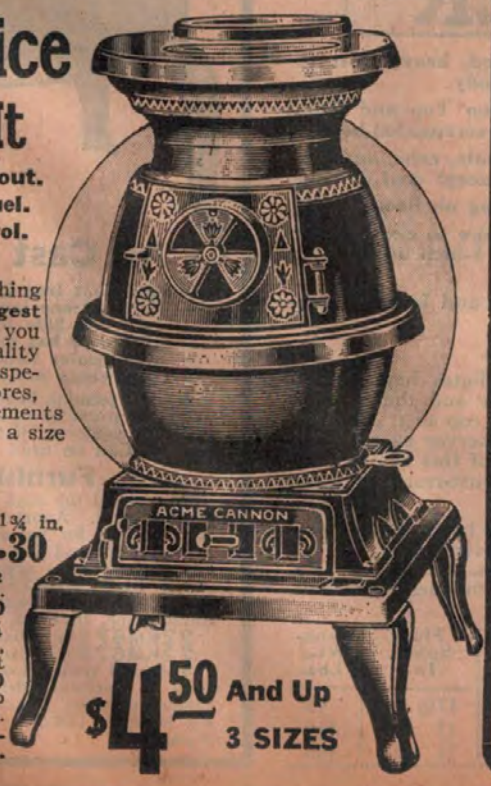
In the whole field of low priced heaters, our *HOMEFIRE* best deserves a place in your living room. Considering price and quality the *HOMEFIRE* saves you at least *one-third* over prices elsewhere. Your saving goes on and on too, for tests show that this heater is thrifty of fuel. Offered in *three sizes*, for heating from one to three average size rooms.

More Heat—Less Fuel—Less Smoke

The Hot Blast smoke consuming feature preheats the air fed over the top of the fuel providing complete combustion of the smoke and gases that arise thereby, getting every heat unit from the fuel used—the ultimate in heating efficiency.

Genuine Vitrified Tile Fire Pot Linings with shaking and draw center style grate. Burns soft coal, hard (anthracite) coal or coke. This high quality heater is in the low price class but there is more weather-defying, time resisting, solid comfort built into it, than in many much more expensive stoves sold by others.

Note the construction facts above, especially the thick gauge polished blue steel body. Compare them with the best that stoves costing one-third more can offer you. We back the *HOMEFIRE* with an absolute guarantee. Money back if not satisfied.



Shipped from Harrisburg, Pa., Boston, Mass. or factory in Central Ohio. Not Prepaid.

We Guarantee to Satisfy You and Save You Money

$8.35 And Up
THREE SIZES

3 REASONS WHY

THIS HEATER IS POPULAR

1. **Because people have found by comparison that they really save in buying the Logwood at our low prices.**
2. **Because the Logwood delivers stove service and satisfaction far beyond the low selling prices.**
3. **Because it outlasts everything in the field of low priced wood burning stoves—less money buys longer service.**

—Cast Iron throughout.
—Burns wood, chunks, knots, corncobs and all kinds of rubbish.
—Smooth Easy-to-clean top.
—Base is corrugated to prevent warping.
—Pull-out hearth to remove ashes, and regulate draft.
—Has big swinging top, which lifts up for fueling large chunks of wood.
—Front has big swinging door.
—8-inch cooking hole in swing top.

Most of the buyers of this stove—and there are thousands—use it as a combination heater and cook stove. It radiates a tremendous lot of heat because of the larger areas exposed to fire—and the big top will accommodate pots and kettles. By inserting in the stove pipe our Stove Pipe Oven, No. 22KM500 on page 807 you can perform all cooking and baking with this outfit. This stove being of solid cast iron throughout with ordinary use should last for many years. Probably the lowest price ever made on a stove of this kind and quality.

Heating Capacity, Smallest size 22KM575⅓ a big room or two small ones, the next 22KM576⅓ two or three big rooms or a store, while largest size, 22KM577⅓ is recommended for churches, schools and large halls.

Prompt shipment from Boston, Mass., Harrisburg, Pa. or factory in Central Ohio. Not Prepaid. Freight charges at lower left. Mail your order to Boston or Philadelphia.

RUST RESISTING STEEL WOOD BURNING HEATER

$9.75 And Up
THREE SIZES

- Smooth, polished, heavy rust resisting steel body.
- Heavy Cast Iron Top and Front with cast iron corrugated bottom.
- Burns wood, knots, cobs, anything used as fuel except coal or coke.
- Wide hearth prevents ashes spilling on floor.
- Nickel plated urn. Urn base swings to one side exposing main top, fitted with one 8-inch lid for light cooking.
- Inner steel lining extends to top and helps to prevent burn-outs.
- All parts closely fitted and bolted.

With larger surfaces exposed to fire this heater radiates heat quickly and at low fuel cost. It is a well proportioned stove and the polished steel is set off perfectly by the nickel plated foot rails, top urn, combination hot blast spark arrester and draft register which serves as a perfect fire control. You might get a better idea of the value of this heater when we tell you that the body is made of good quality rust-resisting steel, reinforced with special steel inner linings.

THREE SIZES. Note the measurements carefully and be sure to order a size large enough for your needs. All sizes take 6-inch stovepipe.

Safe delivery guaranteed. **Shipped from Boston, Mass., Harrisburg, Pa. or factory in Central Ohio. Not Prepaid.** Mail order to Philadelphia or Boston.

$18.95 CASH

All Cast Iron Heater

—Solid Cast Iron from top to bottom.
—Will heat one large room or 2 small rooms.
—Front and Side feed doors for easy refueling.
—Front door has mica panel to reflect firelight.
—Draw Center Grate with cast iron linings.
—Top swings around exposing two 7-in. cooking lids.

A very popular heater—because of its durable construction and exceptionally low price. Not recommended for large heating capacity, but unusually efficient for one or two rooms. Can be used for light cooking.

Furnished in Two Models

One model for coal with heavy cast iron linings and draw center grate. Another with specially big capacity and cast Iron linings for wood burning only.

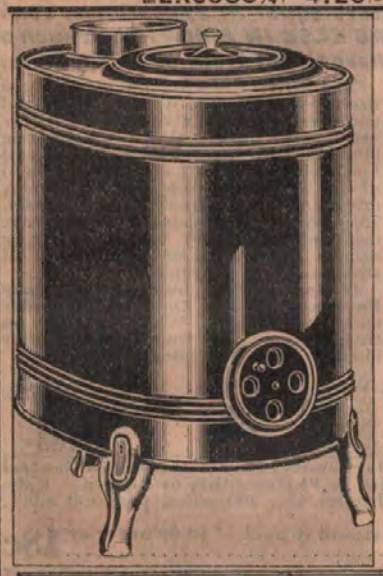
When ordered for wood only, the coal firebox, ash pan and bottom grate are not needed and not furnished.

MEASUREMENTS: Front door opening, 14½x7¼ in. Right end door opening, 10¼x8. Length for wood, 22 in. Floor space, 26x15 in. Height, 31 in. 6-inch stovepipe.

22KM675½—Burnside. For Coal.....$18.95
22KM679½—Burnside. For Wood Only.....18.85

Shipped from Boston, Mass., Harrisburg, Pa. or factory in Central Ohio. Not Prepaid. Mail your order to Philadelphia or Boston. Shpg. wt., 22KM675½, 210 lbs.; 22KM679½, 170 lbs. Estimated freight charges at lower left of page.

Best Quality Wood Burner



—Burns anything used for fuel, except coal or coke.
—Big, tight fitting cast iron feed door with nickel plated screw draft damper.
—Body made of good, high quality steel—smooth finish.
—Lined with heavy sheet steel 8 to 12 in. high according to size, extending all around inner side of stove.
—Top and bottom double seamed. Can't leak smoke or ashes.

And the price of this heater is amazingly low. Especially when compared to others, for most stoves like this, even those selling for $1 to $2 more are seldom lined as explained above. We believe this is the biggest dollar for dollar value you can get. Offered in three sizes. Shipped from Boston, Mass., Philadelphia, Pa., or factory in Central Ohio. Not Prepaid.

- Screw register for easy fire control.
- Mica door reflects cheery firelight.
- Top swing cover for easy fueling.
- 6-inch cooking hole in top.

$12.45

"CHIEF"

CHAMPION of Small Heaters

Consider the features above and the price. Don't you agree that here is a stove which combines quality construction and low price? We do not believe you can buy a stove of equal construction anywhere *within $5 of our price.* Solid cast iron is the best for stoves of this type. It will heat *1 average room or 2 small rooms.* If you have larger space to heat, buy a bigger stove. In a test it held a fire 15 hours with 10 lbs. of coal. *The nickel plated parts are as follows:* Urn, Swing Top, Top Front Band, Mica Door, Screw Draft, Register, Hearth Plate and Door Handles.

MEASUREMENTS: Height from floor to urn base, 29¾ in. Length for wood, 15 in. with coal linings removed. Coal firebox, 13x8 in. Floor Space 21x16 in. Size pipe collar, 5 in. Shpg. wt., 120 lbs.

Shipped from Boston, Mass., Harrisburg, Pa., or factory in Central Ohio. Not Prepaid. Estimated freight charges per 100 lbs.: 150 miles 47c; 300 miles 69c; 500 miles $1.05; 750 miles $1.19.

22KM2200⅓—CHIEF...$12.45

HOT BLAST HEATER

Good Weight Good Quality

—Burns anything except coal or coke.
—Double seamed top and bottom. Leakproof.
—Heavy steel body.
—Inner steel linings 12 inches high all around.
—Large feed cover with nickel plated urn.
—Nickeled foot rails.
—Hot Blast device for cleaner combustion.

We do not know of another heater within $2 to $3 more than our prices that has all these desirable points. The Hot Blast device for instance, is seldom, if ever placed in stoves of this price. Will hold heat for several hours. Furnished in plain or polished steel with or without nickeled foot rails. All sizes take 6-inch stovepipe.

$2.85 Without Foot Rails

Shipped from Boston, Mass., Philadelphia, Pa., or factory in Central Ohio. Not Prepaid.

PLAIN STEEL BODY

Catalog Number	Size of Body, In.	Height to Main Top, In.	Shpg. Wt., Lbs.	Without Foot Rails	With Foot Rails

A REAL ALL-PURPOSE HEATER
for Cooking, Laundry, Heating

—Solid Cast Iron.
—Heats one good size room.
—Lower front lifts off giving cheery fireplace effect.
—Front feed door 7½x4 in.
—Top 21x10 in. 2 No. 8 lids. Holds a small wash boiler.
—Firebox, 13x7 in.
—Basket Grate and dump center that burns coal or wood.

Every home should have this as an extra stove. Its low price will appeal to you. Here is a heater that will give years of efficient service. Suitable for heating, light cooking or laundry work. Costs less by $3 to $5 than similar stoves offered by other dealers. Can also be used for baking with one of our stovepipe drum ovens, 22KC500 shown on page 807.

MEASUREMENTS: Coal firebox, 13x7x5 in. height overall, 22¼ in. Floor space, 21x23 in. Takes 6-inch stovepipe. Length for wood, 17 in. with coal fixtures removed. Shpg. wt., 120 lbs.

$8.75

Prompt shipment from Boston, Mass., Philadelphia or Harrisburg, Pa., or Factory in Central Ohio. Not Prepaid. Mail order to Philadelphia or Boston. Estimated freight charges per 100 lbs.; 150 miles, 47c; 300 miles, 69c; 500 miles, $1.05; 750 miles, $1.19.

22KM285⅓—MUTUAL.....$8.75

NOW ONLY $27.95 CASH

SOLID CAST IRON WITH BACK AND LEFT END OF HEAVY STEEL

IT'S EASY TO BUY
$4 DOWN $4 A MONTH

- —Will heat 3 or 4 rooms.
- —Polished nickel trimmings.
- —Top can be swung aside exposing 7-inch cooking hole.
- —Measures 40 in. high, 30 in. wide, 20 in. deep.
- —Big side door, 14x10 in. for wood or large lumps of coal.
- —Front Door has mica windows.
- —Reversible flue collar.
- —Improved smoke consuming hot blast firebox linings for soft coal.
- —Choice of 3 fireboxes, hard coal, soft coal or wood.

We don't believe you can buy a stove equal in appearance, construction, and efficiency ANYWHERE ELSE IN AMERICA at such a low price. We feel sure you would have to pay from $8 to $15 more.

The *SUNNYSIDE* is a good looking stove. **Note the many highly polished nickel trimmings**—front and end base strips, front legs, front draft damper, right and left columns, top reflector, front top band and swing top. It is a heater that is economical in fuel because the fuel box lining of latest design permits the circulation of air **behind the linings** and also the **hot blast construction** which permits a steady flow of heated air over the top of fire causing combustion of the smoke and gases that otherwise would be wasted.

Get a firebox specially designed for the fuel you burn.

The *SUNNYSIDE* is offered in three firebox styles, for hard coal, for soft coal and wood, or with extra big capacity for wood only. Hard coal model measuring 20x13½x7 in. has firebrick linings and Dockash Grate; Soft coal model, 20x13 x7 in. has cast iron linings, Duplex grate and smoke curtain; Wood model, 23½x15½x13½ in. has extra thick cast iron linings, but no bottom grate or ashpan is required or furnished. All sizes take 7-in. stovepipe.

If you prefer, buy on our Easy Payment Terms. Only $4 with order and $4 a month. When ordering on time payments use time payment order blank in back of catalog.

Number	Kind of Fuel	Shpg. Wt.	Cash Price	Time Payment
22KM690	Coal and Wood	285 lbs.	$27.95	$30.75

Shipped from Boston, Mass., or Harrisburg, Pa., or factory in Central Ohio. Not Prepaid. Send your order to Philadelphia or Boston. Estimated freight charges per 100 lbs.: 150 miles 47c; 300 miles, 69c; 500 miles, $1.05; 750 miles, $1.19.

22K929—Set of 4 Leg Rests. Postpaid if part of $2.00 order or more. Shpg. wt., 1 lb. 8 oz..... **18c**

Repairs for ANY Coal Stove

No matter what make or how old. Quality parts at the right price

If we are to fill orders correctly we MUST have the following information:

1. **Complete name and number** of your stove. Name and number are shown usually on one of the doors, at pipe collar, at end or back. As they are not always shown together, be sure you get both.
2. **Manufacturer's Name and Latest Patent Date.** If patent dates are shown mention latest one. State also how long you have had the stove.
3. **The Style of Grate** Even if you are not ordering grates, we must know the type of grate with which stove is equipped, whether duplex, dockash, flat or draw center. From the illustrations of grate bars below you can identify the type used in your own stove. When ordering grate bars state whether you want the short or long bar.
4. **The Kind of Special Coal Feed Door** (For cooking stoves only). Most stoves have a special door on cooking top for feeding coal to firebox. If your stove is so equipped state whether this door is located at front or at side of stove.

A new, easier and better method. Now you can save yourself TIME, TROUBLE, MONEY, by ordering stove repairs at Sears. It's a new Sears service that hundreds of our customers have already found much more dependable than the old way. It assures prompt delivery, the best of quality and most important of all, A RIGHT PRICE. We can furnish firebox and cooking top parts for almost any coal stove (cooking or heating), regardless of its make or age. Guaranteed to fit perfectly though not made from original patterns. If your stove needs repairs, Sears is the economical place to get them. REMEMBER it doesn't matter who made your stove.

Here's How to Figure Prices

Below is a chart showing prices. Just weigh your old part and multiply by the price per pound as quoted. Should you have any difficulty in determining the weight, we suggest that you estimate it as nearly as possible and then make an extra money allowance of **about 10%** for inaccuracies. If too much is sent the balance will be returned to you.

If you wish to know prices before ordering write us giving full information and we will quote prices. In most cases we can make shipment in a day or two. In the few cases where parts must be made up specially there will be a short delay.

PLAIN (Solid) CASTINGS		CORED (Hollow) CASTINGS	
½ lb. and less	25c	10 lbs. to 15 lbs	35c per lb.
½ lb. to 1 lb	35c	15 lbs. to 20 lbs	30c per lb.
1 lb. to 4 lbs	25c per lb.	20 lbs. to 25 lbs	24c per lb.
4 lbs. to 15 lbs	22c per lb.	Over 25 lbs	22c per lb.
Over 15 lbs	21c per lb.	Fire brick, state piece wanted	50c

Use Number 22KM970⅓ When Ordering Repairs

We do not pay shipping charges on Repairs. Shipment will be from factory near Syracuse or Boston. We will ship the cheapest way unless otherwise instructed. If the weight of the order is 35 lbs., or less, it usually is shipped Parcel Post. You must then include **an allowance for postage.** Knowing the weight of your old part you can figure postage by referring to page 1008. When order weighs more than 35 lbs., it will be shipped "Collect," no postage allowance need be included.

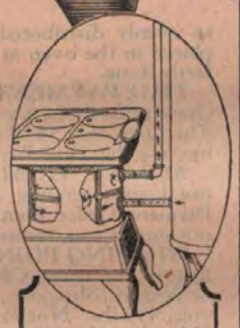
Quality HOT WATER HEATERS



Heats 40 to 60 Gallons Per Hour

$14.95

WIZARD

—Extra Big and Extra Heavy.
—Solid Cast Iron Throughout.
—Roomy Four-Hole Cooking Top.
—Straight Wall Firepot, 10 in. Deep and 10 in. wide.
—Latest Draw Center Grate.
—Burns any Fuel—Coal, Coke, Wood.

Showing connection with boiler. Boiler not included in price. For boilers, see page 889.

We know of no other combination laundry stove and water heater that can equal the WIZARD in weight, size or efficiency, for this price. Will supply plenty of hot water for all household purposes. For use with running water systems having constant pressure through the pipes.

MEASUREMENTS: Inside diameter of firepot, 10 in. Cooking top measures 20½x21½ in. Has four No. 8 lids. Height, 26 in. Takes 6-inch stovepipe. Takes 1-inch water pipe connection. **Shipped from Boston, Mass., Harrisburg, Pa., Philadelphia, Pa. or factory in Central Ohio, Not Prepaid.** Mail order to Philadelphia or Boston. Shpg. wt., 195 lbs.

22KM480—WIZARD..... **$14.95**

Heats 30 Gallons Per Hour

$7.85

HOT POT

—Strong all cast iron body.
—Two-Hole Top with Pouch Fuel Door.
—Round Shaking Draw Center Grate.
—Any Fuel Coal, Coke, or wood.
—Tested to pressure of 200 lbs.

Connection with boiler. Boiler not included in price. See page 889 for boilers.

For use with running water systems having constant pressure. Water circulates, and heats rapidly.

MEASUREMENTS: Inside diam. of firepot at top, 10 in. Depth, 7 in. Top measures, 12¾x19½ in. Two 7-inch lids. Height, 22½ in. Takes 6-inch stovepipe. Fits ¾-in. pipe connection. Shpg. wt., 105 lbs.

Shipped from Boston, Mass. or factory near Philadelphia Pa. or factory in Central Ohio. Not Prepaid. Send order to Philadelphia or Boston. For estimated freight charges see rates at right.

22KM499½—HOT POT WATER HEATER. **$7.85**

4-HOLE Laundry Stove

Plenty of Hot Water in 15 Minutes

Corrugated firepots in Sears stoves and heaters are better for two reasons:

1—They are stronger and last longer.

2—They deliver more heat for the same amount of fuel consumed, because the heating surface is greatly increased.

You can readily see that corrugations like this ~~~~ crowd 15 to 20 per cent more heating surface into the same space that an ordinary flat surface like this ——— would occupy.

—Highest Grade Cast Iron.
—Heavy Cast Iron firepot. Diameter at top, 14¼ in.
—Very Large Top, 20¼x23¼ in. 23 inches in height.
—Four No. 8 Lids.
—Burns coal, coke and wood.
—Draw center grate.

Firepot is equipped with a **special cast iron deflector plate** which prevents passage of heat up chimney until it has circulated under the entire cooking top, assuring even distribution of heat.

Top big enough for wash boiler and utensils at the same time. Note especially the wide, deep, heavily ribbed and reinforced firepot built to withstand years of hard usage. Takes 6-inch stovepipe. Shpg. wt., 115 lbs.

Shipped from Boston, Mass., Harrisburg or Philadelphia, Pa. or factory in Central Ohio. Not Prepaid. Mail order to Philadelphia or Boston. See bottom of page for freight rates.

22KM497
MOOSE..... **$6.15**

$6.15

Slightly Smaller

—Good grade cast iron body.
—Fire pot, 12 in. wide.
—Large cooking top, 19½x19½.
—Four 7½ in. lids. 23 inches high.
—Burns coal, wood and rubbish.

ONLY $4.35

A well-built 4-hole laundry stove. Not the equal of our MOOSE above but built to give real service. Has draw center type grate. 6-inch stovepipe. Shpg. wt., 90 lbs.

Shipped Not Prepaid. Same shipping points as for stove above.

22KM479—MOOSE....**$4.35**

Right Weight, Right Size, Right Construction. Everything You Need in a Laundry Stove.

View at right shows special deflector, which assures correct distribution of heat over the entire cooking top.

MARVEL

Cooking—Heating Laundry Stove and Rubbish Burner

Height To Cook Top 30 In.

$7.85 WITH HIGH LEGS

$6.95 WITH LOW LEGS

—Extra large size.
—Highest Grade Cast Iron.
—Heavy corrugated and reinforced cast iron firepot, 17½x8¼ in.
—Very Large Top, 22x18 in.
—Four No. 7 cooking holes.
—Burns coal, coke, wood and rubbish.
—Drop end door makes fueling easy.
—Fits minimum space, 18x22 in.

This is an unusually large size cast iron laundry stove. For the price we ask it is a wonderful "buy." Being made throughout of heavy cast iron it will last for years. Suitable for laundry, cooking, heating and rubbish burning.

The outstanding feature and one that few other stoves can offer. Construction is such that heat is circulated against sides of firepot and then EVENLY across top. It means more heat from fuel used

Oblong firepot and long flat shaking dump grate. Perfect heat distribution over entire top.

The big roomy shelf, a few inches above the floor gives added strength and rigidity to the stove.

MADE IN TWO STYLES: with high legs and convenient leg tray as in big illustration or with short legs without leg shelf as shown at right. Firepot and cooking top the same for both models.

COOKING TOP is built to accommodate the largest size wash boiler. Stove takes 6-inch stovepipe. Shpg. wt., both styles, 110 lbs.

22KM485—Stove with High Legs and Leg Shelf..... **$7.85**

22KM478—Stove with Low Legs and without Leg Shelf..... **$6.95**

Shipped from Boston, Mass., Harrisburg or Philadelphia, Pa., or factory in Central Ohio, whichever is nearest you. Not Prepaid. Mail your order to Philadelphia or Boston. For estimated freight rates per 100 lbs., see at left.

Estimated freight charges per 100 lbs. for all stoves on this page: 150 miles, 47c; 300 miles, 69c; 500 miles, $1.05; 750 miles, $1.19.

Height to Cook Top 21½ in.

Low leg model without utility shelf. Same firepot and cooking top as on stove in large illustration.

....WHY Sears Can Make These Low Prices Without Sacrificing Quality!

Sears have consistently fought to bring prices down so that the heads of over 12,000,000 families who buy from us may get *the last possible ounce of value* for their money. This would be comparatively simple if we were not particular about the quality.

This year we wanted to establish a new record for value-giving by offering a new full-size cast iron range under $50. We designed a stove which we felt certain would meet the approval of our customers, then gave our factory a contract calling for the production of many thousands of these stoves. The large output reduced the usual cost of manufacture. Various *operating economies* were effected. *Advantageous purchases* of raw materials were made in the open market. That's how basic costs were reduced. In addition, you, the customer, get the benefit of Sears' *one-profit system of distribution* and merchandising.

The maintenance of *quality* is never lost sight of, however low costs may go. In fact, we are continually devising new ways to make our stoves better. We have research laboratories investigating materials; industrial laboratories studying methods; and analytical laboratories testing the finished product. Their findings are reflected in our merchandise. *The new GLENCOE is an outstanding example of our painstaking efforts to give our customers* bigger values.

SEARS SEAL OF QUALITY — NEW CAST IRON RANGE

SEARS SEAL OF QUALITY — FULL PORCELAIN ENAMEL

"GLENCOE" A Brand New Range Setting Up a New Standard of Value

IF

you are looking for a cast iron range that is full size, full enameled—

you want to lend color and attractiveness to your kitchen and bring it up to date—

you need more cooking capacity and like to serve tasty, well prepared meals—

you are interested in getting the biggest possible value for your money—

THIS IS YOUR STOVE! Here's cooking service that reflects the very latest achievements in stove efficiency, economy and convenience of operation. Here's the opportunity to complete your kitchen at a price you can afford to pay. The new *GLENCOE* is a stove that is brand new and better in every department—new design, new construction and new finish, coupled with a new low price that abruptly upsets all previous conceptions of stove value.

SCIENTIFIC FIREBOX CONSTRUCTION. Fireboxes are long, wide and deep. Equipped with rugged firebrick liners and Dockash grate for *hard (anthracite) coal.* For *soft (bituminous) coal or wood,* firebox has heavy sectional cast iron linings and Duplex grate. Takes 7-inch stovepipe.

QUICK ACTING FLUE SYSTEM. Guaranteed for splendid results. Entire oven is surrounded with uniform heat, so evenly distributed that several pans of baking can be placed in the oven at the same time. All will come out perfectly done.

TIME PAYMENTS. You don't have to pay the full purchase price to own a new *GLENCOE.* Pay only $5 down. Then pay only $4.50 a month on the balance. When ordering, use the Time Payment Order Blank in Back of Catalog.

30 DAYS' TRIAL, Order the new *GLENCOE* in the usual way, sending either the down payment with Time Payment Order Blank or full cash. If, after 30 days it does not satisfy you, return it. We will refund all you've paid.

SHIPPING POINTS. Boston, Mass., Harrisburg, Pa., or factory in Central Ohio. Mail your order to Philadelphia or Boston. Shpg. wt., with reservoir, 455 lbs.; without reservoir, 435 lbs. *Not Prepaid.* Estimated Freight per 100 lbs.: 150 miles, 47c; 300 miles, 69c; 500 miles, $1.05.

SEARS SEAL OF QUALITY — ALL CAST IRON

Colonial Prices Touch a New All-Time Low!

All records for low prices on cast iron stoves in the high quality field have been shattered by Our *COLONIAL.* Now the range you have always wanted is within your reach. Your dream of owning a fine, full-size, beautiful and efficient cast iron cooking range can now be realized.

All the resources of the World's Largest Store, in conjunction with one of the world's largest stove factories, have been utilized to bring the price down to the *lowest level in stove history!*

Now you can be the proud possessor of a stove that is *big* enough to handle any cooking or baking job; *strong and heavy* enough to resist the strain of more than a generation of hard service; *modern, colorful* and *efficient* enough to be a distinct help in the planning and preparing of tastier meals. Don't pay more and not get *COLONIAL* quality! Compare it point for point and see for yourself what an *amazing value* it really is.

The "COLONIAL" is World's Finest Range

The *COLONIAL* is the very best cast iron range we offer, which is just another way of saying that there is *none better made.* It is master built by master workers. Every element of construction that could make the range more *enduring,* or more *attractive,* or more *convenient* to use has been incorporated. More of our customers have purchased *COLONIAL* than any other. It carries our *Guarantee.* It would be a bargain at almost any price, but at $79.85 it establishes a *new value record.*

DESIGN AND FINISH. Excels in attractive charm, artistic color and grace of line. Your choice of two glistening all porcelain enamel finishes, Green with Ivory, or Tan with Ivory. Boltless main front.

MATERIALS. Specially selected extra thick and heavy cast iron. Strongly reinforced at all points to insure lifetime service. Precise, careful workmanship.

COOKING TOP. Ground smooth and polished to a bright, mirror-like finish. Six 8-inch lids, including one anti-scorch and one sectional. Ht. to cook top, 31 in.

NEVER-FAIL BAKING OVEN. Three large sizes. No unsanitary crevices. Heat indicator in door. Foot lever for opening door. Handy wide shelf for basting.

FIREBOX. The *COLONIAL* thrives on a slender diet of fuel. Choice of two types, with cast iron linings and two-bar Duplex grate for soft coal and wood, or with firebrick linings and Dockash grate for hard coal. Length for wood, 17, 20½ and 23 in., according to size. All sizes take 7-inch stovepipe.

RESERVOIR. Direct heat type. Note, in the illustration above, how the flame passes into direct contact with tank, circulating all around it. Tank and entire compartment are of solid cast iron with a removable white Porcelain Enameled container. Gives boiling water in comparatively few minutes. Reservoir capacity, 13½, 17, and 22 quarts, according to size of range.

FREIGHT CHARGES (estimated) per 100 lbs.: 150 miles, 47c; 300 miles, 69c; 500 miles, $1.05; 750 miles, $1.19.

EASY PAYMENTS: $5 down and $8 a month. Use Time Payment Order Blank in back of catalog.

SHIPPING POINTS: Boston, Mass., Harrisburg, Pa., or factory in Eastern Ohio. Mail order to Philadelphia or Boston. All stoves shipped **Not Prepaid.**

SEARS SEAL OF QUALITY

BURNS COAL · WOOD or GAS

SEARS SEAL OF QUALITY

FULL PORCELAIN ENAMEL

NEW PEERLESS . . . . . SETS UP NEW STANDARDS OF QUALITY

If it's quality you seek in a Cast Iron Combination Range, the NEW PEERLESS should be your unqualified choice. There's nothing we could add to this stove to make it more enduring, more efficient or more attractive in appearance. It has EVERYTHING! Gives you cooking comfort the year around because you are not compelled to keep a hot coal fire going in the summer time. Double baking and cooking service—a full sized coal range, a full sized gas range, double in service, comfort and convenience.

Three Big Ovens. An extra size coal baker with heat indicator, gas baker with heat indicator and gas broiler with porcelain enamel broiling pan. And you can use all three at one time if you wish. Each of the upper ovens is heated by gas, oven under cooking top heated by coal or wood.

Big Gas Cooking Top with three standard and one giant size burners, removable cast iron grates, and porcelain enameled drip pan. Also an **automatic touch-a-button lighter** without extra charge. Compartment under burners enameled.

Highly Polished Coal Cooking Top ground to a smooth flawless mirror finish. Four lids, one a sectional lid and one an anti-scorch lid. Convenient pouch feed door at left end.

Full Porcelain Enameled: Choice of Two Colors: Silver Gray or **Spring Green** with **Ivory.** You'll like its sleek glossy appearance; you'll like to look at it.

600 Lbs. of Solid Cast Iron, so tough and thick that you **can't** wear it out. Another of our "lifetime" Ranges.

Hard and Soft Coal Fire Boxes, both of extra weight and with fittings of the latest scientific type. Duplex grate with cast iron linings **for soft coal;** reverses with a turn of shaker for burning wood. Length for wood, 19 in. Firebrick linings and dockash grate **for hard coal model.**

Two Color Choices With Hard or Soft Coal Fire Box

Measurements: Coal Oven, 18 in. wide, 18 in. deep, 11 in. high. Gas Baking Oven and Gas Broiling Ovens, both, 18 in. wide, 13 in. deep, 9½ in. high. Entire cooking top, 39¼x24½ in. Takes 7-inch stovepipe. Shpg. wt., 630 lbs. **Be sure to state whether you burn manufactured or natural gas.**

Range With Soft Coal Fire Box

22KM179⅓—Green and Ivory Finish.
22KM181⅓—Silver Gray Finish. **$89.50**

Easy Terms: $5.00 with order and **$8** a month. **Use Time Payment Order Blank in back of catalog. Shipped from Harrisburg, Pa., Boston, Mass., or factory in Central Ohio. Not Prepaid. Send your order to Philadelphia or Boston.**

Although Quality Is Up, the Price Remains the Same

Reducing prices is every store's privilege. **With Sears it is a duty.** Millions of customers have come to regard Sears as the National Value Headquarters. It is imperative that we recognize the obligation imposed by this expression of confidence by keeping prices down to the **lowest possible levels.** The New Peerless Combination Cast Iron Range is priced accordingly. It maintains Sears' unchallenged supremacy as the source of greatest possible values.

Study the features of this range. Notice the **weight,** for instance. Look at the **capacity.** Regard the enduring, glistening, colorful **Porcelain Enamel finish.** Consider its many other good points, then look around for another stove to match it at anywhere near our price. If you do this, we're sure you'll be ready to concede the truth of the saying, **"You Always Save Most at Sears."**

IN WINTER . . . Heat Your Home and Cook With Wood or Coal. IN SUMMER . . . Cook With Gas!

Point for Point THESE RANGES ARE GREATLY UNDERPRICED

Our Big MANIFOLD

(Illustrated at Lower Right of Page 804)

- Solid Cast Iron Combination Range.
- Porcelain Enameled over all in Ivory and Springtime Green.
- 2 Cooking Tops, Gas Oven and Coal Oven
- Gas Broiling Oven with Porcelain Enamel Broiler Pan.
- 2 Fire Box styles.

The new *MANIFOLD* Combination Cast Iron Range is a junior model of the New Peerless above. **Exactly the same high quality construction** but not as much capacity. For smaller families or use in smaller kitchens. Although the *MANIFOLD* is strictly a quality stove in every particular, it is priced greatly less than you'd expect to pay! It's a true Combination Range with a double cooking top, two large capacity Baking and Roasting Ovens, one in the gas compartment with heat indicator, the other in the coal compartment. The *MANIFOLD* also has a separate gas Broiling Oven with porcelain enamel Broiler pan. Don't take chances with inferior quality —buy the new *MANIFOLD* and insure a **lifetime of cooking satisfaction.** Easy terms if desired.

Here's What You Get!

Highly polished cast iron cooking top over coal section. Needs no blackening. One solid cover and one three-ring sectional lid.

Improved gas cooking top with three standard and one giant burners. Automatic lighter and porcelain enameled drip pan.

Built throughout of high grade, close grained cast iron, molded to a handsome design, carefully machined and assembled. Finished in genuine **PORCELAIN ENAMEL. Old Ivory** and **Spring Green** surface that stays new permanently.

The fire box has Duplex Grate and Cast Iron linings **for soft coal and wood,** or Dockash grate and fire brick linings **for hard coal.** Length for wood, 18½ in.

Measurements: Coal oven, 18 in. deep, 18 in. wide, 11 in. high. Gas baker 18 in. wide, 13 in. deep, 9½ in. high. Gas Broiler, 10½ in. wide, 13 in. deep, 9½ in. high. Entire cooking top, 33x25 in. Takes 7-inch stovepipe. Shpg. wt., 590 lbs. Burns manufactured or natural gas. **Be sure to state which kind you burn.**

For Soft Coal
22KM324⅓—Cash Price **$81.25**

Easy Payments: $5.00 down and **$7.50** a month. **Use Time Payment Order Blank in back of catalog.**

22KM98⅓—Waterfront for heating range boiler. Shpg. wt., 20 lbs. **Not Prepaid..... $4.75**

22K952—Set of 4 Leg Rests to protect floor. Shpg. wt., 3 lbs. **Postpaid if part of $2 order or more. 25c**

Shipped from Boston, Mass., Harrisburg, Pa., or factory in Central Ohio. Not Prepaid. Send your order to Philadelphia or Boston.

Our Solid Cast Iron MAYFAIR

(Illustrated at Lower Left of Page 804)

- Solid Cast Iron Cooking Range.
- Porcelain Enameled in Ivory and Springtime Green or Ivory and Pearl Gray.
- Highly Polished Cooking Top; Six 8-inch lids.
- Big Oven, 2 Warming Closets, 8-Gallon Reservoir, of rust-proof Copper.

In judging the **MAYFAIR,** forget its price for the moment. You are naturally interested in quality because you want a good looking stove that will last for many years and be a real kitchen help. Well, judge the **MAYFAIR** by that standard and there can be but one answer—the quality is all there.

EFFICIENCY. An efficient cooking range is one that permits of the preparation of meals in the minimum of time, with the minimum of effort, and using the minimum of fuel. **MAYFAIR** has been designed with these ends in view. Any comparison will quickly indicate that **MAYFAIR** is time-saving, work-saving and MONEY-SAVING!

We offer the **MAYFAIR** in the knowledge that no stove of similar quality can be purchased for so little.

Compare the Quality

Note the features offered, especially the big baking oven, guaranteed equal to any available at any price. Fitted with heat indicator. Extra size warming closet with two service drawers, the only range with this feature! Full 8-gallon reservoir of heavy rustproof copper. Highly polished cooking top, heavily reinforced and with six 8-inch covers, one a sectional lid and one an anti-scorch lid. All anchor plates removable. Nickeled towel bar.

Two Fire Box Styles. Fire box for soft coal, wood or lignite has cast iron linings and Duplex Grate; for hard coal, brick linings and Dockash grate.

Here's another real feature. Left section of top over fire is hinged and easily raised with lever attachment. A catch holds it to any height.

Two Sizes. SMALLER SIZE, cooking top, 23¼x33 in.; length for wood, 18 in.; LARGER SIZE, cooking top 25¼x34½ in.; length for wood, 20 in. Both take 7-inch pipe.

Offered on Easy Terms: $5.00 down and **$6.50** a month. **Use Time Payment Order Blank in back of catalog.**

$44.50 CASH

SILVER QUEEN is a masterpiece of compactness, an achievement in construction and beauty, a model of utility and a triumph of value.

A complete gas range, cook stove and rubbish burner combined in one. A double heating unit offering you either coal or gas, or both at any time. Will give more genuine service in less floor space than any other type of stove. Just the thing for small kitchens in which a great deal of cooking must be done. Assures perfect kitchen comfort the year round. And just look at the price! *SILVER QUEEN* gives you your money's worth and more!

Finished entirely in a bright, lustrous combination of **Spring Green and Ivory Porcelain Enamel.**

Baking and roasting oven, independent of coal section, heated by gas only. **Oven interior is of genuine rustproof porcelain enamel.** Easy to clean, sanitary and trouble-saving. Oven measures 16x19x14 in.

Entire cooking top is 31x21½ in. Coal and wood section is **highly polished.** Height to cooking top 34 in.

Latest type of fuel saving firebox. Firebox, 18x7½x7 in. **Duplex grate** with heavy cast iron linings for soft coal, or **Dockash grate** with firebrick linings for hard coal.

We especially recommend that you order your range with **oven heat control.** Will automatically maintain any temperature you desire. Assures the even heat necessary for good baking and eliminates guesswork. When ordered with heat control, a thermometer for oven door is not necessary and not furnished. Takes 6-inch stovepipe.

Burns manufactured or natural gas. Be sure to state which kind you burn.

WINS EVERY TEST!

$3.75 And Up

We had this oil heater tested against three other well known makes and received definite proof of Sears quality leadership. Sears stove rated highest in all tests, yet it was by far the lowest priced heater tested.

- Easily Carried from Room to Room.
- Patented Air distributor.
- Adjustable Ventilating Damper.
- Radiating Fire Bowl. Absolutely Smokeless and Odorless.
- Extra large easily replaced wicks.
- Burns ordinary kerosene (coal oil).
- Two Sizes, each in two finishes.

Three perfected features emphasize the extra fine quality of this heater.

1. **Patented air distributor** automatically regulates the amount of air fed to the flame. This assures perfect combustion which means lower fuel consumption and odorless operation. A full hour's heating for about one cent.
2. **Radiating Fire Bowl** completely surrounds the flame and distributes the heat uniformly.
3. **The adjustable ventilating damper** in top permits more effective control of heat.

This year and every year homes need the comfort of this modern room warmer. You will use it during the bitter cold days when your furnace will not furnish enough heat or during early fall and late spring. **Shipped from our Store.**

Big Size Heater

Heats a big room. 12-inch burner. Height, 25¼ in. Floor space, 20x20 in. 5-quart tank. Shpg. wt., 23 lbs.

TWICE CAPACITY *of* Ordinary Heaters

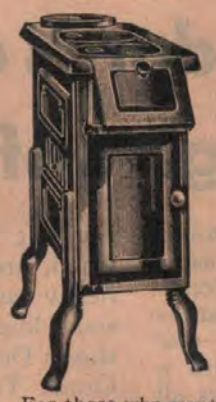
KITCHEN HEATER and RUBBISH BURNER

Solid Cast Iron Construction.
Green and Ivory, or Black Front.
Full Return Flue for Greater Radiation.
2-lid top, 24x12 in. Holds big boiler.
Adjustable Legs—Set stove any height.
Any Fuel, coal, coke, wood or rubbish.
Duplex Grate with cast iron linings for soft coal, firebrick for hard coal.

Although primarily designed as a kitchen heater to keep a large room comfortably warm in zero weather, it is also an exceedingly efficient rubbish burner. **The distinguishing feature of this stove,** the one that puts it far in advance of the ordinary kitchen heater, is the broad, deep, **two-flue full base circulating system,** noted for its quick heating and its fuel saving. Instead of an ordinary flue, we have built a circulating flue into the bottom which forces the heat in a solid volume against the outer surface. Notice also the big ash door and feed door. Large steel ashpan.

Two models: With attractive **Green and Ivory Porcelain Enameled Boltless Front,** as in large illustration at left or **plain black** as in small view at right.

MEASUREMENTS: Cooking top, 12x24 in. 6-inch pipe. Two 8-in. lids. Takes 14-in. wood. Shpg. wt., 200 lbs. **Shipped from Harrisburg, Pa., Boston, Mass., or factory in Central Ohio. Not Prepaid.**



With Green and Ivory Front

22KM2214—For Soft Coal... **$18.95**
22KM2215—For Hard Coal.... **$18.95**

With Plain Black Front

22KM2212—For Soft Coal... **$14.45**
22KM2213—For Hard Coal.... **$14.45**
22KM98—Waterfront. Shpg. wt., 20 lbs. Not Prepaid..... **$4.75**

$11.25

For those who want a low priced heater we offer this new plain black model without return flue feature. Substantially built and guaranteed, but not the equal in heating capacity of the two models listed at left.

22K2219 — For coal and Wood..... **$11.25**

KEEP YOUR STOVE *NEW*

All the items shown below will be shipped POSTPAID if included in $2.00 orders or more.

Famous Polish

Famous fireproof non-freezing polish for nickel and black parts. Apply at any time whether stove is warm or cold. Gives a quick brilliant luster entirely without odor. Requires very little rubbing. Shpg. wt., 2 lbs.

22K959—Three ½-pint cans..... **36c**

Enamel Cleaner

An efficient, non-scratching paste for removing stains and grease from porcelain enamel, brass, tile, glass and hard surfaces. Shpg. wt., 1 lb.

22K952 2¾-in. Groove Set of 4.. **25c**

Thousands of These Ovens Now In Use

—AIRTIGHT steel.
—Double crimped seams.
—Will hold two 8-in. plates or an 8x17 Roaster pan.
—Inside size 8-in. wide by 17¾ in. long.

If you own a laundry stove or a small heating stove buy this stovepipe baking oven and put it on your stove pipe. It uses only the waste heat going up the pipe. Built on same principle as oven of a big range with an inner flue around which heat circulates. **Fits only 6-inch stovepipe.** Shpg. wt., 15 lbs. **Shipped from our store, Harrisburg, Pa. or factory in Central, Ohio, the city nearest you. Not Prepaid.**

22KC500—STOVE-PIPE OVEN..... **$1.95**

Not recommended for hot water heaters, 22KM499 and 22KM480, shown on page 801.

Mica

—Extra thick, tough, and clear.
—Can be easily cut to any size with a pair of shears.
—Best quality obtainable.

Mica is so inexpensive and so easy to install that it is a mistake not to renew the worn mica panels in your stove doors. Shpg. wt., 3 oz. per dozen sheets.

Postpaid if part of $2 order or more.

. . . . Cast Iron Quality Range

$31.95 CASH

24-Qt. Copper Reservoir

★ COLOR . . .

The White Porcelain Enamel on doors, splasher and reservoir panel is fused right into the metal at terrific heat and becomes a part of it. Note the modernistic black striping. The high polish on the black parts and the glistening white enamel make a particularly pleasing contrast.

★ CONSTRUCTION

Solid Cast Iron with Copper Reservoir. The Spartan is made by one of the largest stove factories in the world, with an experience of over 50 years in the manufacture of stoves. From the manufacture of the castings, through the milling and finishing operations a rigid system of inspection continually safeguards quality. Even the crating for shipment shows thoughtful planning and assures utmost protection and safe delivery.

★ CAPACITY . . . .

The Spartan has ample capacity. Note particularly the size of oven, and cooking top below. The copper reservoir is amply large for most needs while the two warming closets and upper shelf afford plenty of room to keep food and dishes warm.

★ CONVENIENCE

The heat indicator on oven door, the large feed door, the adjustable tension on oven door spring and the roomy cooking top are but a few of the many features so convenient to work with.

★ COST . . . . . .

The basis of quality lies in the price charged. Spartan gives you more quality for less money, as any comparison will prove. Why delay longer, when it can be had for so little?

New Standards of Value

Reaching New Heights of Quality

Were this simply one of last year's stoves "Dolled Up," it would be a worthwhile value. Were it the same stove with some improvements in quality, it would command consideration. But here's an all cast iron stove that is brand new and better in every department—*new design, new construction* and *new finish*, coupled with a *new low price*—a price so low that it abruptly upsets all previous conceptions of stove value. Here is more stove for the money than any one has ever dared offer before. Here's cooking service that reflects the very latest achievements in stove *efficiency, economy* and *convenience* of operation. Here's the opportunity to complete your kitchen at a price you can afford to pay. For downright good value the *SPARTAN* reigns supreme in the cast iron range field. We guarantee it and you may buy it on our 30-day Trial Plan described below.

Scientific Firebox Construction. Fireboxes are long, wide and deep. Equipped with rugged firebrick liners and new improved *Dockash grate* for hard (anthracite) coal. For soft (bituminous) coal or wood, firebox is equipped with heavy cast iron linings and improved *Duplex grate.* See small illustration of fireboxes at right. Left illustration shows Duplex Grate. Right illustration shows Dockash Grate. Takes 7-inch stovepipe.

Quick Acting Flue System. Guaranteed to give you splendid results. The entire oven is surrounded with uniform heat, so evenly distributed that several pans of baking can be placed in the oven at the same time. All baking will come out perfectly done. No such thing as food burned at the top and underdone beneath. *Buy on Time if you Desire.* Pay $4 down. Then pay only $4 a month on the balance until paid for. When ordering on Time Payments, use Easy Payment Order Blank in back of this catalog.

Only $4 Down

Our 30-Day Trial Offer

COPPER HOT WATER RESERVOIR HOLDS 24 QUARTS

Don't Be Misled by the Low Price

When you first note the price of the *QUEEN* you may perhaps feel that somewhere along the line something has been skimped. But as you start checking up on its specifications, you will find that it has quality in abundance. The *QUEEN* is a conspicuous example of Sears' quality leadership.

The "QUEEN" is a top-notch range in every way

Take the weight to begin with—380 lbs. Certainly plenty of material here. We find that this material is *Keystone Copper-bearing steel*, which is the best made for stove purposes. Now look at the measurements—the cooking top, for instance, is 34¾x23½ in. This indicates that the *QUEEN* is of generous size. We also see that the oven, being 18x18x11¾ in., has ample capacity for taking care of all household baking jobs. The lining of flues and of the entire main bottom with asbestos is another refinement which tends to make the *QUEEN* more efficient and permit greater fuel saving.

The various parts of the *QUEEN* fit each other with machine finish smoothness. Careful attention has been given to eye-appeal. The new modernistic design is additional proof of *QUEEN* quality.

Only $4 Down

Purchase the "QUEEN" on Easy Payments—$4 per Month

These low easy terms of payment make it easy for you to own a *QUEEN*. When ordering Use the Time Payment Order Blank in Back of this Catalog.

30-Day Trial Offer

Order the *QUEEN*, sending either the small down payment (using time payment order) or the full cash price, as you prefer. Use the range in your own home for 30 days. Then if not perfectly satisfied send it back and we'll refund your money including freight.

The "QUEEN"—A New All-Steel Creation at a Record Price

We've done it—we have produced the first full size steel kitchen range of this quality to sell under $35.00! Sears have always taken the lead in bringing prices down, and this new low price reflects the effort we have put forth to provide our customers with a particularly outstanding steel range value. It's a stove as aristocratic as its name—in construction, in finish and in the quality of cooking service which it renders.

Modernistic Design

Seldom has it been possible to put as much real beauty in a kitchen range as the makers have put into the *QUEEN*. Its design is quite in keeping with the trend toward modernistic effects, though not radically so. The *white porcelain enameled parts*, (all doors, reservoir panel and splasher) are made of *Armco steel*. The balance of the stove is finished in black and highly polished. Nothing to mar its clean-cut, majestic appearance. It will brighten up your kitchen and make it a much more cheery place to work in.

Ample Capacity

When unexpected company arrives, or when you have guests for Sunday dinner, you want to be able to cook without inconvenience or loss of time. You'll not be handicapped by lack of capacity with the *QUEEN*, for its cooking top is big and roomy, and the oven has a full 18-inch width. Note the oversize measurements below—assurance that you'll be able to take care of any family cooking requirements, whatever the emergency.

Oven is so scientifically constructed that you may bake without shifting pans.

An Unbeatable List of Features

—Armco Steel Used for Porcelain Enamel Parts.
—White Porcelain Enameled parts include doors, reservoir panel and back splasher.
—Balance of stove high polished Black Finish.
—Inside measurements of oven, 18x18x11¾ in.
—Coal Firebox 15x7½x6½ in. Length for wood, 16 in.
—Size of cooking top, 34¾x23½ in. without reservoir.
—Cooking top has 3 removable anchor plates, 4 solid lids, 1 anti-scorch lid and 1 nested lid.
—24-Quart reservoir is of permanently rust-proof sheet copper tinned inside.
—Oven top of 3-ply heavy steel, asbestos inter-lined.
—Asbestos lining protects main bottom of stove.
—Asbestos lining for flues for fuel economy.
—Tension on oven door easily adjustable.
—Accurate oven heat indicator on oven door.

Burns Any Fuel Efficiently

The *QUEEN* has a big cast iron firebox. Equipped with grates specially designed for the type of fuel to be burned, a **two-bar Duplex grate** for soft coal and wood, or a **Dockash grate** for hard coal. 7-inch stove pipe.

Shipped from Boston, Mass., Harrisburg, Pa., or from factory in Central Ohio. Strikingly Modern Steel Range!

Sears Offers Intensely Practical Steel Range at Lowest Price in Their History!

The New Friendship is the result of our determination to produce an all-steel range for the benefit of those customers who do not wish to pay the higher price of a full-enameled range. Let us say right here, however, that the Friendship is not built down to meet any particular price level.

READ ABOUT THESE FEATURES

- **All-Steel Body, full size, 6 cooking holes.**
- **Genuine Porcelain Enameled doors, back splasher, and reservoir panel.**
- **24-Quart galvanized reservoir, removable.**
- **Big draft slide, extends almost full width of stove.**
- **Single oversize outer fuel and ash door.**
- **Roomy oven, 16x18x11 inches.**
- **Large Coal Feed Door.**
- **Asbestos Lined Flues.**

A glance at the array of impressive features listed above will convince the most skeptical that the Friendship has considerably more quality than is indicated by the low price at which we offer it. And when it comes to cooking and baking results, the Friendship comes through with flying colors.

We offer you, then, a steel range made of the finest basic materials, of good size and appearance; and very efficient. Note the striking, modernistic design on the white panels, a delightful touch that emphasizes the appearance of the whole stove and provides a welcome relief from the monotony of conventional designs.

Full Size Firebox

Firebox with cast linings and flat dump grate is 16⅓x6½x5¼ in., and will take wood 16 inches long. Cooking top, 33¼x21 in. with 6-8 in. lids. Height to cooking top, 30 in. Takes 6-inch stovepipe.

30 Days' Trial. Send cash price or the small down payment with Time Payment Order Blank. Try the Friendship for 30 Days. Then if you are not satisfied, we will return all you have paid.

Easy Payments: Terms: $4.00 down, $4.00 a month. When buying on Easy Payments, Use Time Payment Order Blank in back of catalog.

FOR SMALL KITCHENS

A NEW STEEL STOVE

Low-Priced—Modernistic—Efficient

- **Made of Keystone Copper-Bearing, Rust-Resisting Steel.**
- **White Porcelain Enameled Oven Door, fire door and reservoir panel; balance of stove polished black.**
- **20-quart galvanized iron reservoir.**
- **Burns any coal, coke, wood, chips or cobs.**
- **Single fire and ash door; large capacity fire box.**

The HAPPY DAY is brand new in design, pleasing in appearance with its new modernistic trim, and a value positively without equal in the low-priced stove field. If we charged $25 for this stove, it would still be a bargain. *Don't pay more and not get the quality that HAPPY DAY offers!* Its compactness and built-in features will save you work and extra steps—its efficiency and quick-heating will save you fuel—and its new low price puts money right back in your pocket.

While primarily designed for the small kitchen, it has a generous cooking capacity and will give **splendid service in any kitchen.** The fire box is extra large, for quick heating, the oven will accommodate several pans of baking, and the four cooking holes are standard 8-inch size.

Latest Type Firebox has cast iron linings and flat shaking and dump grate suitable for burning any kind of fuel—soft or hard coal, coke, wood, chips or cobs. Heats quickly—uses little fuel. Cannot be equipped with a waterfront.

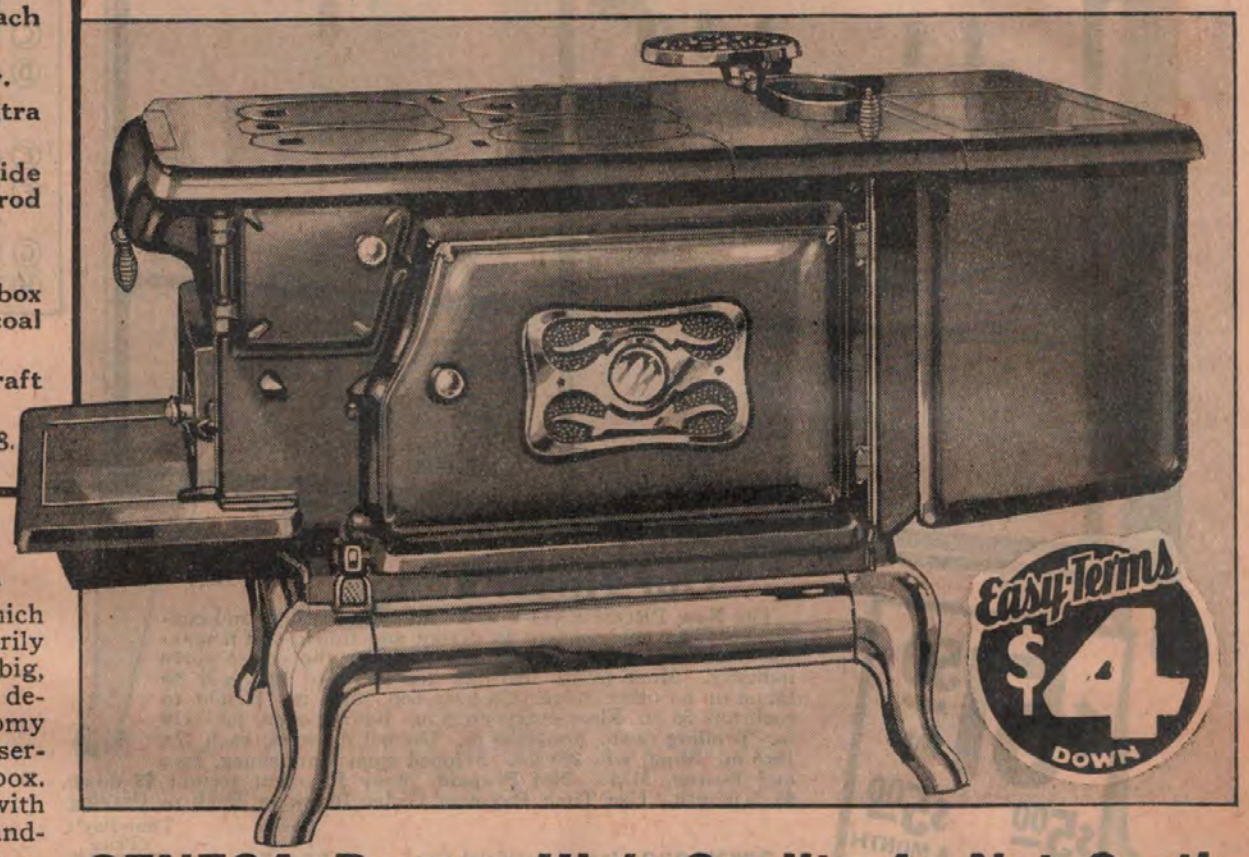
Hot Water Reservoir. Made of galvanized iron. Capacity of 20 quarts assures plenty of hot water.

Measurements: Oven, 16x18x11 in. Cooking top, 29½x20¼ in., without reservoir. Height to cooking top, 30 inches. Firebox, 16½x6¾x5½ inches. Length for wood, 17 inches. Takes 6-inch stovepipe. Shipping weight, 170 lbs. with reservoir; 160 lbs. without reservoir.

Shipped from Boston, Mass., Harrisburg, Pa. or factory in Central Ohio. **Not Prepaid.**

22KM1168—Stove with Reservoir. **$17.85**
22KM1169—Stove less Reservoir... **$16.85**

Estimated Freight Charges per 100 lbs., 150 miles, 49c; 300 miles, 71c; 500 miles, $1.07; 750 miles, $1.21.



Our Nation Wide Fame for Quality and Money Saving Prices is Sufficient Guarantee for the Wonderful Value Offered Here

ON THIS SOLID CAST IRON COOK STOVE

- Full 20-inch oven with door on each side.
- Right door has automatic opener.
- Four hole cast iron cook top, extra heavy.
- Nickel plated legs, front and side base strips, oven panel, towel rod and teapot stand.
- 8-Gallon galvanized Reservoir.
- Extra Large and Deep cast firebox with duplex grate for burning coal or wood. Handy top feed door.
- Improved flues to insure quick draft and easily controlled fire.
- Cooking capacity for family of 5 to 8.

4 HOLE SENECA

The Seneca, at $24.85 is a value which has many features that are not ordinarily included in a stove at this price. It's a big, homey, cast iron cook stove that is as dependable as the day is long. Has big roomy oven, with doors on each side, large reservoir, generous top space and large firebox. It is a scientifically constructed stove with big capacity and ability to serve. Handsomely trimmed with bright nickel plate.

Check the Features Carefully

Be sure you check the features of the Seneca carefully. Then compare its price with prices elsewhere for the same quality. You'll agree it's the biggest stove bargain you've ever seen. For remember, to make this new low price we have not changed the quality one bit. It's the same high quality that has made it a favorite in thousands of homes the country over. We can not recommend a better value for those who want a low priced stove of excellent quality and high efficiency.

SENECA Proves High Quality Is Not Costly

Oven is 20x20x11½ in. Cook top, 30¼x22¾ in. without reservoir. Height to cook top, 28 in. Takes 7-inch stovepipe. Firebox for coal, 16 in.; for wood 19½ in.

On model with special firebox for burning wood only, coal feed door and ash pan are not required and not furnished. Waterfront not furnished for this stove.

CAST IRON FOR LONG WEAR

- Choice of 2 sizes and with or without 14-qt. Reservoir.
- 4-hole big capacity cast iron cooking top.
- Oven door on each side of stove. Easy to work with.
- Heavy cast iron lined firebox that assures service.
- Slide-out Hearth for easy removal of ashes.
- Large coal feed door for easy fueling.

A good, practical, low-priced cook stove, somewhat smaller than our Seneca above. Winner-Rural is made of strong, durable Cast Iron, the right weight for good wear. The four lids and top are of proper thickness for years of service. Large, evenly heated oven, with door on each side, and door kicker on the right hand side. Waterfront and ashpan not furnished with this model. Flat dump grate on large size, basket grate on small size, both burning coal or smaller sizes of wood. Length for wood, 15½ in. and 18 in. according to size selected. On wood only model coal feed door on cooking top is not needed and not furnished. Smaller size stove takes a 6-inch stovepipe, larger size, 7-inch. Shipped from Boston, Mass. Harrisburg, Pa., or factory in Central Ohio. **Not Prepaid.** Mail your order to Philadelphia or Boston. Same freight charges as for stove above.

A Beautiful New Console

This attractive **Console Model** Prosperity Range has all the impressive features of the Table Top Model above except oven control, ovens insulated only in doors and top, and one utensil drawer instead of two. Otherwise it has all of the **patented exclusive features** which place the Prosperity line several steps ahead of all competition from the standpoint of **quality** as well as on the basis of **Value.**

New Exclusive Patented Cooking Top

Burner Assembly. Construction on an entirely new principle and different in appearance from any other gas range. The steel cooking top is stamped to provide a funnel around each burner. All spillage from vessels drips down the side of the funnel and clears the burner. The entire cooking top is porcelain enameled and **the heat is reflected** from the surface of the funnel to the vessel. These burners have an **efficiency of 45%** as compared to 32% on the average burner. Imagine the saving in gas! The same principle is used in the Table Top Model above.

The Most Economical Way to Cook

HERE in this Oil-Burning Range and the E-Z-est Way Twin-6 are the full fruits of 60 years' experience in making high grade stoves and oil burners.

The burners will reach full flame in 5 to 7 minutes. It will burn all night at low flame and your kitchen will be warm when you get up. **No building the morning fire.** You can have a fire as hot as you want by simply turning a valve. Remember, with oil as a fuel, you keep the fire going only when necessary. If the cooking is done, or if the kitchen is warm enough, you can turn it out completely. **That's real fuel economy!**

Burns Range Oil, No. 1 Furnace Oil, 38-40 Distillate or common kerosene, which costs from 8 to 10c a gallon in most localities. Gives a clean, blue, intensely hot flame, easily regulated to any cooking heat desired. Both burners at full flame consume not more than two pints of oil per hour, or a gallon in four hours. Use one burner for top cooking or all night heating; both burners for oven cooking. The fuel cost figures around one cent per hour per burner at full flame. No coal, wood, ashes or dust—just **clean, uniform, odorless heat** at the turn of a valve.

The burner is installed in the range at the factory. You only set up the tank and stand, connect up one piece of copper tubing and connect the range to a 6-inch chimney flue.

Here are some details of the range:

—Cooking Top, 31¾x23½ in., heavily reinforced, ground and polished to a mirror-like finish. Height from floor, 31½ in. Has six 8-inch lids, including one anti-scorch and one sectional. Stove height over all 50¾ in.

—Baking Oven is 18x17x11¾ in. Reliable heat indicator in door. Opens by foot kicker or handle. Buffet High Shelf at top of range. No unsightly bolt heads in front.

22KM100¼—Copper Coil for hot water boiler. Fits around one burner. Shipping weight, 9 lbs. **Not Prepaid. $2.95**
Shipped from our store.

MANY NEW FEATURES!

$28.85 CASH

A New Reduced Price!

Easy Terms $4 DOWN

If we charged correspondingly more for the many special and exclusive features of *E-Z-est* WAY Oil Stoves, it would not excite undue comment. But to include them all not only without increasing the price but actually forcing it down still lower is an achievement which only the World's Largest Store is capable of accomplishing. There's so much quality packed into *E-Z-est* WAY stoves that they are many laps ahead of the field in value. Note particularly that the fuel tank is OUT OF SIGHT—out of the way. Read carefully the description of features, study the illustrations, make your comparisons. If you do this, we know you'll agree that *E-Z-est* WAY Oil Stoves offer by far the most for the money. That's why we've sold hundreds of thousands of them in the past few years.

Strong and Sturdy in Bright Attractive Colors

E-Z-est Way Oil stoves are solidly and rigidly constructed of the best grade of stove steel, semi-porcelain enameled in enduring colors. No. **22KM427½**—above is in beautiful ***Stippled Green with Black Japan trim.*** Oven top asbestos lined. No. **22KM406½** — at lower right is in a beautiful combination of ***Green and Ivory with Black Japan Trim.***

30 Days' Trial

It's easy to buy on our Time Payment Plan. Send only small down payment with Time Payment Order Blank or send full cash price. Whether you buy on easy payments or pay full cash when you order, you can return any *E-Z-est Way within 30 days* if for any reason you are not satisfied. In such case we will refund everything you have paid.

QUALITY—the Finest!
SEARS PRICE—the Lowest

Cooking top has four full size burner units—one 2000-watts and three 1000-watts each. Oven and broiler units are 1500-watts each, and are operated by patented "single switch." Simplifies control of baking and broiling. Oven insulated all around with thick layers of mineral rock wool. Frame of strong steel construction that will give a lifetime of service. 3 degrees of heat on cooking top—High, Medium and Low, the proper heat for any cooking need. Overall width and depth, 43¾x25 in. Cooking top, 24x21½ in. Oven, 16 in. wide, 14 in. high, 18 in. deep. Height to cooking top, 32½ in. Supplied for 115-230 volts, 3 wire, 60-cycle Alternating Current.

This hook-up adaptable to 110-220 and 120-240 voltages. They don't make electric ranges any better than this Porcelain Enameled Prosperity, nor can you buy an electric range of equal quality anywhere for less than our price. Shipped from Chicago, Ill. Not Prepaid. Shpg. wt., 235 lbs.

Decide Now to Enjoy Its Many Advantages!

Last year thousands of families changed over to electric cooking because it is **cleaner, more satisfactory** and **safer.**

Cooking in this modern way is not experimental—it has long since passed that stage and is accepted by cooking authorities everywhere as a desirable household utility. There are no matches to light, or no pilot light to burn. Merely a switch to turn.

The PROSPERITY Electric Range is finished in a charming combination of **Snow White** and lustrous **Gray Porcelain Enamel.** Oven interior is **Blue Porcelain Enamel**—permanently rustproof and sanitary. Here are other features:

- **SPEEDY. Special unit makes electric cookery amazingly fast.**
- **ECONOMICAL. You'll be pleasantly surprised to learn that cooking costs about one cent per meal per person.**
- **SAFE. No open flame.**
- **HEALTHFUL. Does not rob air of oxygen.**
- **DEPENDABLE. Dependable heat under perfect control insures correct results.**
- **CLEAN. No smoke, odor or soot.**
- **BETTER FOOD. Full flavors retained.**
- **AUTOMATIC. No more guesswork in food preparation.**
- **COOL. Efficient oven insulation keeps heat radiation at minimum.**
- **SAVES TIME. Complete automatic equipment eliminates constant watching.**

We Guarantee to Satisfy You and Save You Money

WHY *Autogas* *Automatic* FUEL CONTROL IS BEST

$34.75 CASH

1. It is positive in operation. Never fails. Can be depended upon to govern the fuel feed at all times.
2. No gasoline can flow into the manifold or burners until the generator is hot enough, to vaporize it into a gas.
3. If the generator burner is put out, the automatic valve turns off the flow of gasoline. Automatically prevents flooding.
4. Meets the rigid requirements of National Board of Underwriters' Laboratories who have listed it as class "A"—the highest possible rating.

$5.00 DOWN

$47.50 CASH

$4 DOWN — BUNGALOW MODEL

Has all the famous Autogas features of *No. 22KM453⅓* at the right except that it is a smaller stove, does not have broiler or utility compartment, and with 3 burners instead of 4. One burner is of giant size. Oven door and back splasher *ivory porcelain enameled*, legs *ivory lacquered*, door handles and burner handles green, other parts *black japanned*. Our price is now about half the usual cost of a gas range and you can cook a whole meal on this stove for as little as 2 cents.

Measurements: Oven, 18x14½x13 in. 1-gallon **Brass** tank. Cook top, 29½x16 in.

Prompt shipment from Harrisburg, Pa., Boston, Mass. or factory in Central Ohio. Not Prepaid. Mail order to Philadelphia or Boston. Estimated freight charges, per 100 lbs., 150 miles, 58c; 300 miles, 83c; 500 miles, $1.27; 750 miles, $1.45.

- Full Size Oven and Broiler. Blue Porcelain Enameled Inside.
- Oven and Broiler Completely Insulated with Thick Mineral Wool.
- Lights Instantly. Heats Generator in 2 minutes or less.
- Leak-tight, Rust-Proof, Brass Tank Holds 1 Gallon.
- Dial Tells Amount of Fuel and Air Pressure at a Glance.
- Double-Action Pressure Pump.
- Full Size Oven, Adjustable Racks. Giant Burners Give 500 Degrees of Heat in 15 Minutes. Heat Indicator.

The *AUTOGAS* converts common gasoline into gas for cooking. It makes a much hotter flame than city gas and costs much less to use. Housed in a sturdy, beautiful unit that is complete in itself—no piping or fittings to buy—no installation expense. We furnish simple instructions for operating. We have sold thousands of *AUTOGAS* stoves to date. Due to our volume production and the tremendous sale of this model during the past summer, we are now able to make a still further reduction in price. It is a value that is positively without parallel.

FIRST

REPORT ON
KENMORE DE LUXE
WASHING MACHINE TESTS

STARTING TEST:—After leaving a KENMORE De Luxe out all night with temperature slightly below zero, the engine was started without trouble in the morning. Another test was conducted with outside temperatures ranging between 50° and 70°. In 500 successive attempts the engine responded readily to the pressure of the tiny foot of a woman weighing only 118 pounds. DEPENDABLE STARTING UNDER ALL CONDITIONS IS ASSURED.

WASHING TEST:—Six cotton sheets were placed in the KENMORE De Luxe Washer and washed 10 hours a day for 77½ days—775 hours to be exact—before they were worn so badly they could not be used. Clothes may wear out, but it requires many washings before they are affected by the washing action. THE KENMORE DE LUXE TRIPLE VANE GYRATOR IS EASY ON CLOTHES.

LIFE TEST:—In this test the KENMORE De Luxe ran for 4,077 hours—an equivalent of 39 years of service (based on a two-hour wash day once a week). The washer was then taken apart to see how seriously it was worn. The shafts, the facers on the gears, and the condition of the bearings were like new. The machine was reassembled with same parts and started again. To date it has run 5,412 hours and is still going—THE EQUIVALENT OF 52 YEARS OF SERVICE IN AN AVERAGE HOME.

ECONOMY TEST:—Repeated tests show the KENMORE DeLuxe consumes on the average of one quart of gasoline for every 2½ hours run. THIS MEANS A COST OF OPERATION OF SLIGHTLY LESS THAN 2c AN HOUR.

SAFETY WRINGER RELEASE TEST:—A slight pressure equivalent to the light touch of a hand was applied 5,000 times and each time the wringer was released, SHOWING THE ABSOLUTE RELIABILITY OF THE WRINGER MECHANISM.

in EVERY TEST

The KENMORE DELUXE wins first place in every test. It is FIRST in endurance; FIRST in washing ability; FIRST in Engine Starting. Thousands in daily use in the cold parts of Washington, Montana, Minnesota, Maine, New York and in the warm states like California and Florida, prove beyond a doubt that this machine is a FIRST QUALITY Washer and that it will start quickly in cold climates as well as in warm.

KENMORE GASOLINE WASHER For Homes Without Electricity

ONLY **$79.85** CASH

With 4-Cycle Engine

$5 DOWN — Convenient EASY Payments — **$7** A MONTH

The KENMORE DeLuxe Gasoline Engine washer has all the advantages of an electric washer. It washes just as clean and just as easily. Does an entire week's washing in ¼ the usual time . . . and, best of all, ANY woman can do ALL the work without help. Note the features above. Look at the opposite page and see how they "Stand up" under gruelling laboratory tests. Then compare it feature for feature with any other washer made! We believe that you will quickly agree that this is a wonderful "buy."

The new 4-cycle construction means smoother operation and longer life . . . Develops ½ H.P.—ample for operating washer and wringer at the same time. Handy foot starter pedal starts engine instantly. ANY woman can start it. Air cooled. Holds 1-quart of gasoline (2½ hours supply) and 1 pint of oil. Not necessary to mix oil with gas.

Equipped with our famous Aluminum TRIPLE VANE GYRATOR, the most efficient washing machine principle known. It swirls the hot soapy water through and through the clothes, cleaning even the grimiest work garments.

We offer a choice of tubs—an extra large, rubber cushioned seamless GREEN PORCELAIN ENAMELED or BURNISHED COPPER TUB. Tubs 13¾ in. deep and 21⅞ in. wide have full 6-sheet capacity. Has new swinging safety wringer with 2¼-in. balloon rolls. Has machine cut steel gears, fully enclosed. Strong stamped steel legs. Wringer frame, base and legs lacquered in Nile Green.

Porcelain Tub	Copper Tub	Cash	Time Payment

30 DAYS' TRIAL

Order NOW for 30 Days' Trial. Why not decide to make your hardest job one of your easiest? Send only $5 Down (Using the time payment order blank in back of catalog) or send the full cash price. Wash with this machine for 30 days, a full month. Compare it with any engine driven washer you wish. Then DECIDE! If you are not more than satisfied with the KENMORE DeLuxe Gasoline Engine Washer, send it back. We will return all you have paid. But you better hurry! Prices may never be so low again! So act NOW before it's too late.

Our Free Exchange Offer

We will exchange the gasoline engine of your KENMORE for an electric motor any time within two years of purchase date. You pay only the freight.

Our Unconditional Guarantee

We unconditionally guarantee the KENMORE to be free from all defects in material and workmanship; that it is the greatest dollar for dollar value in the washing machine industry today.

14 MIGHTY REASONS WHY ....the KENMORE Electric is the greatest $48.50 buy in all America

HANDSOME TUBS

Choice of Green Porcelain Enameled or heavy copper Tub, nickel plated inside. Shell of porcelain tub is one-piece VEOS Ingot Steel. Enamel is fused, inside and out, right into the metal.

THREADED DRAIN PLUG

Drain is threaded for hose connection. Permits rapid emptying of tub. For homes without a drain in the floor we recommend our filler and drainer shown on page 823.

RUBBER TUB MOUNTING

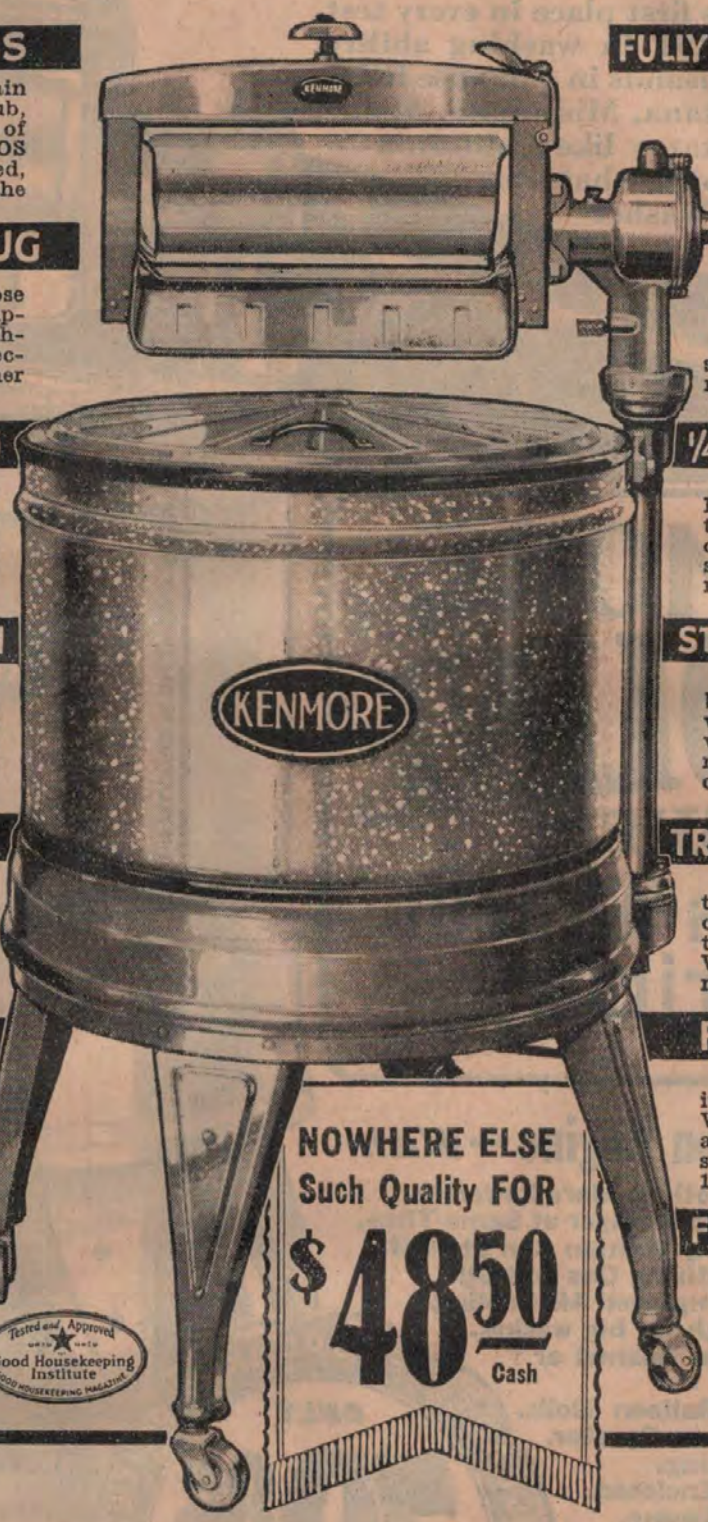
Between the tub and metal base is a soft rubber cushion which prevents vibration and eliminates the noise found in many machines without this feature.

LEAKPROOF CONSTRUCTION

Tub cannot leak at gyrator post, because gyrator gets its power above water line. No marine glands of stuffing boxes to wear and leak. Oil cannot get into tub.

2¼-INCH BALLOON ROLLS

Rolls are SOFT—and will NOT break buttons. Reversible drain board. Swinging wringer. "Pressure" cleans clothes—squeezing out the last drop of dirty water.



POSITIVE SAFETY RELEASE

"Hair Trigger" safety release. One touch of the hand releases pressure. This also helps prevent damage to wringer in case it gets jammed with clothes.

FACTORY INSPECTED

To make absolutely sure that your washer reaches you in perfect condition every Kenmore must pass a rigid factory inspection before it is tagged O.K.

Tested and Approved by Good Housekeeping Institute

NOWHERE ELSE Such Quality FOR $48.50 Cash

FULLY ENCLOSED GEARS

Perfectly safe with children about. Transmission gears run in oil. Transmission and worm gears are steel cut—NOT cast gears.

WRINGER GEARS

Drive shaft in watertight housing. Careful tests show the gears far superior to those found in many other washers.

¼ H.P. SPLASHPROOF MOTOR

Oversize. Sunlight motor. Motor is directly connected to gearing. No belt to slip or come off. No vibration. Designed by one of the leading manufacturers.

STEEL BASE AND LEGS

Legs are held firmly in place by double braces and fitted with easy rolling casters. This washer is built to last—and is not to be compared with the ordinary cheap washers.

TRIPLE VANE GYRATOR

Swirls the hot soapy water through and through the clothes—taking the dirt from the grimiest work garments. Washes tubful in 5 to 7 minutes.

FULL SIZE TUB

Tub has full 6-sheet capacity, standard family size. Will wash 50 lbs. of laundry an hour—more than a week's supply for the average family. 13⅞ in. deep, 21¾ in. wide.

FULLY GUARANTEED

Complete satisfaction or your money back. Unconditionally guaranteed to be free from defects in material and workmanship. Guaranteed the greatest value in the washing machine industry.

EASILY the BEST in Its Price Class

Study the features of this mighty Electric Washer. Compare them point by point with those of *ANY* other electric washer made—regardless of name, make or price. Compare prices too! Then decide whether you could possibly buy a *BETTER* washer anywhere for the money.

Of course you may be able to buy a washer elsewhere at about the price we ask. It may even look much like our **KENMORE**. **BUT**—can you really be **SURE** of its quality . . . sure that it was not cheaply built merely to beat mail order competition? Can you be sure that the makers did not skimp or sacrifice quality to make a low price? Remember this, that Sears have **NOT** cut quality to make a low price. Instead, we have steadily improved the quality of the **KENMORE** Electric.

Why the Kenmore Is Better

For example, the **KENMORE** is not to be compared with low priced machines using ordinary cast gears. Sears use **machine cut** worm and transmission gears. The cast gears found so commonly in cheap machines will wear out; and soon become noisy. Even the few cast gears in the **KENMORE** wringer transmission are better machined than those in many competitive models.

Compare the heavy stamped steel base and legs assembly of this washer. Note the **KENMORE** is substantial, and not the flimsy construction so often found elsewhere. Will not sag. Always rigid. Note the wringer rolls—full 2¼ in. balloon type of soft rubber. Then note the narrow button breaking rolls on so many cheap type wringers.

The **KENMORE** tub is **STANDARD FAMILY SIZE**—full 6-sheet capacity. And it's permanently leakproof and vibrationless. These are quality features; keep them in mind when comparing quality elsewhere.

$5 DOWN $5 a Month

Remember These Features, Too

Choice of beautiful **Green Porcelain Enameled** or **Burnished Copper** Tub nickeled inside. Wringer, tub cover, base and legs finished in **Green lacquer. Triple-Vane Aluminum Gyrator**, the most efficient washing principle known. **New extra Large Tub,** rubber cushioned, 13⅞ in. deep and 21¾ in. wide. Washing cap. 50 lbs. an hour. **Balloon type** 2¼ in. rolls on swinging wringer and all steel frame with reversible drain board and safety release. Powerful ¼ **H.P. Splash-Proof Motor**—Direct drive. No belt.

OUR 30-DAY TRIAL. Send only $5 (using time payment side of order) or send full cash. Do a month's washing. Compare it with ANY washer made . . . then DECIDE. If you are not satisfied, send it back. We will refund all you have paid.

Sears Does It Again . . . . a New KENMORE ELECTRIC Washer

LOWEST PRICE IN HISTORY!

High Speed Tub
Washes a tubful in 5 to 7 minutes. Clothes come out snowy white.

Porcelain Enamel
Fused right into the metal inside and outside of tub. Beautiful green finish over all. Cleans instantly, lasts indefinitely. Parts other than tub are green lacquered.

Triple Vane Gyrator
The most efficient washing principle known. Cleans thoroughly, yet harmless to the most delicate fabrics.

Splash-Proof ¼ H. P. Motor
Powerful ¼-horsepower motor, directly connected to washer. Noise and vibration reduced to minimum by insulation.

$38.95 CASH

Lovell Wringer 2-in. Balloon Rolls
Adjustable to all necessary positions. Safety release. Reversible drainboard.

Noiseless Cut Gears
Carefully machined from high quality steel. Much superior to cast gears because they mesh perfectly and are noiseless.

Standard Gauge Materials
Made of standard high quality steel to give many years of hard reliable service.

Beautifully Finished
Trim and compact, a delight to the eye and strictly up to the minute in every way. A modern washer for the modern housewife.

WORLD'S LARGEST STORE SCORES SENSATIONAL SCOOP!

New Kenmore Washer Full Enameled at Record Low Price

It's only natural that Sears, the World's Largest Washer Dealers, should be the FIRST to offer a brand new guaranteed Electric Washing Machine for **less than $40.00.** Others said, "It couldn't be done," but it had to be done, to fill a definite need of these needy times. We speeded up production—bought in heretofore unheard-of quantities and effected new operating economies. **Here is the triumphant result.** Even in this day of low prices it is hard to imagine a washer of guaranteed Sears quality at such a ridiculously low price. Make no mistake—this new Kenmore is **quality all through.** This you'll quite agree with after noting its list of splendid labor-saving, time-saving and money-saving features. And the price is only $38.95!

You can now undertake the weekly wash with enthusiasm where you formerly approached it with dread. You can finish up in a **fraction of the former time** and with a total absence of the old washday fatigue.

Built Strong for Years of Service

Washer is of sturdy steel construction, well braced and well riveted at points of strain. Low center of gravity lessens danger of accidentally upsetting. Equipped with easy rolling casters and is readily moved from place to place. Fool-proof—all moving parts fully enclosed. Strong, compact and durable.

$5 Down on Easy Payments

30 DAYS' TRIAL

Your immediate cash outlay is but $5 with Time Payment Order Blank. Or send full cash if you wish. In either case you may return the washer in 30 days if not satisfactory and we will refund everything you have paid.

HERE'S EVERY ANSWER TO QUESTIONS ABOUT QUALITY

Tub is finished inside and out in Green Porcelain Enamel. **Legs, base, gear housing and wringer frame** are finished in green lacquer to harmonize.

Cover is green lacquered steel, with lifting knob.

Bears the SEAL of QUALITY

Of World's Famous Laboratory

This cover with its white porcelain enamel top converts the ironer into a neat kitchen table, size, 34½ in. long, 16 in. wide, 36¾ in. high.

- Pressure AUTOMATICALLY applied by a touch of knee or hand.
- Roll AUTOMATICALLY stops turning when heating shoe is released.
- AUTOMATICALLY gives uniform pressure regardless of thickness of garment.
- 26-inch roll. Stops for pressing.
- SAFE! Gears all enclosed.
- Illuminated "on" or "off" heat switch.
- Chromium plated shoe, Rustproof.
- Self oiling, except motor.
- Motor rubber mounted. No vibration.
- Attractive Green Lacquered Finish.

Completely AUTOMATIC...*at This Low Price*

... Why not cut your ironing day DOWN to ¼ the usual time? The **KENMORE Automatic Electric Ironer** will do an entire ironing without any effort on your part at all—you can sit down all the while . . . You can iron EVERYTHING! Flat pieces will go four times faster. Dresses, shirts, ruffles, even men's suits—will go much faster than with the old fashioned hand iron. It will save you HOURS of back breaking labor. Average week's washing ironed **in less than one hour.** Costs only about 8 cents for electricity.

This iron is completely automatic. The roll AUTOMATICALLY stops when the shoe is released; the shoe AUTOMATICALLY adjusts itself to give uniform pressure regardless of the thickness of the garment. The ironing pressure is AUTOMATICALLY applied by a light touch with the hand or knee.

How to Buy— Where to Buy— FLOOR COVERINGS

FLOOR COVERINGS as presented in this catalog by the WORLD'S LARGEST STORE are the products of the most famous mills in America. We deal only with the leaders in the industry, whose reputation for quality goods is unquestioned.

When you contemplate the purchase of FLOOR COVERINGS, consider not alone the responsibility of the maker, but the dealer as well. Realize that your satisfaction will be assured only if you are dealing with a reputable concern which will be in business for years to come.

Next comes the quality of the FLOOR COVERINGS you intend purchasing. Naturally, some grades are priced lower than others. This may be because of the quality of materials, construction or design.

The finer yarns in wool-faced rugs, for example, are firmer, more resilient, of greater elasticity and longer life. These yarns cost the mills more money and must command a higher price.

The permanence and beauty of the pattern depend upon the quality of wool and yarn, steadfastness of dye, regularity of weave, grade of workmanship and attractiveness of design. Rich, colorful rugs with a brilliant sheen always are more costly.

We offer in this catalog three distinct weaves in wool-faced FLOOR COVERINGS, Axminsters, Velvets and Tapestry Brussels. There are, in addition, many grades within these same general classifications.

Axminster

A *deep pile* rug of *all wool yarns*. The more expensive the rug the more luxuriant the pile, accomplished by the use of more and better quality yarns. In the weaving of Axminsters a greater variety of colorings is possible than in either Tapestry Brussels or Velvets. Higher quality Velvets, however, are always more desirable than cheaper Axminsters.

Velvet

A shorter pile rug, deriving its name from the velvety appearance of the surface. While not as lofty as an Axminster weave, the wearing qualities, particularly in the more desirable grades, are unusually excellent. We recommend better Velvets in preference to low priced Axminsters or to any Tapestry Brussels.

Tapestry Brussels

Made of loop construction instead of the pile construction of Velvets and Axminsters. Give excellent service for their price. Not as desirable, either from the standpoint of wear or design, as either of the other weaves. Our Tapestry Brussels Rugs are unusual values at our low prices, as any comparisons will prove.

Low Prices Buy BETTER QUALITY at Sears

Linoleum Cement and Paste

—Standard Grade, Watertight.

We recommend using 37KM70 felt lining under inlaid linoleum. First paste lining to floor; then **paste linoleum to the felt lining.** One gallon of paste is sufficient for about 10 square yards of linoleum. Water seeping under linoleum tends to decay it. **Seroco** Linoleum Cement is **waterproof.** Apply this cement along the seams to prevent water getting under linoleum. do about 10 yards of seams. Our cement is suitable for **Stair treads and mats. There are cheaper cements and pastes but we wouldn't handle those at any price.** Directions for use appear on outside of can. **Never paste or tack Felt Base Floor-o-leum to the floor. Not Prepaid.**

Made Especially for Sears

Linoleum Cement

37KC13 1-qt. can. Shpg. wt., 3 lbs.... **42c**

37KC14 1-gal. can. Shpg. wt., 14 lbs.... **$1.49**

Linoleum Paste

37KC82—Shpg. wt., 2 lbs. 15 oz. 1-qt. can... **25c**
37KC83—Shpg. wt., 14 lbs. 1-gal. can..... **$0.85**
37KC84—Shpg. wt., 55 lbs. 5-gal. can..... **3.69**

Brass Seam Binding

Special Processed Finish

Tacked over the seams of your linoleum, this brass binding presents a continuous smooth surface and greatly **lengthens the life of linoleum.** Any length, ¾-inch wide. **Brass nails** included for tacking. Neat appearing and wear-resisting. **Postpaid when part of $2 orders.**

37K3—Shpg. wt., 1 oz. Per foot..... **3c**
For 75 feet. Shpg. wt., 4 lbs. 4 oz..... **$1.89**

Same as above, 1-inch wide.
37K7—Shpg. wt., 2 oz. Per foot..... **4c**
For 75 feet, **Postpaid**..... **$2.79**

Chinese Matting

—Closely woven selected smooth finish straw.
—Reversible, two wearing surfaces.
—Ideal Runner width.
—Special 40-yd. price.

For a serviceable and doubly economical floor covering we recommend this **Chinese Matting.** It has proved very popular not only as a floor covering for rooms, but also for aisles and halls. **Red and green stripes on tan background.** Easy to keep perfectly clean. **Not Prepaid.**

37KC284—36 in. wide. Shpg. wt., 1 lb. 10 oz. Per yd.. **21c**

37KM285 — 40-yard roll. shpg. wt., 65 lbs. Per roll..... **$7.95**

Economy Carpet Cushion

—A new processed felt. Resilient.

Widths for carpets or rugs any length. Will help your rugs and carpets to wear longer and give them a more luxurious feel. **Note the extra wide 105½-in. width. Not to be used under linoleums or other hard surface floor-coverings. Not Prepaid.**

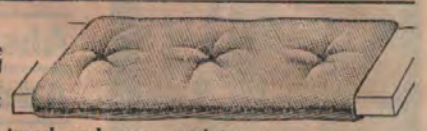
Shpg. wt.

37KC33—Width, 25 inches—1 lb. 4 oz. Per yd. **12c**
37KC34—Width, 34½ inches—1 lb. 11 oz. Per yd. **18c**
37KM39—Width, 105½ inches—1 lb. 11 oz. Per running foot..... **18c**

Preserve Your Linoleum and Carpet With Felt Lining

—Smooth surface sound absorbing quality.

Lay your carpet or linoleum over this superior Felt Lining and get years more wear. Always use it under linoleum when cementing same to floor. Will take up irregularities of the floor boards, and adds warmth. Ends are protected to insure even edges. **Never lay Felt Base Floor-o-leum over any kind of lining.** Rolls 50 yards. 36 in. wide. **Not Prepaid.**



37KC69—Shpg. wt., 1 lb. Per yard..... **5c**

37KM69—Per roll, 50 yds. Shpg. wt., 50 lbs..... **$2.45**

37KM70—Heavyweight. Shpg. wt., 75 lbs. 50-yard roll..... **$3.49**

Brass linoleum binding for entrances and doorways. Any length, ⅝-inch wide. **Special processed finish. Postpaid if part of $2 order.**

37K2—Shpg. wt., 1 oz. Per foot..... **3c**
Per 75 feet. Shpg. wt., 4 lbs. 6 oz..... **$1.89**

EASY to ORDER LINOLEUM FLOOR-O-LEUM and CARPET

How to Order Linoleum and "Three L" Floor-o-leum

Our way of listing these materials makes ordering of linoleums and "Three L" Floor-o-leum very simple. We price both linoleum and Floor-o-leum by the running foot, instead of by the square yard. MOST DEALERS still quote prices by the square yard. This is just an old custom which someone started years ago, when linoleum was made a yard wide, but which we are now changing because linoleums and Floor-o-leums are now made in strips *six feet, nine feet, eleven feet three inches, and twelve feet wide.*

If your room is fifteen feet long and twelve feet wide and you want a pattern that is made in the six foot width, you will need two strips six feet wide and fifteen feet long, or thirty feet; allow one foot extra for matching, or 31 feet in all. If the cost of the pattern selected is 23c per running foot, thirty-one feet will be thirty-one times 23c, or $7.13. Or, suppose the pattern you want comes in the 12 foot width. You will then need one strip fifteen feet long. If the price is $1.15 per running foot, it is going to cost you fifteen times $1.15 per running foot, or $17.25 to cover your room. Nothing to it, is there?

For your convenience, we have prepared a table of sizes showing exactly how much linoleum or Floor-o-leum is needed to cover almost any size room. Find the size of your room and opposite you will find the number of running feet of the six foot width—nine foot width, eleven foot three inch width, and the twelve foot width, required.

If the exact size of your room is not on this table, send us enough money to cover the next larger size and tell us exact length and width of room. We will then send enough material to cover your floor and refund any money due you.

We have been informed, through our Retail Stores, that some of our customers have been misled in believing that our prices per running foot are very high, because a running foot, regardless of the width, is only one-third of a square yard. THIS IS AN ABSOLUTE MISUNDERSTANDING AND IS NOT AT ALL TRUE. Our goods are sold by the running foot, six feet wide—nine feet wide—eleven feet three inches wide—and twelve feet wide.

One running foot of six foot width goods equals ⅔ of a square yard.
One running foot of nine foot width goods equals 1 square yard.
One running foot of eleven foot three in. width goods equals 1¼ square yards.
One running foot of twelve foot width goods equals 1⅓ square yards.

Please understand this very clearly in making price comparisons: When you buy a running foot of linoleum or Floor-o-leum from Sears, Roebuck and Co., you buy exactly the width in which the goods is made and not thirty-six inches wide, as is the case where linoleum is quoted by the square yard.

In order to make this absolutely clear, we are showing in our table of sizes, the number of running feet, of the various widths required to cover a room. Also, the number of square yards. Just multiply the price of any pattern you select by the number of running feet it takes to cover your room and then, for comparison, multiply the number of square yards needed to cover the same room by the square yard price quoted elsewhere. This test will prove to you how big a saving you can make buying your linoleum and Floor-o-leum at Sears, Roebuck and Co.

How to Order Carpet

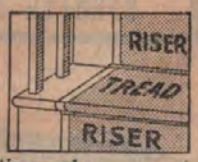
Below is a table showing how much carpet you need in the thirty-six inch and the twenty-seven inch widths, for a given size room. If the size of your room is not given in this list, allow enough money for the next larger size and, at the same time, send us dimensions of your room. We will cut the carpet with the least possible waste and return balance due you at the time shipment is made.

If your room is an odd sized room with fireplace, bay-window or offset, be sure to send us a diagram with the exact measurements. State if the strips are to run the long or short way of the room.

We Cut, Sew and Size All Carpets Without Charge

The only charge we make is for hand binding and serging, for which we make the following minimum charge, covering only thread and labor.
Hand Binding Carpet. Per Yard..... 50c
Serging Carpet. Per Yard..... 25c
There is a slight delay on **special make** orders.

In cutting carpets, other than plain carpets, there is about nine inches of waste in every strip, because the carpet must be matched. **Therefore, allow a yard and one-half extra to every twenty-five yards for waste in matching.** *We offer a discount of 10 per cent on orders for rolls of 45 yards or more.*



This Table Shows How Much Linoleum or Carpet You Need!

These figures include enough material so your goods will match perfectly.

Always order Linoleum and Floor-o-leum by the running foot, as all our prices on pages 832 and 833 are quoted by the running foot—always order carpet by the yard (except Broadloom carpet catalog number 37KM885 and 37KM886), as prices are quoted by the yard; see opposite page.

SEARS "Three L"

Our Finest-Best Wearing

YOUR CHOICE $6.45 EACH 9x12 Ft.

DOUBLE Guarantee BOND
WE GUARANTEE that our "THREE L" RUGS will give you the service that you have a right to expect; that is dependable fast color for the price you pay. The manufacturer backs up this double guarantee. This bond is your protection of quality.
SEARS, ROEBUCK and CO.

America's Finest Felt Base Rugs

It costs money to learn that "JUST AS GOOD" does not mean "JUST AS LONG WEARING." When somebody says "Just as Good as Sears Best Quality Super 'Three L' Floor-o-leum Rugs," that's the time to look out.

Sears Genuine Doubly Guaranteed "Three L" Floor-o-leum Rugs are inexpensive. It is not only unwise but unnecessary to take a chance with substitutes of uncertain quality.

Back of the Double Guarantee Bond is not only Sears reputation but that of the largest and oldest manufacturer of smooth-surface floor-coverings in the country.

Extra heavyweight rugs that will give real month after month wear. **Dirt-proof, waterproof, stain-proof.** They are without question made of the **very best of Felt** and the **finest quality of enamel paints**—a combination that guarantees absolute floor covering satisfaction.

FLOOR-O-LEUM

Felt Base Rugs

YOUR CHOICE **$5.25** EACH 9x12 FT.

Extra Large Sizes "Three L" Floor-o-leum Rugs

While these rugs are lighter in weight than our finest "Three L" Floor-o-leum rugs, yet they are made in such a way as to assure the best possible kind of service. The **best grade of Felt** is used as a base, over which is placed a double coating of **high grade enamel paint,** giving a **glossy, wear resisting, durable finish.** No scrubbing is necessary to keep them clean; just wipe them with a damp cloth.

Take a look at these **beautiful patterns, brand new, up to the minute styles,** undoubtedly the **greatest selection** that Sears have ever offered. They are **sturdy, flexible, waterproof and stain-proof;** require no tacking or cementing. Suitable for any room in the house.

Order by catalog number and STATE PATTERN A, B, C, D OR E. Note: Patterns B or E do not come in the 11¼x12-ft. or 11¼x15-ft. sizes. Not Prepaid.

Sears "Three-L" Floor-o-leum Rugs

Everybody's agreed—VALUE . . . SATISFACTION . . . depends, most of all on quality and not low prices. We don't believe that you can purchase PERFECT Felt Base Rugs of equal quality (no "seconds" or discontinued, obsolete patterns) at anywhere near these prices. Sears "Three L" Floor-o-leum Rugs are superior in STYLE, FINISH, MATERIALS and WORKMANSHIP.

We'll let you in on a little secret—and you don't have to keep it to yourself. Last Spring there were Felt Base Rugs selling at very low prices. Rugs of tissue paper thickness, inferior in quality, material and painted surface; a quality that Sears would not handle at any price, because we could not guarantee satisfaction. Therefore, in comparing our Genuine "Three L" Floor-o-leum Rugs, do not confuse them with some of these inferior rugs that may still be in the market masquerading as good quality.

Order by catalog number and *STATE PATTERN F, G, H, OR K.* Note: Patterns F or G do not come in the 9x9-ft. or 9x15-ft. sizes. Not Prepaid.

"THREE L" Floor-o-leum Rugs

They're New! Colorful—Beautiful *and Shown for the First Time*

By clever application of the durable enameled paints, the shaded effect greatly adds to the **Lustrous Beauty.** Like all other Sears Genuine Floor-o-leum Rugs, they are **stain-proof, spot-proof, water-proof, easily cleaned** and are **Guaranteed** to give **perfect satisfaction.** The illustrations here give you a fair idea of the charm and color, but you will really appreciate the sparkling beauty of this new design when you see the rug on your floor.

"THREE L" Floor-o-leums

Note the enlarged cross section above and see just how they are made, layer by layer. Quality is built in from the base to the beautiful finished surface. The body is made of good grade specially treated felt. The best grade of oil paint is used to make the finish, which is stainproof, waterproof, and easily cleaned. Super "Three L" is extra heavy, extra quality, extra durable. "Three L" is similarly made but is lighter in weight. Sears Floor-o-leums are always first quality. No Seconds, or discontinued Patterns.

New WOOL FELT *Rugs* Yet Priced Like Linoleum *Rugs*

A Rug of Entirely New and Revolutionary Construction . . . . . .

- **Surface made of wool felt. Seamless.**
- **Thick, resilient, cushioned back of tough Jute saturated with a rubber solution.**
- **Steam-set printed patterns in brilliant fast dyes.**

Wool-Felt Rugs . . . soft and quiet to walk upon . . . at the price of Printed Linoleum Rugs! This new development in rug manufacture gives you beauty of pattern, warmth and comfort, until now to be had only in much higher priced rugs of woven construction.

While the wool felt face looks like a woven rug and has the "feel" of a woven rug, the method of making is similar to that of Linoleum and Felt Base Floor-coverings.

In appearance and softness they resemble woven rugs; in reality they are made quite differently and the service to be expected of them is to be compared only with Printed Linoleum Rugs.

The wool felt surface is securely needled into a strong, firm back of Jute burlap. The back, in turn, is thoroughly saturated with a rubber compound which gives the rug a thick, resilient body and removes practically all danger of slipping on polished floors. The process is a simple but clever use of an old manufacturing method, to produce an entirely different and superior kind of rug at no greater cost.

The gay patterns and lively, fresh colorings, which are steam-set and will last as long as the rugs, are especially good for bedrooms and living rooms.

Order by catalog number and ***STATE PATTERN A, B OR C.*** *Note: Pattern (A) comes in the 9x12 ft. size only.* 37K4007 *Postpaid if part of $2 order. 9x12 ft. size Not Prepaid.*

These WINTER PLANTS THRIVE INDOORS

Their Beautiful Flowers and Attractive Foliage Add Cheer to the Home

Brighten up the home this winter with Sears Pot Grown Plants. These Plants are produced for us by an old established, dependable grower and shipment is made direct to you from the greenhouse in Central Ohio, either by parcel post or express, Not Prepaid.

Plants offered are vigorous and healthy, and are taken from 2½ or 3-inch diameter pots excepting where we specify "larger" in which case they are from 4 or 5-inch diameter pots. *All plants are shipped with soil on roots, thus assuring arrival in good condition. POTS NOT INCLUDED. Order now—we can ship at any time.*

GUARANTEE

We guarantee all of our plants to be healthy and free from disease and to reach the purchaser in growing condition after which our responsibility ends. Plants damaged in transit or which reach customers in bad condition for any reason whatsoever, will be replaced without charge or money refunded if reported to us within ten days.

WALL PAPER SUPPLIES

Master Art Wall Sizing

Apply one coat of this excellent sizing to painted, kalsomined or sand finished walls before redecorating them with wall paper, oilcloth, Flex-O-Lin, burlap, etc., **to prevent the new wall covering from peeling.** One quart is enough for an average room. Mix with equal amount of hot water before applying. **Not adapted as a first coat for paint or enamel.** On sand or gloss oil finished walls add one part of whiting to two parts of the size mixture. Shpg. wts., 3 lbs., 8 oz. and 11 lbs.

Postpaid if part of $2 order.

53K1138
1 qt.....**35c** 1 gal.....**$1.12**

Peter Cooper's Wall Sizing

Second to none for sizing. A dry ground glue well adapted for cabinet work, too. Full directions.

Postpaid if part of $2 order.

53K1137—1-lb. pkg.
Shpg. wt., 1 lb. 4 oz.....**25c**

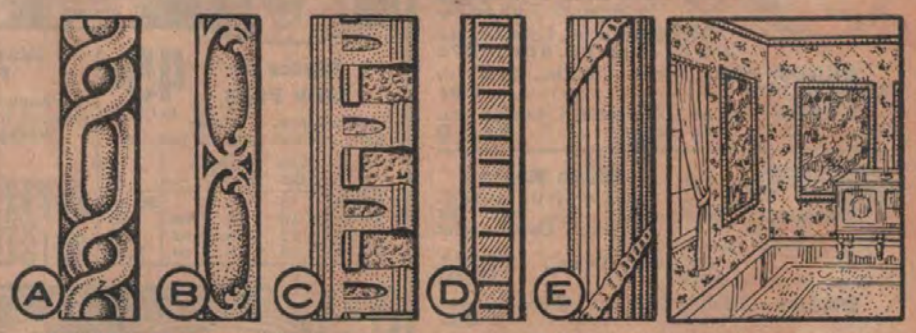
Master Art Cold Water Paste

A pure wheat paste absorbing more water than the average paste, unusually adhesive, dries slowly. Mix with cold water; stir until smooth. Two pounds will make about 2½ gallons, enough for average large room. Note our low prices. Shpg. wt., 2 lbs. 4 oz. and 5 lbs., 4 oz.

Postpaid if part of $2 order.

53K1139—2-lb. bag.....**25c**
5-lb. bag.....**59c**

Master Art Wall Paper Remover



Remove your old wall paper with ease. This solution, simple in its application, does away with drudgery. Penetrates the wall paper to the paste beneath, making it ineffective so that the paper may be easily removed with a good scraper. One pint of remover is enough for the average room. Shpg. wts., 2 lbs. 4 oz., 3 lbs. 12 oz. and 12 lbs. respectively.

Postpaid if part of $2 order.

53K1178—1 pint.....**55c**
1 quart.....**98c** 1 gallon..**$3.49**

FLEXIBLE MOULDINGS

FLEXIBLE MOULDINGS of linoleum composition. Use as up to date, attractive durable panel binders, as either regulation or cove mouldings, etc. After the room has been papered apply the mouldings as desired. Very simple and effective. A new and easy way to dress-up your rooms. Furnished in five artistic designs, each in a choice of three colors that may be used with a wide variety of papers. Shpg. wt., 3 oz. per ft. Postpaid if part of $2 order or more.

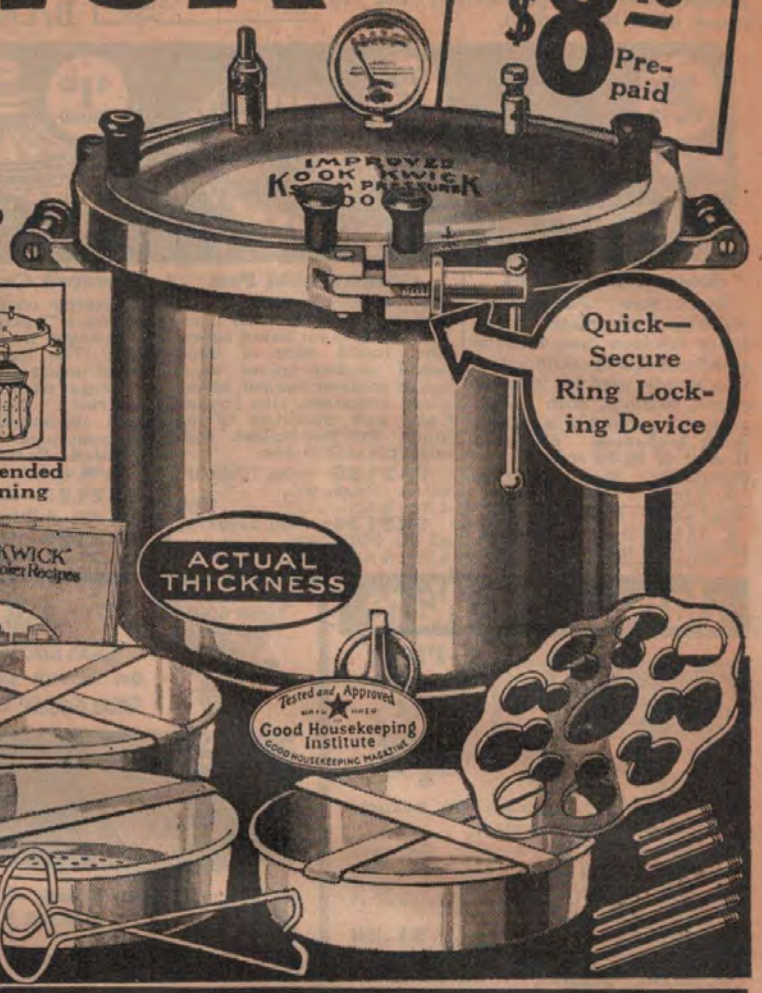
KOOK-KWICK

Recognized BY GOOD COOKS EVERYWHERE



AS THE LEADING PRESSURE COOKER

Approved by the Good Housekeeping Institute

- **Cooks in ⅓ the usual time with ¼ the usual fuel.**
- **Keeps full flavor and vitamins in food.**
- **Makes cheaper cuts of meat tasty and tender.**
- **Equipped with pressure gauge and safety valve.**
- **Roasts, fries, cans, steams, bakes; foods are cooked in their own juices.**

Used by winners of the National Canning Contest for three consecutive years. Recommended by the government as safest method of canning.

9-QUART SIZE **$8.48** Pre-paid

Recommended for Canning

Made of heavy cast aluminum with simple ring locking device; the quickest and most secure of any pressure cooker. Cookers include aluminum inset dishes, bails, rack and lifters as shown (9-qt. size only has 2 inset pans). Each cooker complete with book of recipes and instructions.

How Pressure Cooking Saves Time—*Tables of Cooking Schedules*

	Ordinary Cooking	Steam Pressure Cooking
Beef Roast	2½ to 3 hrs.	45 min.
Chicken	1½ hrs.	30 min.
Ham	4 hrs.	50 min.
Navy Beans	3 hrs.	40 min.
Cabbage	40 min.	12 min.
Sweet Corn	45 min.	10 min.
Potatoes	30 min.	10 min.
String Beans	50 min.	20 min.

We Recommend

For best results we recommend 9-qt. (apartment size) for 2 adults; 11-qt. for 3 to 5 adults; 16-qt. for 6 to 8 adults; 22-qt. for large families, boarding houses, etc. All sizes recommended for canning.

These Prices Save You at Least ⅓ Over Prices Elsewhere

Our shoppers tell us cookers similar to the KOOK-KWICK cost much more at other stores. A 10-qt. cooker, no matter where we shopped, was nowhere priced under $11.65. Some stores asked as high as $14.00.

Catalog Number	Size, Qts.	Diam., In.	Ht., In.	Capacity for Canning, Jars	Shpg. Wt.	Price
99K2299	9	9⅞	8⅝	5 pt. or 3 qt. jars	Prepaid	$ 8.48
99K2301	11	10¾	8½	7 pt. or 4 qt. jars	Prepaid	11.65
99K2302	16	12½	9¼	8 pt. or 5 qt. jars	Prepaid	15.60
99K2303	22	13¾	11	18 pt. or 7 qt. jars	Prepaid	17.50
99KM2312	40	14½	16	22 pt., 16 qt. or five 2-qt. jars	75 lbs.	36.50

Forty-qt. size furnished with wing nut lock and no fixtures. 40-qt. size is shipped Freight or Express, Not Prepaid. All other sizes shipped prepaid.

The Health Cooker
—Approved by Good Housekeeping Institute.
—Made of heavy seamless aluminum with three rustproof clamps.

Offered by others as their best. Second only to our Waterless Cooker. Cooks an entire meal over one burner at one time and saves fuel. Foods are cooked in their own juices and retain their natural flavor and health-giving vitamins. Excellent for cold pack canning.

WHITE SWAN

Select quality, triple coated, durable white ware. Heavy steel body; seamless, leakproof bottoms. Lustrous WHITE trimmed in BLUE.

QUALITY ENAMELWARE

Tested and Approved by Good Housekeeping Institute.

Maid of Honor

There's an art in making enamelware that reaches its perfection in MAID OF HONOR Brand. The steel is slightly heavier, the welds are smoother and the shapes are more distinctive than WHITE SWAN. 3-coats, purest enamel . . . *white*, trimmed in *blue*.

DEFIES RUST
LOCKED-SEAM LANTERN WINS LABORATORY TEST

Compare	Our LOCKED SEAM	Lantern "A"
Rust-resisting	Showed no signs of rust after 6 hours exposure to an accelerated corrosion test.	Showed signs of rust after 1 hours exposure to same test.
Better Built	Exceedingly rust-resisting because it is completely dipped in molten tin after it is made.	Seams rust rapidly because material was tinned before the lantern was formed. Tinning cracks during forming.
Burns 50% Longer	72 hours	48 hours
Lower Price	$1.29	$1.50

—MAID OF HONOR quality.

—Thick heavy mop head, 9x15 in., made of washable 4-ply long strand specially treated brown soft cotton yarn.

—Head reversible so both sides can be used.

—Nickel plated flexible coil spring handle socket makes it easy to reach out-of-the-way places, and gives added vibration when shaking out mop.

In Nashville, in Flint, in San Francisco, in San Diego and other cities our shoppers priced similar mops. Nowhere were they marked under $1.00 . . . and some stores asked as high as $2.00. Select handle, 48-in. long with ring for hanging. Cushioned on handle hinge so it will not mar floor or furniture. **Approved by Good Housekeeping.**

This MAID OF HONOR mop is made of the very best materials. It will compare favorably with the highest grade mops on the market. Shpg. wt., 2 lbs. **Postpaid if part of $2.00 order.**

Low Prices Buy BETTER QUALITY at Sears

NON-ELECTRIC Preferred By Many Because of Its Ease of Handling

—A light push starts a powerful suction, ball-bearing fan in motion that draws dust, dirt, lint and grit into the bag.
—Economical because it is non-electric . . . no operating cost, cords or plugs.
—Mirror polished cast aluminum body; heavy cloth dust bag; noiseless rubber tired wheels.

GUARANTEED 15 YEARS

We guarantee the mechanism of this sweeper against defects in design or workmanship for 15 years. Entire cleaner weighs only 9 lbs., easy and light to handle. Handle stands upright when not in use.

99K297—Postpaid..... **$9.90**

NOTE THESE FEATURES

1. Horizontal fan, runs on ball-bearings.
2. Easily detached dustproof bag.
3. Specially designed stiff bristle brush.
4. Wide low 12-in. nozzle, covers a large area, gets under furniture.
5. Heavy webbing bumper around nozzle protects furniture.
6. Approved by Good Housekeeping Institute.

Waxer-Polisher

—Iron weight (5 lbs.), with removable washable wool cloth pad.

48-in. hinged handle. Waxer, 8¾x4 in. Shpg. wt., 6 lbs. 12 oz. Postpaid if part of $2.00 order.

99K305.... **$1.39**

THORO-CLEANER Non-Electric Vacuum Cleaner **$7.95** Postpaid

—Has the same mechanical features as the KWICK-KLEEN.

The difference between these cleaners lies in the fact that the THORO-CLEANER has a dustbag with a seamed top that empties from the bottom. The aluminum parts are nicely finished, but do not have a high mirror polish. Guaranteed for 10 years. Postpaid.

99K2137.$7.95

PICKS UP QUICKLY SWEEPS EASILY— HAS LONG LIFE . . .

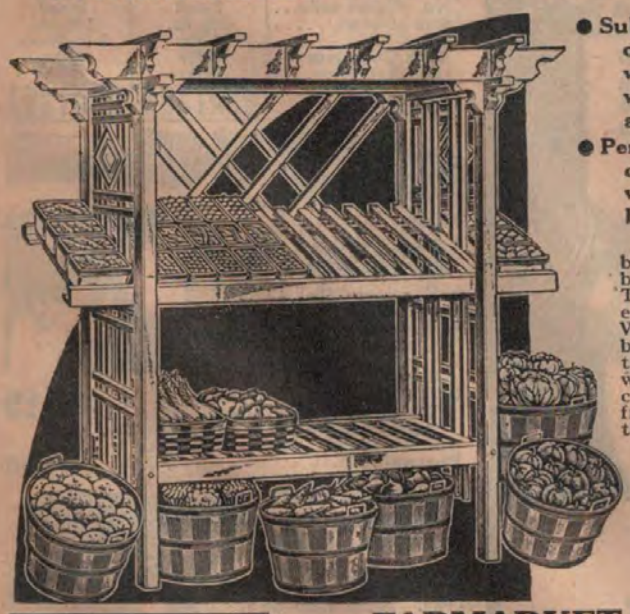
Our prices are lowest . . . our shopping campaign bears us out for nowhere in the country is a sweeper comparable to our Roller Bearing KLEEN SWEEP sold for less than $5.50.

DEMAND THESE QUALITY FEATURES

★ Hardened steel roller bearings.
★ Full weight fine bristle brush.
★ Easy brush control by means of slight pressure on the handle.
★ Pin locked handle socket.
★ Strong hardwood case.

Approved by Good Housekeeping

Hardened steel roller bearings prolong life of sweeper and make it extremely easy to run. Full weight fine bristle brush sweeps all the dirt, dust and lint into the pans. Brush is easily controlled by means of slight pressure on handle so that it does a thorough cleaning job on thick rugs or hardwood floors. Pin locked handle socket, cannot come loose. Piano finished hardwood case, 10x15 in. overall.



$3.58 Postpaid

The most efficient, easiest running, most attractively finished sweeper we have ever offered. Scratchproof metal parts, polished nickel finish. Thick, heavy moulded rubber bumpers protect furniture. Choice of walnut or ebony finish. State finish.

99K307—Postpaid.**$3.58**

The Heatmaster Is Superior

- **Perfect, unblemished, mirror-like Chromium plated finish. Will not stain or tarnish.**
- **Equipped with "Heatmaster" Balanced Heating Element, guaranteed for 10 years.**
- **Beveled sole plate—gets under buttons, into tucks, ruffles.**
- **Complete with cord, detachable bakelite plug for iron and unbreakable rubber outlet plug.**

To excel one competitor is an honor—but to surpass three well-known, nationally-advertised irons is a **signal triumph,** particularly since all three competitive irons cost much more than our HEATMASTER.

The charts at the left show the temperature recordings of the HEATMASTER and the three competitive irons. Note the even horizontal lines in Chart A (HEATMASTER) indicating constant heat at each stage. Now compare with the irregular heat chart of the competitive iron C. The HEATMASTER, in addition to uniform heat, has **14 to 28% more ironing surface** than its competitors. Try the HEATMASTER for 30 days. If not satisfied, send it back and we will refund everything you have paid. For 110-120-volt alternating current only. **Postpaid.**

20K290—660 watts. Wt., 7 lbs. with cord..... **$4.95**

High Capacity Heatmaster

Saves ⅓ ironing time. Heats faster and maintains heat when ironing damp pieces. Costs no more to operate, due to shorter ironing time. For 110-120 volt alternating current only. Weighs 7 lbs. with cord. **Postpaid.**

20K293—1000 watt..... **$5.45**

ENERGEX SUCTION CLEANER

Costs Less Than Rebuilts

$14.45 *Post Paid*

—Cast aluminum fan and motor housing, satin finish.
—Removable brush aids in picking up threads and surface litter.
—Motor, fan, dust-proof bag, pistol grip, trigger switch and long handle —all built to high quality specifications.
—Cord length about 20 feet. It's Full Sized

The Energex Suction Cleaner has the same powerful suction and is fully as large and efficient as the most expensive suction cleaners. In other words, it will do the same work as any suction cleaner regardless of price.

Think of the labor this cleaner will save over the old-fashioned broom method! Note the saving!

Listed by the Underwriters' Laboratories as standard and approved by Good Housekeeping Institute. For any 110–120-volt current.

20K288¼—Postpaid **$14.45**

32 volt cleaners can be furnished upon request at the same price. **Shipped Postpaid direct from the factory.**

De Luxe Attachments

$6.45

—Outfit consists of 7 feet rubber hose, 30-inch tube, 8-inch tube with flat-tened nozzle for cleaning books, radiators, draperies, upholstery, etc. 5-inch attachment nozzle, removable brush, 5-inch connecting tube and Sanitizer with deodorant and moth-repellent. *Postpaid*

A real labor-saver for every housewife. For any 110-120 volt current.

20K1145—Postpaid, complete.. **$11.45**

Electric Log

$7.95 *Postpaid*

—Lgth., 22 in.
—Height of andirons, 19 in.
—Depth, 13 in. Not made for heating.
—Flame colored bulb, switch, self-revolving fan, cord and plug; wired for use. Approved by Underwriters' Laboratories.

Look exactly like real logs. Red bulb casts glow and fan creates illusion of flames. Very realistic. For any 110-120 volt current.

20K1053¼ Postpaid..... **$7.95**

Commander Floor Polisher

$19.95 *Postpaid*

—Brush is 6¾ in. wide.
—½ gallon wax included.
—8x3¾-in. mop included.
—Cord about 20 feet long.

Brighten your floors in a few minutes with this highly efficient waxer and polisher. Spins over the floor with perfect ease. All you do is guide it.

Spread wax with the applying mop, snap the switch and watch the rapidly whirling brush quickly give a glossy finish to any kind of floor—varnished, linoleum or tile.

The 6¾-inch brush of the Commander is much wider than those in many higher priced polishers. **Listed by Underwriters' Laboratories.** For any 110–120-volt current.

20K1900¼ Postpaid..... **$19.95**

FANS AND VENTILATORS

KENMORE Revolving Brush CLEANER

COMMANDER MODEL

•BEATING •SWEEPING •SUCTION

CASH PRICE **$24.50** POSTPAID

SAVE AT SEARS

Does Everything Highest Priced Cleaners Will Do!!

Why should you pay $50 to $75 for a vacuum cleaner when the Kenmore, costing only $24.50 will do everything any other cleaner will do? The Kenmore cleaner will pick up as much dirt and do it as quickly and as thoroughly as any cleaner regardless of price. The Kenmore costs so much less than others because—

1. **We don't employ salesmen to go from house to house. This saves you a commission of about $14.**
2. **We have no territorial managers, thus saving another $4.50.**
3. **There are no crew managers or supervisors to run the cost up another $1.50.**

That's a $20 Saving Right There

Our manufacturer is one of the oldest and largest makers of electric vacuum cleaners in the world. With our huge volume it's only natural we can give the same or better quality for considerably less money. Compare carefully and choose wisely. Buy the Kenmore—you can buy so many other things with the difference you save.

The Kenmore has a pistol grip handle and handy trigger switch. Wide bumper band on nozzle protects furniture. Complete with 20 feet of rubber covered cord. The Kenmore can't injure your rug because no metal parts come in contact with the rug. Don't let trick demonstrations fool you. Test the Kenmore yourself on your own rugs!

Tested and Approved Good Housekeeping Institute

EASY PAYMENTS $4 DOWN $4 A Month

Adjustable nozzle permits adjusting nozzle to any type carpet. This insures maximum cleaning efficiency.

No Metal Touches Your Rug. Motor Driven Brush

KENMORE FEATURES

- Motor-Driven Ball Bearing Brush, 10½ inches long, Picks up all dirt, thread, hair and lint.
- Powerful Motor, with Norma ball bearings. Never needs oil.
- Better Cleaning. More vibrating, sweeping and cleaning action—gets more dust per second.
- Scientifically designed fan provides greater suction.
- Approved by Good Housekeeping and Underwriters' Laboratories.

You Can't Afford NOT To Try It!

GET A HAND CLEANER FOR SMALL CLEANING JOBS

$8.75 Post Paid

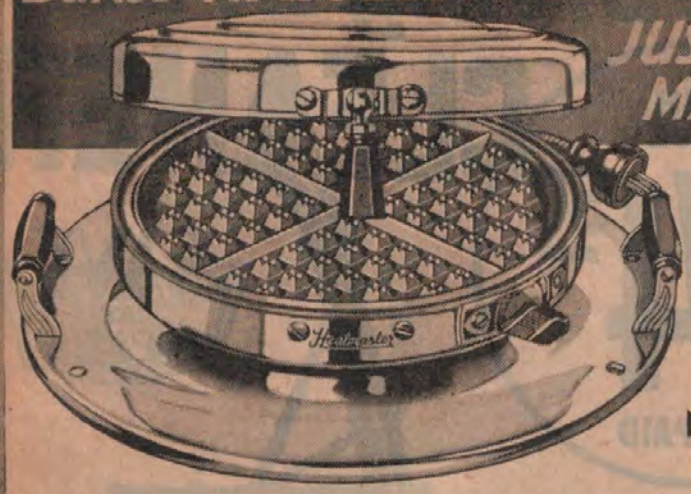
Hand Cleaners Are More Convenient Than Vacuum Cleaner Attachments

The ideal way to clean drapes, furniture upholstery, mattresses, stair carpets, curtains etc., is with one of these Kenmore Jr. Cleaners. A hand cleaner saves you **hours** every week and does the work much more quickly and conveniently than attachments. Both cleaners have highly polished cast aluminum nozzles and motor housings. Light in weight. We guarantee these Kenmore Jrs. to do as much or more cleaning, as efficiently and quickly as any hand cleaner selling elsewhere from $13.50 up.

KENMORE Junior

—Cleans by straight suction principle.
—5¾-inch nozzle with brush to aid in picking up hair, lint, threads, etc.
—Comfortable, convenient handle.
—"On-off" toggle switch on motor housing.
—Complete with 20 ft. of cord.
—Listed as standard by Underwriters' Laboratories and approved by Good Housekeeping Institute.
—For any 110-120 volt current.
20K242¼ Postpaid **$8.75**

KENMORE De Luxe Jr.



—Cleans by powerful suction combined with the beating, sweeping action of the revolving brush.
—Motor driven brush picks up all clinging particles—loosens all dirt. Particularly good for removing dog hair from furniture.
—Has convenient handle, switch, and about 20 feet of cord.
—Approved by Good Housekeeping and listed as standard by Underwriters' Laboratories.

- Can be used with or without stand.
- Approved by Good Housekeeping Institute.

Mixes and beats cream, eggs, batters, mayonnaise, frostings, sauces, fillings and iced drinks. Complete with cord. Can be used on stand with any bowl up to 7 in. in diameter. For any 110–120-volt current.

20K595—Postpaid. **$7.75**

POWER JUICE EXTRACTOR **$5.75** *Post Paid*
Gets All the Juice

- Green Enameled cast iron base.
- Removable ivory color bowl.
- Removable green reamer.
- Toggle switch on motor housing.
- Extracts juice from oranges and grapefruit as well as lemons.

Gets the extra juice which is left by non-electric extractors. Shape of bowl prevents spattering. Ample space for tall glass under spout.

Electric extractors of this type usually sell for from $10.00 to $12.00 elsewhere. For any 110–120-volt current.

20K677—Postpaid..... **$5.75**

Tested and Approved by Good Housekeeping Institute — Conducted by Good Housekeeping Magazine

. . . Wins Certificate of Approval!

QUALITY WINS

The Heatmaster Pad was tested in the Laboratory against 3 other well-advertised Pads, all of which were almost double its price. None excelled the Heatmaster on any point. It is unsurpassed in quality, efficiency and durability.

Heatmaster Heating Pads

$3.45 Post Paid

—Full size, 12x15 inches.
—Heavy wool eiderdown cover
—Washable slip cover included.
—3-heat Bakelite switch.
—Thermostatic control prevents overheating.
—Well padded—soft as a pillow.
—Attractive pastel shade.

The best pad for general use that you can buy. In fact, others costing almost double do not have some of the fine features of this pad. Element is strong, yet flexible, and is contained between heavy duck fabric. Positive and safe heat regulation. 10-ft. cord with plug included. For any 110-volt A. C. current only.

20K810—Postpaid **$3.45**

Similar to above except super size (13x16 inches), and with 2 double thermostats. Has patented wetproof inner lining; enables you to keep **wet packs hot!** For 110 volt alternating current.

20K802—Postpaid **$4.65**

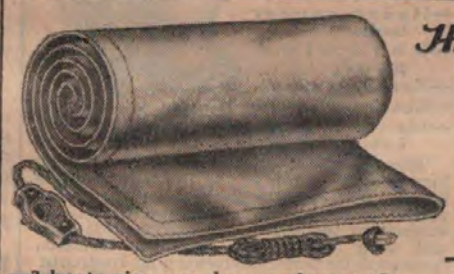
Hot Water Bottle Size

—Size, 8½x11 in. Single heat.
—Well padded, wool eiderdown cover.
—Thermostat prevents overheating.

89c

Well constructed, reliable and safe. With cord and plug. For 110 volt A C. current only. Shpg. wt., 1 lb. **Postpaid if included in $2.00 orders.**

20K816 ..... **89c**



$2.69 Post Paid

Heatmaster Heating Pad

—Size, 12x15 in.
—3-heat switch.
—Safe—can't overheat.
—Soft wool Eiderdown cover.
—Washable slip cover included.

Second only to our 20K810 pad listed above. Will give as good service as other pads selling for one-third more elsewhere. Positive double thermostatic regulation keeps heat within safe limits at all times. With plug and cord about 10-ft. long. For 110 volt A. C. current only.

20K805 Postpaid **$2.69**

Heatmaster Heating Blanket

$13.95 Post Paid

—Size, 36x72 in.
—3 heats give any degree of warmth.
—4 thermostats for super-safety and perfect heat regulation.
—Covered with attractive rayon and cotton fabric.

Very effective for "sweating out" colds or treating chills and fevers. Will keep you warm at night. Bakelite switch. 10-ft. cord and plug. For 110 volt A. C. current only.

20K815—Postpaid **$13.95**

S-1 LAMP

Easy Terms $6 DOWN

Healthmaster SUNLAMP
G. E. Type

—Equipped with General Electric type S-1 bulb.
—Lamp finished in non-tarnishing Chromium plate and black satin enamel.
—Overall height 62 inches.
—Casters permit easy moving. Reflector may be adjusted to desired height or angle.
—Costs less than 1c per hour to operate.

This S-1 type HEALTHMASTER Sun Lamp radiates the same character of ultra violet as the sun itself and will produce a mild sunburn when the untanned skin is exposed under it 10 to 20 minutes. Study the spectrograms above. The HEALTHMASTER Sun Lamp has been approved by G. E. Laboratories.

Clean, safe, quiet and simple to operate. No goggles are necessary. Shpg. wt., 60 lbs. For 110–120-volt 60 cycle alternating current only. With cord and switch. **Shipped freight or express only. Not Prepaid.**

20KM771¼—Cash Price. Complete with S-1 Bulb..... **$36.50**

Easy Payment Price, ($6.00 down; $6.00 a month)..... **$40.15**

Use Time Payment Order Blank in Back of Catalog.

Healthmaster SUNLAMP
Junior Size

—Equipped with General Electric type S-2 bulb.
—Non-tarnishing chromium plating and black satin enamel finish.
—Reflector may be adjusted to desired height or angle.
—Overall height of floor model—49 inches.

These S-2 type HEALTHMASTER Sun Lamps radiate about ½ the ultra violet rays given by the larger S-1 type lamp at left. Positively no glare. Babies may play under it for extended periods with safety. No goggles are necessary. Treatments may be taken when reading. The General Electric Laboratories' approval is on each HEALTHMASTER Sunlamp. For 110–120 volt 60-cycle alternating current only. Complete with S-2 bulb.

20K777¼—Cash Price Table model. Complete with S-2 bulb. **Postpaid**..... **$23.95**

Brown Porcelain Insulators

Carry up to No. 8 wire.

20K1518 Each. Shpg. wt., 1 lb..... **6c**

20KM1518¼ 100. Shpg. wt., 100 lbs. **$4.85** Not Prepaid.

Linemen's Tool Belt

Best hide leather. Sewed with linen thread. Hardware is tested drop forgings. Wth. 2 in. Lgth, 48 in.

20K1500 Postpaid.. **$2.00**

Oak Brackets

Holes drilled for easy nailing to pole. Standard size, 10¼ in. long. Painted.

20K1526 Shpg. wt., 4 lbs. 6 for.... **24c**

20KM1526¼ Per 100 brackets. Shpg. wt., 50 lbs..... **$2.95** Not Prepaid.

Linemen's Safety Strap

Forged, Tested Hardware

First quality harness leather, single strap, 5 ft., 8 in. long, 1¼ in. wide. Strap ends sewed and riveted.

20K1504 Postpaid.. **$2.69**

Weatherproof Telephone Wire

For outdoor use. No. 19 gauge copper wire.

20K1533—Per 100 feet. Weight, 3 pounds..... **89c**

Service Wire-holder

Porcelain insulators on steel base. Standard make.

20K1522—Shpg. wt., 3 lbs. Each..... **45c**

Linemen's Climbers

Long spur. Eastern pattern—high grade steel with sharp, tempered points. Well forged throughout. Standard lengths: 12½, 15, 16, 16½, 17 and 17½ in. Average weight, per pair, 4 lbs. 8 oz. State length.

20K1506—Postpaid. Pair, without straps.... **$2.39**

Linemen's Climber Straps

With Leather Knee Pads

20K1502—Per set of 4; 2 upper, 2 lower. Shpg. wt., 2 lbs... **$1.49**

BOYS! Learn the Code

- **—Standard size key.**
- **—Sounder mounted on hardwood base.**
- **—Lacquered brass binding posts and key switch.**
- **—Complete with dry cell, wire, and instruction book of International Morse and conventional signals.**

20K1724—Telegraph Practice Set. Postpaid..... **$3.45**

20K1728—Wireless Practice Set. Same as above except with buzzer. Postpaid..... **$2.25**

Quality Bell and Buzzer

2½ In. BELL

- **—Two coil bell or buzzer.**
- **—Operates on dry cell or transformer.**
- **—Both give loud clear signals.**

20K1611—Bell, 2½-in. gong. Shpg. wt., 1 lb..... **29c**

20K1630—Buzzer. Shpg. wt., 12 oz..... **29c**

56% LONGER LIFE!

WITH WLS DRY CELLS

1. **Moisture Proof Seal—prevents cell from drying out.**
2. **Fluted, highest quality carbon electrode—more active area than round type.**
3. **Depolarized mix—highest grade Manganese and other ingredients.**
4. **Large volume of Electrolite.**
5. **Heavy best grade zinc, No. 8 gauge, insures long life.**

30c EACH

Tests 40 amperes. Size 2½x6 inches.

Think of that! Test after test shows the average life of WLS Dry Cell is 274 hours on continuous discharge test which is 56% longer than the 175-hour requirements made by the American Standards Association. There is no better quality.

Meteor Dry Cell

20c —Good Quality. —Tests 35 Amperes.

Service from this No. 6 Dry Cell will equal demands of American Standard Associations. Not as serviceable as the WLS Dry Cell. Shpg. wt., 3 lbs.

20K1835—Each..... **20c**

20KM1835—Case of 50 cells. Shipping weight, 116 lbs. **Not Prepaid. Shipped freight or express only..... $8.00**

You cannot buy a better No. 6 Dry Cell. All materials are finest obtainable. Similar quality regularly sells elsewhere up to 50c. Recommended for radio, ignition service, bell, annunciator and telephone service.

20K1820—Each. Shpg. wt., 3 lbs..... **30c**

20KM1820—Case of 50. Shpg. wt. 116 lbs. Shipped freight or express only. **Not Prepaid..... $12.00**

WLS Hotspark!

- **—The Best 6 volt battery.**
- **—Moisture-proof metal case.**
- **—Ideal for Marine Ignition.**
- **—For Heavy duty Service.**
- **—Size, 10⅜x7½x2¾ in.**

20K1832—Shpg. wt., 11 lbs..... **$1.55**

Meteor Battery

- **—Metal case.**
- **—Sealed against moisture with Special Composition.**

For use in ignition work, bells, burglar alarms, lanterns, etc. Size, 10⅜x7¼x2¾ in.

20K1830 Wt., 11 lbs..... **$1.25**

Combination Volt-Ammeter

Range 0 – 50 amps. 0 – 50 volts.

20K2280 Wt., 12 oz.. **65c**

PRACTICAL BATTERY LANTERNS

"Husky" Lantern

Ideal for farm, home or general outdoor use. Large focusing reflector. Pressed steel case. Uses two No. 6 dry cells. Complete with Mazda bulb. Shpg. wt., 2 lbs. 8 oz.

20K1490—Less batteries..... **95c**

Complete with 2 WLS Dry cells. Shpg. wt., 8 lbs..... **$1.55**

Shurlite Pocket Lantern

- **—Fits pocket of hunting coat.**
- **—Broad brilliant beam.**
- **—New convenient carrying handle.**
- **—Use two flashlight unit cells No. 20K1401—Genuine Mazda bulb.**

75c

Popular with motorists, and suitable for Scout use. Shpg. wt., 2 lbs. Size 3¾x2¾ in.

20K1443—Complete with batteries..... **75c**

Less Battery. Shpg. wt., 1 lb. 8 oz. **65c**

"Marionette" Lantern

Small pocket lantern. Uses two unit cells. No. 20K1403. With bulb and batteries. Shpg. wt. 1 lb.

20K1414..... **45c**

Less battery. Shpg. wt., 12 oz..... **35c**

Larger than above. Uses unit cells No. 20K1401. Shpg. wt., 1 lb. 4 oz.

20K1415—With batteries... **65c**

Less battery. Shpg. wt., 1 lb..... **55c**

Wall Light

$1.10

A new light for closets, unlighted hallways, etc. Uses 2 flashlight unit cells (20K1401). Complete with bulb and battery.

20K1449—Wt., 1 lb. 4 oz..... **$1.10**

Less batteries. Shpg. wt. 1 lb.. **$1.00**

Jump Spark Ignition Coil

$2.45 *Post Paid*

For any one-cylinder engine employing a spark plug. Produces a positive hot spark. Size, 5⅜x3⅜x3¼ inches.

20K1604 Postpaid..... **$2.45**

Make and Break Ignition Coil

Used with any engine up to 2½ H.P. with make and break ignition.

20K1600 Coil without switch. Shpg. wt., 3 lbs..... **75c**

20K1602—Coil with switch. Shpg. wt., 3 lbs..... **85c**

Long Range Searchlight Attachment

$2.60 *Post Paid*

Will project a beam almost ¼ of a mile. Handle has "On and Off" switch. 5½-in. head.

20K1458 Complete with Meteor Hot Spark Battery. Postpaid..... **$2.60**

BELL RINGING EQUIPMENT

Reduces House Voltage for Bell and Buzzer Use

These transformers reduce any 110 to 120-volt, 50 to 60-cycle current, to voltage for operating bells, buzzers, furnace thermostats and door openers. Does away with the uncertainty and expense of dry batteries. Outlet plate fits 3¼ or 4-inch boxes. The WIZARD and NUCODE are most popular for bell ringing service. Listed by Underwriters Laboratories. Shpg. wt., 1 lb. 8 oz.

	Type	Volts	Each
20K1620	Wizard	10	65c
20K1621	Nucode	10	89c
20K1622	Tri-volt	6–12–18	95c

Bell Wire Coil

Standard No. 18 Annunciator or Bell Wire. ½-lb. coil (about 70 feet). Shpg. wt., 1 lb.

20K1613 ½-lb. coil..... **18c**

Brass Push Button

Brass frame 2¼-in. diam. Shpg. wt., 4 oz.

20K6332 Each..... **9c**

Electric Bell Outfit

Consists of 20K1620 Transformer (Listed by Underwriters Laboratories). Quality double coil bell with 2½-in. gong, push button 70 feet of annunciator wire and 50 insulated staples. Directions for installing.

Complete Outfit

20K1612—For 110 to 120-volt, 50–60-cycle current only. Shpg. wt., 4 lbs..... **$1.35**

Same but with 20K1835 dry cell instead of transformer. Shpg. wt., 5 lbs.

20K1610..... **95c**

Approved WIRE

All Wire is Listed As Standard By Underwriters' Laboratories

48c For 100-Ft. Coil 14-Gauge Wire

We sell *Millions* of *Feet* yearly; *safe* wire; made in a modern plant with modern equipment, always uniform in quality—guaranteed by *Sears*, and by the manufacturer. All this at a definite saving because we eliminate jobbers and agents. Be sure to get your copy of the Free Wiring chart offered at the bottom of this page.

HOME OWNERS *What Do You Need?*

√ A NEW ROOF
√ A NEW BATHROOM
√ A NEW WATER SYSTEM
√ A NEW PAINT JOB
√ A NEW HEATING PLANT
√ A NEW LIGHTING PLANT
√ NEW LIGHTING FIXTURES
√ A NEW PORCH
√ NEW ADDITION TO YOUR HOME

ARE there a lot of things around your home that need fixing? Things you've been delaying because you didn't feel like spending all the money at one time? If you are a landlord, have you lost a tenant, or have you been obliged to lower rentals because your property lacked some of the modern improvements? Why don't you check over your property today—find out all the little things that need attention. Tell us what your hopes and plans are, and let us see if we cannot be helpful to you. Under our new plan all these jobs can be combined and for only one down payment you can begin the needed improvements. The table below shows how convenient we have made the terms. This new Sears way avoids "piece meal" extravagance.

FREE ESTIMATES

Let us give you a FREE ESTIMATE on the cost of ALL your jobs. FIRST, check below the FREE ESTIMATE blanks which you want to receive. When these reach you, they will help you to give us the information we need to prepare an accurate estimate. SECOND, if you are interested in roofing, painting or building materials—send us complete information asked for on the coupon below so we can give you an accurate estimate on the cost of your home improvements.

Send Now for Information *and* FREE Estimates

Sears, Roebuck and Co.

I am interested in saving money on the items listed below. Please send me the FREE ESTIMATE Blanks I have checked, so I may give you full information regarding my Home Modernization problems. I understand that your engineers will then give me a FREE ESTIMATE of the cost based on your low prices. I understand further that I am under no obligation whatsoever.

☐ Plumbing Supplies: FREE ESTIMATE Blank P8206K
☐ Bathroom Fixtures: FREE ESTIMATE Blank P8206K
☐ Heating: FREE ESTIMATE Blank P6095K
☐ Water Systems: FREE ESTIMATE Blank P6558K
☐ Lighting and Wiring: FREE ESTIMATE Blank P6238K

I am attaching full information on the following for FREE ESTIMATE:

☐ Roofing (Be sure to give us the roof length, rafter length, the type of roof, and catalog numbers of the material wanted. See pages 943 and 946 for measuring instructions.)
☐ Painting (Give all details, including number of square feet to be covered, catalog numbers, and color of paint wanted. See Page 957 for measuring instructions.)
☐ Building Materials (Be sure to send us a complete itemized list of all building material items, millwork, lumber, etc., and catalog number when possible.)

FOR THE *Finest* BATHROOMS

Guaranteed First Quality . . . . No Seconds

The Euclid

- Twin Jet flushing action.
- White or colored vitreous china tank and bowl.
- Mahogany finish, white or colored seat and cover.
- Rough in, 14 inches.
- Solid brass trimmings; nickel plated on white outfits; chromium plated on colored.
- Improved brass flushing mechanism.

$15.45 And Up

Reverse Trap Twin Jet type closet bowl: The trap is at the rear of bowl instead of at the front. (See small illustration.) Thus eliminating the "hump" or "knee" as found on the washdown type of bowl. This feature greatly adds to the appearance of the bowl.

For supply pipe to floor add 50c. For chromium plated fittings on white outfits add $1.00.

Shpg. wt., 135 lbs. **Not Prepaid.**

42KM4705¼—Outfit complete. White with mahogany finish seat. **$15.45**

42KM4704¼—Outfit complete. White with white celluloid coated seat. **$16.98**

42KM5704½—Outfit complete in Green, Orchid or Ivory with seat to match **$29.95**

42KM4712¼—Outfit complete with cast iron white porcelain enameled tank and mahogany finish seat. Shpg. wt., 150 lbs. **$19.98**

White outfits shipped from our store; colored outfits from Central New Jersey. Easy Payments, see page 876.

FREE Estimate

Send us your plans or rough sketches for estimates on complete layouts of fixtures, including all pipe, fittings, etc. We also furnish illustrated instruction books.

The Avondale

—Siphon jet flushing action; very quiet.
—White or colored vitreous china tank and bowl.
—Celluloid coated seat and cover.
—Rough in, 14 in.; deep water seal; 2⅛-in. trap way; large water area.
—Trimmings, nickel plated brass; chromium plated on colored outfits.

This is our finest closet outfit! Genuine **Siphon Jet flushing action**—the most efficient type known. Note, from the small illustration, that the down leg is longer than that in most others—thus making a far stronger siphon action; it also has a larger trap way. There is no horizontal surface not covered with water. The bowl is therefore much easier to keep in a clean and sanitary condition.

For supply pipe to floor, add 50c. For chromium plated fittings on white outfits, add $1.50.

Shpg. wt., 130 lbs. **Not Prepaid.**

42KM4709¼—Complete outfit, white with white seat **$19.95**

42KM5709¼—Complete outfit in Green, Orchid or Ivory; seat to match. **$33.95**

42KM4713¼—Same as 42KM4709¼ above, but with cast iron tank, porcelain enameled. Shpg. wt., 140 lbs. **$22.95**

White outfits shipped from our store; colored outfits from Central New Jersey.

For Easy Payments, see page 876.

WRITE FOR PHOTO SHOWING TRIPLE A-A-A COLORED PLUMBING FIXTURES IN ACTUAL COLORS

The Fairfield

—Siphon washdown flushing action.
—White vitreous china tank and bowl.
—Hardwood seat and cover.
—Solid brass trimmings, nickel plated.

Shipping weight, 128 lbs. **Not Prepaid.**

42KM4700¼—Outfit with mahogany finish seat, 14-in. rough-in. **$12.98**

42KM4708¼—Same, but with white celluloid coated seat. **$14.50**

42KM4703¼—Outfit complete for 10-in. rough-in, to replace closets with high tanks. Mahogany finish seat. **$17.75**

42KM4702¼—Outfit with cast iron tank, white porcelain enam. Mah. finish seat. 14-in. rough-in. Shpg. wt., 145 lbs. . **$15.98**

For supply pipe to floor add 50c.

Closet Tanks

These tanks will work with any water closet of the type we describe below. They are Triple A-A-A quality and come complete with brass flushing mechanism. **Not Prepaid.**

42KM4776¼—White china tank to fit washdown type bowl. Shpg. wt., 68 lbs. **$7.95**

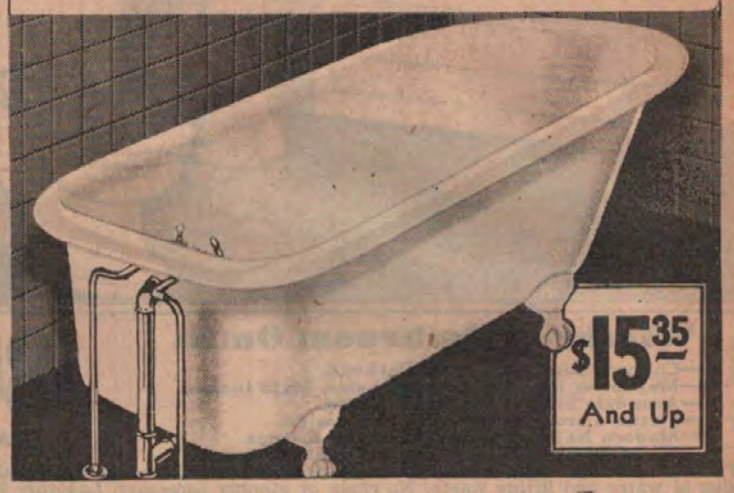
42KM4777¼—White china tank to fit siphon jet type bowl. Shpg. wt., 70 lbs. **$8.25**

42KM4780¼—Cast iron white porcelain enamel tank for washdown type bowl. Shpg. wt., 84 lbs. **$10.95**

Closet Bowls

These bowls are designed to work with any water closet tank made. They are all for 14-inch rough-in (distance from center of outlet to finished wall). They are built to the same high standards of quality and workmanship as the closet outfits described on this page.

42KM4794¼—Siphon Washdown Bowl, white vitreous china. Shpg. wt., 45 lbs. **Not Prepaid** **$4.75**



42KM4798¼—Siphon Jet Bowl, white vitreous china. Shpg. wt., 60 lbs. **Not Prepaid** **$8.95**

42KM4796¼—Reverse Trap Twin Jet Bowl, white vitreous china. Shpg. wt., 50 lbs. **Not Prepaid** **$5.95**

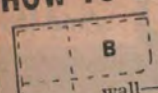
White Sheet Steel Bathtub

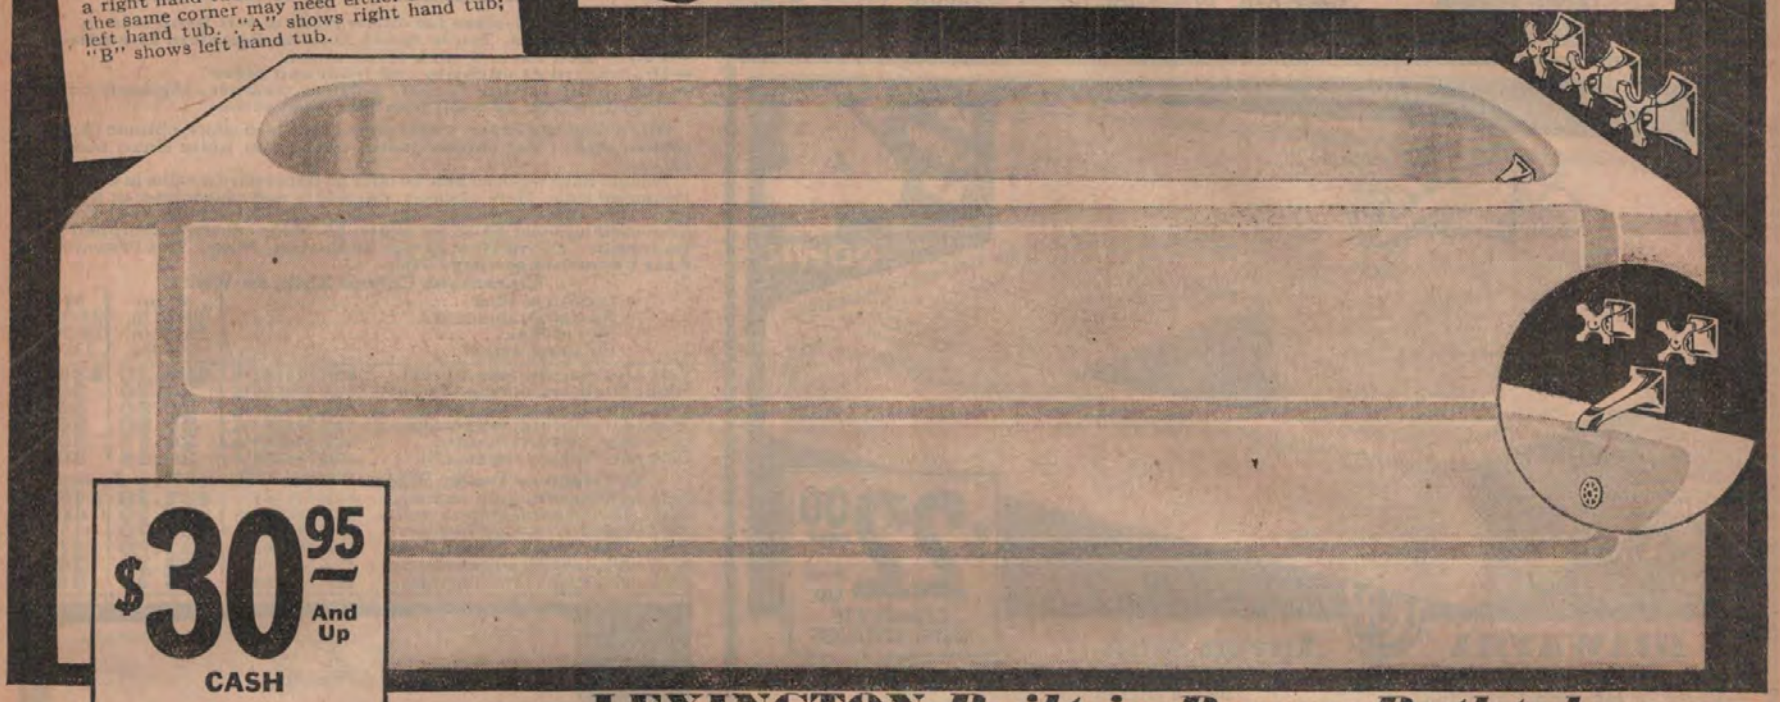


—Sheet Steel; white enameled finish.
—White enameled connected waste and overflow, threaded for 1-in. iron pipe.
—Width, overall, 27½ inches.

A very serviceable light weight sheet steel bathtub. Has substantial steel base, dustproof and sanitary. May be permanently connected in your bathroom by the addition of supply pipes and drain; or can be used as a portable tub without plumbing connections. Bath faucet and supply pipes not included. Shpg. wt., 70 lbs. **Shipped from our store in Philadelphia. Not Prepaid. Mail orders to Philadelphia or Boston.**

42KM4474¼—Length, 5 feet **$10.35**

Modern . . . COLONIAL BATHTUBS » »



HOW TO ORDER A CORNER TUB

We list tubs for left or right hand corners. The end of the tub which fits or is "built-in" against the wall—determines whether it is right or left hand. When facing tub, if the end that fits in the corner is at your left, then order a left hand tub. If at right, order a right hand tub. This diagram shows how the same corner may need either a right or left hand tub. "A" shows right hand tub; "B" shows left hand tub.

You Can Always Depend on A-A-A Quality

Sears enamelware will look the same years from now as when first installed. The same rich color—the same glass-like finish. A continual source of pride and satisfaction. These qualities are not accidental—they are *built in*. When you see our Triple A-A-A Seal of Excellence (it is found on every piece of enameled ware we sell) you have our assurance that there is none better. When you buy at Sears you are ahead in quality and always sure of a saving.

$30.95 And Up CASH

LEXINGTON *Built-in Recess Bathtub*

—Cast iron, Triple A-A-A porcelain enameled.
—Your choice of White, Green, Orchid or Ivory.
—Tub is 31 inches wide overall.
—To be built-in at one side and both ends.
—Exposed fittings are New Art design; brass, nickel plated on white tubs, chromium plated on colored tubs.
—Concealed waste and supply fittings, all brass.

Iron pipe connection included. For chromium plated fittings on white tubs, add **$1.50** extra. A concealed shower unit suitable for use with this tub is listed on page 882.

This modern Colonial style bathtub, with the very latest pattern all-metal fittings, is worthy of a place in the finest homes. Semi-flat bottom prevents slipping when stepping in or out of tub.

Shipped Not Prepaid. See note below.
See Page 876 for Easy Payment Terms.

—Your choice of White, Green, Orchid or Ivory.
—Width overall, 31 inches; depth inside, 17 inches.
—To be built-in at one side and one end.
—Standing waste and supply pipes as shown, with new all-metal handles and metal lifting knob for waste.
—Fittings are New Art design; brass, nickel plated on white tubs, chromium plated on colored tubs.

This style tub, with fittings exposed at the open end, is used to avoid placing water pipes in an outside wall. Semi-flat bottom prevents slipping.

Iron pipe connection is included. For chromium plated fittings on white tubs, add **$2.80** extra. Illustration shows tub for **left hand corner**; see note at top of page about corner tubs.

Length of Tub, 5 feet. Shpg. wt., 525 pounds. **Shipped Not Prepaid. See note above for shipping points.**

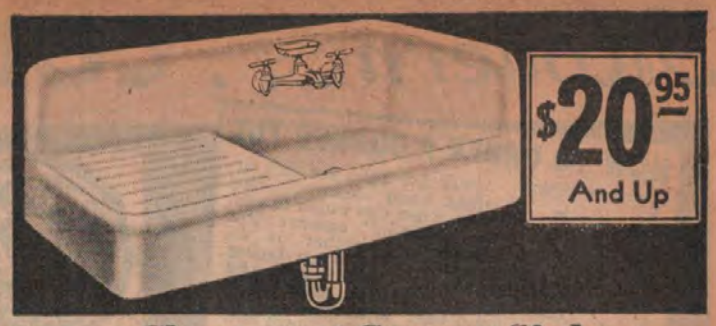
The Kind of a Sink Every Woman Wants

No woman need deny herself the pleasure and satisfaction of having a sink that meets the requirements of style, finish, beauty and long life. The Triple A-A-A Seal of Excellence is our guarantee that the sink so labeled is made according to the most advanced processes and is of top-notch quality. Prices are very low. Terms are easy. See page 876. Write for photo showing Triple A-A-A colored plumbing fixtures in actual colors.

HIAWATHA Apron Sink

—Low 8-in. back; 6-in. apron front
—Right or left hand drainboard
—Heavy, one-piece, cast iron, Triple A-A-A Porcelain Enameled
—Top spout mixing faucet, boltless strainer, 1½-inch tubular trap to floor or wall; iron pipe connection. All fittings are Brass, either Nickel or Chromium plated

This sink will be a prolonged source of satisfaction because of its simple beauty and delightful convenience. The low back makes possible the use of a full size window over the sink, utilizing outside light. Its glossy hard surface defies dirt and makes kitchen work easier.



Fittings are **nickel plated** with white sinks and **Chromium plated** with colored sinks. For Chromium plated fittings on white sinks, add **$1.50** extra.

All prices below are for sinks without legs. Two steel hangers furnished will support sinks without legs, if attached to substantial studding. If legs are wanted, add **$3.75** for 2 adjustable painted legs. For porcelain enameled legs add **$5.85** for white, **$6.70** for colored. **Shipped from factory in Central New Jersey or Boston, Mass. Not Prepaid.**

For Easy Payments see Page 876.

Modern ACCESSORIES
for the Modern Bathroom

These DeLuxe Bathroom Trimmings are made of cast iron, coated with genuine porcelain enamel in *White, Green* or *Orchid*. Do not confuse them with soft finish or painted fixtures. The coating is hard and smooth as glass, just like your bathtub. The designs are the very latest and strikingly artistic. They will stand hard usage. Enameled capped screws are included with each fixture.

7 BIG REASONS Why this is a Better Blow Torch

$3.25 Postpaid

1. New Needle Valve. Will never enlarge or clog. Flame is not affected by low temperatures or high winds.
2. Larger, non-corroding Burner, 85% copper, balance tin, lead and zinc.
3. Bakelite Burner Wheel is always cool.
4. Long underflow for preheating; handy cleanout plug.
5. Heavy seamless sheet brass tank; carefully tempered.
6. Pump, ⅞-in. diameter, mounted on tank, permits one hand pumping.
7. Funnel-shaped sheet brass base with bronze casting filler plug.

Compare this sturdy Blow Torch point by point with those selling elsewhere for much more money. The Burner is larger than most torches costing up to $5.00. Meets U. S. Navy Specifications. You will find that The Hercules will serve you better, longer, and at far less cost than its closest rival.

Torch will develop over 2200 degrees of heat. Burner is of the best known alloy for the purpose. Removable solder iron holder. Useful for soldering, thawing out frozen pipes, burning off old paint, or as a small blast furnace. Postpaid.

42K1100 Capacity, 1 qt. ... $3.25

Self Generating Blow Torch

—Lights instantly.
—Easy starting regardless of weather.
—Auxiliary self-generating burner eliminates drip cup.
—Not affected by low temperatures or high winds.
—Improved non-clog needle valve.
—Best bronze burner.
—Bakelite burner wheel.
—Heavy seamless sheet brass tank.
—Sturdy pump, ⅞-in. diameter, mounted on tank.
—Funnel shape sheet brass base, with bronze casting filler plug.

We firmly believe this is the best and most up-to-the-minute torch on the market. It will light in one-fifth the time required by a regular torch with drip cup. Capacity, 1 qt.

42K1102—Postpaid ... $4.79

Our "Big Bargain" Blow Torch

—New Type Needle Valve.
—Bronze Mixture Burner.
—Composition Burner Wheel.
—Long Underflow for Preheating.
—Seamless Brass Body with Lacquered Satin Finish.
—Tank Bottom of Steel with sheet lead lining.
—Capacity; one quart.

Similar to above torch, but lighter.

Sturdy pump mounted on tank permits one hand pumping. Does everything that the more expensive torches can do—but is not so strongly built.

42K1101—Postpaid ... $2.65

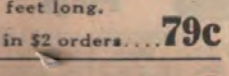
Closet Cleanout Auger

—Flexible coil, high grade spring steel.

Easily removes stoppages from closet bowl. Shpg. wt., 2 lbs. 4 oz. Length overall, 5½ ft. Postpaid if part of $2 order.

42K1112 ... 83c

Cleanout Auger

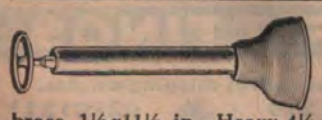


—Strong Spring Head Quickly Forces Stoppage from traps and drains.
—Clock Spring Steel, 25 feet long.

Shpg. wt., 1 lb. 8 oz.

42K1111—Postpaid in $2 orders ... 79c

Spring Cleanout Auger

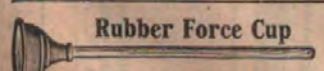


—Good Quality Spring Steel.

Removes stoppage in sink traps, sewer pipes, etc. Shpg. wt., 2 lbs. Postpaid when included in orders of $2 or more.

42K1113—Length of spring, 6 ft. ... 49c

Drain Force Pump



—Cylinder, polished seamless brass, 1½x11½ in. Heavy 4½-in. rubber cup.
—Double plunger leathers, oil treated.

For cleaning drains of bathroom fixtures, sinks and water closets. Shpg. wt., 2 lbs. 8 oz. Postpaid if part of $2 order.

42K1110 ... 79c

Rubber Force Cup

For forcing stoppages and cleaning pipes of sinks, wash bowls, and bathtubs. Threaded handle screws into cup. Finest quality rubber cup, full 5½-in. diameter. Postpaid if part of $2.00 order.

42K1115¼ Shpg. wt., 1 lb. 4 oz. ... 23c

Babbitt Drain Pipe Solvent

42KM1124—3 cans. Shpg. wt., 3 lbs. Not Mailable. Not Prepaid. 39c

PIPE Black or Galvanized

5¾c Per Foot ½ Inch GALVANIZED

All Items On This Page Shipped Not Prepaid

SHIPPING WEIGHTS of pipe fittings vary, according to number ordered and method of shipment. Estimate of shipping weights, freight, express or parcel post charges furnished if desired. Send list for estimate.

How to Order FITTINGS and VALVES

Sizes of pipe and fittings in this catalog refer to the INSIDE diameter of the pipe. The pipe sizes given for fittings, valves, etc., refer to the inside diameter of the pipe to which they connect, not to the diameter of the threads on the inside or outside of the fitting itself. For example, the outside diameter of ¾-inch pipe is almost 1-inch, so the threaded opening of any ¾-inch valve or fitting measures about 1 inch in diameter. That is why many people make the mistake of ordering fittings too large. The diagram shown here gives exact **outside** diameter of all pipe sizes from ⅛-inch to 2-inch. **Be sure to order correct size.**

● CLEAN SHARP THREADS

—Sizes, ¼-in. to 3 in., black and galvanized.
—Average length 20 ft., 6 in. threaded at both ends, with one coupling.

Prices on larger sizes quoted on application. If wanted cut to specified lengths and threaded, couplings are not included and an extra charge is made for threading each end of each piece, as quoted in table at right. Allow cost of two threads for each piece.

● STRONGLY WELDED

● UNIFORM THICKNESS

Inside Diam. In.	Shpg. Wt., Per Ft., Lbs.	42KM1200¼ Black, per Foot	42KM1201¼ Galvanized, per Foot	Threads Extra Each End

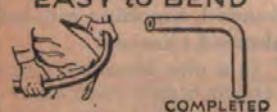
42KC1468—Short Nipples. Each	4c	6c
42KC1471—Long Nipples. Each	9c	11c

*Size of largest opening on reducing tees governs price.

—12-ft. lengths, not threaded.
—Will not corrode or rust. Always assures you of a full flow of pure, clear water at full pressure. Sears Brass pipe is of standard gauge and weight. Guaranteed for 200 lbs. working pressure.



Sears brass pipe will not leak—it needs no expensive replacement. The first cost is the last. Shipping weight; ½-in. pipe, 1 lb. per foot; ¾-in. pipe, 1¼ lbs. per foot. **Prices are subject to market changes. Shipped Not Prepaid.** See note at top of page about shipping weights.

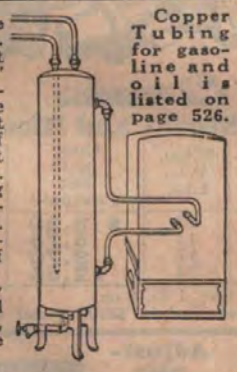
IT COSTS LESS TO REPAIR *With* COPPER

SAVES FITTINGS

EASY to BEND

RUSTPROOF

Can be easily bent around corners and obstructions into any desired position as illustrated above.



—Copper cannot rust—is non-corrosive
—Eliminates many expensive fittings.

Easily bent. Saves time and labor—not necessary to thread—can also be "worked" between partitions, saving expensive carpenter work. Insures steady flow of pure clear water at full pressure. Does not have to be replaced. Will not burst if pipes freeze—can be easily thawed out with torch without injury to pipe. Tested for 200 lbs. per sq. inch working pressure. Flanging tool makes the connecting of pipe and fittings very simple. Flanged fittings make permanently-tight and leak-proof connections.

Copper tubing is sold only in lengths of 5, 10, 15, 20 and 25 feet. Sizes ½ or ¾-inch, inside diameter. State size and length wanted.

42KC1425¼—Not Prepaid.

Copper Tubing for gasoline and oil is listed on page 526.

Automatic GAS WATER HEATER
With Improved Burner

Convenient! Low Priced!

- Copper bearing steel tank, tested to 300 lbs.
- Tank after being made is Hot Dip Galvanized inside and out
- Aircell asbestos insulation holds heat in
- Automatic safety pilot light
- Temperature and pressure relief valve
- Outer steel jacket in green and cream lacquer
- Inner flue with helical retarder or baffle
- Burns either natural or artificial gas
- Improved burner insures low fuel consumption
- SAFE! Approved by American Gas Association

Its Price Is Lower Than Ever!

At this record low price, our new automatic storage gas Water Heater is a signal triumph. No other household appliance will give you greater constant comfort at so little cost. Sears guarantee the Hercules Water Heater to be as fine in quality as any and to give dependable and efficient service at all times.

Once you light the pilot after the heater has been installed, and open the gas supply, no further attention is necessary. Your hot water service is in operation. After that, thermostatic control turns the gas on and off automatically. As water is withdrawn, more is heated. A storage supply of hot water is always on hand. Safety pilot automatically shuts off gas if pilot goes out.

Shipped Not Prepaid.

- —Burner adjustable for artificial or natural gas
- —Tappings for connection to auxiliary heating coil in stove or furnace if wanted
- —Flue passage built into storage tank

$15.95 And Up

We Save You Up to $10 Over Prices Elsewhere!

This Combination Galvanized Range Boiler and Water Heater gives you quick hot water service at a substantial saving in cost. It's not automatic—you light the gas and turn it off when enough water is heated. Nevertheless, it's worth much more than we ask in the comfort and convenience it brings. Easily installed—needs only a square foot or two in floor space and 5 to 6 feet in height. We recommend using Safety Relief Valve shown on opposite page. **Shipped Not Prepaid.**

42KM2592¼—Capacity, 17 gallons. Tank diameter, 12 inches, height, 4 feet. Shpg. wt., 110 lbs. **$15.95**

42KM2587¼—Capacity, 24 gallons. Tank diameter, 12 inches; height, 5 feet. Shpg. wt., 138 lbs. **$16.95**

Range Boilers *Made of* Everdur Metal

$27.75 Cash And Up

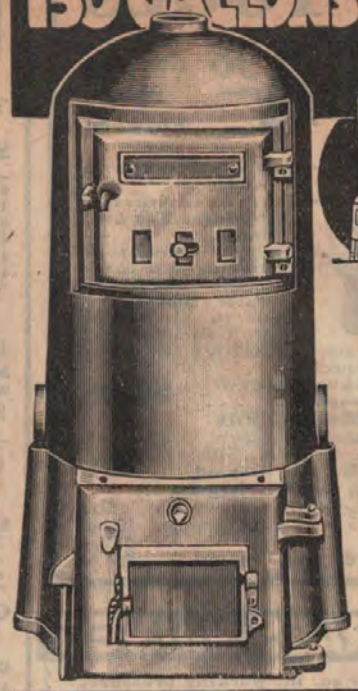
- —Everdur is 96 per cent pure copper, alloyed with silicon and manganese.
- —Tanks made of Everdur have the corrosion resistance of copper, combined with the strength of medium carbon steel.
- —Tanks are carefully welded, and guaranteed for 125 pounds working pressure.

Range Boilers made of Everdur metal cannot rust. Containing 96 per cent genuine Anaconda copper, they are not affected by minerals in water, and will give lasting, trouble-free service. When you install one in your home you are assured of a plentiful supply of clean hot water. You will avoid the annoyance of rust-colored water and save the expense of wasted fuel, as well as the cost of replacing the tank every few years.

These boilers comply with severe requirements of the Massachusetts Range Boiler law.

For best results, use a Range Boiler made of Everdur, connected with Brass or Copper pipe and fittings as listed on page 886.

Boilers complete with fittings include stand, cold water tube and four brass couplings as illustrated. Prices of range boilers only do not include stand or any fittings.



For Safety Relief Valves see opposite Page.

150 GALLONS OF HOT WATER Per Hour

←Showing how heater can be used to provide hot water and heat a room besides.

$16.95

- —Heating capacity, 150 to 200 gallons per hour.
- —Heavy cast iron; Triplex grate.
- —Height overall, 31 inches.
- —Firepot diameter, 12 inches.
- —Tapped for 2-inch waterpipe.
- —Takes 6-inch stovepipe.
- —Water completely surrounds fire combustion chamber.
- —Large ashpit and feed door.
- —Radiation capacity, 160 sq. ft.

Note our uncommonly low price for this dome top coal burning water heater. Its capacity of up to 200 gallons of hot water per hour is ample for large homes and apartments. Use it also to heat your garage, or some out-of-the-way room. Sturdy construction insures lifetime service. Shipping weight, 235 lbs.

42KM2552¼—Not Prepaid.. **$16.95**

Heats 40 Gallons per Hour

$6.75

- —Cast iron construction.
- —Heavy triple bar grate.
- —Big capacity ash pit; lift-up top lid.
- —Height overall, 18½ in. Firepot 10-in. diameter.
- —1-in. pipe connection; 5-inch stovepipe hole.
- —Can conveniently be used as cooking stove or as a laundry stove.

Here's another water heater value that's hard to beat! In fact, you'd have to pay around $10 most anywhere else for equal quality. Easy to refuel and remove ashes. Alaska handle on top door. Burns hard (Anthracite) coal. Shpg. wt., 105 lbs.

42KM2551¼—Not Prepaid..... **$6.75**

Heats 52 Gallons per Hour

$7.95

- —Heavy iron castings; firebrick lining
- —Semi-triangular grate; very efficient
- —Height overall, 20 inches
- —Diameter of firepot, 10 inches
- —Tapped for 1-inch water pipe
- —Takes 5-inch stovepipe
- —Water jacket around dome top greatly increases heating efficiency
- —Draft opening in ashpit door

Ideal for families using more than the average amount of hot water. Will heat plenty of water for 52-gal. range boiler. Shpg. wt., 110 lbs. **Not Prepaid.**

42KM2553¼ **$7.95**

One-Piece Tub—Can't Leak!

$10.95 AS ILLUSTRATED

Laundry Tubs

- —Made in one-piece of special granite composition, no seam to leak or catch dirt or grease.
- —Strong angle-iron frame, or stand.
- —Metal rims and guards.

Tested and Approved by the American Gas Association Testing Laboratory

All the heat goes up between and around the coils.

Showing how heater is connected up with range boiler.

- **Two coils of ¾-in. seamless copper tubing; total length, 14½ ft.**
- **Improved Drilled Burner. Burns Natural or Manufactured Gas**
- **Approved by AGA Laboratories**
- **Cast Iron Jacket**

We believe this to be the finest gas water heater ever offered at so low a price. **It is very economical!** Its large improved burner gives unusually quick heat—using far less gas than most others.

It is safe! It carries the Blue Star Seal of the American Gas Association Testing Laboratory.

It is strong! The copper coils are of No. 20 Stubbs Gauge tubing for lasting, continuous service. Height of heater including burner, 24 in.; diam. 7 in. Water connections ¾-inch; gas valve, ½-inch.

42KC2570¼—Shpg. wt., 31 lbs. **Not Prepaid.** **$4.45**

$4.45 And Up

42KC2572¼—Same as above, except extra large capacity, with 20 feet of tubing and larger jacket. Full No. 30 size. Shpg. wt., 42 lbs. **Not Prepaid** **$6.69**

The above burners can be furnished for use with bottled gas at an added cost of 50c in which event shipment will be made from factory in Northern Ohio.

EASY TO OPERATE

Costs Less Than Coal Heater!

End view of quadruple coil used in this heater

$14.95

- **Four Quick Heating ⅜-in. Seamless copper coils**
- **Instant Lighting**
- **Cast Iron Door and Jacket**
- **Burns Kerosene Vapor; Smokeless; Odorless. Burns 13 Hours With Full Flame; 19 Hours with Low Flame on 1 gallon Kerosene.**

HOT WATER for Homes Without Gas Service!

No home need be without running hot water! Lights with a match, giving adjustable, intensely hot, blue flame. Suitable for use with 30-gal. range boiler. Water connections, ¾-inch. Can be left burning constantly on low flame, supplying plenty of hot water at all times, at very low cost.

42KC2560¼—Shpg. wt., 48 lbs. **Not Prepaid** **$14.95**

Riveted and Welded Range Boilers

- **Working pressures, 85 and 150 lbs.**
- **Heavily Galvanized steel plate**
- **All Seams Riveted and Welded**

These boilers are unusually strong and durable. They are made from heavy galvanized steel sheets, re-galvanized by the HOT DIP process after manufacture. This produces a uniform coating that gives far greater protection than ordinary methods.

Boilers complete with fittings include stand, cold water tube and four ¾-inch couplings. Prices of range boilers only do not include stand or any fittings. **State size.**

Standard Weight Range Boilers

Guaranteed for 85 pounds working pressure. **Not Prepaid.**

Approximate Capacity, Gals.	Size, In.	42KM2516¼ Range Boilers Complete: Shpg. Wt., Lbs.	42KM2516¼ Range Boilers Complete: Each	42KM2512¼ Range Boilers Only: Shpg. Wt., Lbs.	42KM2512¼ Range Boilers Only: Each

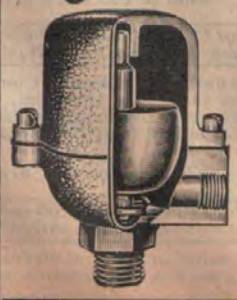
Range Boiler Jacket

$2.95 Post Paid

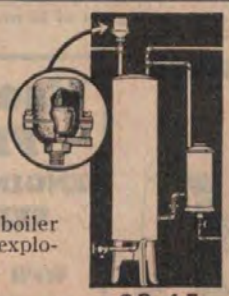
- **Air Cell Asbestos Insulation**
- **4-ply Asbestos, 1-in. thick**



Thoroughly insulates tank, cutting water heating expense. Comes in two sections. Includes asbestos cement to cover top, and metal bands. **Postpaid.**

42K8995¼—Jacket for tank 12-in. diam., 5 ft., high **$2.95**

42K8996¼—Same, but for tank 14-in. diam., 5 ft. high **$3.69**



$3.45 Post Paid

SAFETY RELIEF VALVE

- **Can be set to Release at 50, 75, 80, 100, 105 or 130 lbs.**
- **Listed by Underwriters' Laboratories**
- **Heavy Cast Brass**

Should be on every range boiler or hot water tank to prevent explosions. Gives positive protection.

42K1750—**Postpaid** **$3.45**

42K1751—Similar to above, for hot water heating plants, closed systems. **Postpaid** **$3.45**

Duplex Relief Valve

$2.25 Post Paid

- **Relieves at 125 lbs. pressure or 210 degrees temperature**

Should be on all range boilers, water heaters and hot water tanks. Prevents explosions. **Postpaid.**

$2.25

PUMP *Automatically* FROM YOUR DEEP WELL

COMPLETE Outfit
$101.50 CASH
FOR 50-FT. WELL

FOR WELLS 22 to 200-FT.

$56.50 CASH
PUMP HEAD ONLY

RELIABLE WATER SUPPLY AT LOW PRICES

EASY TERMS AS LOW AS **$10** DOWN

- —Pressure switch starts and stops pump automatically.
- —Repulsion-induction type motor.
- —Capacity, approximately 135 gallons per hour.
- —All gears, shafts, bearings, etc., splash lubricated.
- —Extra heavy V-type belt eliminates idler pulley; even power flow.
- —Auxiliary air pump keeps positive air supply in tank.
- —Check valve shuts off air supply when desired pressure is attained.
- —Can be connected to pressure or elevated storage tank.
- —Encased machine-cut gears; water-proof oil chamber.
- —All parts accessible and easily removable if necessary.
- —1¾6x6-inch stroke cylinder; 15 to 35 lbs. pressure.

Working Head Only or Outfit Complete

For wells ranging from 22 to 95 feet, select ⅓-H. P. motor. For wells ranging from 95 to 200 feet, select ½-H. P. motor. If your well is deeper or shallower than specified below, add or subtract 39c per ft. for pipe and rod to prices quoted. **For special outfits, such as heavy duty outfit for sprinkling, etc., write for prices and free engineering service.**

Motors are 110 to 220-volt, 60-cycle, A. C. or 32-cycle D. C. If 25 or 30-cycle motor is needed, a slight extra charge is made. **When ordering, be sure to state kind of current you now have.** If larger tank is wanted, state size and whether horizontal or vertical. Either style is furnished at the same price. Inlet tapping, 1-inch; outlet, ¾-inch (or larger).

For Frostproof Set length, add $3.15; for fresh drinking water connection, add $3.95.

Estimated freight charges per 100 lbs.: 150 miles, 58c; 300 miles, 70c; 500 miles, $1.12.

42KM2250¼—Working Head only with ⅓-H. P. motor, but without other equipment. Tapped for 2½-in. suction; 1¼-in. discharge. Shpg. wt., 205 lbs.
Cash price, **Not Prepaid**..... **$56.50**

PUMPS 225 GALLONS OF WATER PER HOUR

From Shallow Wells, Lakes, or Streams

FOR EASY TERMS SEE PAGE 876

PUMP UNIT ONLY, WITH ENGINE
$60.50 CASH

GASOLINE ENGINE DRIVEN PUMP

- —Double acting reciprocating pump.
- —Vertical lift, up to 22 feet; horizontal draw, up to 100 feet.
- —Capacities, 225 and 450 gallons per hour.
- —Gasoline engine, 4-cycle "L" Head construction, ½-H.P., 1750 R.P.M.
- —Automatic pressure switch stops pump.
- —Silent V-type belt; piston rod deflector; large air chamber; Schrader air intake valve; suction and priming chamber.
- —Every part of pump coming in contact with water is galvanized.

Lack of electric power is no handicap to the fortunate possessors of this efficient, compact, gasoline-engine-driven pump unit. It is one of the finest we are able to find, being **semi-automatic.** An automatic pressure switch stops the pump when the pressure in the tank reaches 35 pounds.

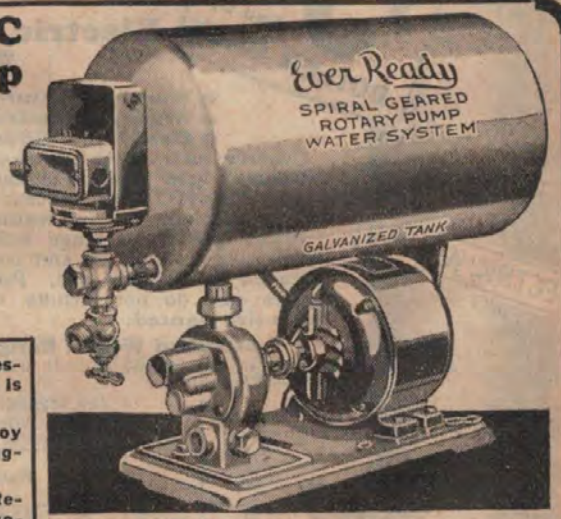
The **pump** is the same fine model described on opposite page. The **engine** is an entirely new Briggs & Stratton model, the very last word in pumping power. Starts at once, even in zero weather.

Shipped from our store or factory in Western Ohio. Not Prepaid.

With Tank

42KM2225¼—Outfit complete, 225 gal. per hour, 120-gal. pressure tank, pressure gauge, strainer, check valve and parts mentioned above. Suction tapping, ¾-in.; discharge, ½-in. Shpg. wt., 400 lbs. Cash Price... **$80.95**

42KM2236¼—Heavy Duty Outfit, 450-gal. per hour; 120-gal. tank. Suction tapping, 1¼-in.; discharge, ¾-in. Shipping weight, 450 pounds. Cash Price..... **$107.50**



42KM2226¼—Engine and pump only. No tank, piping or tank fittings. Shipping weight, 110 pounds. Cash Price..... **$60.50**

For Easy Payments see page 876.

AUTOMATIC Rotary Pump

Not Recommended for Sandy Soil.

Easy Terms $5 DOWN

- **High speed, positive pressure rotary pump. Casing is all bronze.**
- **Spiral gears of Ascoloy steel; non-rusting, long-lasting. Bronze bearings.**
- **Improved Heavy Duty Repulsion-Induction type motor. Powerful, economical.**
- **Automatic two-pole pressure switch.**
- **Air intake valve keeps constant pressure in tank.**
- **Adjustable stuffing gland prevents leaking.**
- **Built-in water relief valve set at 60 lbs. prevents excessive pressure.**

$34.95 And Up CASH

A Very Low Price for Complete Outfit

Shallow well type. Pumps from springs, streams, lakes, cisterns or wells up to 22 feet deep and 100 feet horizontal distance. Automatic switch starts pump when pressure drops to 20 lbs., and stops it at 35 lbs. Flexible coupling connects motor to pump; positive, quiet drive. Built-in strainer and check valve keep supply pipe and pump chambers full of water; constant priming unnecessary.

Shipped Not Prepaid.

Two sizes: Capacities, 250 and 450 gallons per hour.

Capacity, 250 gallons per hour. Complete outfit includes ¼-H. P. motor; automatic switch; 6-gallon tank; size, 10x18 inches, built-in Water Relief Valve, Foot Valve and Strainer. Suction and discharge tappings, ½ inch. We recommend the use of a suction pipe one size larger than the tapping.

Catalog Number	Kind of Electric Current	Shpg. Wt., Lbs.	Cash Price	Time Price	Terms Down	Terms Month
42KM2280¼	For 110 to 220-volt, 60-cycle, A.C..	70	$34.95	$38.45	$5.00	$5.00
42KM2282¼	Same as above, but without tank..	64	33.95	37.45	5.00	5.00

Capacity 450 gallons per hour. Complete outfit includes ½-H. P. motor, automatic switch, 10-gallon tank, size 10x30 in., built-in Water Relief Valve, Foot Valve and Strainer. Suction and discharge tappings, ¾ inch. We recommend the use of a suction pipe one size larger than the tapping.

Catalog Number	Kind of Electric Current	Shpg. Wt., Lbs.	Cash Price	Time Price	Terms Down	Terms Month
42KM2294¼	For 110 to 220-volt, 60-cycle, A.C..	121	$59.95	$65.45	$5.00	$6.00
42KM2296¼	Same as above but without tank..	108	58.95	64.45	5.00	6.00

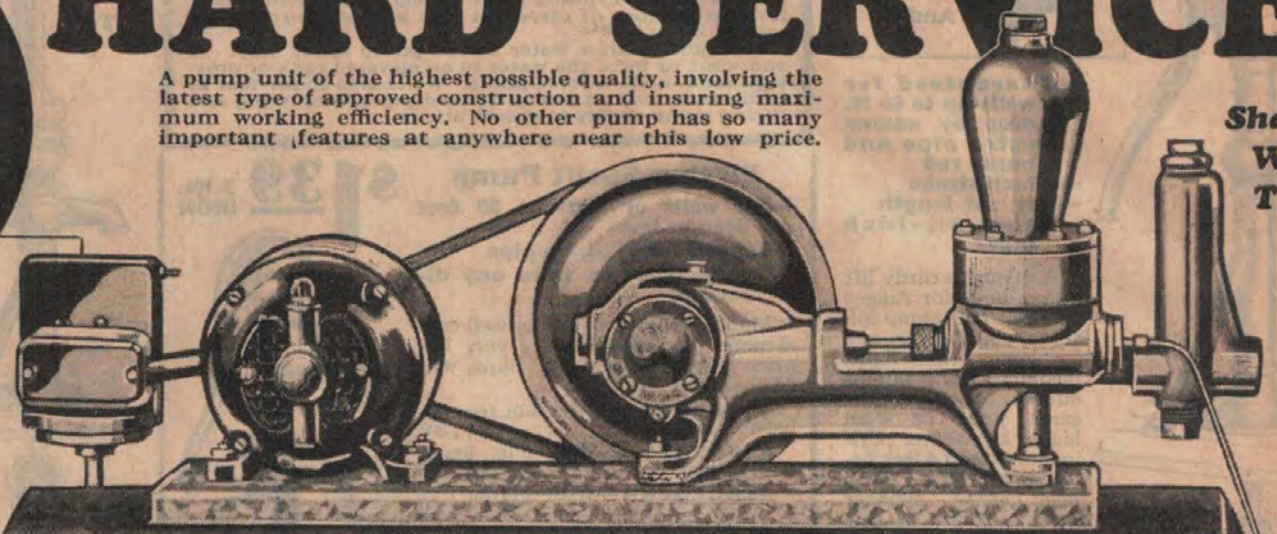
STANDS *the* TEST *of* HARD SERVICE!



A pump unit of the highest possible quality, involving the latest type of approved construction and insuring maximum working efficiency. No other pump has so many important features at anywhere near this low price.

Shallow Well Type

NOW ONLY

$48.75

CASH And Up

Ever Ready RECIPROCATING PUMP WATER SYSTEM

AS LOW AS $5 DOWN

Note Its Many FEATURES

1. **Double acting reciprocating Pump.**
2. **Entire pump is galvanized. Resists rust—prolongs life.**
3. **Powerful repulsion-induction type motor of well-known make.**
4. **Automatic switch starts and stops pump, maintaining even pressure.**
5. **Air Volume Control automatically maintains air in tank and prevents water logging.**
6. **Dial Pressure Gauge shows the pressure in tank accurately at all times.**
7. **Silent V-type Belt runs in grooved pulleys. Will not slip or "throw off."**
8. **Large Air Chamber prevents pulsation and insures an even flow of water.**
9. **Suction and Priming Chamber assists in retaining prime and prevents water hammer.**
10. **Piston rod deflector prevents water leaking from stuffing box into crankcase.**
11. **Tank is heavily galvanized inside and outside. All seams carefully welded and tested.**
12. **Positive Oiling System insures constant flow of oil to center of crankshaft bearing and crosshead bearing.**

2 EXTRA FEATURES *Make It Outstanding*

● AUTOMATIC AIR CONTROL ● GALVANIZED PUMP

Why pay $75 or more for an electric water supply outfit . . . when this *guaranteed* automatic pumping system has all the worthwhile features of any $75 outfit made? . . . This high grade pumping system is *new! Improved!* For now it not only has every feature of the higher-priced systems—but also the new *air-volume control* and our special *all galvanized* feature besides!

Air Volume Control positively prevents "water logging" the tank. **All Galvanizing** makes outfit rust- and corrosion-proof, and water tight. Pump is shallow well type, drawing water from wells, springs, cisterns, lakes, streams, etc. It will pump any distance within 100 feet, with a vertical lift up to 22 feet. Delivers 225 gallons of water per hour. Piston assembly easily removable, thus cup leathers can be easily replaced when worn.

Powerful ¼-H.P. **repulsion-induction type motor.** Tank of heavy galvanized steel, 18-gallon capacity, size 12x36 inches. Water relief valve, foot valve and strainer included. Can be furnished without a tank or with a 42-gallon upright tank. Easily installed. Instructions furnished. Suction tapping, ¾-in.; discharge tapping, ½-in.

Shipped from our store or factory in Western Ohio, whichever is nearer you. Not Prepaid.

Capacity, 225 gallons per hour	Shpg. Wt.	Cash Price	Time Price	Terms Down	Terms Month
42KM2200¼—Outfit complete as illustrated, with 18-gal. galv. tank and motor for 110 to 220-volt, 60-cycle A.C.	135 lbs.	$48.75	$53.75	$5.00	$5.00

PUMPS 450 GALLONS PER HOUR

If you want water for Sprinkling and Watering Stock, as well as for valuable Fire Protection, this is the pump to order.

$70.95 CASH

Double the Volume of Water

For only about one-third more than we ask for the 225-gallon outfit listed above, you can have this **Heavy Duty,** 450-gallon water system with just double the capacity. It has all the features of the outfit described above, but is larger and has greater capacity. Equipped with a **double cylinder pump, ⅓ H.P. motor,** and **33-gallon galvanized tank.** Can be furnished with larger tank if desired; write for prices.

Pump also has **fresh water tapping and check valve.** By running a pipe from this opening to any one faucet, you get **fresh, cold water** direct from the well.

This outfit will supply water for 8 to 12 persons, 40 head of stock, and heavy sprinkling. Gives valuable **fire protection,** as it throws a heavy stream of water from a hose nozzle. Suction tapping, 1¼-inch; discharge tapping, ¾-inch. We include **Relief Valve, Foot Valve and Strainer,** instruction book and can of oil.

Shipped from our store or factory in Western Ohio, whichever is nearer you. Not Prepaid.

Capacity, 450 gallons per hour	Cash Price	Time Price	Terms Down	Terms Month
42KM2210¼—Outfit, with 33 gal. galv. tank and ½ H.P. motor for 110 to 220-volt, 60-cycle A.C. Shpg. wt., 200 lbs.	$70.95	$78.45	$7.00	$7.00
42KM2211¼—Same, but without tank. Shpg. wt., 145 lbs.	67.95	74.45	6.00	7.00

For 25-cycle motor add $6.50. When ordering on Easy Payments use Time Payment Order Blank in back of catalog.

Here's How to Figure Your Water Requirements

Use this table in figuring the amount of water you will need per day.

Each member of the family for all purposes, including bath, water closet, kitchen and laundry . . . . . 25 gal.
Each horse . . . . . 10 gal.
Each steer or dry cow . . . . . 12 gal.
Each milk producing cow . . . . . 25 gal.
Each hog . . . . . 2 gal.
Each sheep . . . . . 1½ gal.

For sprinkling lawn or garden, figure 7 to 8 gallons per 100 sq. ft; or, for ½-inch hose with nozzle, figure 200 gal. per hour; for ¾-in. hose with nozzle, 300 gallons per hour.

LONG LIFE HEAVYWEIGHT LIFT PUMPS

$4.98 And Up

—Guaranteed for wells up to 60 ft. deep by adding extra pipe and pump rod
—6-inch stroke
—4-ft. set length
—Takes 1¼-inch pipe

A strong, sturdy lift pump, built for rugged service. This pump will serve you better and far longer than light, medium-weight pumps offered at about the same price or even higher elsewhere. Cylinders extend 4 feet below pump base. Drip hole above cylinder permits water to drain to this point and prevents freezing. **Not Prepaid.**

3x10 Inch or 3½x10 Inch Cylinder

42KM2351¼—Heavyweight Pump with 3x10-inch iron cylinder. Four-foot set length. Shpg. wt., 62 lbs. **$4.98**
With brass-lined cylinder **$6.20**

42KM2352¼—With 3½x10-inch iron cylinder. Four-foot set length. Shpg. wt., 65 pounds **$6.45**
With brass-lined cylinder **7.70**

42KM2355¼—Pump Standard only, without cylinder, pipe or pump rod. Shpg. wt., 38 lbs **$2.98**

To Make Above Pumps Complete

For wells less than 25 feet deep, order 1¼-in. black or galvanized pipe as listed on page 887.

For wells more than 25 feet deep, with cylinder extended to water, add 17c per foot for black, or 20c per foot for galvanized pipe and rod to make complete outfit. **Not Prepaid.** For shpg. wt., add 2½ lbs. per ft. of extension.

Pumps of Highest Quality

Sears' Lift and Force Pumps are well made of best grades of materials and **heavier** than many pumps offered elsewhere.

HOW TO ORDER

Wells are of two kinds: (1) Shallow Wells and (2) Deep Wells.

(1) Shallow wells are those where the distance from the pump platform to the lowest water level is less than 25 feet. In these wells use one of our 4-foot set length pumps quoted on this page. The cylinder is placed about 4 feet below the pump. Order enough pipe to reach within two or three feet of bottom of well.

(2) Deep Wells are those where distance from pump platform to lowest water level is more than 25 feet. In these wells the cylinder must be placed below the water level at bottom of extension pipe and pump rod is extended down.

Lift pumps draw water to the pump spout only. If you want to force the water to an elevated tank or pressure tank, order a force pump. We charge 2c per foot in addition to cost of pump rod and pipe, for cutting and fitting pump outfits to specifications.

Pitcher Spout Pump

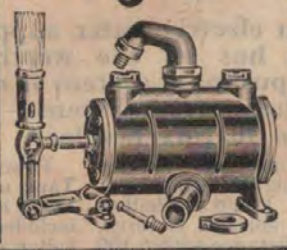
$1.39 3-IN. IRON

—For wells or cisterns 20 feet deep or less
—Tapped for 1¼-inch pipe
—Handle operates from any direction

Made of heavy cast iron, well constructed and offered at a very low price. Pipe not included. Shpg. wt., 23 lbs. **Not Prepaid.**

42KC2370¼—With 3-in. iron cylinder **$1.39**
42KC2371¼—With 3-in. brass-lined cylinder **$1.85**
42KC2372¼—With 3½-in. iron cylinder **$1.79**
42KC2373¼—With 3½-in. brass-lined cylinder **$2.25**

Cistern Force Pump



$4.45 And Up

—For wells or cisterns 20 ft. deep or less
—3-in. brass cylinder, valve seat, stuffing nut
—Bronze pump rod; plain gooseneck or faucet spout
—Spout is threaded for hose coupling
—Takes 1¼-inch pipe; pipe not included
—Top discharge outlet tapped for 1-in. pipe for pumping to higher tanks, etc.

Shpg. wt., 25 lbs. Not Prepaid.
42KC2377¼—Plain spout **$4.45**
42KC2379¼—Faucet spout **4.95**

Sturdy Tank Pump

$9.95

—Pumps 50 gallons per minute
—Suction limit, 20 feet
—Has brass valve seats
—5-in. cylinder, 5-inch stroke
—Suction and discharge threaded for 2-inch iron pipe
—Hose connections and nozzle
—2-inch hose nipple for suction

Adapted for maximum pressure of 50 pounds. Ideal for filling thresher tanks, emptying cesspools, etc.

42KM2366¼—Shpg. wt., 78 pounds. Not Prepaid **$9.95**
42K2322—5-in. crimped plunger leathers. Set of 2. Shpg. wt., 2 lbs. **Postpaid if part of $2 order** **69c**

WINDMILL and HAND FORCE PUMP

Windmill Pump Top

Hand Pump Top

$7.95 And Up

—Iron or brass lined cylinder.
—4-ft. set length
—Takes 1¼ inch well pipe

These pumps are of the very highest quality and extra heavy construction. Spouts have hose clevis so that by inserting a blank leather washer, water can be forced to elevated tank or through hose for sprinkling, washing windows, autos, etc. Bottom of cylinder comes 4 feet below pump base.

To Make Above Pumps Complete

For wells less than 25 feet deep, order 1¼ in. black or galvanized pipe as listed on page 887.

For wells more than 25 feet deep, with cylinder extended to water, add 17c per foot for black, or 20c per foot for galvanized pipe and rod to make complete outfit. **Not Prepaid.** For shipping weight add 2½ lbs. per foot of extension.

Windmill Force Pumps

For wells up to 150 ft. deep. Can be operated by hand, windmill or pump jack. Tapped back of spout for 1¼-inch pipe. **Shipped Not Prepaid.**

OIL AND GASOLINE BARREL PUMPS

—Hand Rotary Type.
—Made of iron.
—Fits steel or wood barrel.
—Has 3-ft. suction pipe; 5-ft. discharge hose, and gooseneck.
—Forces liquids 15 to 20 ft. above pump.
—Pumps 13 gallons per minute.

Ideal for pumping gasoline, motor oil, syrup or other liquids out of barrels; for filling gasoline tanks on traction engines, etc. Hose is of special construction, not affected by gasoline or oil.

42KM2363¼—Shipping weight, 65 pounds.
Not Prepaid **$14.95**

For other Barrel Pumps, refer to index.

Pressure Tanks

—Heavily galvanized.
—For pneumatic (or pressure) water systems.

Tested to 150 pounds; guaranteed for 75 lbs. working pressure. **Shipped Not Prepaid.**

City Convenience NOW — COSTS *so* LITTLE *at* SEARS

SEWAGE disposal is no longer a problem since this latest reduction in Hercules Septic Tanks. Not a particle of the old reliable high quality has been sacrificed. We guarantee it to measure up to any standard of quality and construction. Install this highly efficient outfit on your premises and it will return large dividends in health and convenience for years to come.

- **Entire tank made of 14-gauge Copper Bearing Steel, Unexcelled for Rust Resistance.**
- **Watertight—Unbreakable Electrically welded seams mean greater strength and no leaks.**
- **Heavily Coated Inside and Outside with Thick Asphalt—a Rust Preventing Preservative.**
- **Easily Removed Flanged Top.**
- **Positively no Chemicals Needed. Decomposition Goes on Continually Without Attention.**
- **Built-in Connections Keep Pipe in Exactly the Right Position. Baffle Plates Made of Steel.**

PROTECT your family's health while prices are down! Installation is simple, and we furnish complete instructions. HERCULES Septic Tanks are safe, sanitary and odorless. By a natural process of bacterial action, and aeration in the tile disposal bed, the sewage is purified and all germs killed. This decomposition goes on continually without any attention.

If you have always longed for safe, sanitary sewage disposal, here's your big opportunity to have and enjoy it with the minimum outlay of money.

EASY TO INSTALL

We recommend the selection of a tank one size larger than actual requirements. Shipped from factory in Eastern Pennsylvania or our store in Boston. Not Prepaid.

Read These Users' Letters!

"The septic tank is giving perfect satisfaction. I can't figure out how a tank of that size and quality can be produced at the price."
Frank Harrison, Grubbs, Iowa

"It is wonderful. I put it in my tourist camp where it took care of 43 people—though rated for only 20. I saved by buying at Sears."
Robert Steel, Carroll, Iowa

"Had we known that for labor, tile and tank, $33.95 would cover same, we would have had this service years ago."
T. F. Donovan, Cabin John, Md.

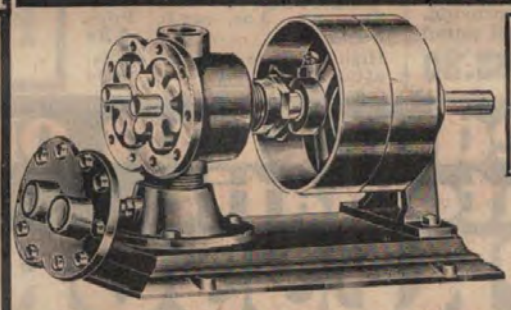
HAND POWER WATER SYSTEM

- **—Horizontal draw, 100 to 200 feet.**
- **—Double Action Force-pump; 3-in. Brass-lined Cylinder.**
- **—5-inch Stroke, 1¼ inch Suction, and 1-inch Discharge.**
- **—Easy Working Gear Head.**
- **—Brass Cased Piston Rod; Brass Air Attachment.**

$35.95 And Up

LIFTS WATER 18 to 20 FEET

Although the price is now much lower than you pay elsewhere, the high quality construction has not been changed. Pumps from lakes, springs, streams, wells or cisterns. Provides running water in your home for all purposes. Includes galvanized tank, pump and all necessary valves, gauges and fittings.



Shipped Not Prepaid.

Centrifugal Pumps *for* BIG PUMPING JOBS

- **—Suitable for 20-foot Direct Vertical Lift, 15-foot Lift with Horizontal Suction.**
- **—Will Operate Against Total Head of 65 Feet.**
- **—Bronze Bearings; Ring Oiling Pedestal Bearing. Extra Long Stuffing Box.**

Can be Belted Direct to Line Shaft, Engine or Tractor.

Suitable for trench or furrow irrigation, or where a large volume of water is to be handled. Not suitable for household pumping use. Power requirements vary with conditions. Centrifugal pump results depend on proper installation and correct speed. When ordering state length of horizontal and vertical suction, also discharge. State size motor or engine to be used, speed of same, and diameter of pulley. We will gladly make recommendations for your installation.

These pumps are not self-priming. Size 2½ has flanged suction and discharge openings, furnished with companion flanges. The smaller sizes have openings tapped for pipe connection as shown. Complete instructions furnished.

For Easy Payments see Page 876.

Big Price Reduction on HERCULES Automatic AIR COMPRESSOR

- **Automatic switch starts and stops motor to maintain constant pressure in the tank.**
- **Heavy gauge steel tank, tested to 500 lbs. pressure.**
- **Powerful Repulsion-induction type motor, high torque.**
- **Compressor is lubricated by dependable splash oiling system; Air-cooled from fan blades on flywheel.**
- **Timken Roller Bearings.**
- **Automatic safety valve releases excess pressure.**
- **Improved V-Type belt prevents slipping.**
- **Dill chuck and 20 feet of air hose furnished.**

Here's the ideal Compressor for **garages, filling stations, tourist camps and shops**—ideal in its simplicity and utter dependability; unlike others, **it can run heavily loaded for hours without over-heating.** It is made of only such materials as are deemed the best for the purpose selected, hence it will give a duration of service much in excess of other compressors not built to such high standards. A compressor of similar quality would cost you elsewhere up to $135.00!

Furnished in four sizes as listed below, with capacities of 1⅓, 2½, 3¼ and 8¼ cubic feet of air per minute. The 1⅓-cubic foot type has 1½x3-inch pressure cylinder; 2½-cubic foot type has 2x3-inch pressure cylinder; 3¼-cubic foot and 8¼-cubic foot type are 2-stage operation; Low pressure cylinder 3x3-inch, high pressure cylinder 1½x3-inch. Air cleaner acts as muffler. Timken Roller Bearings insure minimum of friction and longer life. **For Easy Payments see page 876.**

Prices below are for outfits with 110–120, or 210–230-volt, single phase 60-cycle A.C., also 25 or 30-cycle as shown in last column. Write for prices on motors of other voltages, cycles or phases, or gasoline engine-driven outfits.

AUTOMATIC HUMIDIFIER

KEEPS AIR HEALTHFULLY MOIST

$9.95 COMPLETE

EASY TO INSTALL

- **Will fit any size warm air furnace.**
- **Fits in bonnet above radiator—allowing warm air to absorb moisture.**
- **Cast iron evaporation pan—will not rust or burn out.**
- **Permanent intermittent float valve.**
- **Float of heavy welded copper. Will withstand 1300 degrees.**
- **Valve is adjustable to any degree of humidity desired.**
- **All working parts non-corrosive, non-rusting.**
- **Each part renewable. Easily cleaned.**
- **Will not clog, foul or lime up in hard water.**
- **Special overflow pipe—added precaution.**
- **Complete, including saddle valve, copper tubing and support pipe.**
- **Easily installed.**

The majority of home owners know something about humidity and its importance to health and comfort. Advice from all authoritative sources pertaining to health, comfort and economy definitely state that humidity is an absolute necessity.

There are THREE big reasons why every home with a warm air furnace should have this humidifier. *First*, warm moist air is more healthful. You can help keep your family free from colds and sickness with proper humidity in your home. *Second*, warm moist air is more comfortable than dry harsh air. *Third*, you can keep your home 10 degrees cooler and still be comfortable if the air is properly moistened. You can thus save an enormous amount of fuel.

This humidifier is AUTOMATIC. Being connected with your city water mains, the tank fills itself automatically, thereby requiring no personal attention. You don't have to carry 2 or 3 gallons of water every day or so with this AUTOMATIC humidifier. *Not Prepaid.*

42KC8900—Complete with 5 feet of ⅜ in. copper tubing, saddle valve and support pipe. Shpg. wt., 36 lbs..... **$9.95**

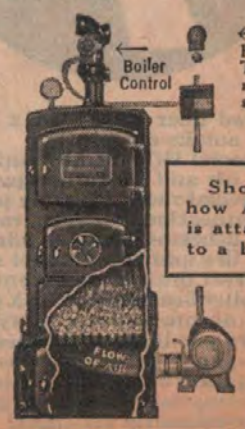
BURN BUCKWHEAT COAL and SAVE ⅓ FUEL COSTS

Atlas Buckwheat Coal Burner

—Blower Fan Operated by Small Split-Phase Motor, 110 volt, 60 cycle.
—Automatic Control Starts and Stops Burner, Maintaining Uniform Temperature.
—Burner Is Approved by the Anthracite Institute Laboratory.

Buckwheat Coal is a very low-priced, small size coal. It packs closely and therefore requires a forced draft for proper combustion. The Atlas Burner is built for this express purpose. Installed in your present boiler or furnace, it will enable you to burn low-priced buckwheat coal, and will save almost its entire cost the first two years used.

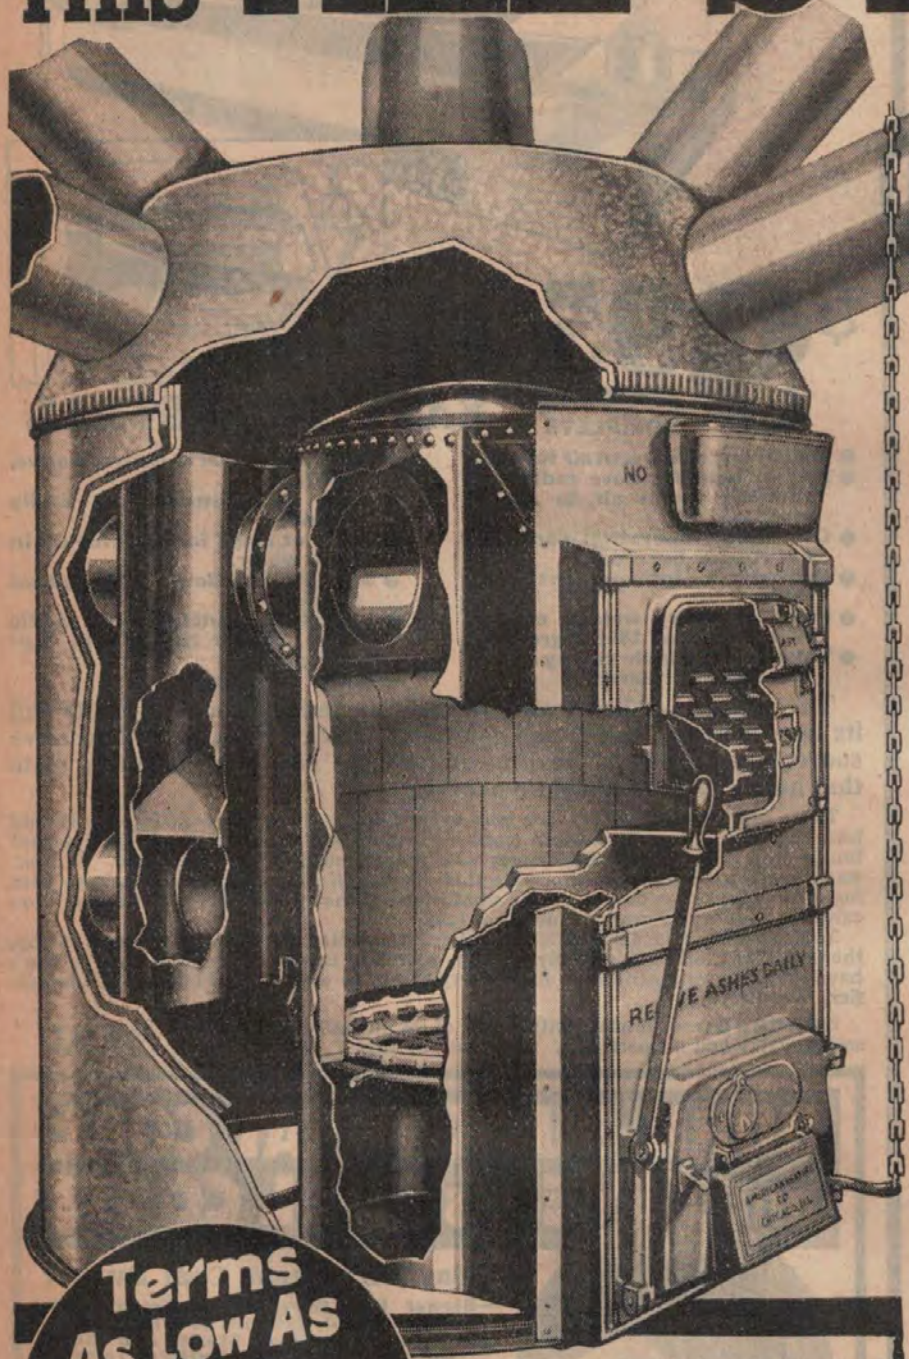
$39.95 CASH And Up



For use with Warm Air, Hot Water, Steam and Vapor Heating Systems. Burner is easily attached to boiler or furnace ashpit. A room thermostat which operates similar to one listed on page 900, starts and stops the burner. Just set the thermostat for any desired degree of heat and you will have uniform room temperature at all times. Complete outfit includes blower, motor, connection to furnace, and room thermostat. A boiler control which allows blower to operate from temperature of furnace or boiler furnished at slight additional cost. Instructions for installing furnished with each burner.

42KM8000—Shipped Not Prepaid.

Size	Coal per Season	Grate Area	Cash
1 1/20 H.P.	6 to 12 tons	6 sq. ft.	$39.95
2 1/10 H.P.	14 to 18 tons	12 sq. ft.	46.50



For 25 cycle motor, add $6.00. For boiler or warm air furnace control, add $12.00.

For Easy Payments see Page 876.

Showing how Atlas is attached to a boiler.

FOR LIFETIME SERVICE BUY THIS ALL STEEL FURNACE

Gas Tight! SMOKE-TIGHT!

AS LOW AS $76.50 CASH

When you purchase a HERCULES *Steel* Furnace you make an investment in *lifetime furnace service.* Your first cost is the final cost. Depreciation need not be considered because the HERCULES is made of materials that are practically imperishable. It is the lowest-priced "cost-per-year" furnace service you can buy.

Hercules *Steel* Furnaces are *positively* and *permanently smoke tight and gas tight.* The heavy steel body is made in one piece—it will never leak coal gas, smoke and soot into your home and will never require resetting. There is no joint or crevice through which gas could escape, and there never will be! Because of this dust-proof construction, homes stay cleaner, require less dusting, and cleaning bills are fewer.

The combustion chamber is large and correctly proportioned for greatest operating efficiency. Due to its scientific construction, this furnace delivers the greatest amount of heat from the fuel used.

HERCULES gives you the four essentials of the ideal furnace, viz., *Lifetime Durability, Powerful Heat Production, Positive Heat Circulation, and Definite Fuel Economy.*

Steel Furnaces are the "last word" in heating equipment. Because of their leakproof construction and ample combustion space, they are ideal for use with oil burners.

Why the HERCULES Is a First QUALITY STEEL Furnace

When comparing steel furnace prices elsewhere be sure to note these QUALITY features. We are satisfied that you cannot get ALL these features elsewhere at anywhere near HERCULES prices.

Made throughout of Copper Bearing Boiler Plate Steel. Meets the American Society of Mechanical Engineers Code for Boiler plate steel.

Heater Drum is of heavy 7-gauge Copper Bearing Boiler Plate Steel—all in one piece construction. Radiator is 10-gauge. This steel meets the American Society of Mechanical Engineers Code for boiler plate steel. The Ash Pit is welded to the Drum, making it air, dust and gas-tight.

Head and Feed Section Top, ¼-inch thick plate, giving added protection against burning out.

Hot Blast Unit! When the Hot Blast Door is opened the flue draws air into the door plate. Here the air is preheated on these hot surfaces. It then flows over the burning coals—aiding combustion by mixing with the smoke and gas.

Deep 14½-in. Fire Pot: The extra depth permits longer banked fires. Protected by a double row of 1¾-in. fire brick of the highest quality. They are as clinker proof as it is possible to make them. Will not expand under constant heat.

High Efficiency Radiator: Completely welded into one seamless unit. It is fitted with heavy baffle plates that insure proper fire travel—permitting the minimum of heat loss into chimney. Has the tightest connection with the Heater Drum that can possibly be made.

Duplex Grates have roller bearings: Built to burn hard and soft coal, coke and wood. Outer ring rotates; center of grate dumps clinkers.

Joints are Dust, Smoke and Gas-Proof. All joints are generously lapped and riveted—then welded. Gives positive protection against gas, dust, smoke and soot. ⅜-inch rivets on 1⅜-inch centers, driven cold under 60,000 pounds pressure seal the joints. Then arc welding seals the seam.

Casing and Bonnet: Made of 26-gauge galvanized iron. Made dust tight by the connection with casing rings.

Triple Seal Vented Air Channel: An exclusive feature. The air channel is so vented that a constant natural draft positively removes all gases which might have entered warm air chamber.

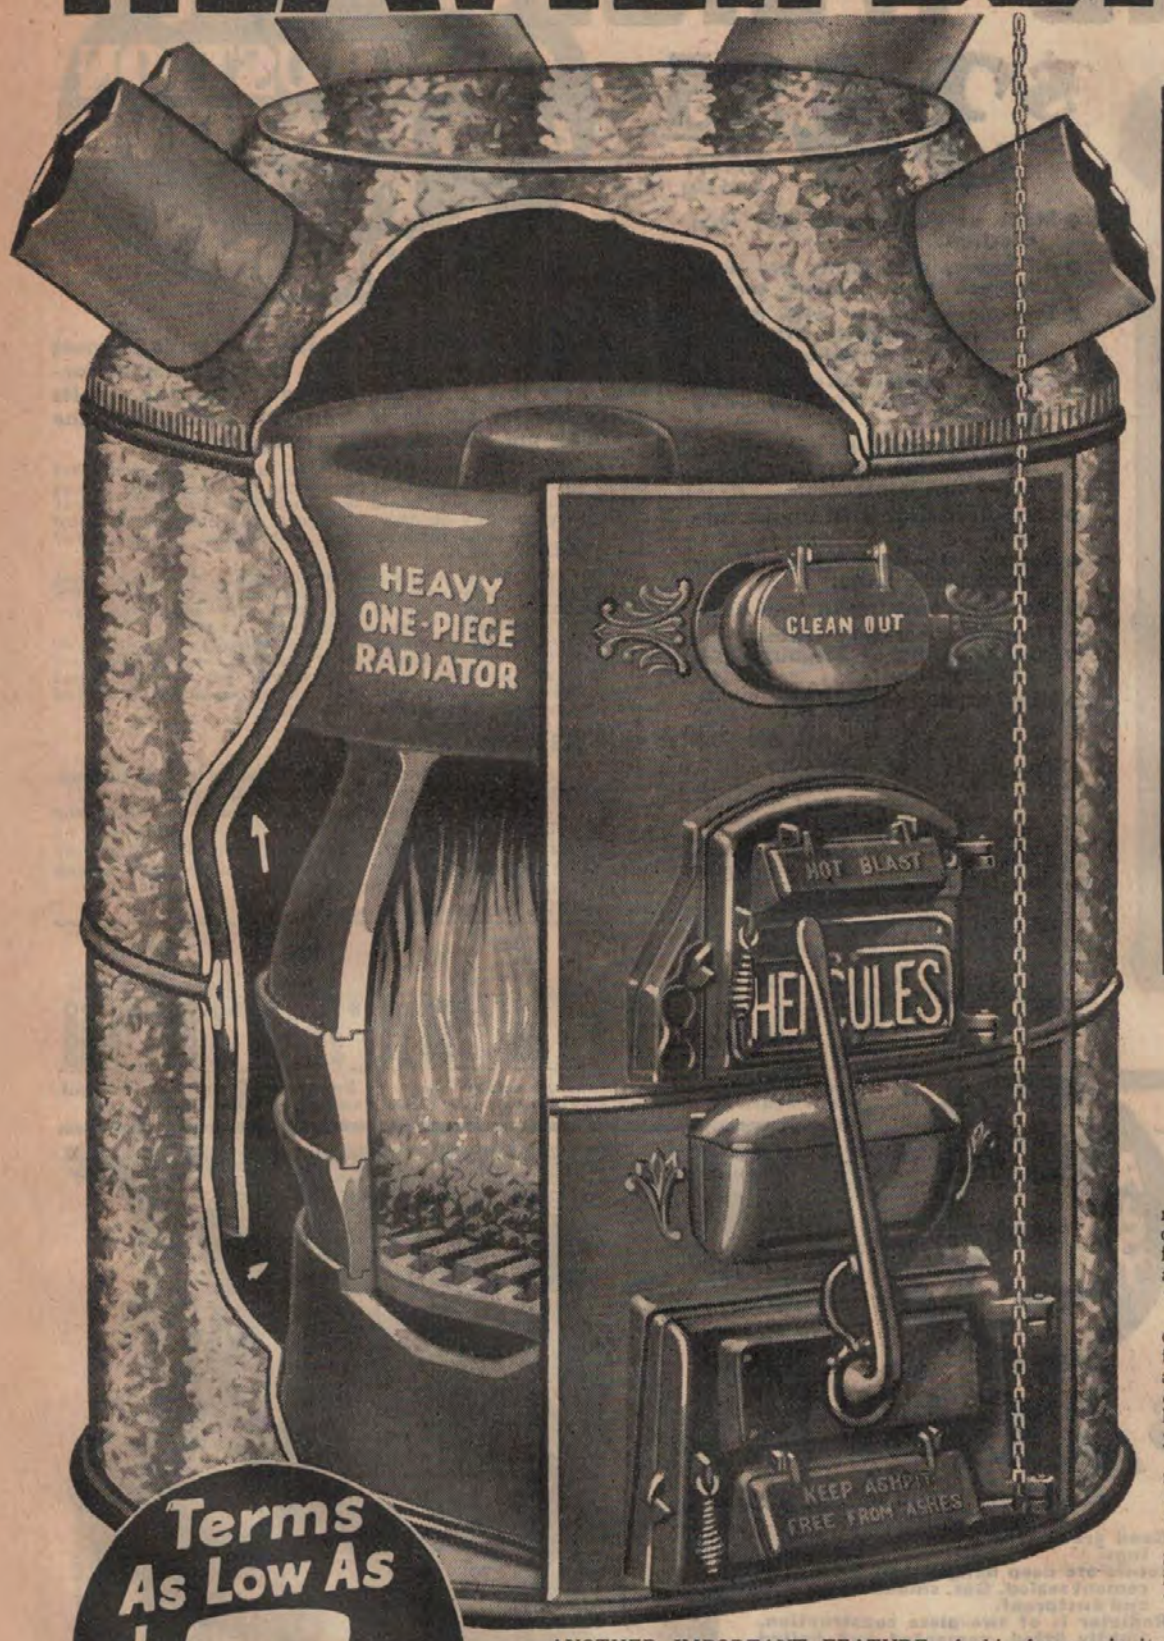
Tapped for Hot Water Coil.

This Steel Furnace with a Pipe Furnace housing makes an ideal heating unit, suitable for any requirements. Prices include furnace complete with casing, check draft, poker, shaker handle, draft regulating dial with chain.

For Easy Payments See Page 876.

Shipped by freight from Eastern Penn., Eastern Mass., or Southeastern Mich. Not Prepaid.

42KM8400½—State size (Diameter of Drum) wanted.



Terms As Low As $7 DOWN

1—One-piece copper bearing steel body of flanged steel quality, 3/16 in. thick. Meets the requirements of the American Society of Mechanical Engineers code for boiler steel.
2—All seams and joints strongly riveted and welded. Absolutely gas, dust and smoke-tight.
3—Radiator of heavy gauge flanged quality copper bearing steel, WELDED into one seamless piece.
4—Extra deep 14½-in. firepot, lined with 1¾-in. clinker resisting fire brick, straight sides.
5—Feed door is 12¾-in. x 15¾-in.—an unusually large size. Fitted with a smoke curtain.
6—Special HOT BLAST unit in conjunction with lining in feed door preheats air and consumes gases.
7—Special radiator baffle plates increase flue travel.
8—Connection between radiator and drum is welded to each and has an asbestos gasketed joint. This, with a cast iron sleeve through which the fire and gases travel make the joint absolutely leakproof.
9—Direct draft attachment prevents smoking while firing.
10—Roller bearing DUPLEX grates. Outer ring rotates; center dumps clinkers. Accommodates all types of fuel.
11—Fire pot lined with finest clinker-resisting fire brick obtainable.
12—26-gauge galvanized casings with one-inch air space insulation.
13—3-gallon capacity humidifier.
14—Roomy ashpit with large removal door.
15—Permanently air-tight! Especially adapted to oil burner installation.

HEAVIER BUILT for Harder Service!

QUALITY FACTS

- Made of extra heavy, smooth gray iron castings throughout.
- All seams and joints are tightly fitted and firmly cemented. Gas, smoke and dust-proof.
- Massive one-piece radiator. Larger and heavier than most others—adding greatly to fuel economy.
- Extra deep two-piece fire pot permits expansion and contraction. Considerably heavier than fire pot of most other furnaces.
- Feed door is unusually large size.
- Hot Blast unit preheats air and consumes smoke and gases.
- Radiator, feed door and ash pit sections extend through the front.
- Heavy, durable combustion dome.
- Triangular Grate Bars, revolving clinker-breaking type. Waist-high shaker handle.
- Double 26-gauge galvanized casings with one-inch air space insulation.
- Bonnet of 26-gauge galvanized iron, double seamed and riveted.
- Deep water pan supplies moisture needed for comfort and health.
- One-piece ashpit with large removal door; Dustproof.
- Openings are provided for hot water coil.

Terms As Low As $5 DOWN

Compare the above features with those of any other furnace made. *Look inside the casing* and see just why this is one of America's most enduring and most economical cast iron furnaces. Why we are so proud of this mighty heater—with all the features of the most expensive cast iron furnaces elsewhere at just about two-thirds their price.

Note, for example: The extra heavy radiator, combustion chamber and fire-pot castings. These are distinctive Hercules features. Heavy doors, fronts, bottoms and ash pits build up an impressive total weight—but they just don't mean anything. *Sears offer extra weight where extra weight counts.* Our extra heavy radiator, combustion chamber and fire-pot castings add years to the life of your Hercules furnace.

Please note that this cast iron furnace is air tight! The number of joints has been greatly reduced. The few that remain are tightly sealed—making the furnace dust-tight, smoke-tight and gas-tight.

Better still, the Hercules has an extra large *one-piece cast iron radiator.* Being much larger and heavier than most others, it adds greatly to fuel economy. It extends well out into the warm air chamber—providing a far greater radiation surface than most others.

ANOTHER IMPORTANT FEATURE of this furnace is its special **hot blast unit.** This produces a stream of fresh air which mixes with the hot gases above the coals, aiding greatly in combustion. It is a great fuel saver—and prevents heat from being wasted up the chimney.

Please note also that the radiator, feed door and ashpit sections extend through the front. This eliminates a number of joints inside the casing and forms a permanent protection against leakage of smoke, dust and gas into the warm air chamber.

The fire pot is also extra deep. This permits banked fires for far longer periods than in an ordinary furnace. Being cast in **two pieces,** it provides for expansion and contraction due to temperature changes.

HERCULES Warm Air Pipe Furnace

IN THE TABLE BELOW we show the size house (number of rooms) each size furnace will comfortably heat. If you live in a very cold climate, or if you have exceptionally large rooms or your house is unusually hard to heat, we recommend ordering a furnace one size larger. If you prefer, we will estimate the size furnace required for your particular building. This service is free. Write for estimate and enclose sketch.

Prices include furnace complete with galvanized top and casing. Top bonnet of furnace is shipped without holes for the warm air pipes, as these can be easily cut as required when furnace is being installed. Warm air pipe, cold air pipe, registers, smoke pipe, etc. are not included; see page 895 for prices. If desired, we will furnish Free Estimate on a complete warm air heating system, including necessary warm air pipe, registers, cold air pipe and fittings.

Every effort has been made to make the Hercules give the most heat possible at the lowest possible operating cost. To this end we have designed this furnace according to the very best principles of scientific furnace design. Every part fits with mathematical precision. Every inch of the castings, the flue passages, and the radiator has been carefully worked out in accordance with the most accurate known engineering principles.

STANDARD WEIGHT FURNACE

$34.95 CASH And Up

- Made of good grade gray iron castings.
- All seams and joints are deep flanged and cement sealed.
- Two-piece radiator with double cup joint—tightly fitted, cemented and bolted together.
- Strong, ribbed combustion dome. Sturdy and deep jointed.
- Two-piece ribbed fire pot—strong and durable with deep leak-proof cup joints.
- Large feed door with smoke curtain.
- Roomy ash-pit—plenty of air space below grate.
- Hot Blast opening in feed door.
- Triangular bar-type grates.
- Double casing of 26-gauge galvanized iron.
- Large capacity water pan.

SCIENTIFIC COMBUSTION *with* POSITIVE FUEL ECONOMY

The *Volcano* cast iron furnace was built to meet the needs of those who want a standard weight furnace at a low price. It gives good heating results where the air supply is from the inside, and the warm air pipes are not over average length.

Frankly, at the price we ask, this furnace is a wonderful value. Literally thousands of people can now heat their homes with furnace heat who could not have done so before. Best of all, they can buy on easy payments. As little as $5 down will bring you this furnace—see table below. So why wait? Send TODAY—NOW!

When comparing prices elsewhere, please remember that our low price is positively the LOWEST at which a QUALITY furnace can be sold. Others may offer prices close to ours—but they cannot offer Volcano quality at our price.

We guarantee all castings to be fire-resistant and long-lived. Although the fire pot, combustion chamber, and radiator are not as heavy as those in our Hercules, they are of a good grade, and will give good service. The fire pot and combustion chamber are ribbed for extra strength.

Volcano Warm Air Pipe Furnace

If you live in a very cold climate, or have exceptionally large rooms, or your house is unusually hard to heat, we recommend ordering a furnace one size larger than the one indicated below.

If you prefer, we will estimate the size furnace required for your particular building. This service is free. Write and enclose sketch stating whether you wish an estimate on furnace only or on a complete warm air system. Prices below include furnace complete with galvanized top and casing.

Top bonnet of furnace is shipped without holes for the warm air pipes. These can be easily cut as required when furnace is being installed. Warm air pipe, cold air pipe, registers, smoke pipe, smoke damper, etc., are not included.

42KM8320¼—State size (Fire Pot diameter) wanted.

For Small Homes VOLCANO CAST IRON PIPELESS FURNACE

Terms As Low As $5 DOWN

$49.95 CASH And Up

This furnace is primarily for small homes. In small buildings—up to 7 rooms—this type of furnace is a wonderful heater. Those who have tried the pipeless type of furnace say that it keeps the entire house warm in the coldest weather—at just about the same fuel cost of a single room heater. We have thousands of letters from satisfied customers who say that their pipeless furnaces take the place of two to four stoves at no extra fuel cost.

The Volcano Pipeless furnace is a wonderful value for the money. Although our Hercules, described on the opposite page is a heavier, better grade furnace, the Volcano is well worth the low price we ask.

The Volcano is built right! . . . According to the very best heating standards. It is made of good grade iron castings. All essential castings are of the right weight for long service. All joints are deep lapped and smoke, dust and gas-tight. A large radiator, combustion chamber and fire pot produce ample heat radiation for the coldest weather. The register is handsomely finished in oxidized copper. Burns hard and soft coal, coke or wood.

A small down payment will bring you this furnace. Then pay only a few dollars a month.

When ordering on Easy Payments, use Time Payment Order Blank in back of catalog.

- —Good grade gray iron castings.
- —Joints are deep flanged and cement sealed. Gas, smoke and dustproof.
- —Radiator is of two-piece construction, tightly fitted, cemented and bolted together.
- —Combustion Dome is of strong ribbed design. Sturdy and deep jointed.
- —Firepot is ribbed and cast in two pieces. Strong and durable with deep leak-proof cup joints.
- —Large feed door with smoke curtain.
- —Ash pit is extra roomy—with plenty of air space below grate.
- —Hot Blast opening in feed door.
- —Grates are triangular bar type.
- —Outer casing of 26-gauge galvanized iron—Draw band connected.
- —Circulating 1-in. air space insulation between cold air intake and warm air chamber.
- —Large capacity water pan.
- —Cast iron register with oxidized copper finish.

SIZE TO ORDER

Table below shows the size house (number of rooms) each size furnace will comfortably heat. If you live in a very cold climate, or if you have exceptionally large rooms, or your house is unusually hard to heat, we recommend ordering a furnace one size larger.

Prices are for furnace complete, with floor register, casing, shaker handle, poker, check draft, damper regulating dial with chain and pulleys, and cement. Furnace is adapted for basements 6 to 8 feet in height. Extensions for higher basements furnished at extra charge.

Shipped from Eastern Penna., Eastern Mass. or Southern Ohio. Not Prepaid.

Low Prices Buy BETTER QUALITY at Sears

SAVE COAL

ONLY ONE FIRE TO HEAT YOUR HOME

. . More Radiating Surface!
. . Superior Circulation!
. . Massive and Heavy

$57.50 CASH And Up

Why waste fuel and labor on one, two or three fires when only ONE, the right one, will heat your home better for less money? One furnace fire is much cheaper than two or three small fires —and is surely much easier to handle. So why not decide TODAY to have a really WARM house at less labor and expense? NOW is the time to buy while prices are at rock bottom. Prices may never be so low again.

Remember! A very small deposit will bring you this mighty Hercules furnace. The finest cast iron pipeless furnace we know of. . . . And our Unconditional Guarantee of Satisfaction will protect you. If after you receive it you are not satisfied that it is worth far more than the price we ask, send it back. We will refund all you have paid.

- **Best quality heavy cast iron throughout.**
- **Deep, heavily flanged joints, tightly fitted and firmly cemented. Gas-tight, smoke-tight and dust-tight.**
- **Extra large one-piece radiator. Larger and heavier than most others. No joints to leak.**
- **Deep two-piece fire pot. Much larger and heavier than most others.**
- **Extra large feed door for easy firing.**
- **Hot Blast unit with built-in smoke consumer.**
- **Radiator, feed door and ash pit sections extend through the front.**
- **Heavy and durable combustion dome.**
- **Triangular Grate Bars, revolving clinker-breaking type. Waist-high shaker handle.**
- **Double 26-gauge galvanized casings with one-inch air space insulation. Secured by draw bands.**
- **Large water pan moistens air for health and comfort.**
- **One-piece ash pit with large removal door. Dustproof.**
- **Openings are provided for hot water coil.**
- **Heavy cast iron floor register.**

One of America's Finest Cast Iron Pipeless Furnaces

YES! We consider this Hercules to be one of America's finest cast iron pipeless furnaces. It has all the features of the most expensive furnaces elsewhere—yet our price is far below what others ask for inferior quality.

Please note for example that all essential castings are considerably heavier than those of many more expensive furnaces elsewhere. This is important. The radiator, combustion chamber and fire pot being so much heavier, add many years to the life of your furnace. *Hercules cast iron furnaces have extra weight where weight counts.* Please bear this in mind when comparing prices. The Hercules is air-tight, smoke-tight and gas-tight. All joints are deep grooved and tightly sealed.

The Hercules has a giant one-piece cast iron radiator. Being so much bigger and heavier, and filling the warm air chamber so completely as it does, *it has far greater radiation surface than most other furnaces* . . . and you know that heating power depends on radiation surface!

The radiator, feed chute and ashpit sections extend *through* the front. This prevents smoke and dust from getting into the warm air chamber.

An extra deep pot permits long banked fires. Made in two pieces to provide for expansion and contraction due to temperature changes.

Where it is desired to place the furnace under a partition, we can furnish a deflector for the register so the warm air can be diverted to either of the rooms above. This deflector costs only a few dollars extra, depending on size of furnace. Write for prices.

Hercules Pipeless Furnace

In the table below we show the size house (number of rooms) each size furnace will comfortably heat. If you live in a very cold climate, or if you have exceptionally large rooms, or your house is unusually hard to heat, we recommend ordering a furnace one size larger. If you prefer we will estimate the size furnace you require for your building. This service is absolutely free. Write and send sketch, or ask for our special Heating Information blank.

Prices are for furnace complete, with floor register, casing, shaker handle, poker, check draft, damper regulating dial with chain and pulleys, and cement. Furnace is adapted for basements 6 to 8 feet in height. Extensions for higher basements furnished at extra charge. All furnaces with fire pots 22 inches and larger have two shaker grate bars instead of one as illustrated.

Shipped from factory in Central New York, Southern Ohio, Northeastern Mass. or Eastern Penna. Not Prepaid.

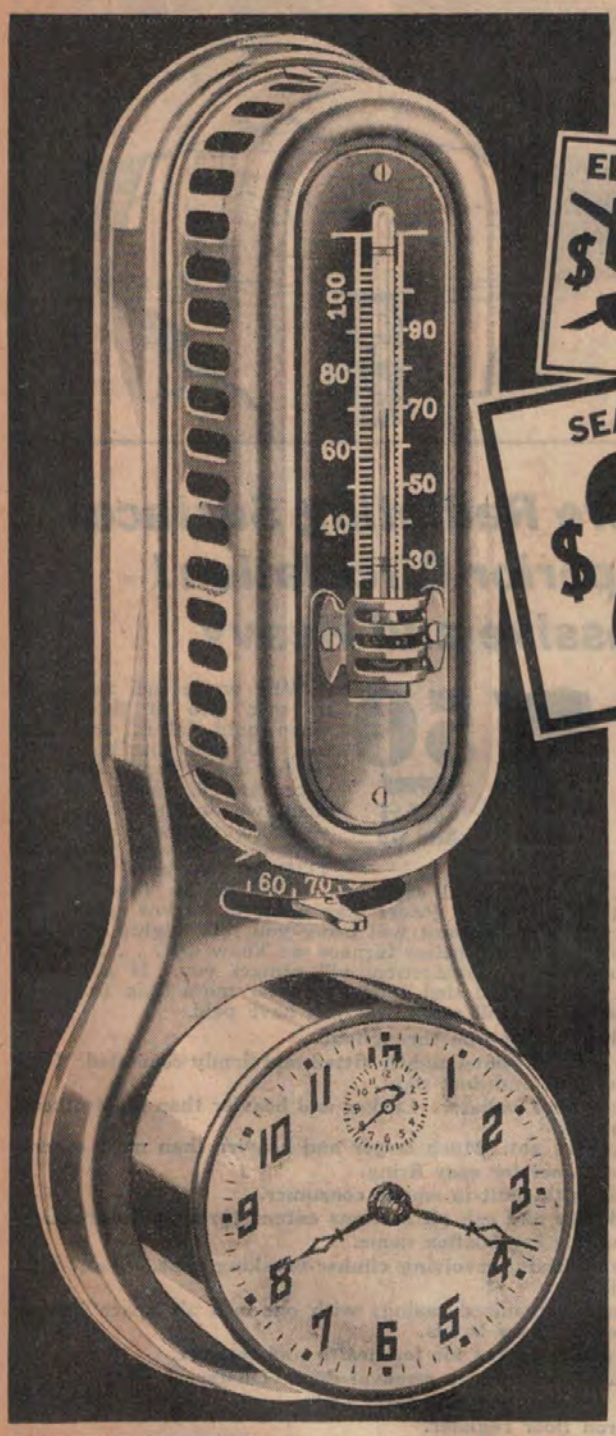
EASY TO INSTALL



With every Hercules Furnace we send a complete instruction book. Every step in setting up the furnace is clearly illustrated and explained. Any inexperienced person can easily install the Hercules by following these simple directions.

See Complete Index in BACK of this Catalog

SAVES FUEL!

HERCULES HEAT REGULATOR

» »

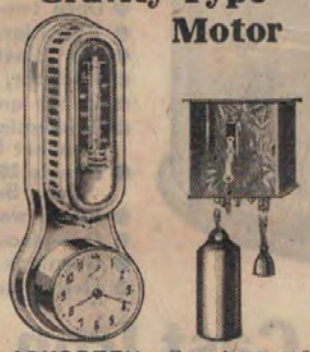
Automatically keeps your room temperature at the comfortable point all the time—lower during the night —warmer in the daytime—to the exact degree you yourself decide is best. Operates draft, damper and check, saving many trips to the basement.

ELSEWHERE ~~$50.00~~

SEARS PRICE **$22.50** Post Paid COMPLETE

Costs ½ of Prices Elsewhere

YOU simply can't afford NOT to have the HERCULES HEAT REGULATOR *maintain your house temperature.* If it cost twice as much it would still be a *splendid investment.* It *saves fuel, lessens labor and promotes health and comfort—automatically!* Once installed, you'd never be without it. In our drive to bring prices down, we've taken this Regulator out of the luxury class. You don't have to pay (as some companies ask you) $150, $100, or even $50! HERCULES HEAT REGULATOR is yours for as little as $22.50—*the lowest price in history.* It's absolutely *dependable*—will do exactly what any expensive regulators will do and keep on doing it month in and month out, year after year. Sears guarantee it!



Controls Temperature Automatically

There are three types to choose from, priced at $22.50, $27.95 and $38.75 respectively. The differences in construction and operation are explained below. Each operates draft, damper and check, regulates the fire properly, prevents over-heating, saves many trips to the basement, and maintains the room temperature you want in the daytime and at night. *Opens dampers in the morning so you can get up in a warm house.* Cuts fuel costs to a minimum and aids in the prevention of colds.

Without a regulator, your room temperature is seldom "just right." Some one forgets and the thermometer jumps several points past 70 degrees. Perhaps the next time a thought is given to the fire it is nearly out. Then a trip to the basement—inconvenient and time-consuming.

The Regulator consists of an attractively designed thermostat, containing a metal coil that is extremely sensitive to temperature variations, yet *absolutely positive in operation.* It connects to a motor in the basement which operates the furnace drafts. It is *easily installed* without special tools. Our simple instructions tell you how.

Gravity Type Motor

42K8875¼—Complete outfit includes room Thermostat in brushed Brass case, with 24-hour clock and thermometer; gravity type motor, chain and wire for damper attachments. **Batteries included.**

Motor is wound by pulling up, once each day, the chain to which the weight is attached. Motor gives 18 to 20 actions with one winding. **Postpaid.**
Cash Price..... **$22.50**
Easy Payment Price, $4 down, $4 per month..... **$25.00**

Electric Motor

42K8876¼—**Electric Motor, requires no winding.** Complete outfit, for use with 110–120-volt, 60-cycle A.C. house lighting circuit. Includes 24-hour clock thermostat (same as on 42K8875¼ at left), electric motor, chains, fittings and complete instructions. Uses current only when opening or closing drafts.
Cash Price, Complete, **Postpaid**..... **$27.95**
Easy Payment Price, $5 down, $5 per month..... **$30.95**

8-Day Clock

42K8878¼—Complete outfit same as 42K8876¼ at left except with beautiful 8-day jeweled clock thermostat. With this outfit only attention necessary is winding clock once every 8 days. For 110–120-volt A.C. 60-cycle house current. **Postpaid.**
Cash Price..... **$38.75**

When Ordering on Easy Payments, Use Time Payment Order Blank in Back of This Catalog.

AS LOW AS **$4** DOWN

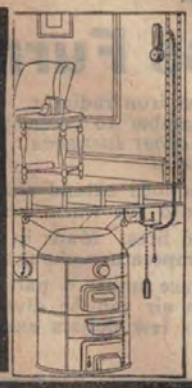

Illustration at left shows New Heat Regulator used in connection with a Warm Air Furnace. It is attached in the same manner to a Steam or Hot Water plant or to a Pipeless Furnace.

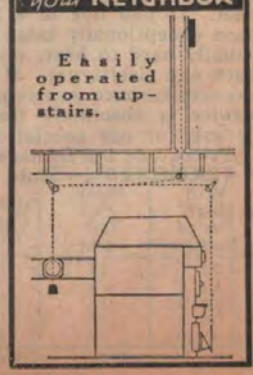
Damper Regulator for Hot Water Boilers

$5.95 *Postpaid*

—All metal construction.
—Bearings are rust-proof.
—Complete with 40-inch lever, adjustable weights, 2 ceiling pulleys and 18 feet of chain.
—1-inch boiler connection.

This is a great fuel saver and will save many trips to the basement. Prevents overheating or under-heating. Automatically regulates position of draft and check dampers according to temperature of water desired. Once set, never requires attention. Shpg. wt., 11 lbs.

42K8850—Postpaid..... **$5.95**



$5.59 *Post Paid*

HERCULES Draft Regulator

—All-metal case, silver finish.
—Equipment includes Regulator, 1-day clock, thermometer, wire cable, chains, pulleys and complete instructions for installation.

This simple, inexpensive device automatically opens furnace drafts in the morning and also permits manual control of drafts from upstairs during the day. At night you simply wind the clock and set it for the time you want the heat to come up in the morning. It opens the drafts and warms the house before you get up. Besides it also saves many trips to the basement during the day. Adds greatly to your comfort and cuts down materially on fuel consumption. Shipping weight, 3 lbs.

42K8855—Postpaid..... **$5.59**

RADIATORS RETAIN HEAT LONGER

With Vacuum RADIATOR VALVES

—Thermostatic float type
—Handsomely designed; chromium plated

Makes radiators hold heat longer, saves fuel and provides more even heat. Allows cold air to escape, but prevents cold air from being drawn into radiator as steam condenses. Simple construction; see cross-section illustration at right. When heat reaches valve, expansion causes inner shell to rise and close opening, preventing escape of steam. As heat dies and float drops, the ball seats in opening and prevents intake of cold air, causing a vacuum. Water boils at a lower temperature in a vacuum operating system, requiring less fuel to obtain steam.

42K8972—Postpaid. Each..... **$2.00**
Six Postpaid for..... **$9.98**

Quick Vent Vacuum Valve

—For return lines
—Threaded ¼ inch

Used for venting mains, in connection with 42K8972 listed above. Assures even heat.

Compound Altitude and Pressure Gauge

—Indicates water height and pressure—3½-inch face

For closed (Tank in Basement) hot water heating systems. **Postpaid if part of $2 order.**

42K8951—Shpg. wt., 12 oz..... **79c**

Compound Pressure and Vacuum Gauge

—Diameter, 3½ in.
—Indicates pounds pressure
—Indicates inches vacuum
—Stop cock included

42K8953—Shpg. wt., 1 lb. 4 oz. **Postpaid if part of $2 order.... $1.69**

Low Pressure Steam Gauge

For steam boilers. 3-inch case. Contracted dial. Indicates to 30 lbs. **Postpaid if part of $2.00 order.**

42K8952—Shpg. wt., 12 oz..... **79c**

Hot Water Thermometer

—For hot water heating systems
—Indicates temperature up to 260 degrees Fahrenheit
—Has ½-inch pipe thread

Shpg. wt., 1 lb. 8 oz.

42K8950—Postpaid if part of $2 order..... **59c**

Compression Air Valve

Nickel plated brass. Threaded ⅛ inch. Shpg. wt., 2 oz. **Postpaid if part of $2 order.**

	Each	½ Doz.
42K1781—Valve only.	6c	30c
42K1782—Key only...	3c	15c

FITTINGS

Hot Water Radiator Valves

—Nickel plated brass, with union

One-half turn opens valve.

42KC1776
Not Prepaid.

Size	Shpg. Wt., ea.	Each	½ Doz.
¾ in.	1 lb. 8 oz.	$0.72	$3.60

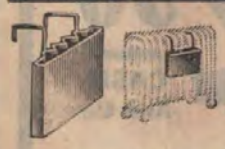
DURABLE · ARTISTIC · RADIATORS *Priced Low*

21½c PER SQ. FT.

—High grade Cast Iron, carefully machined, beautifully designed
—Expose maximum heating surface, using minimum of room

Radiators of classic beauty at the very latest low price levels. Shipped completely assembled. State no. of sections and height wanted. To determine length, figure 2½ inches per section. To figure cost, multiply square feet per section by no. of sections, to get total sq. feet. Multiply this by price per sq. foot.



Shipped from West. Penn., Cent. N. Y., West. N. Y., N. E. Mass., Phila., Newark or Washington. Not Prepaid. Send order to Phila. or Boston.

Radiators weigh about 6 lbs. per sq. foot.	Height of Radiator	Square Feet Per Section	Price per Sq. Ft.

HUMIDIFIERS FOR HEALTH

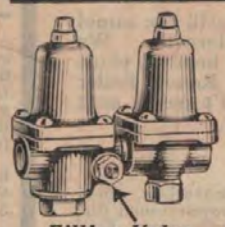
Hercules Air Moistener

—Galvanized sheet metal
—Gold bronze finish
—Gives desired humidity

Hangs on back of radiator; keeps air moist by evaporation of water. **Postpaid if included in $2.00 order.**

42K8915—Shpg. wt., 4 lbs..... **35c**

Our Finest Air Moistener



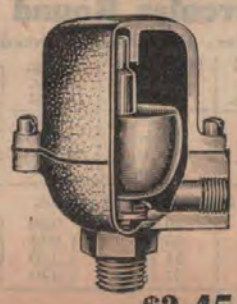
—Fits between columns of radiator
—Made of sheet steel, gold bronzed
—Watertight welded seams
—Heavy asbestos wick quickens evaporation. Height 6 in. Length 18 in.

Shpg. wt., 2 lbs.

42K8916—Postpaid when included in orders of $2.00 or more..... **69c**

RELIEF VALVE

Filling Valve

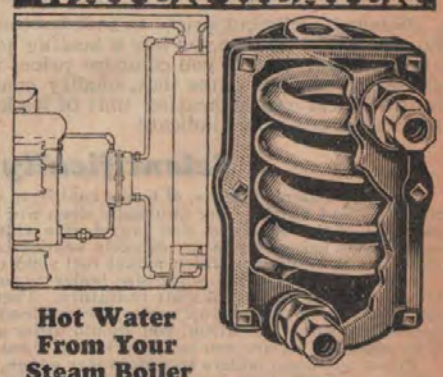


Hercules Automatic Pressure Relief and Regulator Valve

—For hot water heating systems
—Maintains constant pressure
—Speeds water circulation
—Threaded for ½-inch pipe
—Body and working parts of brass
—By-pass valve for initial filling

Every hot water heating system needs this efficient regulator. It saves time, trouble and expense. Eliminates the expansion tank altogether. Simple in design. Easily installed on old or new jobs in a few minutes' time.

42K1752—Postpaid..... **$8.95**



Prevents Excessive Pressure

—Listed as standard by Underwriters' Laboratories
—A Safety Relief Valve should be on every closed hot water heating system
—Gives Positive protection
—Releases when pressure in system reaches 30 lbs.

42K1751
Postpaid..... **$3.45**

INDIRECT WATER HEATER

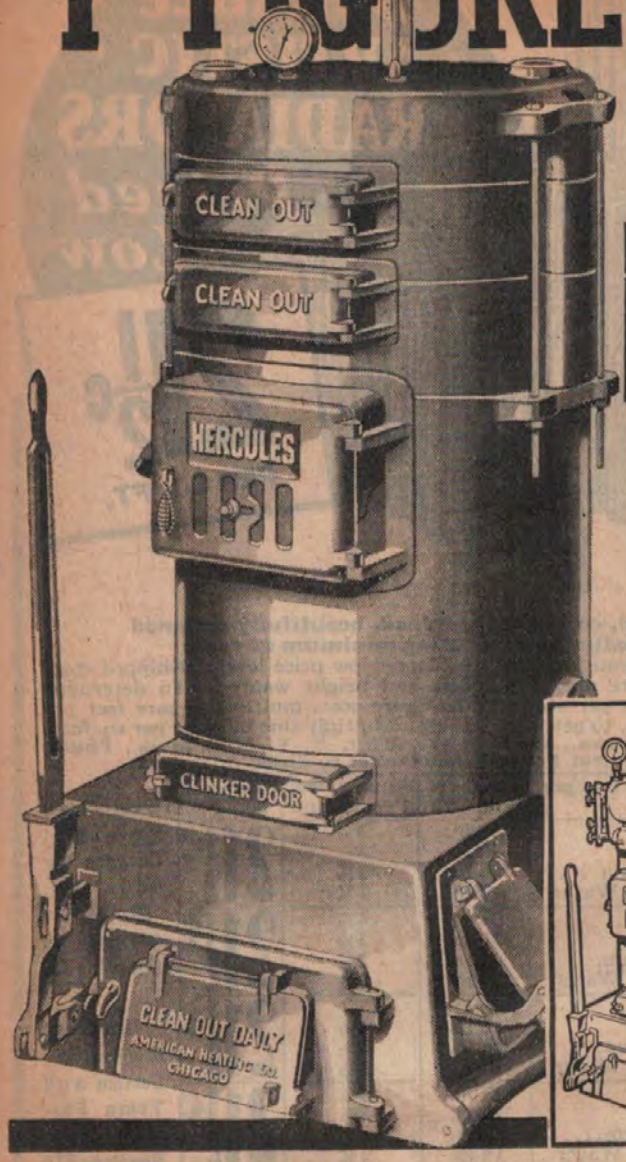
Hot Water From Your Steam Boiler

—Heavy cast iron construction
—Heavy copper coil with brass unions
—Simple to clean
—Easy to install (see illustration)

If you have a steam heating plant, use the steam boiler for your hot water needs—install this Indirect Water Heater. Supplies all the water needed for household use at no cost whatsoever. Save your gas or coal water heater for summer use.

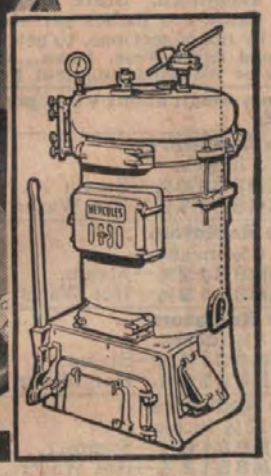
Water from range boiler circulating through heavy copper coil is heated by steam from boiler.

42KC2580¼—Capacity, 30 gallons. Size, 8½x5½ inches. All connections, ¾-inch. Shpg. wt., 14 lbs.
Not Prepaid..... $2.25



42KC2581¼—Capacity, 40 gallons. Size, 10x5½ inches. Coil connections, ¾-inch; shell connections, 1 in. Shpg. wt., 17 lbs. **Not Prepaid..... $2.98**

"I FIGURE THAT WE SAVED On Our HERCULES



. . . . . Writes Mr. B . . . . . of McKinley, Minnesota. (Name on request.) Here's what he says: "We are much pleased with the Hercules steam heating system which we purchased from you. We figure that we saved about $150 by installing your plant. It keeps the entire house at 80 degrees when the thermometer registers 38 below zero. We burn soft coal. We are now able to keep all our rooms warm—something we could not do with stoves. We gladly recommend your plant to anyone."

EASY TERMS AS LOW AS $5 DOWN

See Page 876

Small illustration below shows Hercules Round Steam Boiler.

HERCULES ROUND BOILERS

$42.50 CASH And Up

Compare Prices—
Compare Quality!

—Heavy cast iron construction throughout.
—Three sections above firepot, with staggered flue passages, giving a long fire travel.
—Large, heavy tie-rods, insuring close-fitting joints.
—Deep, large coal capacity firepot, with ample combustion space.
—Rocker type grate bars, easily operated by long shaker handle.
—Large firing door with built-in smoke and gas consumer.
—Scientifically planned cleaning facilities.

Although we've cut prices to rock bottom, Hercules quality is still the same! So play safe. Before you buy a heating plant, investigate the Hercules. We are confident that if you compare prices and quality with any heating plant elsewhere, you will agree that, quality considered, the Hercules Round Boiler is the lowest priced heating unit of its kind in America. Don't pay a cent more than our prices indicate

Scientifically Designed

Hercules Round Boilers, of heavy cast iron, are equal to the best in materials, workmanship and finish. The unusually deep fire pot and scientifically proportioned flue sections with staggered fire travel give this boiler great heating efficiency. Fuel economy is gained by large, directly heated radiating surface, and by the highly efficient smoke consumer which makes fuel yield the last unit of heat.

Important. To find what size boiler to order, you need to know only the square feet of heating surface of your radiators. Then order a boiler of corresponding capacity as shown in table below under "actual load." For instance, if you have 350 square feet of hot water radiation, you should order a boiler with 20-inch fire pot. However, if in doubt as to size you need, write for Free Heating Estimate Blank 6095K.

Prices on steam boilers include water gauge, try cocks, steam pressure gauge, safety valve, and diaphragm damper regulator. Hot water boiler prices are for boilers only. (For altitude gauge, thermometer, etc., see page 901.)

Shipped Not Prepaid from Eastern Mass., Southeastern Penna., or Western Pennsylvania. For Easy Payments see page 876.

Prices and Specifications, Hercules Round Boilers

42KM8600⅓—Hot Water Boiler. State Size Wanted.

See opposite page for Estimated Freight Charges.

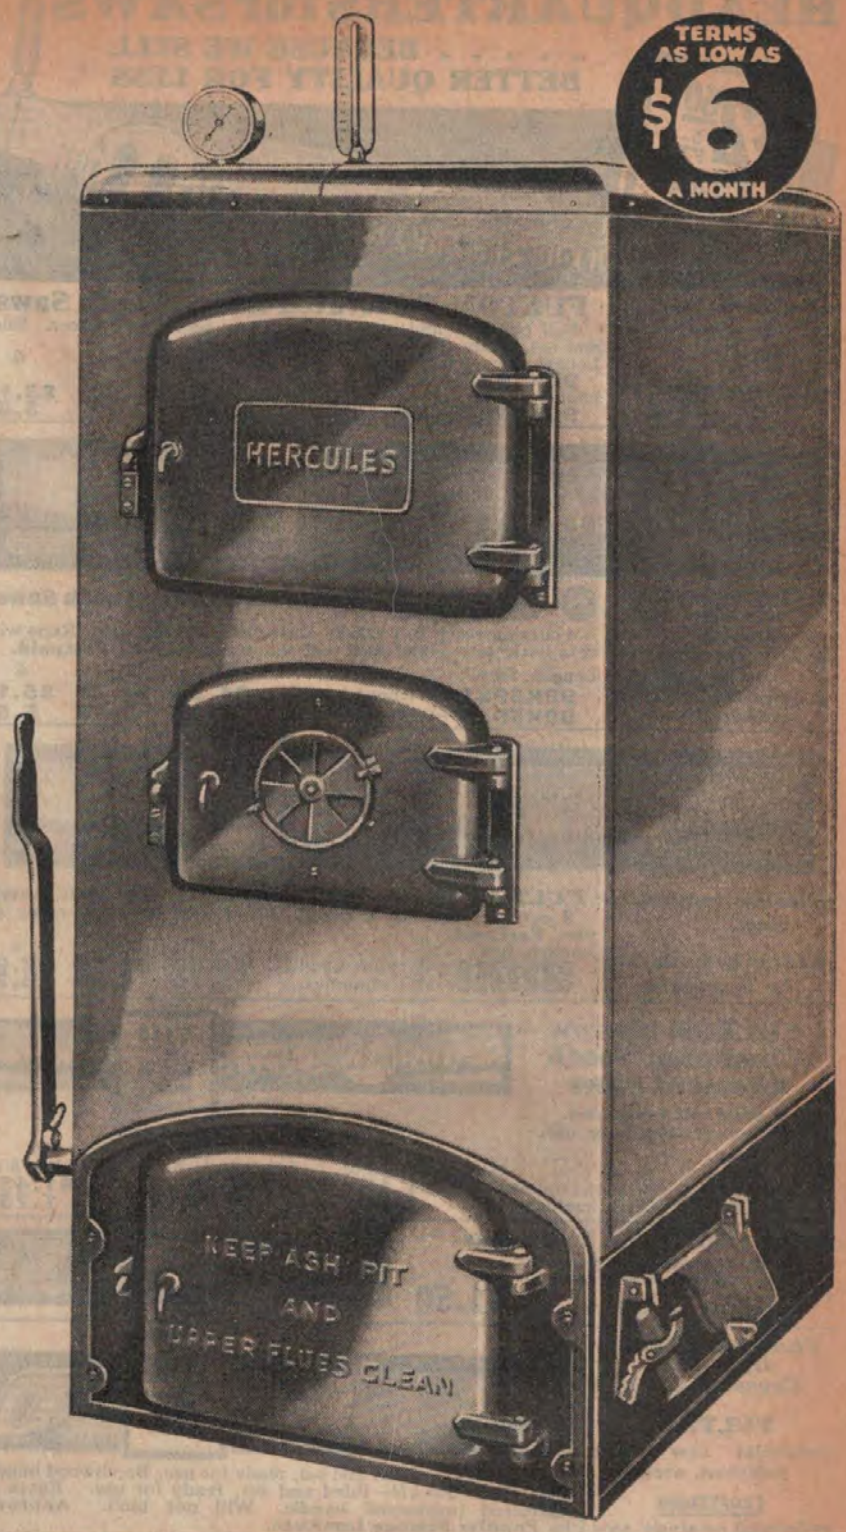
For BIG BUILDINGS—APARTMENTS, CHURCHES and SCHOOLS

—Large, efficient Combustion Chamber.
—Unusually long back and forth flue travel.
—Deep water legs and ample waterways.
—Heavy rocking and dumping type grate bars.
—Jacket insulated with 4-ply air cell asbestos.

$129.50 CASH And Up

A boiler made famous by its long-lived service. Hercules extra large series sectional boilers are unexcelled for heating large buildings. They are as efficient a type of boiler for their size as any on the market. Enormous heating surface and unusually long flue travel give remarkable heating efficiency. The greatest freedom of circulation is afforded by the large water passages in the sections. Flue space is arranged so the hot gases are compelled to travel three times the length of the boiler.

These boilers are shipped in sections, enabling them to be taken through the narrowest basement doorway. The sections are joined by slip-nipples, which make an absolutely tight joint. At the prices we ask they represent tremendous savings. Height of sections, 58½ in. Take smoke pipe, 12 inches. Width of grate, 27¾ inches. Trimmings included.



Shipped from Eastern Mass., Central N.Y. or Northern Ohio. Not Prepaid. For Easy Payments see page 876.

ABOUT $150.00 Heating Plant"

But that isn't all! Mr. B..... is but one of literally thousands of satisfied Hercules owners. Letters in our files from all over America tell of the high heating efficiency and the fine quality of Hercules heating plants. Best of all, they tell of literally hundreds of dollars saved on each installation—savings that run up to one-half what others have asked for similar installations. You too can save money on a Hercules heating plant.

HERCULES SQUARE BOILERS

—Heavy gauge red and black enameled steel jacket, lined with asbestos board insulation.
—Boiler assembled in vertical sections, interconnected with tapered push nipples.
—Large fire pot; improved hot blast smoke consumer.
—Generous size ashpit; heavy rocking grates, triangular clinker-breaking type; draft door on side.
—Height of boiler, 58 inches overall.
—Joints are dustproof because castings are ground to smooth finish.

$54.50 CASH And Up

Hercules Square Boilers represent a mighty saving at our low prices. These boilers with their handsome red and black enameled jackets are popular everywhere. Efficiency and beauty are combined in a low priced quality boiler. They are just the thing for those who prefer to use their basements for an extra recreation room. They're clean, bright—and fit well anywhere.

Furnished With or Without the Jacket

The red enameled steel jacket serves a practical purpose—its thick asbestos lining blankets in the heat. However, the boiler may be purchased with or without jacket. Burns hard or soft coal, coke or wood; can be converted into oil or gas burning unit. Boilers are all 58 inches high overall, and take 9-inch smoke pipe. Firing tools include the hoe, poker and flue brush. **Prices below on steam boilers include steam trimmings complete. Prices on hot water boilers include firing tools but do not include gauge or thermometer.**

IMPORTANT! To find what size of boiler to order, you need to know only the number of square feet of radiation capacity of your radiators. For example, if your radiators total 480 square feet of radiation, you should use a boiler whose actual load capacity is 480 square feet. However, if you are in doubt as to what size to order, send for our FREE Estimate Blank P6095K. Our engineers will be glad to advise you without charge.

For Easy Payments, see page 876

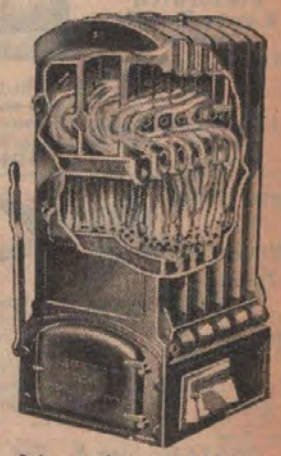
FREE Estimates

Send for FREE Estimate Blank P6095K



Take advantage of our FREE Engineering Consulting Service. All you need to do is to ask us for FREE Estimate Blank P6095K; fill it out completely and return it to us. This will give us all the information we need to make a complete estimate. It is easy to fill out.

Our engineers will then use the facts you have given us to work out all the details of an individual heating plant for your home. They will give you the lowest possible estimate of costs. Furthermore, with each heating plant we send plans and a complete instruction book, covering every step of the installation.

Better still, we will guarantee you a strictly modern heating system that will keep your home warm and comfortable regardless of winter weather conditions.

Remember! There is no obligation attached to your request for this blank. This service is FREE. We will be very glad to show you that a plant built for your needs does not cost nearly as much as you might think.

What to Look for in Boiler Design for Good Results

To be really GOOD a heating boiler MUST (1) hold fire for long intervals without attention; (2) it must produce heat quickly when needed; and (3) it must be economical in the use of fuel.

The heating economy of a boiler depends further, on

—the complete burning of all fuel, and
—the full utilization of all heat thus created.

We guarantee Hercules boilers to hold fire for long intervals. We guarantee that they will produce heat quickly. We further guarantee Hercules heating efficiency to be the equal of any heating plant, size for size, in America—regardless of name, make or price.

Watch for These Hercules Features

1—Every Hercules has a deep, roomy fire pot with ample grate area to insure proper combustion. The extra depth permits the burning of the fuel by slow and proper combustion.

2—Every Hercules has an extra long flue travel. This guarantees "quick pick-up." It permits full combustion of all gases—and the greatest amount of heating surface directly exposed to fire and burning gases.

3—Hercules boilers are equipped with an improved fuel-saving smoke-consuming device. This adds greatly to the heating delivered—and makes a great saving in fuel.

4—Correct ratio of grate surface to heating surfaces adds greatly to the efficiency of these boilers. There is no danger of too little or too much heat reaching the water columns.

HEADQUARTERS for SAWS

. . . . . BECAUSE WE SELL BETTER QUALITY FOR LESS

—Polished spring tempered saw steel.

—Taper ground, 14 to 18 gauges.

FULTON Perforated Lance Tooth Saws

Full polished and etched. 4 cutting teeth to 1 raker. Filed and set, ready for use. **Postpaid.**

Length, feet	5	5½	6
99K5927—Without handles	$2.60	$2.85	$3.15

Approved by Popular Science Institute

$1.60

CRAFTSMAN Michigan Pattern Axes

Ivory black finish. A thin keen edge bit. Thin taper punched eyes fitted securely with hickory handle; withstands 400-lb. break test. Fully guaranteed. A favorite ax in lumber camps. Choice of 3½, 4 and 4½-lb. head. State weight. **3½-lb. is most popular weight and will be shipped unless otherwise specified** Shpg. wt., 5, 6, and 6 lbs. 4 oz. respectively.

99K5661—With handle **$1.60**
9K5896—Head only **1.15**

—Hardened head prevents battering.
—Properly sharpened. Edge will not chip.
—Tapered eye prevents loose handle.
—Correctly balanced, easy to handle.
—Hickory handle. Stands 400-lb. break test.

CRAFTSMAN Dayton Pattern Axes

$1.75

—Polished tool steel bit.
—Selected octagon hickory handle; withstands 400 lb. breaking test.

Deep red enameled bevels. Large head; toughened eye. 3½, 4 or 4½-lb. head. **State weight. 3½-lb. size sent unless otherwise specified.** Shpg. wt. 4 lbs. 8 oz., 5 lbs. and 5 lbs. 8 oz.

99K5665.....**$1.75**

MERIT 3½-Lb. Axes

Michigan pattern. Forged steel. Hickory handle. Shpg. wt., 5 lbs.

99K5656—Black finish ...**79c**
99K509—Polished bit, orange head **$1.15**

Hickory Ax Handles

FEATURES *of* GOOD SAWS YOU SHOULD KNOW

CRAFTSMAN saws are made of special analysis steel, the best known to the saw industry, carefully heat treated and hardened. **FULTON** saws are good grade spring tempered steel, not so well finished as **CRAFTSMAN**.

CRAFTSMAN saws are carefully bevel filed and set and are subject to a most rigid inspection.

CRAFTSMAN saws are given proper tension by highly skilled saw makers. This is a "truing up" which rids the faces of the saws of any bumps or depressions and gives the proper rigidity.

CRAFTSMAN

An Approved Tool

26-INCH **$1.85**

Guaranteed Equal to Any $3.25 Saw on the Market

Taper Ground That's Why They Don't Bind

- **CRAFTSMAN Saws are made of special analysis steel, accurately tempered and hardened after being toothed in electrically controlled furnaces to insure uniform quality.**
- **Blade full taper ground, 4 gauges thinner on back than at cutting edge, prevents buckling or binding.**
- **Teeth bevel filed by hand to a diamond point.**
- **The handle is of applewood, carved and highly polished; securely fastened with nickel plated screws.**

Because of its many excellent features, the CRAFTSMAN Saw is fully approved by the Popular Science Institute of Standards. You get more for your money in CRAFTSMAN workmanship, design and finish. Quality is guaranteed.

COMMANDER *Ball Bearing*

$9.85 And Up Postpaid

The grease packed NEW DEPARTURE Ball Bearings insure trouble free continuous service.

Guaranteed 5 Years

- For all ordinary purposes such as running shop tools, feed mills, sign flashes, small air compressors, small power bench saws, etc.
- Windings guaranteed moisture proof.
- ¼ horse power.
- Runs on NEW DEPARTURE Ball Bearings.

What The COMMANDER Offers

1. Internal starting switch, withstands over 500,000 starts. Guaranteed a lifetime.
2. Forced air cooling.
3. Splash proof end plates.
4. Accessible terminal and reversing box.
5. Slotted base for belt tightening.
6. Equipped with NEW DEPARTURE Ball Bearings. Nothing rolls like a ball.
7. Guaranteed for 5 years, but built to last longer.

Very economical to run. Tests show that the COMMANDER Ball Bearing motor consumes 10% less current than ordinary electric motors. Base holes measure 3¾ in. across, and 5 in. from brace to brace. ½-in. pulley shaft. Speed, 1750 R.P.M. Ten feet of heavy rubber covered cord, unbreakable plug and 2-in. V-type pulley included.

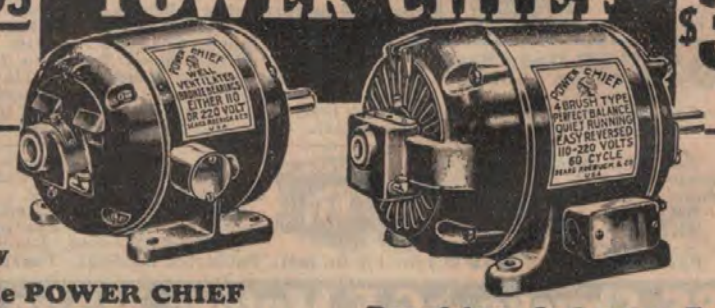
Postpaid

Same high quality as above, but larger and has double drive shaft.



—Very popular for running shop equipment such as drill presses, grinders, lathes, planes and saws.
—Windings guaranteed moisture proof.
—Has NEW DEPARTURE Ball Bearings and other refinements characteristic of COMMANDER motors.

Quiet and powerful. Complete with 10-ft. cord, plug and V-type pulley, 110 to 120-volt, 60-cycle A.C. **20K2228¼**—Postpaid..... **$11.50**

POWER CHIEF

$14.95 CASH ¼-H.P.

$38.50 CASH 1-H.P.

¼ and ⅓-H. P. Sold for Cash Only

$6.50 DOWN 1-H. P.

What the POWER CHIEF Motor Offers

1. Semi-enclosed, well cooled protective design.
2. Interchangeable for either 110 or 220 volts. Direction of rotation also easily changed.
3. Oversize phosphor-bronze bearings.
4. Wool yarn filtered oiling system.
5. Quiet running—due to perfect balance and rigid mechanical construction.
6. High starting torque; low start-current.
7. Causes no radio interference.

Repulsion—Induction Type *For Heavy Starting*

—Excellent for pumps, refrigerating machines, heavy air compressors, large cream separators, and devices offering heavy starting load.
—Windings carefully insulated and baked.
—Will start 300% over their full rated horsepower.
—Meets all A.I.E.E., N.E.M.A., and Central Station requirements.
—Guaranteed to give complete satisfaction.

POWER CHIEF motors will not only carry their full rated load, but momentarily will also withstand enormous overloads. We guarantee that each POWER CHIEF will develop their rated horsepower and torque and will not exceed 40 degrees centigrade temperature rise.

ARTHUR CHAPMAN

SAVED $60.00!

Sears Roebuck and Co.: The Farm Lighting Batteries purchased from you are entirely satisfactory.
A saving of $60.00 was one reason I purchased from Sears. The other was your five-year guarantee that we know is O. K.
I bought them to replace a battery for 1½-k.w. Fairbanks Morse plant and they are working perfectly. I had no trouble installing them. They worked perfectly when connected, and were fully charged.
Arthur J. Chapman
Marseilles, Ill.

$78.50 And Up CASH

FEATURES

1. PORCELAIN COVERS. Minimize surface leakage between posts causing loss of "charge." Makes cleaning easier. **No sealing compound to leak acid.**
2. COVER SUPPORTED PLATES. Absence of bottom rests for plates reduces possibility of "shorts" due to failure of rests or formation of sulphate "trees."
3. BUILT-IN HYDROMETER. **Shows state of charge of battery at a glance.**
4. RUGGED PLATE GROUP ASSEMBLY. Extra heavy post and plate bridge design plus hard rubber rod holds bottoms of plates and separators in place.
5. SPECIAL LEAKPROOF GASKETS. **Prevents acid creepage and corrosion of inter-cell connectors.**
6. LESS ATTENTION. Longer periods between refilling by having extra volume of solution above plates where circulating value is greatest.
7. LONG LIFE. **Heavy duty plates made from pure lead and oxides.** Positives, 7/32 in. thick.

BETTER LIGHTING for the Farm AT LESS COST

TERMS As LOW As $7.50 A MONTH

A greatly improved, more rugged battery, built of the highest quality materials and workmanship throughout, thus insuring brighter lights, greater power and longer life. Put new life and pep into your old plant by installing a set of these powerful farm lighting batteries.

Guaranteed for at Least 5 Years of Satisfactory Service

If any battery fails to give 5 years of satisfactory service, adjustment will be made on a time in service basis toward the purchase price of a new battery.

Sixteen cells make a 32-volt battery. Three and one-half sets make a satisfactory 112-volt battery. Heavy flint glass jars. The 20KM1840½ battery is a standard replacement size for the small Delco 80 A.H. battery and 20KM1842½ for the large Delco 160 A.H. battery, also for the 1½-k.w. Universal and 1½-k.w. Fairbanks Morse Plants. We recommend the purchase of Extra Heavy Duty sizes where motor driven power devices are to be operated. **Shipped complete with connecting lugs and fully charged from factory at Philadelphia or Boston, Mass. Estimated freight rates per 100 lbs., 150 miles 68c; 300 miles 97c; 500 miles $1.49; 750 miles $1.70. Not Prepaid. Send order to Chicago, Philadelphia or Boston. When ordering on Easy Payments Use Time Payment Order Blank in Back of Catalog. Prices shown below are for 16-cell 32-volt batteries.** Positive plates, 7/32 in. thick. **Before selecting battery please write for our engineers' recommendation.**

DOES YOUR PAINT JOBS QUICKER, BETTER AND CHEAPER

COMPACT Rotary Type SPRAYER

$18.50 Postpaid

For touch-up work and light painting jobs. Operates on a new pre-atomization principle. Powerful rotary compressor and new pressure type gun. Has no difficult adjustments. Pistol trigger starts or stops it at full pressure in a flash. Furnished complete with 8-ft. air hose, 12-ft. electrical cord. Weight, complete outfit, only 9¼ lbs. Universal motor for any 110-120-volt current.

20K1249¼—Complete outfit. **Postpaid** . . . **$18.50**

Commander Sprayer
¼-Horse Power Commercial Type

1—Heavy duty, 2-ring, wick oiling, air cooled compressor. Capacity, 2.5 cu. ft.
2—15-ft. best grade ¼-in. air hose.
3—Pressure type gun. No nozzle adjustment necessary.
4—¼-H.P. Heavy Duty motor; V-type belt and pulley.

Paint the modern way with this new full commercial size sprayer. A high grade portable outfit that sprays EVERYTHING—lacquers, oil paints, varnishes, enamels, bronzes, cold water paints. Widely used by auto repair shops, painters, contractors, furniture stores and small factories . . . and by hospitals, clothing stores and nurseries for spraying insecticides and disinfectants.

Specially designed pressure type gun with heavy one-quart aluminum cup. Operates on pre-atomization principle—effecting excellent break-up of material. Makes a smoother painted surface with a speed that considerably exceeds other methods For 110-volt 60-cycle A.C. Size overall 20x10x12 in. Ample pressure to inflate auto tires quickly by use of air chuck listed below **Shipped freight or express, Not Prepaid** Shpg. wt., 65 lbs.

BRING DOWN THRESHING and other FARM WORK COSTS

With CANVATEX COTTON BELTING

"KING OF THE HARVEST"

Guarantee

We guarantee **RED** CANVATEX **BLACK** CANVATEX **and GOLD EDGE belts to give long, faithful, dependable service with ordinary care and recommend them for use on any farm or shop machinery.**

FINEST LONG FIBER COTTON

CANVATEX belts are **made entirely of American grown long fiber cotton,** firmly woven into duck and folded into plies. Tests made at Armour Institute prove CANVATEX belts **superior to belts made of other fabrics.**

HEAVY DUTY STITCHING

Heavy cotton twine, closely and firmly stitched into entire belting surface assures user of CANVATEX belts of prolonged belting life. Firmly stitched belts will not bulge or open.

GRAIN, DAIRY AND POULTRY MEN . . .

In selecting a belt, bear this in mind. Belts made of cotton will give you the most economical transmission service—you will save by demanding belts coming up to specifications listed below.

REINFORCED EDGES

Every CANVATEX endless belt has heavy **double stitching at edges where stress is greatest** and so assures you of service uninterrupted and smooth—**CANVATEX belts give satisfaction.**

FINEST TESTED COMPOUNDS

Every foot of CANVATEX belt **is thoroughly impregnated with a compound of vegetable oils and waxes.** We believe this is the **best to keep belts pliable and insure long life.**

HOW TO ORDER BELTING

Give catalog number, width and length of belt wanted. In case of cut lengths, state whether or not you wish us to make a splice with "clipper" belt hooks.

A FREE SERVICE

We will, without charge, splice your belt with clipper hooks which make a joint smooth on both sides, flexible, durable and safe. State exact length of belt wanted, making no allowance for splice.

HOLDS UP Where Others Fail

Fur Farm Proves Superiority of HY-TEST Waterproofed Rope

Feb. 3, 1932

Your waterproofed *HY-TEST* rope is named right. We have had 600 feet of your *HY-TEST* rope now for over three months on our ranch on trial with 1200 feet bought of two other firms and will say we are well satisfied with it as we gave it a real test. It was used in lengths of 50 to 115 feet on our self-cleaning rabbit hutches where it would be immersed in a galvanized trough of manure, water and ice for 12 hours and then pulled out in the sun for same length of time. The 600 feet of *HY-TEST* is still in use, while we have had to replace about 350 feet of the other rope with more of the *HY-TEST* rope which we will buy from now on.

L. L. WHITWER, *Pres.*
Whitwer's Fur Ranch, Hanford, Washington

100% PURE MANILA

2¾c PER FT. ¾-IN. IN 100-FT. LENGTHS

HY-TEST Waterproofed Rope

● **100% pure, long fiber manila rope, properly "laid", waterproofed with Degras oil and wax; repellent to the action of water, mildew or rotting—pliable, easy to tie and handle at all times.**

● **In an actual test made at Armour Institute on ¾-in. rope, *HY-TEST* withstood test loads of 6,600 lbs.—1700 lbs. over U. S. Gov't Bureau of Standards requirements.**

Read the testimonial above. Mr. Whitwer made this test without our knowledge simply because he wanted to know where to buy the most rope service for his dollar. He found just what you will find—that you get more than your money's worth from *HY-TEST*. We can furnish all sizes in one continuous length up to 1200 feet.

GUARANTEE

We unconditionally guarantee *HY-TEST* rope to satisfy you because we know it will serve you well and give you better service than untreated rope. Test it yourself under every condition of weather or use and compare prices. You'll find our prices considerably lower.

For clothesline we suggest you use 3/16 or ¼-in.; for block and tackle, ⅜, ½ or ⅝-in.; for haying, ¾, or ⅞-in.; for stump pulling or other heavy work, 1, 1⅛, 1¼ or 1½-in.

99K7824—Prepaid if part of $2.00 order.

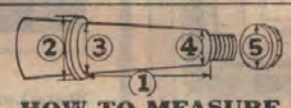
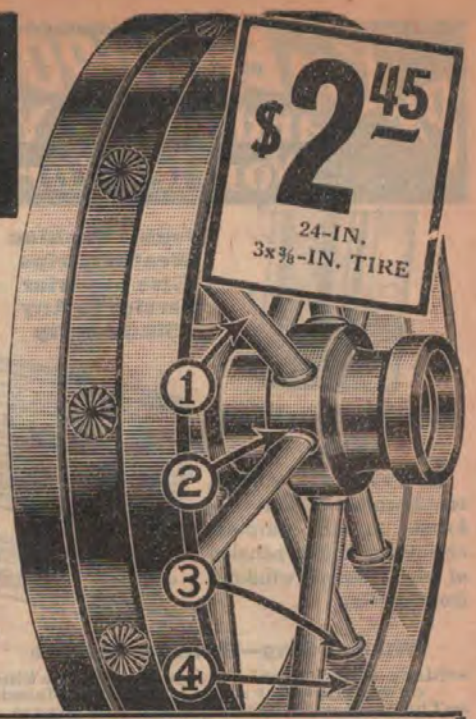
Buy While Prices are LOWEST



And Look at These Features

1. Reinforced oval spokes, staggered for strength. Withstand side thrust better than round spokes.
2. Spokes securely fastened into extra heavy cast hub.
3. Spokes riveted into tire with reinforcing shoulder on under side of tire.
4. Welded one-piece grooved steel tire.

Best for Heaviest Loads



Make your high wheeled farm wagon into a modern truck. Equip it with low, wide tread, WEARWELL steel wheels. **It requires less horsepower to pull a wagon with WEARWELL wheels, and it does not cut up your fields.**

Made to order to fit any tapered skein from 2½x8 to 3½x11 in., or any straight axle from 2x8 to 3x11 in. See "How to Measure" below. **Shipped promptly freight or express, Not Prepaid, from factory near CHICAGO.**

HOW TO MEASURE Your Wagon Skeins

Use calipers or cut cardboard to fit over each dimension. **Give exact sizes; we allow for play.** Measure from side to side of skein, not from top to bottom. **Measure** each skein separately and give: 1—Length of spindle; 2—Diameter of flange or collar next to spindle; 3—Diameter of spindle at largest point; 4—Diameter of spindle at small end, next to nut; 5—Diameter of nut, largest point.

SUN-RAY Glass Makes Plant and Animal Life Grow Faster and Stronger

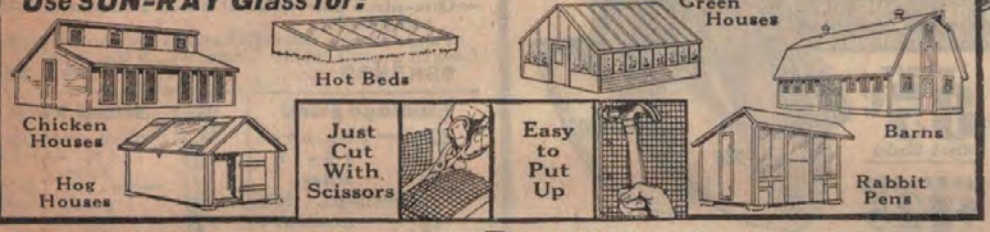
SUN-RAY Glass Is Better and Cheaper Than Ordinary Glass

KEEPS ANY BUILDING WARMER

(1) Outside Temperature.
(2) Inside Temperature using SUN-RAY glass.
(3) Inside Temperature using ordinary glass.

HELPS RAISE HEALTHIER CHICKENS

Raised Behind Ordinary Glass | Raised Behind SUN-RAY Glass



Your chicks get full benefit of the sun even when inside, when SUN-RAY glass is used.

INCREASES EGG PRODUCTION

SUN-RAY Glass increases egg production; the thickness of the egg shell is also increased.

Use SUN-RAY Glass for:

■ **SUN-RAY Glass is a tough transparent, flexible material reinforced with 14-mesh galvanized steel wire; admits the ultra-violet rays of the sun.**

■ **SUN-RAY Glass has been approved by scientific and agricultural authorities and by actual tests—it is economical, easy to put on and easy to use.**

We guarantee it to be the best product of its kind on the market and guarantee to save you money. If for any reason you are not satisfied, return it at our expense. Like all similar products SUN-RAY Glass should be used in a vertical position for longest service. **Write for free sample. SUN-RAY Glass in less than roll lengths postpaid if order equals $2.00 or is part of $2.00 order.**

VITO FABRIC

A Substitute for Glass

■ **An excellent treated fabric cloth for poultry houses, scratch beds, etc.—admits ultra-violet rays of the sun . . . shuts out the cold and rain.**

The best cloth substitute for glass. By using VITO FABRIC you will be assured of a warmer, drier poultry house, free from drafts and your chickens will be healthier. You will find it inexpensive to replace yearly if required. For longer service we recommend SUN-RAY GLASS.

We believe that VITO FABRIC is the best material of its kind on the market today. Width, about 36 in. 15 and 30-ft. rolls **Postpaid if part of $2.00 order.**

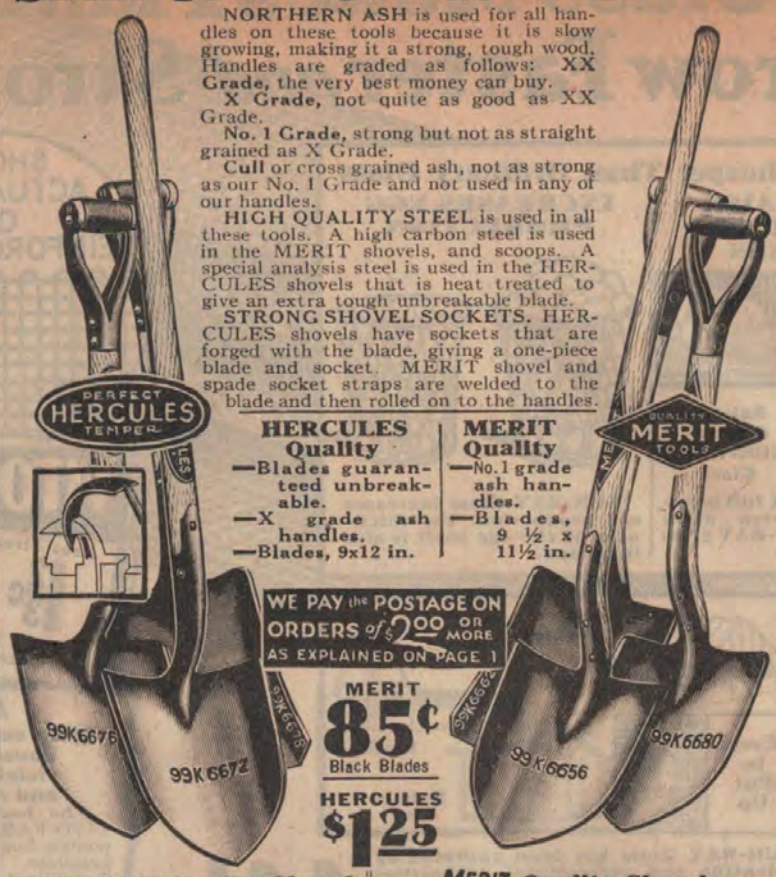
99K7244—Per ft..16c

SEARS TOOLS GIVE MORE SERVICE

NORTHERN ASH is used for all handles on these tools because it is slow growing, making it a strong, tough wood. Handles are graded as follows: **XX Grade,** the very best money can buy.

X Grade, not quite as good as XX Grade.



No. 1 Grade, strong but not as straight grained as X Grade.

Cull or cross grained ash, not as strong as our No. 1 Grade and not used in any of our handles.

HIGH QUALITY STEEL is used in all these tools. A high carbon steel is used in the MERIT shovels, and scoops. A special analysis steel is used in the HERCULES shovels that is heat treated to give an extra tough unbreakable blade.

STRONG SHOVEL SOCKETS. HERCULES shovels have sockets that are forged with the blade, giving a one-piece blade and socket. MERIT shovel and spade socket straps are welded to the blade and then rolled on to the handles.

HERCULES Quality	MERIT Quality
—Blades guaranteed unbreakable.	—No. 1 grade ash handles.
—X grade ash handles.	—Blades, 9 ½ x 11½ in.
—Blades, 9x12 in.

Elgin
IT CHURNS IT MIXES IT WHIPS
The QUICK and EASY WAY

$1.25 2-QT.

Improved ELGIN Glass Butter Churns

- **4-blade hard maple dasher, does not impart metallic flavor to butter.**
- **Screw top of heavy tin plate.**
- **Makes fine granular grade of butter in 5 minutes.**

In Phoenix, Ariz., Peoria, Ill. and other cities thruout the country, our shoppers found similar churns, in the 2-qt. size, priced at $1.75. Churns and mixes thoroughly and in the quickest time. Runs easily and smoothly. **These glass churns are approved by Good Housekeeping Institute.** Just the right churn to use up the surplus cream in the home. Handy for mixing malted milk, salad dressing and whipping cream. All but the 2-qt. size have perforated drain cap in top, to drain buttermilk or run in water. **Churns Postpaid except 2-qt. size (shpg. wt., 5 lbs. 6 oz.). This size and extra jars Postpaid if part of $2 order.**

KNOW THESE FACTS

X marking indicates the weight of the tin plate sheets used for our pails and is the standard marking used in the industry. **3X and 4X are ⅓ and ½ again as heavy as 1X sheets respectively.**

Coke and charcoal indicate the two grades of tin plate. **Coke sheets have the coating of tin that is generally used. Charcoal sheets are coated from 25 per cent to 140 per cent heavier with tin than coke sheets. The markings 1A, 3A and 5A mean the pails so marked are coated about 25 per cent, 60 per cent and 140 per cent heavier respectively than coke sheets.**

65c EACH

Sanitary Soldered Pails

- **—1X1A charcoal tin plate, mirror finish.**
- **—All seams, both inside and out and around ears, smoothly soldered.**

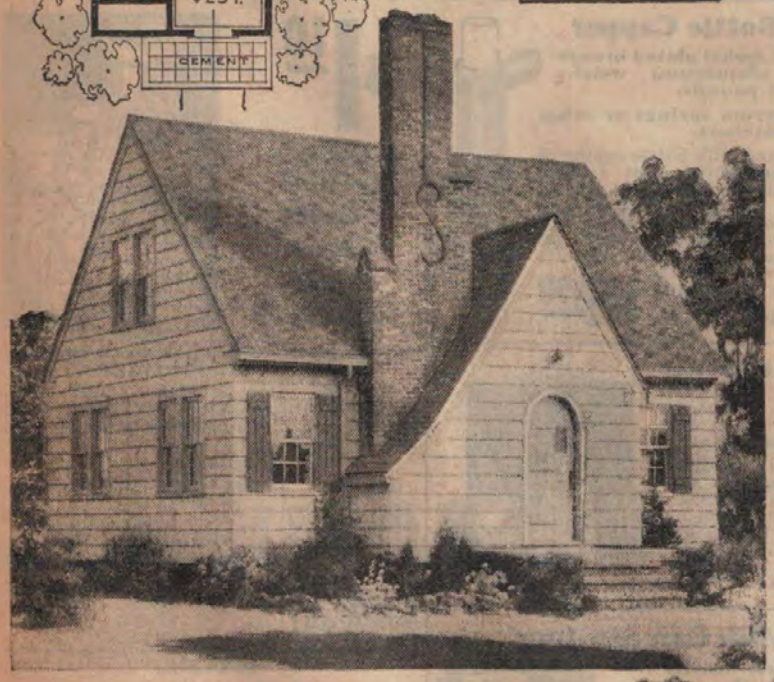
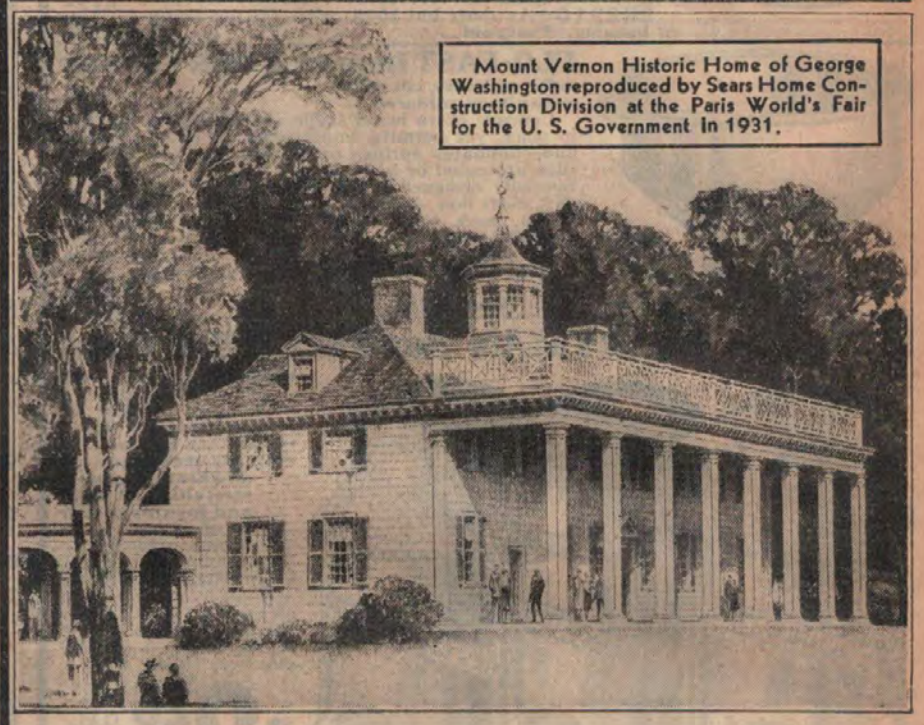
NOTE: *The new low prices on these pages include plumbing, heating, electric wiring and fixtures,* and all lumber, lath, millwork (such as doors and windows), moldings, flooring, building paper, hardware, nails, paint, eaves trough, and everything needed to build your house, except cement, common brick, and plaster.



We guarantee to furnish enough material to build according to our plans and specifications. Sears homes are permanent, high grade homes, warm and comfortable, already cut and fitted, high quality throughout. Double walls and floors, with diagonal sub-flooring and proper bracing to insure strong, rigid construction.

Equipment and specifications vary with size and price of house, but most of the plans call for hardwood flooring, built-in cabinets, inlaid linoleum for kitchens, recessed bathtubs and other features. Price, including face brick, upon request. **Fill out and mail the coupon on page 940 for full details.**

You take no risk. Our 200-million-dollar guarantee protects you.



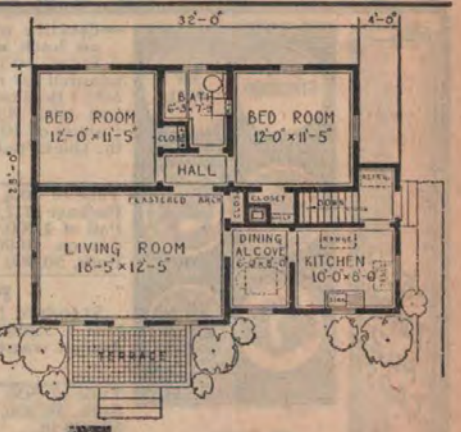
The Maplewood $2,026

Including Plumbing, Heating, and Lighting

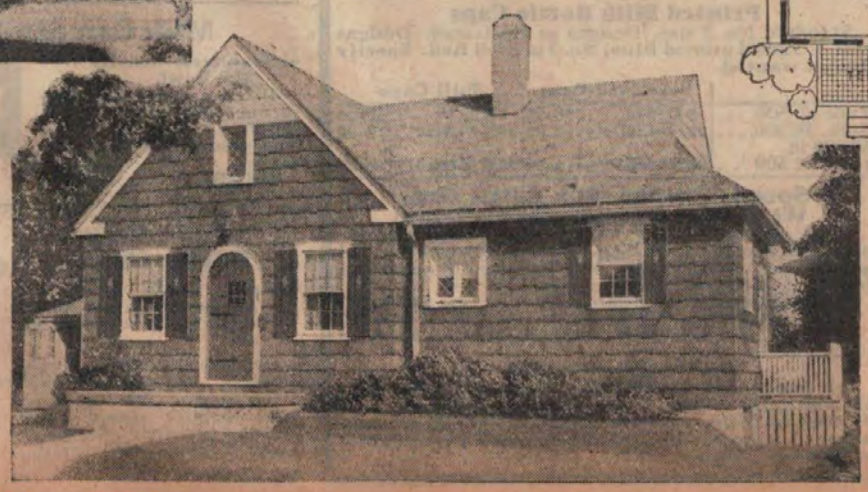
Gracious hospitality marks this story-and-a-half English cottage with its fine fireplace and imposing chimney. Very practical plans afford a first floor bedroom and bath off a center hall. Two bedrooms upstairs. Excellent ventilation, 3 closets, plastered arches, large vestibule, step-saving kitchen. Both living and dining rooms at front. Easy to sell or rent, should you ever so wish.

Prices are F. O. B. factory and include everything needed to build the house, except masonry materials.

Mount Vernon Historic Home of George Washington reproduced by Sears Home Construction Division at the Paris World's Fair for the U. S. Government In 1931.



Sears chosen to build replicas in



This spring the New York City George Washington Bicentennial Commission dedicated a replica of Federal Hall in Bryant Park, New York, and of Mount Vernon in Prospect Park, Brooklyn, choosing the same builders, Sears, Roebuck and Co., who were selected by the United States Government for erecting the Mount Vernon replica in Paris, France.

The Jeanette $1,798

Including Plumbing, Heating, and Lighting

Quaint shingled bungalow with diamond paned casement, dining alcove, recessed bathtub, refrigerator nook, coat closet and side entrance. Two bedrooms with cross ventilation and closets, off hall. Wall shingles laid random or regular. ***Plan with front vestibule $25 more.***

Saving Plan *for* Home Buyers

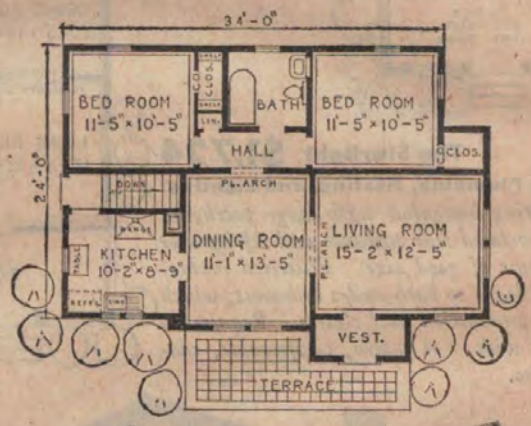
No "extras"—Big Savings on Labor

FINANCE PLAN EVER OFFERED . . .

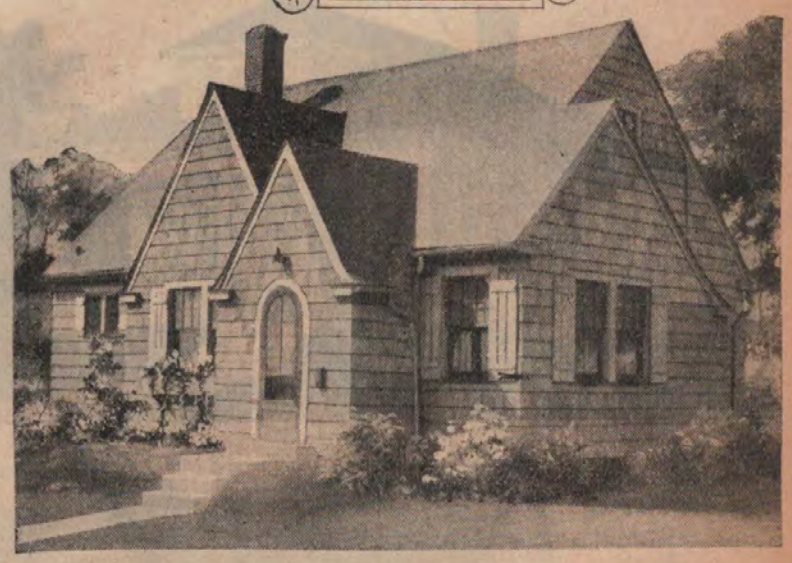
Mt. Vernon and Federal Hall New York City

The Home Construction Division of Sears, working from plans and specifications prepared by internationally known architects, supplied all materials, and as general contractors, completed the work in 44 days. Sears will, if you wish, figure costs from your architect's plans and specifications.

5 to 15 Years to Pay



Easy terms like rent!

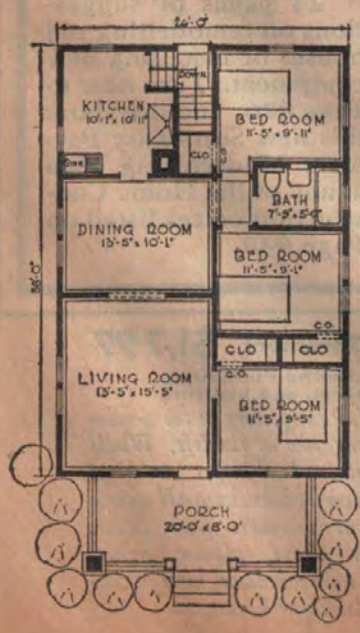


Homes built now on Sears financing plan, call for very small monthly payments (as low as $25), based on present extremely low prices. No matter how high the cost of living may go in coming years, these monthly payments remain the same. This means less to pay each month for several years, and more money to spend all year round for other things you want.

In a few years the home will be free and clear. Meanwhile no one can raise your rent, make you move, or tie up your home savings in a closed bank. Sears sturdy, well built, easily heated homes, planned for comfort and convenience, are the safest and most satisfactory investment known—your assurance of independence in old age. Backed by resources of over 200 million dollars.

Little or No Cash Needed if You Own a Well Located Home Site

The loan which you can obtain, and the amount of the monthly payments, depends on the value and location of your lot, the cash you can invest in the deal, and the amount you can afford to pay each month. Mail the coupon on page 940, and we will tell you just how our plan will help you.



BELOW—**The Crafton** **$1,685**

Including Plumbing, Heating and Lighting

Three different floor plans from which to choose for the Crafton—4, 5, or 6 rooms. *The 6-room plan is shown here, the others cost less. All have built-in cabinets, a bathroom, and a closet for each bedroom. Porch is easy to screen. Double walls and floors. First class materials only.*

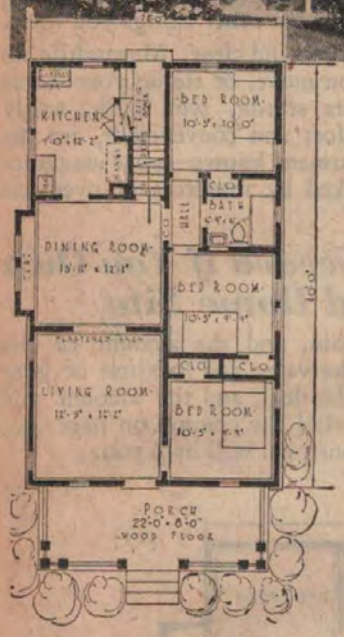
ABOVE—**The Jewel** **$1,823**

Including Plumbing, Heating and Lighting

Walls of soft toned Clear Red Cedar Shingles add to the friendly aspect of this charming English style bungalow. Batten type shutters, circle-head door, and informal roof lines, give it quaint individuality.

Privacy afforded to bedrooms and bath. All other rooms have front view. Large vestibule, kitchen cabinets, linen closet, plastered arches, side entrances. ***Walls of face brick if preferred, at small extra cost.***

(*Continued on Next Page*)

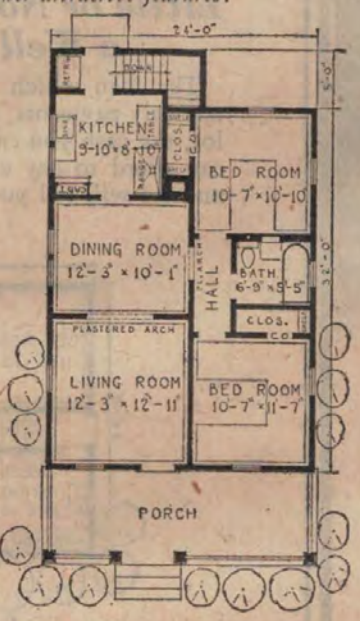


One Order Covers Everything—

SATISFACTION AND PROTECTION ASSURED

NOTE: The new low prices shown on these pages include plumbing, heating, electric wiring and fixtures, and everything needed to build according to our plans and specifications, except cement, common brick, and plaster.

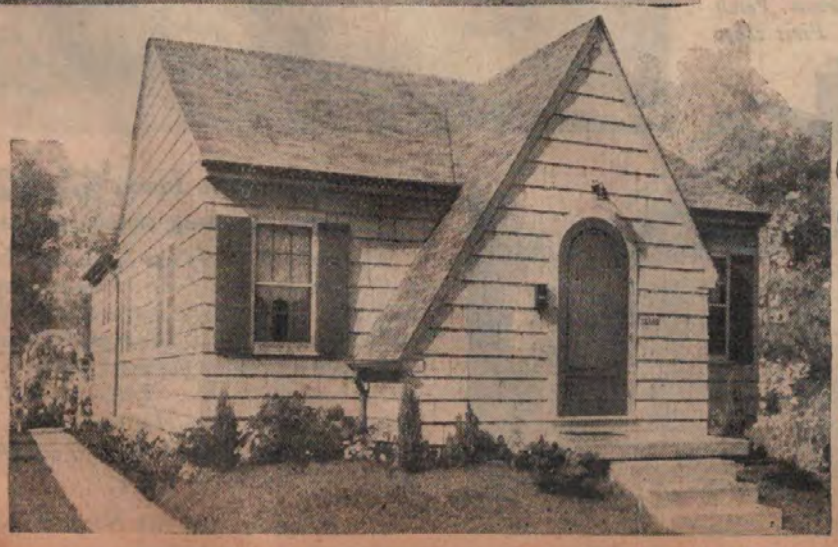
Save Time. No shopping around—one order brings it all, and one reliable company guarantees both quantity and quality. Under Sears simple plan the entire transaction is disposed of in a few minutes and you are relieved of all worry.



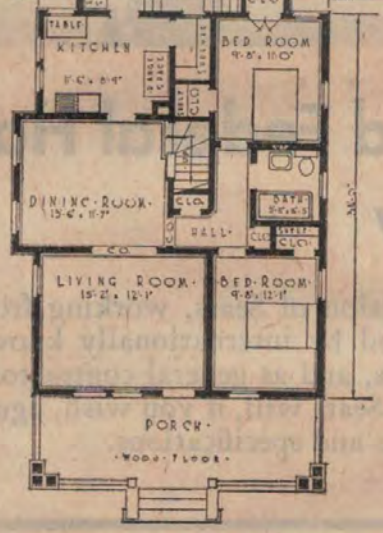
The Winona $2,081

Including Plumbing, Heating, and Lighting

Two different plans—the 6-room house shown here, or a 5-room plan costing only $1,892 including Plumbing, Heating and Lighting. Each has porch, kitchen cabinets, and many other attractive features.

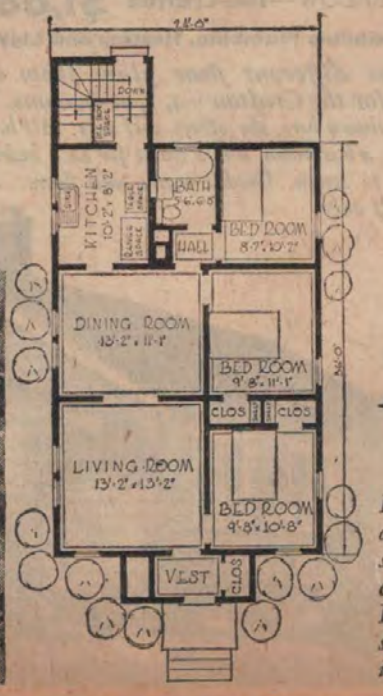


The Starlight $1,724



Including Plumbing, Heating, and Lighting

An inviting bungalow with large porch, 11 windows, enclosed rear entrance and refrigerator nook. Rooms of good size. Plastered arches. Center hall leads to bath and 2 bedrooms, which have cross ventilation and closets. Requires a lot 30 feet wide. A warm, comfortable, convenient home.



The Vallonia $2,092

Including Plumbing, Heating, and Lighting

A homelike bungalow of 5 rooms, with large porch, good size rooms, 5 closets, pantry, enclosed rear entrance with refrigerator nook, and well lighted rooms with cross ventilation. ***For only $2,516 we can furnish an 8 room plan, including Plumbing, Heating, and Lighting, upstairs having 2 very large rooms, a smaller room, and 3 big closets.***

← The Claremont $1,797

Including Plumbing, Heating, and Lighting

Delightful simplicity in the 6-room English bungalow at the left. Walls of wide stained shingles or bevel siding. ***Face brick at small extra cost.*** *Front vestibule with closet. Refrigerator alcove, plaster arches, sink under twin windows, kitchen cabinets. Well located bathroom.*

$2.48 Per Roll
CHOICE OF RED OR GREEN

"ORIENTAL"

SAVE AT SEARS

SLATE SURFACED ASPHALT ROOFING—*Guaranteed 17 Years*

"Oriental" (Our Own Trade Mark) Slate Surfaced Asphalt Roofing is the best roofing value your money can buy. Roofing not as good sells throughout the country at much higher prices. Lay it over the old shingles or use it for new work. Do the job yourself and save the laying cost.

"Oriental" is suitable for the home, garage or barn. It is made of highest quality fire-resisting and waterproofing materials—extra heavy and durable. The surfacing is of beautiful red, green or blue black natural nonfading slate. Will not discolor rainwater. Nails, cement for laps (or Laptite fasteners and nails) and instructions included. Roll contains 108 sq. ft. and will cover 100 sq. ft. of roof surface. Weight 85 to 90 lbs. per roll. Order 1¾-in. nails for laying over old roofing. Has 2-inch watertight lap joint. *Not Prepaid.* For Easy Payments see page 876. Shipped from points shown below.

Catalog No.	Color	Oriental Slate Surfaced Asphalt Roofing	Per Roll
48KM2162 48KM2163 48KM2164	Green Red Blue-Black	With 1-in. galvanized nails and cement for new work	$1.50
48KM1476 48KM1479 48KM1480	Green Red Blue-Black	With 1¾-in. galvanized nails and cement for use over old roofing.	$1.60
48KM1382 48KM1383 48KM1384	Green Red Blue-Black	With Laptite fasteners and nails (See Page 943). For new work.	$1.80

SLATE SURFACED ASPHALT ROOFING—*Guaranteed 7 Years*

Satisfactory on temporary buildings or where long service is not required. However, we recommend our 17-year "Oriental" Roofing shown above.

Made with the same care used in the manufacture of "Oriental." Does not have the 2-inch watertight lap. Not listed by Underwriters' Laboratories. Guaranteed for 7 years. Roll of 108 sq. ft.; covers 100 sq. ft. Weighs 75 lbs. per roll. Complete with nails, cement and instructions for laying.

Catalog No.	Color	Slate Surfaced Roofing	Per Roll
48KM1902 48KM1903	Green Red	With 1-inch galvanized roofing nails and cement.	$1.32
48KM1206 48KM1209	Green Red	With 1¾-inch galvanized roofing nails and cement.	$1.42

"FIRE CHIEF"

SHINGLE DESIGN ASPHALT ROOFING

Guaranteed 17 Years

This gives a good looking roof at a very low cost for material and with the very minimum of labor.

"Fire Chief" shingle design roofing is identically the same high quality roofing as our 17-year-guaranteed "Oriental". The shingle design is pressed into the surface, and it looks just like a wood shingle roof. Rolls contain 108 sq. ft. covers 100 sq. ft. of roof surface. Wt., 85 to 90 lbs. per roll. Has 2-inch watertight lap joint. *Not Prepaid.*

Catalog No.	Color	Shingle Design Roofing	Per Roll
48KM488 48KM489	Red Green	With 1-in. galvanized nails and cement for new work.	$2.48
48KM167 48KM172	Red Green	With 1¾-inch galvanized nails and cement for over old roofing.	$2.58

All Roofing shipped *Not Prepaid.*

in Sears Asphalt Roofing

• GUARANTEED • ECONOMICAL

Laptite Fasteners

Heavily galvanized patented concave metal strips with sealed ends to make a tight joint where strips overlap or join.

Applied parallel along all seams giving even continuous pressure to the entire length of seam making a waterproof-windproof lap joint.

Reinforces the roofing lap with a backbone of steel, increasing life of roof. It is not necessary to use cement with Laptite Fasteners.

Will last as long as the roofing. Furnished with "Oriental", also 55 and 65-lb. "Best-of-All" roofings. Sufficient laptite fasteners and galvanized nails packed inside each roll. Recommended for roofing laid directly on roof boards. Complete directions furnished.

SEARS ROOFING OUTLASTS OUR GUARANTEE!... This test of time not only Proves the Quality but Makes Your Savings Greater! This means More Years of Service Per Dollar and Low First Cost besides!

This UNUSUAL VALUE is made possible and maintained by constant supervision upholding our exacting specifications. Such roofing well deserves the name "Best-of-All"—and a place on your roof. LOWER PRICES! Sears sell at FACTORY-TO-YOU PRICES. Savings like these can't be beaten anywhere!!

48KM914	Extra Heavyweight with Laptite Fasteners and Nails for new work.	65 lbs.	16 yrs.	$2.15

All roofing shipped from points shown on Page 942.

HOW TO ORDER

FOR GABLE ROOFS. Multiply roof length by rafter length for number of square feet on one side of roof. Multiply the result by 2 for number sq. ft. on both sides of roof. Divide by 100 to get number rolls of roofing or squares of shingles needed.

FOR HIP ROOFS (4 sided roofs) Multiply roof length by distance from peak to edge, divide by 2 for number square feet on that side. Multiply by 4 to get total area. Divide by 100 for number rolls of roofing or squares of shingles needed. If roof is not square get area of each side separately.

FOR DORMERS AND GABLES Multiply length by longest rafter for area 2 sides. Divide by 2 for area one side. Order full rolls or bundles. Send us your roof dimensions. We will be glad to estimate for you.

Estimated Freight Charges Per 100 Lbs.

Miles	150	300	500	750
Roll Roofing	37c	55c	83c	94c

If your freight shipment totals less than 100 pounds, you may include additional merchandise to make a 100-pound order—AT NO EXTRA FREIGHT CHARGE.

*Color-Blend is a mixture of red, green and tan slate.

"ORIENTAL" HEXAGONAL Slate Surfaced ASPHALT SHINGLES

- Guaranteed 17 years.
- Made of long Fiber Felt.
- Saturated and coated with best quality asphalt.
- Surfaced with colorful non-fading crushed slate.
- Beautiful Hexagon Pattern makes an attractive roof.
- Fast Service from stock near you.

Easy to lay. Made in strips for greater convenience and speed in handling. Lay them over your old roofing or use them on a new roof. They never curl, warp, or blow loose in the wind. And when they're on, you have a beautiful, trouble-free, weather-proof, fire-resisting roof, guaranteed for 17 years!

Furnished in Attractive Color Combinations

The red, green and blue-black colors are standard. The popular color-blend is a mixture of red and green and tan slate. The red-tone is a mixture of colored shingles, consisting of red, brick-red and mottle reds and greens, with the red predominating. The green tone is a mixture of colored shingles, consisting of moss green, mottle greens and reds, with the green predominating. Made in two convenient sizes shown below. The 12½-inch shingle is recommended, because it affords double coverage over all the roof. ***Not Prepaid.***

Standard Hexagonal Shingles

Each shingle is 11¼ by 36 in., with 2-in. headlap. Packed in bundles containing enough shingles to cover 50 sq. ft. of roof surface. Two bundles will cover 100 sq. ft. Bundles weigh 80 lbs.

Catalog No.	Color	Per 50 Sq. Ft. Bundle

New Improved! Tinted Wallboard

to Modernize and Beautify Your Home

A New Improved Lasting Tint of Rich Tan Color For "Best of All" Fiber Wallboard

- **Constructed of tough, strong, fibers.**
- **Tan on one side, cream on the other.**
- **Firmly cemented under pressure in layers 4-ply thick.**
- **Needs No Paint.**

Colorful beauty to harmonize with any surroundings. Ready for instant use soon as installed—though it may be painted if you desire. Use either side. Beautiful—Practical—Low Priced.

Put Wasted Space to Use at Low Cost

Convert your attic into a comfortable playroom, den, billiard room or a sleeping room. Build a laundry room or a fruit and vegetable room in your basement. Beautify and modernize your living quarters by attractively panelling your bedroom, sleeping porch, dining room or living room—make a sun parlor out of your porch. Use it for partitions, panels—toys or in making shelves, waste baskets, signs or advertising displays, or to reline your garage. Cheaper than wood. Easy to handle—cut, install and nail. Quickly covers surface on account of its large size light sheets. Can be bought on our easy payment plan, see Page 876.

INSULATE Against COLD and HEAT!

With "Walltite" Building and Insulating Board

- **Made from tough fibers of Corn Stalks.**

A general purpose utility insulation in rigid board form—insulates walls, ceilings, roofs and floors against heat or cold. Buy on Easy Payment plan. See Page 876.

New Market for Corn Stalks

Walltite is made from tough fibers of corn stalks. Its use means a new market for a hitherto waste product of the farm.

The use of Walltite in a new building or improving an old one will reduce your fuel bill from 25 to 30%. The illustration at the right shows Walltite uses.

The use of Walltite is by no means limited to a house. Used extensively in lining chicken houses, brooders, garages, sheds, incubators, barns, ice boxes, ice houses, attics and entire houses—(both inside and out). It is a proved insulation of great value against either heat or cold.

Estimated Freight Charges per 100 lbs. on Wallboard and Walltite:

Miles.....	150	300	500	750
	47c	69c	$1.05	$1.19

If your freight shipment totals less than 100 lbs. you may include additional merchandise to make a 100-lb. order AT NO EXTRA FREIGHT CHARGE.

Actual tests prove Walltite gives three times greater insulating protection than the equivalent amount of wood. It also deadens sound.

There is no waste to Walltite. It is easily and quickly handled—comes in boards ½-inch thick, 48 inches wide and 6, 7, 8, 9 and 10 feet in length. Use in place of lath, save time and money. Available in lath sizes, 18x48 in., shiplapped to nail on interior walls or ceilings as a plaster base. Use Serocco Plastic Wall Finish. Described on Page 967.

Its low cost and better insulating values assure you the maximun of satisfaction.

48KM3204—Walltite Insulating and Building Board.

Size of Sheets	Wt., per Sheet	Price Per Sheet	Size of Sheets	Wt., per Sheet	Price Per Sheet
18 in.x48 in.	4 lbs.	21c	4 ft.x 8 ft.	19 lbs.	$1.15
4 ft.x 6 ft.	15 lbs.	86c	4 ft.x 9 ft.	22 lbs.	1.30
4 ft.x 7 ft.	17 lbs.	99c	4 ft.x10 ft.	24 lbs.	1.44

Shipped from CHICAGO, BOSTON, NEWARK, N. J., KANSAS CITY, MO., or MINNEAPOLIS, MINN. Not Prepaid. Send order to nearest store. Order at least three sheets. Use 1 lb. of 4-penny nails for each 150 square feet.

① Sheath your house with "Walltite."
② Insulate rooms—reduce fuel bills.
③ Use as plaster base. Low cost Convenience.
④ Line attic—Keep cold and heat out.
⑤ Insulate roof—Reduce heat losses!

QUALITY BUILDING PAPERS PRICED LOW!

See Page 876 for Easy Terms.

Blue Plaster Cardboard

48KM3012—Blue Plaster Cardboard. 250 sq. ft. per roll. Wt., per roll, 30 pounds..... **69c**

48KM3013—Blue Plaster Cardboard. 500 sq. ft. per roll. Wt., per roll, 60 pounds.... **$1.35**

Low priced material for ceiling and above wainscoting. Used in buildings where a low cost interior finish is desired. Good for lining garages and poultry houses. Keeps out wind and cold. **Not Prepaid.**

To apply use tacks shown on Page 930.

Building papers and felts should be used extensively in a building for increased insulation against cold or heat. Increase the value of your building.

Use it as sheathing-lining or for insulation in chicken coops, sheds, garages, barns, brooders, under the floors, between the walls, on the roof under asphalt shingles, in the attic, under rugs or in many other places. The most economical insulation.

A good investment, and the cost of a fraction of a cent per square foot is barely noticed. Shipped from our Store. *Not Prepaid.*

Red Rosin Paper

48KM3000—Leader Brand. Wt., 40 lbs. Per roll..... **84c**

48KM3007—Competition Brand. Wt., 20 lbs. Per roll..... **42c**

Used under siding and between floors to give added coolness and warmth and keep out basement dust and smoke. Rosin sized. Each roll contains 500 sq. ft. **Not Prepaid.**

We recommend Leader Brand as the thickest, toughest and most durable. Buy now while prices are low.

Tarred Felts

- **Made of Carefully Selected Felt, Thoroughly Saturated with re-distilled coat tar.**
- **Furnished in two weights: Double Thick 216 sq. ft., and standard 432 sq. ft. rolls.**

48KM3050—216 sq. ft., per roll. Weight, 54 lbs..... **$1.65**

48KM3054—432 sq. ft., per roll. Weight, 62 lbs..... **1.95**

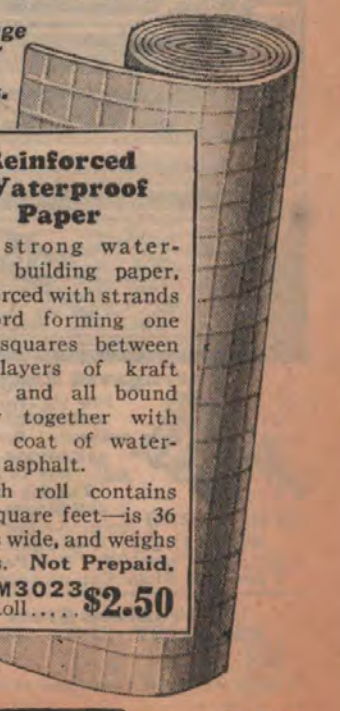
Splendid for floor liner and all sheathing purposes; also for gravel roofs. **Not Prepaid.**

Deadening Felt

- **Good Grade, Soft Pliable Felt.**
- **Comes in two weights: 1 lb. and 1½ lbs. per square yard.**

48KM3004—Heavy Deadening Felt. Shpg. wt., per roll, 50 lbs **$1.98**

48KM3006—Extra Heavy Deadening Felt. Shpg. wt., per roll, 75 lbs... **2.95**



Deadening felt between floor and walls deadens sound; also used under linoleums and rugs. Adds much to the warmth and value of your building. All rolls contain 450 sq. ft. **Not Prepaid.**

Asphalt Felt

48KM3009—432 sq. ft., per roll. Wt., 64 lbs..... **$1.85**

For use as temporary roof, for building liner and over roof boards, when laying asphalt shingles. **Not Prepaid.**

See Page 876 for Easy Terms.

Reinforced Waterproof Paper

A strong waterproof building paper, reinforced with strands of cord forming one inch squares between two layers of kraft paper and all bound firmly together with heavy coat of waterproof asphalt.

Each roll contains 500 square feet—is 36 inches wide, and weighs 30 lbs. **Not Prepaid.**

48KM3023 Per Roll..... **$2.50**

Full Gauge Sheet Steel Roofing and Siding

BUY NOW ON EASY PAYMENTS. SEE PAGE 876

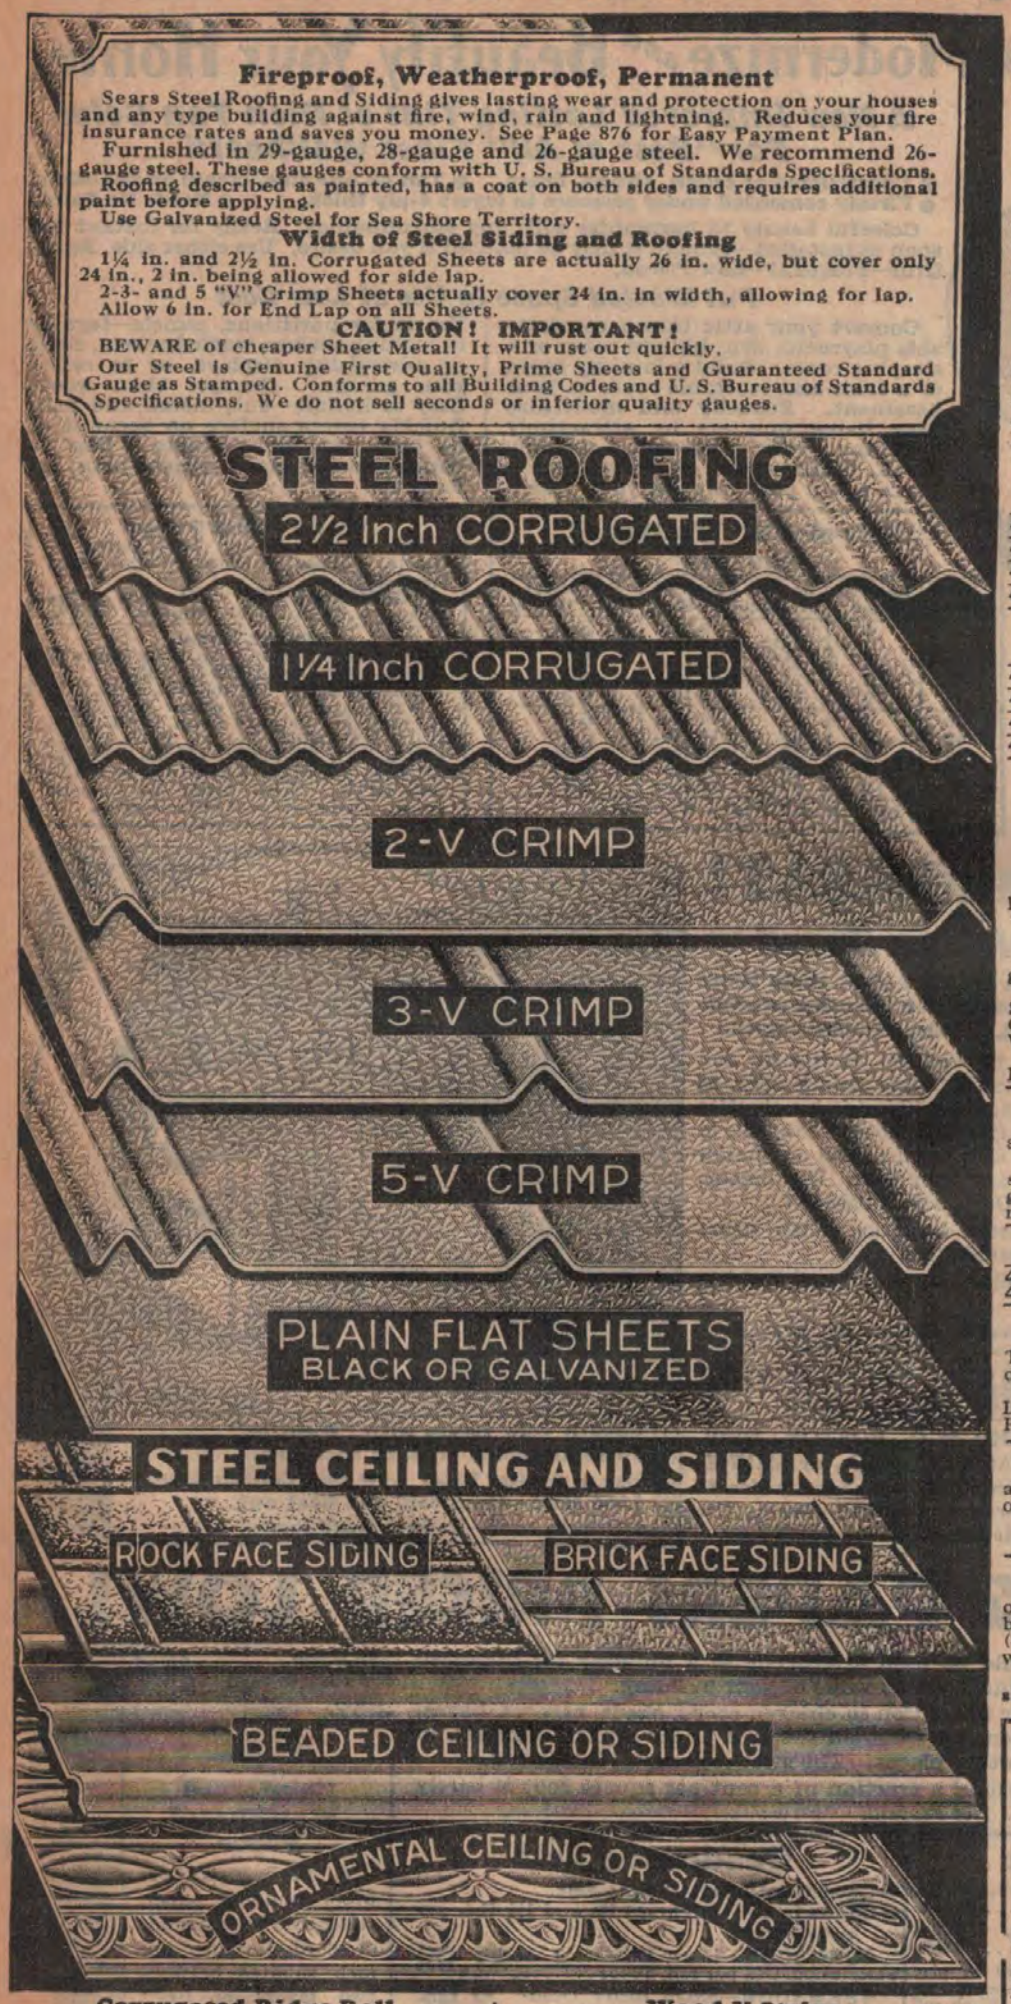
Fireproof, Weatherproof, Permanent

Sears Steel Roofing and Siding gives lasting wear and protection on your houses and any type building against fire, wind, rain and lightning. Reduces your fire insurance rates and saves you money. See Page 876 for Easy Payment Plan.

Furnished in 29-gauge, 28-gauge and 26-gauge steel. We recommend 26-gauge steel. These gauges conform with U. S. Bureau of Standards Specifications. Roofing described as painted, has a coat on both sides and requires additional paint before applying.

Use Galvanized Steel for Sea Shore Territory.

Width of Steel Siding and Roofing



1¼ in. and 2½ in. Corrugated Sheets are actually 26 in. wide, but cover only 24 in., 2 in. being allowed for side lap.

2-3- and 5 "V" Crimp Sheets actually cover 24 in. in width, allowing for lap. Allow 6 in. for End Lap on all Sheets.

CAUTION! IMPORTANT!

BEWARE of cheaper Sheet Metal! It will rust out quickly.

Our Steel is Genuine First Quality, Prime Sheets and Guaranteed Standard Gauge as Stamped. Conforms to all Building Codes and U. S. Bureau of Standards Specifications. We do not sell seconds or inferior quality gauges.

48KM3114—Steel Ceiling or Siding. Per sheet.....53c
48KM3118—Design Border. Width, 3 in. Per 4-ft. length.....11c

How to Figure Your Needs

To find quantity of steel roofing or siding needed, divide length of building to be covered by two—(Sheets actually cover 2 feet in width).

Example: If a straight gable roof is 30 feet long and 12 feet from ridge to eave you need: 30 feet divided by 2 is 15 12-ft. sheets for one side times 2 equals 30 12-ft. sheets needed for roof.

SHIPPING POINTS All articles on this page unless otherwise stated shipped from Newport, Ky. or Dover, Ohio. NOT PREPAID.

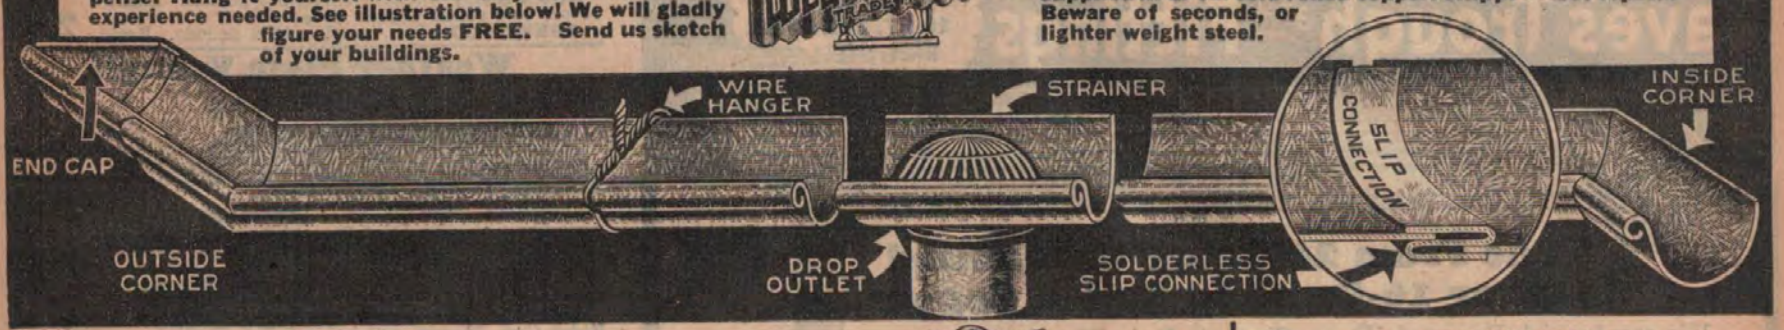
Sears Solderless Joint GUTTERS and RAINPIPES For SUPERIOR QUALITY and LONG LIFE



EASY TO HANG

Our new solderless slip joint connection slips easily into either end of trough, making a perfect fit, a rigid solid, tightly sealed leak proof joint without the use of solder. No extra cost—takes less time, effort and expense. Hang it yourself with our easy instructions—no experience needed. See illustration below! We will gladly figure your needs FREE. Send us sketch of your buildings.

WeatherPlate TRADE MARK

SPECIFICATIONS

Furnished in 26-gauge (extra heavyweight) and 28-gauge (heavyweight) steel. We recommend the Extra heavyweight. It is 20% thicker and gives twice the wear. Each piece is gauge stamped for your protection. Also supplied in 16 oz. cold rolled copper. Shipped Not Prepaid. Beware of seconds, or lighter weight steel.

Eaves Trough

28 or 26-Gauge Steel or 16-Oz. Copper

Furnished with a slip connection to fit at either end of trough; enables you to hang trough yourself. No bother about right hand or left hand. Just order the number of pieces of trough you need and put them on. We recommend 5 and 6-inch trough for Homes and Large Buildings. For garages, etc., 3½ and 4-inch trough is recommended. Average weight, per length of 28-gauge trough, is 6 pounds. 26-gauge steel or 16-oz. copper trough weighs 8 pounds per length. **Not Prepaid.**

WINTER WINDOWS
[STORM SASH]

Added Fuel-Saving Insulating Feature

Storm sash create a still air space between the sash and window. It is this insulating feature that saves fuel. Cold air against your windows chills the air in the room 15 to 20 degrees. Storm sash keeps out the cold and saves fuel.

Have Your Fuel-Saving Winter Windows in by Fall

- Made of Clear White Pine
- 1⅛ inches thick
- Trimming allowance for snug fit
- Glazed with High Grade Clear Glass carefully set with good putty and points
- Choice of 2, 4, 8 or 12-Light Design One-Piece storm Sash.

Save 1/3 on YOUR FUEL BILLS

Winter Windows are commonly referred to as Storm Sash. They make your home more comfortable and protect your family's health.

Storm Sash—*Keep out cold —Keep in heat—Save fuel and Eliminate drafts.*

At Sears low prices you can have storm sash protection and comfort for about the savings in one season's fuel bill. Quickly and easily installed. Carried in stock in popular standard sizes ready for immediate shipment.

It is remarkable how much your fuel bills are cut down by using storm windows, regardless of the type of heating system you may have or how well your home may be insulated.

The U. S. Department of Commerce, Bureau of Standards, Washington, D. C., reports in Circular Letter No. 227 issued in 1927 "Storm Sash saves 25% to 30% on your cost of fuel."

(One Piece) 2-Light Storm Sash — 92¢ And Up

1⅛ inches thick. Shipped from our own factory in Newark, N. J. Not Prepaid. Prices do not include ventilators. Ventilators, 15c each, extra. For Double Hung Two-Piece windows, see page 950.

- Carefully Crated

Hardware Not Included

Only One Fitting

One Set of Hardware

Popular demand proves the economical service this door gives. They completely fill a real need better than any other arrangement.

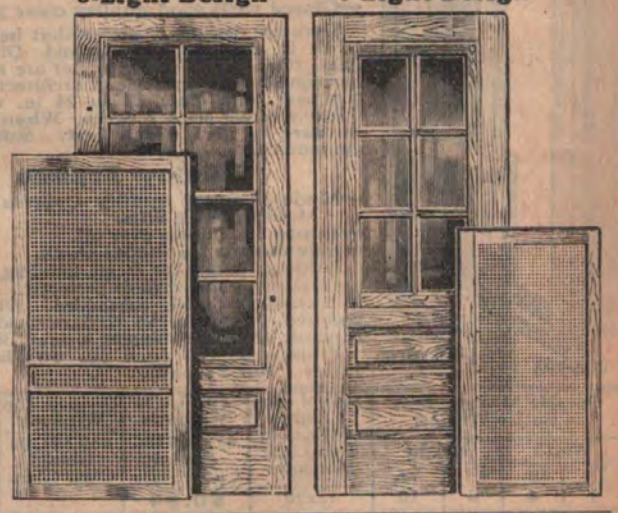
As a storm door in winter, it keeps out the cold and saves fuel.

As a screen door in summer, it keeps out flies and protects health.

As easily installed as a screen door, for it requires only one fitting.

One set of hardware and only one expense, yet you have years of both screen and storm door service.

No re-hanging each Spring and Fall. The interchangeable panels fit perfectly. No planing or fitting required.



Easily adjusted with a screw-driver!

The 8-Light Design Door with full screen panel is recommended for the front or side entrance.

The 6-Light Two-Panel Design Door is recommended for rear entrance. Both doors are used for all general purposes.

Shipped from our own factory in Newark, N. J. Not Prepaid. Hardware not included.

LUMBER AND HARDWOOD FLOORING

Save here on Lumber, Lath and Shingles. We carry complete stocks—millions of feet of Siding, Dimension, Shiplap, Dressed and Matched, Finished, Lath, Shingles, Moldings, etc., ready for immediate shipment. Whether you buy carload or small quantities, we can save you money.

Highest Quality Material

Our stocks are always fresh and clean. We insist on standard grades—adjusted upward to meet your most exacting requirements. Our liberal guarantee protects your investment, and assures satisfaction.

Low Prices on Quality Lumber

In dealing with Sears you buy direct from the factory—this means bigger savings. Our prices are the lowest that you can get anywhere for materials of the same high quality.

Prices Furnished Without Obligation

Send us your list of Lumber needs. We will quote you low-delivered-to-your-station prices. Any of your questions will be promptly answered by our experts at no cost to you.

Hardwood Flooring at a Big Saving

Hardwood floors beautify, last longer and cost less now. LOWEST PRICES in years, on Oak or Maple Hardwood Flooring. Nothing attracts attention so quickly within your home as the floors. There is nothing you can add to your home (new or old) that will do more to increase its beauty and value. The perfect floor is Oak. Universally recognized as a better floor because of its beauty, and inexpensive because of its superior wearing qualities. Cleans easier, is susceptible to fine finish and increases home valuation.

Let us quote you low rock bottom prices on your needs. No obligation on your part. We have in stock, ready for immediate shipment, all sizes and grades of Oak or Maple Flooring.

Facts Every Paint User Should Know

If you are one of the 12,000,000 families who buy from Sears, you know the values, the savings, the quality you get from this store. But do you know Sears paints? Do you know our enamels, varnishes, varnish stains and roof coatings in all the varieties and for all the purposes these products are used in home, shop or farm? And what assurance of quality have you when you buy these products from Sears or from any other manufacturer?

When we speak of Quality we speak of all those characteristics such as adhesion, ease of brushing, spreading power, hiding power, color fastness, toughness of film, durability, gloss, etc., that singly or in combination determine whether or not any particular protective coating is eminently suitable for the particular purpose for which it is to be used.

It is impossible to judge quality of paints by inspection, even expert inspection. That is why unscrupulous manufacturers have often taken advantage of the public. This condition is recognized by no less than sixteen states which have in force statutes regulating the sale of paints proper. In the case of varnishes the technique of manufacture is such that the mere formula would not be a real safeguard. The consumer must still depend for his assurance of quality upon the skill and integrity of the manufacturer.

Sears Print Formula on the Package

We are proud **to print the formulas for our paints on every package, whether or not sold in the state requiring this by law. We challenge comparison of any and all of our formulas by any competent and unbiased party, whether manufacturer, chemist or painting contractor, with the formulas used for corresponding products by any manufacturer in the country.**

Proper formulation requires a thorough scientific knowledge of and practical experience in the chemistry of hundreds of substances that Nature, aided by the art of man, has made available for our use.

Paints as Good or Better Costly Paints Made?

The organizations in our five large factories possess the scientific knowledge and skill required for this highly technical industry. Moreover, we have constantly at work on the improvement of our present products, a Technical Committee of four men, each one of whom is a graduate in chemistry of a university of high standing, each of whom has specialized on paint and varnish chemistry continuously for periods ranging from 7 to 18 years.

The Importance of Raw Materials

The materials used as ingredients must themselves conform to high standards of chemical purity and physical fitness. Specifications and methods of testing for such materials are issued from time to time by various Bureaus of the U. S. Government and by scientific bodies such as the American Society of Testing Materials, American Chemical Society and others, all of which are available to us as well as to other manufacturers.

We purchase **our raw materials only from firms of high standing and established reputation, and insist upon their conforming to high standards of chemical and physical quality, representative of the best practice in the industry.**

Made in Sears Own Modern Factories

The paints must be manufactured in properly designed factories with modern equipment specially adapted for the particular conditions surrounding each product, by a skilled and experienced organization. Many years ago we had our paints manufactured for us by an outside organization. Notwithstanding every effort we made through rigid specifications on materials and methods, and constant inspection of finished products, we were unable to control quality to our satisfaction. We finally concluded that we had to have our own factories in order to obtain the complete control we believed necessary.

Today **our paints are made in our five modern paint and varnish factories, equipped with the most modern and efficient equipment. They are manned by skilled and experienced manufacturing personnel, directed and controlled by executive and technical staffs of unquestionable competence. The entire organization is imbued with a grim determination to make our paints the best paints, regardless of price, that are manufactured today.**

Reasons Why Sears Paints Save You Money

FIRST—through the ownership of our own factories, we eliminate the necessity for paying the factory profit we would otherwise have to pay.

SECOND—our component materials are purchased in lots ranging from carloads to twenty carloads and this purchasing power insures us the lowest possible prices.

THIRD—our transportation costs on incoming raw materials are reduced to the minimum due to carload rates. Our five factories are strategically situated and ship finished goods direct to our mail order distribution points in carload lots, again insuring minimum freight charges.

FOURTH—we eliminate the extra profits, handling, storage and trucking charges, and selling expenses necessarily involved in the jobber-dealer method of distribution.

The Result-

is that Sears method of distribution is the most economical. When you buy paint here, you receive the HIGHEST QUALITY POSSIBLE TO PRODUCE at the LOWEST PRICES POSSIBLE TO SELL IT.

BARN PAINT

...It's Ground Like Good House Paint

75c PER GAL.
In 50-Gal. Steel Bbls.
Except 30KM820

- ★ Spreads evenly, brushes smoothly, easily.
- ★ Dries with high gloss.
- ★ Hides old surface perfectly.
- ★ One gallon covers 300 sq. ft., average surface, two coats.
- ★ Costs no more than "Ordinary Mixed" Barn Paint.
- ★ Wears better; looks better.

Well painted farm buildings last longer, need fewer repairs, are attractive appearing and have greater value than shabby, run down property.

Seroco Barn Paint is a high grade product throughout. It costs no more "Ground Like House Paint," often less, than "Ordinary Mixed" Barn Paint. We sell it under our economical "Factory to You" plan, direct from one of our big modern paint factories, all equipped to make high grade paint in big quantities at a most economical cost.

You save the most when you order paint shipped by freight. It costs least when you buy a 30 or 50-gallon steel barrel, with its large top opening permitting easy stirring. Select from four popular Barn Paint colors, listed below and shown in colors on page 960. You will need Linseed Oil and Turpentine! See the table at right.

How Much to Order

To obtain the square feet of surface, add two feet to the height to the eaves and multiply by the distance around the barn. Add to this the width of the barn multiplied by height of the gable above the corner posts. This total divided by 300 (200 for new surfaces, three coats) will give the number of gallons of paint needed for two coats. Order 1 gallon of trim to 10 gallons of body color.

30KM830—Yellow. **30KM850**—Maroon. **30KM800**—Red.

"Tinners' Special" Roof and Gutter Paint

- —A lead Chromate Paint.
- —Superior to Red Lead as a rust preventative.
- —A priming or a finishing coat for any metal surface.

Use it to prevent leaks in metal roofs, gutters and down spouts. Widely used for coating under side of auto fenders to prevent rusting; excellent for coating farm implements, tractors, running gear of vehicles, etc.

Wagon and Implement Paint

Refinishes Wagons, Trucks, Tractors. Farm Implements Last and Look Like New

- —Glossy, extra durable varnish-paint.
- —Make farm implements appear like new.
- —Prevent premature checking, warping and rotting of wood parts.
- —One gallon often refinishes every implement on the farm.

One good coat often saves the need of later, expensive repairs. Paint your milk cans to identify them easily. **Postpaid when included in $2.00 order.**

Pure Linseed Oil and Turpentine

100% Pure

Rapidly fluctuating markets make any attempt to price these necessities too far in advance decidedly unfair to our customers. We believe, however, that the following service will add greatly to your convenience and saving.

During the Fall and Winter Season 1932 our price for 100% Pure Linseed Oil or Turpentine will not be more than 90c per gallon. Include this with your order and if at the time it is received the prevailing market price is lower the difference will be promptly returned to you. (Under this plan we reserve the right to limit our sales to our regular paint customers.)

Order as Follows:

30KC3460—Pure Gum Spirits of Turpentine.
30KC3464—Pure Raw Linseed Oil.
30KC3465—Pure Boiled Linseed Oil.
Not Prepaid. Shpg. wt., 9 lbs. per gal.

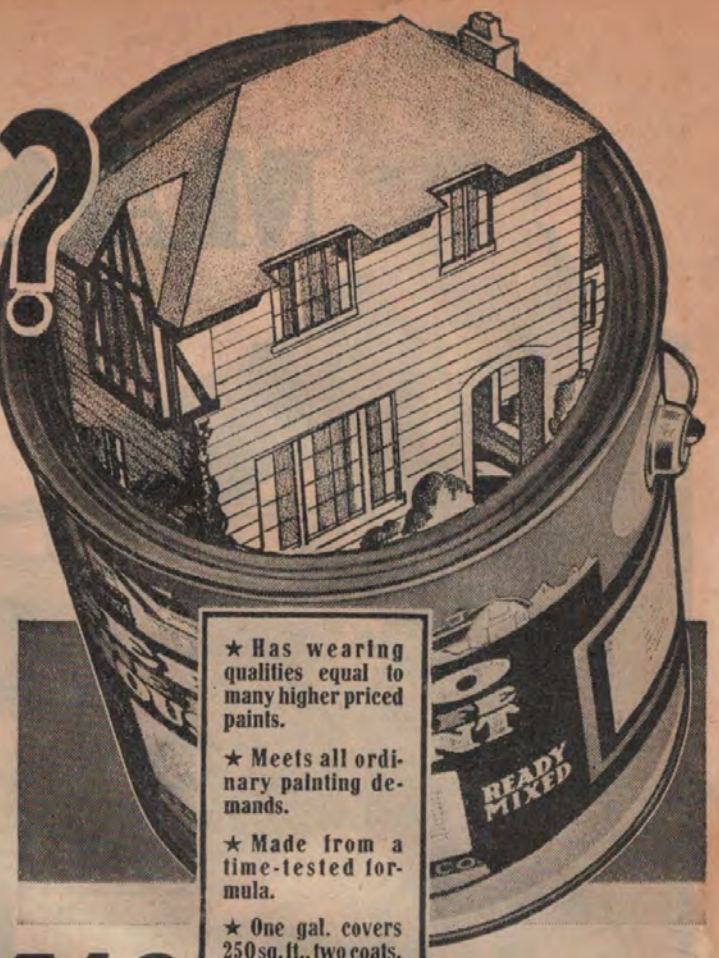
Want a Dependable Low Priced

HOUSE PAINT?

Use LONGLIFE . . .

Our 30-Year Leader

If you wish to paint your home, barn, etc., at small cost, yet insure the painted surfaces good protection and preservation, *Long Life* House Paint will afford you excellent value and satisfaction.



Long Life is the best known popular priced house paint, a tried and true product of more than thirty years' service, and one of the heaviest bodied ready mixed paints made. It is scientifically made in large volume in our own four large modern paint factories. Its time-tested formula is compounded from carefully chosen materials. We sell it direct from "Factory to User," at prices that make you savings up to one-third.

Order your paint shipped the most economical way, by freight. A 30 or 50-gallon steel barrel, with a special large top opening permitting easy stirring, offers the very lowest price per gallon. Help insure best results by using a good paint brush—see page 969. Order the needed Linseed Oil and Turpentine from opposite page. For How Much Paint to Order, see below at right.

†Quart and Gallon Sizes Only

$1.40 Per Gallon IN 50-GAL. STEEL BBLS.

- ★ Has wearing qualities equal to many higher priced paints.
- ★ Meets all ordinary painting demands.
- ★ Made from a time-tested formula.
- ★ One gal. covers 250 sq. ft., two coats.
- ★ Has good hiding qualities. Brushes and spreads easily.
- ★ Wears well; holds its color.
- ★ Dries with high gloss.
- ★ Good for odd inside paint jobs, too.

When items on which we would ordinarily pay postage are shipped by freight we will make an allowance on your bill for a proportionate amount of the shipping charges.

Our iron paint paddle for stirring paints is included with all 5-gallon cans. A container with a specially designed opening permitting successful stirring of contents enables us to offer paint in 30 and 50-gallon steel barrels.

Aluminum Paint

Just Like Nationally Advertised Aluminum Paints

$2.80 PER GAL. In 5-gal. Cans

Read the Story of Seroco Paint on Pages 954-955

The nationally advertised Aluminum Company of America sets the standard and approves the formula for our liquid and manufactures the Alcoa Albron Aluminum Powder of which our Seroco Aluminum Paint is made.

- **The best coating for metal surfaces. Metal flakes overlap to form a metallic protective coating—ideal for priming new lumber.**
- **Prevents moisture penetration and consequent warping of wood.**
- **Withstands successfully the destructive action of sunlight ultra violet rays.**
- **Tends to conceal knots and check "bleeding through" of stains, resin, etc.**

Use it, too, as a finishing coat on roofs, fences, wood or metal tanks, silos and all exposed metal work because of its longer wear and ability to prevent rust formation. Excellent for use on inside walls, columns, and ceilings. As a "touch-up" interior paint its light-reflecting silvery sheen lightens cellars, attics, storerooms, garages and barns. Covering capacity on new surfaces, 400 to 600 square feet per gallon (one coat), depending on the kind of surface.

30KC343—Not Prepaid

Since best results are obtained by mixing pigment and liquid as used, these are packed separately in patented two-compartment cans. Mixing increases the volume about one pint per gallon.

5-gallon can.	Shpg. wt., 49 lbs. Per gal.	$2.80
1 gallon.	Shpg. wt., 12 lbs.	2.98
1 quart.	Shpg. wt., 3 lbs. 12 oz.	.80
1 pint.	Shpg. wt., 2 lbs. 4 oz.	.45

How to Measure Your Building for Painting

To Find How Many Gallons Are Needed

Measure the length, width and height of the building. Add together the total length in feet of the two sides and two ends of the building. Multiply this by the height of the building at the eaves, with 2 feet added for cornice. This gives you number of square feet of surface to be painted.

FOR EXAMPLE: Suppose your building measures 26 feet wide; 33 feet long and 22 feet high, you would figure it as follows: Front, 26 feet; one side, 33 feet; rear, 26 feet; other side, 33 feet. Total, 118 feet. Multiply this by height, with 2 feet added for cornice. (24 feet by 118 equals 2,832 square feet.)

No. 1 For poor surfaces, where no paint has been applied for a number of years, and the wood is bare and porous, three coats are necessary. For three coats divide the number of square feet by 100, for Long Life House Paint, and by 155 when using Master Mixed House Paint.

No. 2 For fair surfaces where paint film is worn thin and chalking rapidly. For two coats divide the number of square feet by 180 and for three coats by 125, for Long Life House Paint, and by 275 and 195 respectively, when using Master Mixed House Paint.

No. 3 For new wood three coats are always necessary. Divide the number of square feet by 165 (Long Life House Paint) and by 255 when using Master Mixed House Paint.

No. 4 For good surfaces where paint film is unbroken and is chalking only slightly: For two coats divide the number of square feet by 250 and for one coat divide by 500 (for Long Life House Paint). For Master Mixed House Paint divide by 400 and 800 respectively.

In figuring the amount of trimming required the rule of 1 gallon trimming to 5 gallons of body is usually followed.

Remember We give you covering capacities insuring you a paint film with maximum protection and endurance.

The Formula PROVES MASTER-MIXED Tells the World

Covers 400 Sq. Ft., per Gallon, Two Coats

OUR NEW FORMULA *makes* MASTER-MIXED WHITE

Even Better Than Ever!

● *Master-Mixed Paint* has always been representative of the best quality produced. And now the development of a fundamentally new white pigment superior to basic lead carbonate, basic lead sulphate, zinc oxide or lithopone in tinting strength and hiding power makes it possible to offer you even better quality at a lower price.

● Titanium Pigment developed by years of technical research and practical tests, has been added as a new basic element in our new improved *Master-Mixed* White Formula.

● Exposure tests in different parts of the country, and the findings and conclusions of our own technical organization supporting those of the leading paint technologists give us the greatest confidence in our new product.

● Although the material cost of our new formula is slightly higher, its production from raw material to finished product in our own factories enables us to offer you this new Master-Mixed White Paint at a lower price than ever before. The addition of Titanium Pigment to our formula assures better hiding power and a longer wearing film which will cover 400 sq. ft. per gallon two coats.

Direct From Our Factory Saves You Money!

● We sell paint direct from "Factory to User", making you savings up to $1.00 a gallon. YOU get the full benefit of our tremendous gallon volume, our economical production methods and our money-saving sales plan. Higher prices quoted elsewhere add no additional quality to the paint offered!

● ALL 30 AND 50-GAL. STEEL BARRELS HAVE LARGE TOP OPENING PERMITTING PROPER STIRRING OF CONTENTS. OUR IRON PADDLE FOR STIRRING PAINTS IS INCLUDED WITH ALL 5-GALLON CANS.

You will need Linseed Oil and Turpentine! (See page 956.)
We give complete directions for measuring your Building for Painting on page 957.
For Freight Rates, See page 956. It Pays to Ship Paint by Freight!

What It's Made of!

—New White Formula, Better Paint.
—Lasts longer, wears better.
—Covers more surface per gallon.
—Even more FAST to COLOR; Improved GLOSS.

We're proud of MASTER-MIXED House Paint! Introduced only a few years ago, it has won nation-wide approval among paint-wise home owners and contractors. Our new formula will strengthen its position of high leadership among the best known and highest grade paints. Read The Story of Seroco Paint, pages 954-955, for convincing proof of its excellence. We intend to hold our leading position in the paint industry by continuing to offer the best paint and the best values.

Our Guarantee

We Guarantee MASTER-MIXED House Paint to be equal to the finest paint made, regardless of name, make or price.
We Guarantee that it will cover as much surface, last as long, look as beautiful, and be as easy to apply as any paint on the market.
We Guarantee our prices on MASTER-MIXED House Paint to be lower than any other paint of equally high quality.
We intend this to be the strongest paint guarantee ever written.

SEARS, ROEBUCK AND CO.
The World's Largest Store

50-GAL. STEEL BBLS.

$2.23 PER GALLON (WHITE OR COLORS)

MASTER-MIXED saved the owner of this home $12.00 over the price asked elsewhere for paint of equal quality and gave him a most attractively finished job.

By painting with MASTER-MIXED instead of a higher priced paint of the same high quality, the owner of the home shown saved more than $10.00.

QUALITY - SPEED - SERVICE

FOUR-HOUR ENAMEL

for the Finest

WOODWORK - WALLS - FURNITURE

- Porcelain gloss washable finish, adaptable to new or old surfaces
- Easy to apply, brush, "level" and is self smoothing
- Hides old finish perfectly and brings renewed charm
- One gallon covers 250 square feet with two coats
- Choice of 16 beautiful, fresh colors shown in chart below

The quick, modern, economical way of refinishing and bringing renewed beauty to the home. Has all the advantages of regulation, slower-drying enamels—yet you don't need to upset the whole household when you redecorate. It has no offensive odor, dries dust-free and dry-to-the-touch in one hour—hardens in four, ready for use or to recoat. (*Drying speed slightly retarded by cold, dampness or poor ventilation.*) Anyone can apply it and obtain perfect results. We recommend brush 30K3044, Page 969 for applying it.

DECORATIVE Enamel

Made Especially For Furniture...

65c PER QUART

- A hard durable coating.
- Dries hard in 8 hours.
- Will not soften under body heat.
- Washable, easy to clean, bright and colorful.
- Easy to apply—brushes, spreads, covers well; no brush marks, laps or "runs."

Our best enamel for refinishing old furniture pieces or finishing unpainted ones. Use it for any furniture piece, refrigerators, breakfast sets, wickerwork, porch furniture, etc. Occasional mild soap and water washing quickly renews its durable glossy, colorful surface. Sixteen appropriate shades; see opposite page for actual colors.

SEROCO GLOSS ENAMEL

Our Best Selling FINISH FOR WALLS and WOODWORK

- Porcelain-like gloss, washable.
- Easy to apply, dries hard overnight.
- Smooth brushing, no brush marks or laps.
- Economical Low in first cost. Wears extra well. One gallon covers 200 sq. ft., two coats.
- 13 desirable tints.

$2.29 PER GALLON POSTPAID

You can keep your wall and woodwork surfaces enameled with a long lasting, glossy finish at small cost. You can readily maintain their bright fresh appearance with occasional mild soap and water washings, or even with a dampened cloth; smoke, soot and finger prints being quickly removed. Seroco Gloss Enamel withstands splendidly the severe service required in kitchens, halls, bathrooms, etc. It hides the old surface perfectly. Before applying white or light colors on new, dark or worn white surfaces, for best results put on 30K2654 Undercoat, below. Make sure of a good job by using a good enamel brush; see 30K3044, page 969.

We make Seroco Gloss Enamel in our own big modern paint factories, manufacturing it in tremendous quantities and distributing it under our economical "Factory to User" selling plan. (Read The Story of Seroco Paint, pages 954 and 955). Our prices save you $1.00 per gallon and upwards! For actual colors see opposite page.

White Enamel Undercoat

For White or Light Colored Enamel

—Easily applied over any surface.
—Dries quickly.
—Covers or hides the old surface completely.
—Secures a greater depth of tone for the enamel.
—One gallon covers 500 square feet, one coat.
—Saves money over the cost of applying enamel only.

The secret of a beautiful enamel job usually lies in the foundation or undercoating. Walls, woodwork or furniture enameled in white or light colors will show at their best if first coated with this excellent undercoat. Apply with a good varnish brush; see 30K3044, page 969.

Shipping weights, 2, 3 and 5 pounds.

SUPER SERVICE

FLOOR ENAMEL

No Better Floor Paint Made

- ★ For porches, inside floors, boat decks.
- ★ Use either on wood or cement surfaces.
- ★ Has extra durable glossy enamel film.
- ★ Flows and brushes easily; dries overnight, ready for use.
- ★ Withstands heavy foot traffic.
- ★ Washable, colorful, attractive, will not water spot.
- ★ One gallon covers 300-350 sq. ft., two coats; 250 sq. ft., three coats (on new wood).

$2.79 Post Paid **PER GALLON**

Super Service FLOOR ENAMEL has the easy brushing, good spreading and surface hiding qualities of good house paint, combined with the exceptional wear resisting qualities of a rich glossy enamel finish. It gives new beauty and long life to every floor surface where hard service is a factor—boat decks, worn linoleums, inside and outside floors, etc. Its glossy enameled surface resists successfully the marks of chair scraping, heels and foot prints, likewise the usual punishing effects of rain, wind, snow, ice, mud and water.

Super Service FLOOR ENAMEL is furnished in eight shades, shown in actual colors on page 960. We make it in our own big paint factories and distribute it under our economical "Factory to User" selling plan, saving you up to one-half. Apply it with a good enamel brush; see 30K3044, page 969.

Stovepipe Enamel

—Rust preventative. —Dries quickly.
—Durable, glossy jet black enamel.
—Will not readily burn or peel off.

An otherwise attractive kitchen is often marred by an unsightly, rusty, discolored stovepipe. Prevents rust on *smoke stacks furnaces, steam pipes, coal hods, garden tools, etc.* Shpg. wts., 2, 2 and 3 lbs. Apply with a good 2 or 2½-inch varnish brush; see page 969.

30K2182—Postpaid if included in $2.00 order or more.

½ pint.....19c 1 pint.....25c 1 quart.....39c

Screen Enamel (*For Mesh or Frame*)

—Glossy black or green enamel; Prevents rust.

Put a coat of this enamel on your screens before you put them away for the winter, preventing winter shabbiness and rusting, and they will be ready for immediate use in the spring. It pays to keep screens well painted, improving their appearance and lengthening their service. Properly put on, the enamel will not clog the screen mesh.

Postpaid when included in $2 order or more.

Quick Drying Auto Enamel

Put It On at Home and Save Money

- Made especially for use on automobiles
- Flows freely, spreads evenly
- Dries color fast and glossy hard in from six to eight hours
- Won't chip, crack or peel

Use Seroco Automobile Enamel. You can easily give your old car a "new car" appearance with little time, effort and money. Three pints of this excellent finish will produce a sleek, glistening surface that will give long service. It's easy to apply, too—simply follow the directions furnished. Choice of 9 popular shades (listed below). Use a good varnish brush (see page 969). Shpg. wt., 2 lbs. 8 oz.; 3 lbs. 8 oz. and 7 lbs. respectively. **Postpaid if part of $2.00 order.**

SEROCO 4-HOUR VARNISH

For All Natural Wood Surfaces

1. **TRANSPARENT**
2. **ELASTIC**
3. **DURABLE**
4. **GLOSSY**

$2.89 PER GALLON
Postpaid

- **Dries ready to use in four hours.**
- **Unaffected by hot or cold water.**
- **Withstands severe household service second to no other varnish.**
- **Easy to apply; one gallon covers 600 sq. ft. one coat.**
- **Priced at about half usual prices elsewhere.**

Wherever varnish can be used, Seroco 4-Hour Varnish deserves consideration. It possesses every feature of good regulation slow drying varnishes, plus its quick drying advantage. (Drying time is somewhat retarded by cold, dampness or poor ventilation). Its quick setting and quick drying features alone make it a logical favorite among thousands of householders. Its transparent, elastic, exceptionally durable glossy varnish film satisfies every demand for varnished surfaces of beauty and service!

We manufacture Seroco 4-Hour Varnish in our own big modern varnish factories, producing it in tremendous volume and distributing it under our efficient, economical "Factory to User" selling plan at prices that save you up to one-half. Apply this excellent Varnish with a good brush; we recommend 30K3044, page 969.

SUPER SERVICE FLOOR VARNISH

No Better Varnish at Any Price!

You Save $2.00 to $3.00 Per Gallon!

$3.65 PER GALLON
Postpaid

- **Others ask $6.50 per gallon for similar quality!**
- **Second to none for high gloss, depth of film and long wear.**
- **Unaffected by hot or cold water.**
- **Quicker drying than the average best quality regulation varnishes.**
- **One gallon covers 600 sq. ft., one coat.**

SUPER SERVICE has been proved equal to the best by laboratory tests! In fact it excells all others in many of the features compared. Its hardness, elasticity, transparent color and full glossiness of film have few equals. Its high resistance to damage from hot or cold water, its quick setting and overnight drying qualities and its ease of applying establish its position of leadership.

SUPER SERVICE represents the climax of years of exhaustive laboratory and practical tests. Its materials include only the choicest varnish ingredients, scientifically compounded and combined to produce a varnish which has no superiors and few equals in its many outstanding features.

Our efficient, economical "Factory to User" selling plan permits us to offer you this splendid varnish for scarcely more than half the price asked elsewhere for the few varnishes of comparable high quality.

SEROCO Color Varnish

Varnishes and Stains at the Same Time

Double UTILITY at Half the Cost

$1.85 PER GALLON

- Varnish in colors!
- Six natural wood finish colors.
- Wears like good clear varnishes.
- Refinish odd furniture pieces, match floors and woodwork.
- Easy to apply; dries hard overnight.
- One gallon covers 600 sq. ft., one coat.

Match odd furniture; refinish dingy, marred pieces to make a matched set. Enjoy the same color harmony for your floors and woodwork. Seroco Color Varnish is flowed over the surface to *color stain* and *varnish* at the same time. It can be used on new or finished surfaces of any type, painted, varnished, enameled or stained. Before covering dark color surfaces with light colors, apply a coat of 30K2697 Undercoat or Ground Color (at right). For the very best results on a newly color varnished floor, finish with a coat of good transparent varnish, 30K2729 Super Service or 30K2723 Extra Durable Floor Varnish. Make sure of a good job of color varnishing by using a good brush; we recommend 30K3044, page 969.

(For actual colors see page 960.)

30K2689—Brown Mahogany

1 gallon. Shpg. wt., 9 lbs..... **$1.85**

100% Pure Shellac

(4-Lb. Cut)

"There Is No Substitute for Shellac!"

—Seals the pores in the wood and seals in stain that may have been applied to darken the finish
—Clear shellac preserves natural color of the wood
—Orange shellac (color of light oak) provides a darker finish to the completed job

An ideal first coat for new furniture or woodwork you intend varnishing. When finishing new floors many apply a coat of thin shellac before varnishing. This is necessary if a dye stain has been used, to prevent it from "bleeding" through the varnish. Too heavy a first coat of shellac may cause the varnish film to chip easily. Except when applied over stain we recommend for floors a first coat of varnish thinned 10 per cent with turpentine. **Postpaid if part of $2.00 order or more.**

Seroco Dye Stains

For New Wood Surfaces

- Gives a rich natural Oak, Mahogany or Walnut color to new unfinished wood
- Brings out the grain and increases the natural beauty of the surface
- Use it only on new untreated surfaces

This efficient penetrating wood stain works wonders with ordinary new wood surfaces. After applying, coat surface with white or orange shellac to seal stain properly before completing the job with a coat of varnish or wax. On open grained hardwood, fill the stained surface with Seroco Paste Wood Filler, (see page 965). Apply this stain with a good varnish brush. One gallon covers about 400 sq. ft. **Postpaid when included in $2.00 order or more.**

Plastic WALL FINISH
New Beauty for Your Walls

$3.65 *Post Paid*

25-LB. BAG

- **A plaster-like treatment in the popular modern textured wall effect.**
- **Offers an endless choice of artistic designs.**
- **Easy to apply; simply mix the white powder with water and apply with paint brush.**
- **Sticks to any surface—covers new or old walls.**
- **Dries very hard; resists abrasion; will not crack or peel.**

Use Seroco Plastic Wall finish in old homes or new, on plaster, paint, brick, metal, wood, stone, insulating board or wallboard (gives excellent results on our Walltite Board, see page 945). That desirable "rough effect," so much sought after, can now be obtained with a smooth, fine texture that permits easy cleaning or redecorating. Will not "flatten" or "sag"; in drying it keeps the delicate brush lines that emphasize the effectiveness of this finish. Fully illustrated instructions furnished to secure stipple, sponge, tiffany, brush whirl, slap and drag, leaf effects, etc. **Write for illustrative Booklet P7983K.** Use about one pound per square yard for average texturing. Before plastic is dry, smooth off lightly with triangle listed below, then apply any flat white size or 30K1149 Size (see below) and finish with one or more of our delicate color glazes, already tinted.

Postpaid if part of $2.00 order.

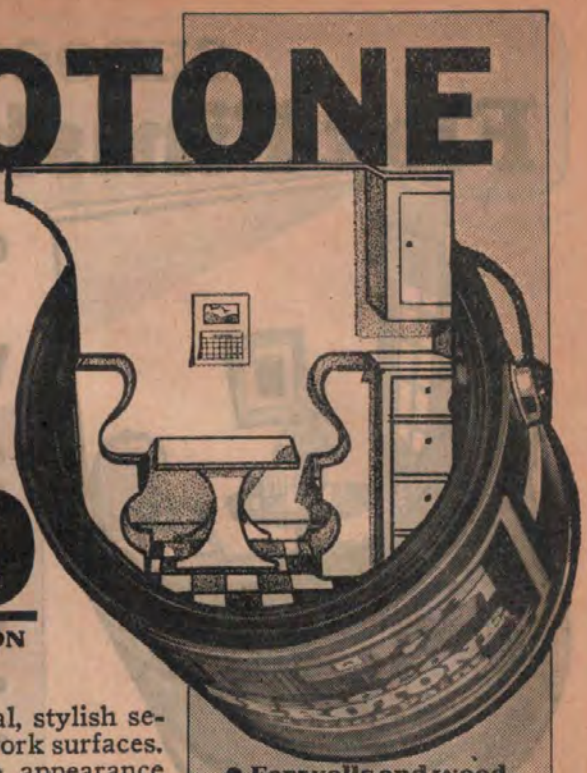
Undercoat for Flat Finish Paint or Serotone

—Prevents lime or acid stains.
—Prevents peeling or cracking of the paint.
—Will prevent water stains from showing through.

Before applying Flat Finish Paint or Serotone Satin Finish Paint on unpainted walls, give the walls a sizing coat made up of equal parts of this Undercoat and the finishing material. This makes a perfect foundation for covering a dark color with a lighter one. One quart each of Undercoat and wall paint will cover about 250 square feet, one coat.

Postpaid if part of $2 order.
30K2734—1 quart.
Shpg. wt., 3 lbs. **49c**
1 gallon. Shpg. wt., 9 lbs. **$1.25**

Seroco Wall Size



—Use before kalsomining.
—Seals grease spots and stains.
—One pound is enough for the average room.

Prevents spots from damaging the finishing coat and produces an excellent surface for the final coating. Directions for use. **Postpaid if included in $2.00 orders.**

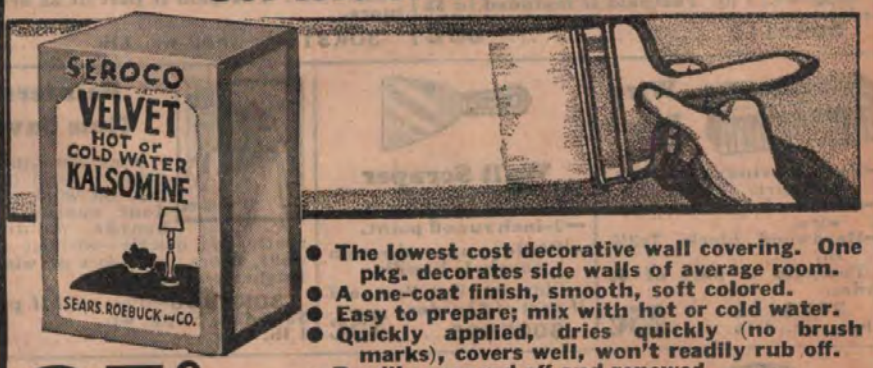
30K2736—1-lb pkg. Shpg. wt., 2 lbs. **27c**

SEROTONE
A SEMI-GLOSS PAINT

$2.49 PER GALLON
Postpaid

Serotone is an economical, stylish selection for wall and woodwork surfaces. Its fine quality, attractive appearance and exceptional wearing qualities have established it as a favorite finish among thousands of discriminating thrifty paint buyers. They demand Serotone for its easy brushing, good spreading, surface hiding, covering and quick drying features. They are familiar, too, with its ease of cleaning—occasional mild soap and water applications permits keeping its good appearance indefinitely.

Serotone offers real economy in first cost as well as in upkeep! A product of our own four big modern paint factories, it is made in tremendous volume and distributed under our economical "Factory to User" selling plan. You save one-third or more. Read The Story of Seroco Paint, pages 954-955. Do your Serotoning with a good brush; we recommend 30K3087, page 969. Serotone is **Postpaid if included in $2 orders or more.**



- **For walls and woodwork.**
- **A Smooth Satin-like extra durable finish.**
- **Combines a hard grained enamel-like surface with soft color tones like kalsomine.**

NEW VELVET KALSOMINE
Use Hot or Cold Water

35c 4-LB. PACKAGE

- **The lowest cost decorative wall covering. One pkg. decorates side walls of average room.**
- **A one-coat finish, smooth, soft colored.**
- **Easy to prepare; mix with hot or cold water.**
- **Quickly applied, dries quickly (no brush marks), covers well, won't readily rub off.**
- **Readily sponged off and renewed.**
- **For painted, papered, plaster, wood walls.**

Our new Velvet Kalsomine is a practical inexpensive wall covering. It can be washed off easily and renewed when walls become soiled or dingy or for a change of color. Before applying (except on previously kalsomined walls) give walls a coat of 30K2736 Wall Size (shown at left). Complete the decoration attractively with a darker color stencil border design (see page 968 for stencils, etc.) Apply Kalsomine with a good kalsomine brush—see page 969.

Postpaid if included in $2.00 order.
4-pound package. Shpg. wt., 5 lbs. **35c**

SEROCO Flat Finish Paint

Our Fastest Selling INSIDE WALL PAINT

- For walls and woodwork.
- Velvety washable oil paint in soft effects of water colors.
- Wears exceptionally well; economical in use.
- Hides old surface perfectly.
- Easy to apply; no laps, runs or brush marks.
- Dries to the touch in six to eight hours.
- One gallon covers 250 square feet, two coats.
- Thirteen artistic tints.

$1.89 PER GALLON

Particular homeowners prefer this lustreless flat tone paint to all others. It makes a splendid background for pictures, room furnishings, etc. It is readily kept clean and attractive with mild soap and water washing. Its unusual durability makes it a most economical finish. Seroco Flat Finish paint produces a firm, evenly textured surface that will not chip or peel; *makes a practical, inexpensive undercoat for enamel, too.* Give unpainted walls a ground coat of equal amounts of this paint and 30K2734 Undercoat (see page 967) before applying the paint itself. . Our economical "Factory to User" selling plan saves you up to $1.00 a gallon on this splendid paint. *Postpaid if part of $2.00 order.*

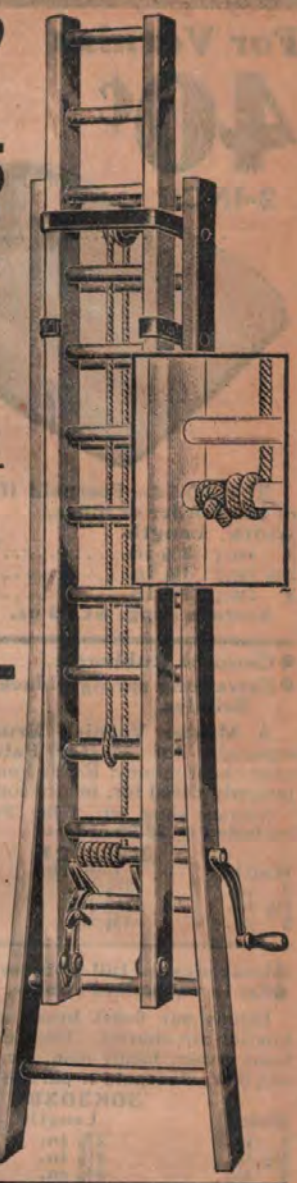
We Guarantee to Satisfy You and Save You Money

ONLY THE BEST LADDERS are "GOOD ENOUGH"

$5.55 20-Ft.



Even professional painters can buy no better extension ladders!

- **TOP SECTION** —Securely held in place with heavy metal straps and safety hooks—sturdy malleable iron safety type, easy and positive working.
- **RUNGS** —seasoned hickory, mortised into side rails for maximum strength and safety.
- **FLARE BOTTOMS** give ladder a steadier, safer foundation (usually found only on high priced ladders).
- **SIDE RAILS,** staunch, select light weight straight grained ladder stock, 1⅝x2¾ in. on 10 to 16 ft. sections and 1⅝ by 3 in. on 18 and 20 ft. sections.
- **ROPE WINDLASS** —approved rope, pulley and windlass attachment, for raising and lowering upper section of ladder at will (used on 30KM2946⅓ only).

Extension Ladders are shipped promptly from East. Mass., So. Penn., or So. Ohio. Not Prepaid. Shpg. wt., either style, 2½ lbs. per foot.

$7.65 24-Ft.

Our prices on ladders make you big savings.

Large size; 8 feet closed; greatest length extended, 13½ ft. Each piece 1x1⅞ inches. Not Mailable. Not Prepaid..... $3.65

MASTER-MIXED SHINGLE STAIN

- Contains a high percentage of Creosote Oil, the Best Known Preservative for wood shingles or siding.
- Pure Colors in fixed oils guarantee long life. ● Easy to apply.
- Can be brushed, sprayed or dipped.
- One gallon dips 400 4x16-inch shingles, one coat; brushed on, about 80 square feet, 2 coats; fir siding, 150 square feet, two coats.

This splendid new stain is of the highest quality. Specially blended "long" oils give its colors unusual permanency and develop maximum protection for surfaces covered. Creosote oil (endorsed by the U. S. Government as a wood preservative) is an important item in the formula. Sold direct from "Factory to User," offering exceptional value at these prices. Dip coating (using two coats) gives the very best results. Dipping shingles with a variety of colors produces the popular multicolored roof.

30KM1188—Bungalow Brown. 30KM1189—Moss Green.
30KM1190—Red. 30KM1187—Silver Gray.

Creosote Wood Preserver

—Gives wood longer life.
—Makes an excellent stain and preservative for wood shingles.
—Meets Government requirements.

Fence posts, sills, joists, soft woods, etc., will last much longer when treated with this excellent penetrating creosote oil. Meets Federal Bureau of Standard Specifications No. 395 as the finest wood preservative. It contains no adulterants, (often found even in higher priced creosote oils). One gallon protects 80 square feet of wood surface (two coats) or treats properly twenty average fence posts. An excellent insecticide for poultry houses, stock pens, etc.

NEW ROOFS for OLD ...at 1/10 the Cost!

RUFIX Asphalt Roof Paint

RUFIX Trademark Reg. U. S. Pat. Off.

- Made of asphaltum and high grade oils in our own big paint factories.
- Contains no coal tar products!
- Renews felt, composition or paper roof coverings.
- Saturates, waterproofs, and revives dried-out badly weathered composition roofs.
- Protects and preserves metal roofs, exposed metal surfaces, etc.

60¢ PER GALLON IN 50-GAL. BBLS. (BLACK)

Apply this practical, inexpensive roof paint to keep roofs in good condition; for roofs requiring considerable repairs or with severe service requirements, we recommend Asbestos Fiber Roof Coating, shown at right. Apply RUFIX on rough surfaces with 30K3170 Roof Paint Brush, at right below; put it on smooth surfaces with a cheap paint brush. One gallon of the black coats 100 sq. ft., maroon, 150 sq. ft. of dried out paper, felt or composition roofing (usually roofs five years old or more); newer roofs of same type have a greater covering capacity. Metal roofs require one gal. per 200 sq. ft. of black (30KM1910) and 250 sq. ft. of maroon (30KM1920). The best service from this type of coating is obtained from a comparatively thick film. On new galvanized roofs allow a few months for weathering before applying RUFIX; but apply it before roof shows rust.

Not Prepaid.	30KM1910 Shpg. Wt., Lbs.	30KM1910 Black, Per Gal.	30KM1920 Shpg. Wt., Lbs.	30KM1920 Maroon, Per Gal.

Asbestos Fiber Roof Cement

Repairs Roof Holes, Leaks and Flashings

—Certified waterproof asphaltum long fibered asbestos compound.
—Spreads like putty, holding fast to surface.
—Wears splendidly, is unaffected by climatic changes.
—Will not become brittle or crack readily in use.
—25 lbs. will cover about 15 sq. ft. to proper thickness of ¼-inch.

Economical and satisfactory. Apply with trowel over large repairs. Comes in three long lasting colors.

Refined Liquid Coal Tar

—Prevents rust on metal such as fence posts, water tanks, etc., protects pruned or wounded trees, damp-proofs building foundations, recoats gravel roofs.
—Often used cold but works best when heated.
—One gallon protects 250 sq. ft. of smooth surface.

ASBESTOS FIBER LIQUID ROOF COATING

- Has high melting point asphaltum base with genuine long Fiber Asbestos Binder.
- Won't run or sag, crack or peel under extreme temperatures.
- Made for paper, felt, composition, metal or thoroughly dried out tar and gravel roofing (Not recommended for wood shingles).
- Waterproof, fire and weather resisting.
- Seals cracks, joints or holes with tough rubber-like coating.
- No better asbestos roof coating made regardless of price.

Stop Leaks! Save the Roof!

39¢ PER GALLON (Black) IN 50-GALLON BARRELS

One gallon of this excellent coating thoroughly protects 100 square feet of metal roofing, 65 square feet of good felt, paper or composition roofing, 40 square feet of dried out roofs (5 years old or more) of same type, and 30 square feet of dried out tar and gravel roofing. It is perfectly adapted for dampproofing foundations, underground tanks and silos. Its use saves expensive roof repairs or often a new roof covering. For best results apply it with 30K3170 Roof Paint Brush (below); full directions furnished for successfully applying.

KLEEN-AIR
PAINT SPRAYING OUTFIT

$19.95 Postpaid

Diaphragm Compressor, Hose and Pressure Type Spray Gun

The greatest paint spray outfit value ever offered! Our astounding low price is made possible by the simplicity of construction and design. The complete unit is mechanically perfect; the compressor operates on an improved adaptation of an old principle—the diaphragm pump. (No cylinders, pistons or rings to wear out). Spray gun is of latest pressure feed type, internal mix—very simple to operate, handle and clean. Air hose is 15 ft. long, made of high grade braided stock. Unit includes belt, base and pulley for attaching to motor or line shaft. Pressure type gun handles paints, varnishes, enamels, cold water paints, insecticides and disinfectants—anything that is sprayable.

- **Sturdy, efficient, compact—3 moving parts.**
- **Splash oiling system — like your auto.**
- **Delivers 2 cu. ft. air per minute at 40 lbs. pressure.**
- **Clean, dry air—oil cannot possibly get into air chamber.**
- **Air chamber mounted on compressor and equipped with automatic relief valve.**
- **No cylinders, pistons or rings to wear out.**

This specially constructed diaphragm compressor furnishes 2 cubic ft. of free, **always CLEAN**, air per minute at 40 pounds working pressure. It operates on ¼ horse power and may be belt driven from any electric motor, gasoline engine or line shaft. Makes a practical high production, portable spray unit when a ¼ horsepower (or larger) electric motor or light gasoline engine is mounted on the base. Ideal for painters, contractors, factories, furniture shops, auto repair shops, etc.

Unit will also provide ample air for inflating tires, operating blow torches, etc.; is in great demand by shops which operate grinders, buffers, drill presses, etc., as compressor can be belt driven from line shaft which operates other equipment.

Worn diaphragms are easily and quickly replaced, extra diaphragm being included with outfit. Diaphragms will give several months' steady daily service.

Outfit comprises compressor mounted on 1x8x15-inch base, belt, extra pulley drilled for ½-inch shaft to fit average ¼ H. P. motor; four bolts for attaching a motor to the base (motor not included, see page 918); special pressure type spray gun, having flat and round nozzles and needle valve, all of case hardened steel to resist erosion, and 15 feet of braided air hose with connections. (For additional hose, see 30K3275, lower on page).

Complete instructions for mounting and operating. Shpg. wt., 27 lbs.

30K3278—Complete Outfit. Postpaid..... **$19.95**

30K3279—Extra Diaphragm. Shpg. wt., 3 oz. Postpaid if part of $2.00 order..... **35c**

30K3277—Same as above unit, except furnished with syphon type gun shown in outfit 30K3281, instead of pressure type gun. Shpg. wt., 27 lbs. Postpaid..... **$14.95**

Note—To handle greater volume of material, add to this outfit the 2½-gallon tank, additional main air hose, and paint and air hose listed at right under 30K3264.

SERO-WAY Sr.
Paint Spraying Outfit

For Houses, Barns, Farm Buildings.

$20.25 Postpaid

- **2 air valve pumps, which eliminate all gas vapors.**
- **2 pulsation chambers assure steady flow of clean fresh air.**
- **50 feet braided main air hose to tank.**
- **2½-gallon pressure paint tank, light but sturdy; has strong hook type handle.**
- **10 feet braided air hose to gun.**
- **10 feet high grade rubber paint hose to gun.**
- **Latest pressure type gun, internal mix, round or flat spray. Has handy control for increasing pressure on paint in tank for elevation of material when doing high work.**
- **1 quart aluminum cup for touch up or trim work.**

A fast working paint spraying unit. Handles all types of paints. Operates from two spark plug openings of any automobile. Very practical for painting houses, barns, farm buildings, etc. Easily portable—weighs 30 lbs. Operator has 60 ft. working radius from engine; add more main air hose (see lower left hand corner of page) for greater range. Fine unit for shop work.

Outfit operates best when engine is run at idling speed. Cannot possibly harm engine. Covering capacity, 600 to 1000 sq. ft. per hour, depending on material and surface. Simple, complete instructions furnished. Compare with units selling elsewhere for $35 to $50.

30K3270—*Shpg. wt., 30 lbs.*
Complete Outfit, Postpaid..... **$20.25**

Seroco 3 to 9 Cubic Foot Gun

Pressure, Non-Bleeder Type

- **3, 5, 7 or 9 cu. ft. gun**
- **Pressure flow adjustment on top of quart cup**
- **Round or flat spray**
- **Non-bleeder type (instant air flow at first pull of trigger)**
- **Lynite construction—light but very rigid**
- **For air line or portable equipment having ½ H.P. or larger compressor**

To be used where fast production and exceptionally fine results are required. **State size of compressor (bore, stroke, and R.P.M.) and name of equipment.** We will supply correct gun. Shpg. wt., 2 lbs. **Shipped from factory near Chicago, Ill. Postpaid.**

30K3241½—Spray gun, cup, wrench, connections and instructions. **$22.25**

Handy Spray Outfit

- **Hand operated**
- **Strong metal air tank and sturdy 21-inch foot pump**
- **Improved spray gun**

An inexpensive outfit for refinishing furniture, screens, wickerware, radiators, bricabrac, disinfectants, etc. Handy for getting into places hard to reach with a brush. Fine for doing touch-up and shading jobs. Complete with improved spray gun, pint mason jar and 10-ft. rubber hose. Instructions included. Shpg. wt., 11 lbs.

30K3265—Postpaid **$4.95**

Challenge Outfit (*Not Illustrated*)

- **Two air valve pumps and 2 pulsation chambers**
- **25 feet braided air hose**
- **Pressure type gun with quart aluminum cup**

(These parts illustrated above.)

Makes a fast operating, efficient outfit for handling all types of paints, varnishes, enamels, etc. Adaptable to any kind of spraying job. Pressure type gun gives an atomization not otherwise obtainable. A most practical outfit and a big value at our price. Buy this outfit now and add 30K3264 (below) later to complete your unit.

30K3263—Shpg. wt., 5 lbs. 8 oz. Postpaid..... **$9.95**

2½-Gallon Paint Tank

2½ gallon pressure feed paint tank, 25 feet main air hose with connections, and a 10 foot length each of air and paint hose with connections. (These parts illustrated above in the Sero-Way Sr. Outfit). This unit also works very satisfactorily with our 30K3263 or 30K3278 outfits shown on this page. Shpg. wt., 24 lbs.

30K3264—Complete with instructions. Postpaid. **$10.75**

Genuine G. V. Spray Gun

- **Hand operated**
- **Widely adjustable from fine spray to straight stream**
- **Two nozzles, one for round and one for fan type spray**
- **Two substantial, easily cleaned clear glass containers included**

$1.59

Light weight and easily operated. For applying enamels, varnishes, lacquers, etc, to wickerwork, furniture or wood work. Also good for spraying insecticides or disinfectants. Makes a satisfactory blow torch for burning off old finishes. Complete instructions for operating included. **Postpaid if part of $2.00 order.**

30K3257—Shpg. wt., 3 lbs..... **$1.59**

"Master" Air Line Spray Unit

- **2½ cu. ft. capacity gun**
- **Operates best on 30 to 40 lbs. pressure**
- **High grade air conditioner eliminates all oil and water**

How Many Dollars Can We Save You ???? or ???? FEED

YOU ALWAYS SAVE MONEY

When you buy MODERN FARMER Feeds. Many farmers are saving ⅓ on their feed bills by purchasing from Sears—by mail.

You Can Rely on Sears Quality!

MODERN FARMER Feeds, manufactured in some of the foremost mills in the country, are of unvarying high quality. They are made from farm tested formulas, and contain the right ingredients in proper proportions to give best results. There is a MODERN FARMER mixture for every requirement, ranging from complete rations to the scientifically developed higher protein supplements to home grown feeds—laying rations for your hens that produce more eggs—feeds for your young stock and growing chicks that produce faster growth and greater vigor—feeds for your meat animals and market poultry—dairy feeds that produce more milk.

SAVE MONEY ON THESE FEEDS:

Poultry Feeds:	Dairy Feeds	Other Feeds
Chick Starter	16% Dairy Ration	88–90% Grain Horse Feed
Growing Mash	20% Dairy Ration	Hog Balancer
Egg Mash	24% Dairy Ration	Steer Feed
Poultry Balancer	32% Dairy Balancer	Pigeon Feed
Chick Battery Mash	Calf Meal	Rabbit Feed
Scratch Feed		Tankage 60% Protein
Fine Chick Scratch		Meat Scrap 50% Protein
Coarse Chick Scratch		

How We Can Save You More Money!

We buy in huge quantities direct from the mills and obtain the highest quality at lowest prices. Because prices change rapidly, we do not quote them here. Fill out the coupon below, and mail it to us. We will send you latest price list and complete information about our great feed plan that does more than save you money.

Elevator Potato Digger

Digger with extension elevator and transportation rims.

Digger Without Extension Elevator

EASY TERMS LOW AS $8 DOWN

See Page 973

$87.50 And Up

—Endless elevator made of round ⅜-in. spring steel cross links, 1¼-in. apart, alternating up and down.
—Strong rigid main frame; 20-inch throat.
—27-inch wheels, 3-in. rims, 3¼-in. bolted cross cleats.

This two-horse digger will do excellent work, in all soils. Will dig four acres a day under average conditions. Steel construction insures great strength. **Close hitch** means light draft, **Rigid tongue** for full control and quick turning. Ample separating capacity with least bruising of potatoes.

Egg-shaped sprockets carrying elevator web create such an agitation that most of the clinging soil is loosened as soon as it passes heel of shovel, making operation easy on the team and driver. Fork in rear receives vines, weeds, potatoes, etc., from elevator. 28-inch spring steel tines in fork have double agitating action, that concentrates potatoes in a narrow stream, dropping close together, **making easy pickup.** Pitch of fork controlled by lever and both pitch and agitation adjustable to suit soil conditions. Shovel attachments permit stones picked up by returning elevator to pass through without choking or stopping elevator. Two-wheel front truck regular equipment, but for sandy or loose soil one-wheel roller truck can be furnished instead without extra charge when ordered. **Shipped complete with doubletree and neckyoke and directions for assembling and operating from factory near HARRISBURG, PA., Not Prepaid.**

32KM447½—Digger (without extension elevator) with cross bottom chain shaker. (As illustrated.) Wt., 825 lbs..... **$87.50**

32KM449½—Digger complete with extension elevator and cross bottom chain shaker. (See small illustration.) Wt., 1,000 lbs..... **$96.00**

32KM455½—Transportation Rims. Wt., 20 lbs. per set of 2.. **4.00**

$6.50 And Up

Hiller Bottom

This digger is a great labor saver. If you buy a combined hiller and digger, you will have a combination tool that will serve in both cultivating and harvesting your potato crop and can also be used as a shovel plow in other work. Buy the combination hiller and digger; every farmer has need for both and the combination will serve all purposes. **Shipped from Philadelphia, Pa. Not Prepaid.**

Potato Hiller and Digger

—Beams, forged steel with high arch to clear trash.
—Hiller, or shovel blade has hinged wings, adjustable for width.
—Either hiller or digger blade can be used on same beam.
—Handles rigidly braced, adjustable for height.

32KM432¼—Potato Digger Only. Weight, 100 pounds..... **$6.50**

32KM433¼—Potato Hiller only. Weight, 73 pounds..... **$6.85**

32KM434¼—Combined Potato Hiller and Digger. Weight, 118 pounds..... **$9.30**

32KC435¼—Front Gauge Wheel Extra. Weight, 11 pounds..... **$1.00**

DAVID BRADLEY, SHAKER POTATO DIGGER

$11.95 WITHOUT TRUCK

—Solid hardened polished steel blade; will scour in any soil.
—Flat shape, 17 inches wide, 15 inches long.
—Rod platform, hinged to blade, operated by trip shaker wheel.
—Rods on shaker platform malleable iron, 20 inches long—will not break.
—Two adjustable runners eliminate side pull.
—Heavy steel beam, high arched to clear trash and not clog.
—Adjustable clevis; oak handles.

One of the best walking shaker diggers made. The rolling weed fender parts the weeds and vines, leaving the way clear for the blade. Trip shaker wheel travels on the ground and gives an up and down shaking motion, which shakes the dirt from the potatoes. Improved shaker has side rails, which prevent the potatoes from shaking off at the side and insures a more thorough separation. **Shipped from Philadelphia, Pa. Not Prepaid.**

32KM437¼—Digger without truck. Weight, 125 pounds..... **$11.95**

32KM438¼—Digger with truck. Weight, 160 pounds..... **$14.50**

Auto Power Pulleys

$4.25 Postpaid

—Made of cast iron.
—10 inches diameter, 5-inch crown-face.

Attaches to either rear wheel of automobile. When so attached it is a perfect belt power pulley for machine. Weight, 22 pounds.

32K2360¼—For Ford, Star, Whippet and similar cars having wood wheels with 9, 12 or 15 spokes. Will fit either passenger cars or trucks. Pulley is attached to spokes with 3 hook bolts furnished. **Postpaid..... $4.25**

32K2361¼—For Model "A" Ford cars with wire wheels. Pulley is attached by removing wire wheel and bolting pulley to hub in place of wheel. **Postpaid..... $4.25**

32K2362¼—Will fit any model Chevrolet car with disc wheels. Pulley is attached to hub using regular wheel bolts. **Postpaid..... $4.25**

Side Hill and Safety Switch for Tractors

$4.45 And Up

—Full 12-inch shift.

When implement strikes obstruction coupling releases, preventing breakage. Recouples automatically. Adjustable to any tension equal to 1 to 4 plow bottoms. Easily fitted to all horizontal drawbar tractors. Wt., 20 lbs. **Not Prepaid.**

32KC2289¼ To fit Fordson..... **$6.90**

32KC2290¼—To fit McCormick-Deering..... **$6.95**

Shifting Side Hill Hitch for plowing on side hills or where an offset is required, plow adjusts to cut even furrow from operator's seat. Same hitch as above without safety spring coupling. Wt., 15 lbs. **Not Prepaid.**

32KC2294¼ To fit Fordson..... **$4.45**

32KC2295¼—To fit McCormick-Deering..... **$4.50**

Extra Disc Harrow Blades

—Heat treated steel.

Standard weight and quality. 15/16 inch square hole to fit ⅞-inch sq. axles. **Not Prepaid.**

Round Discs

Catalog No.	Size	Each
32KC7070A¼	16-in.	$0.85
32KC7070B¼	18-in.	1.15
32KC7070C¼	20-in.	1.45

Weight, 16-inch, 6 lbs.; 18-inch, 10 lbs.; 20-inch, 13 lbs.

Cut-Out Discs

Catalog No.	Size	Each
32KC7071A¼	16-in.	$0.95

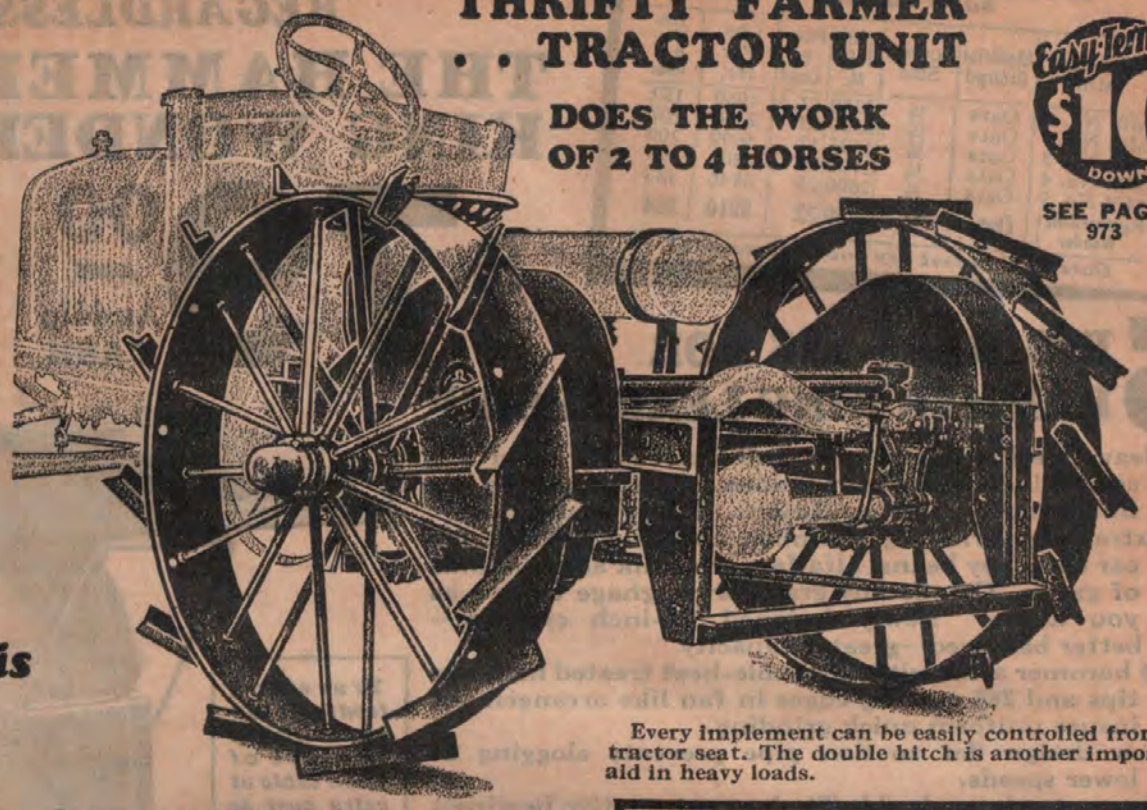
MAKE A General Purpose TRACTOR from an OLD FORD



THRIFTY FARMER . . TRACTOR UNIT

DOES THE WORK OF 2 TO 4 HORSES

Easy Terms $10 DOWN

SEE PAGE 973

For more complete details write today for a copy of our new free illustrated Thrifty Farmer booklet P97170K.

Every implement can be easily controlled from the tractor seat. The double hitch is another important aid in heavy loads.

$112.50 And Up — Fits Any Model "T" or Model "A" Ford Chassis

—Turning Radius—15 feet.
—Drive Wheels—45 inches diameter; 8-inch face; ⅜-inch tire; 18⅝-inch spokes; 2x1½x¼-inch cleat lugs.
—Tread (Rear)—70½ inches, center to center of tire.
—Drive Gear—18½-inch diameter 2-inch face. 41 teeth.
—Drive Pinion—4½-inch diameter 2½-inch face. 10 teeth.
—Gear Ratio—14 to 1.
—Clearance—12½ inches front, 17 inches rear.
—Plowing speed—2¾ miles per hour.
—Engine speed—1200 R. P. M.
—Lubrication—Alemite on main axle and jack shaft.
—Bearings—Heliflex roller bearings on jackshaft; TIMKEN roller bearings on drive wheels.
—Drawbar—Wide range of adjustment.

Imagine having an efficient, hard working, long service tractor at a *saving of nearly $500.00* compared with the cost of a regular type tractor! That's what the THRIFTY FARMER Unit for Fords brings you.

All you need is an old model "T" or model "A" Ford engine and chassis, which you can buy for about *$25.00* or even less, and the *THRIFTY FARMER* Unit. With the Ford body removed, and without drilling a single hole, you can in a few hours time convert the old Ford into a tractor that has the pulling power of two to four horses, depending on the condition of the motor.

Does Almost Any Farm Power Job

The THRIFTY FARMER can be used with any number of horse drawn tools. It "walks off" easily with a 16-inch plow. Pulls a 6 or 8-foot disc and under favorable conditions will handle a two bottom plow or a double disc harrow. Let it pull your mower; drag roads and fields. Use it for hauling wagons, seeder, cultivators, spreader or hay rack.

The Thrifty Farmer "eats only when it works." A gallon of fuel averages a full hour of service. Designed by farm tractor engineers it is much heavier than any unit of this kind heretofore on the market. It is built husky enough to outlive several Ford engines.

Instead of operating on an internal gear around the wheel rims the THRIFTY FARMER drive gears are coupled direct to the wheel hubs up from the ground and are protected with covers against mud, dirt and trash. This arrangement also does away with "turning over" the rear axle of the Ford. The THRIFTY FARMER jackshaft principle leaves the axle in its original position.

Equipment includes frame with rear wheels, axles, gears, drawbar, gear cover, gas tank clamps and seat—in fact all necessary parts and fittings to convert your old Ford into a THRIFTY FARMER Tractor.

Shipped from warehouse at Harrisburg, Pa., Not Prepaid.

32KM900½—Equipment to convert Model "T" Ford to Thrifty Farmer Tractor. Wt., 1190 lbs..... **$112.50**

32KM901½—Equipment to convert Model "A" Ford to Thrifty Farmer Tractor. Wt., 1220 lbs... **$119.00**

32KM903½—Special Front Steel Wheels, 30 in. high, with 3x⅜-in. tires, to replace regular Ford Wheels. Wt., 122 lbs. Per pair. (State Model)..... **$8.75**

32KC904½—Non-Skid rims to fit 32KM903½ special wheels. Wt., 20 lbs. Per pair..... **$3.95**

32KM922½—Special Front Wheel Assembly, complete with special guide rods and 24-inch wheels. **State whether for model "T" or "A" Ford.** Recommended for use in cultivating row crops. Weight 162 pounds **$15.40**

32KC923½—Non-Skid Rims to fit 32KM922⅓ 24-inch steel wheels. Weight, 15 lbs. Pair..... **$2.80**

32KC905½—Add for set of 48 spade lugs when desired in place of regular angle cleats..... **$7.50**

32KM906½—Set of 48 spade lugs when desired as extra. Weight, 120 pounds..... **$12.50**

32KM908½—Extension rims 8 inches wide—fasten to regular drive wheels by steel straps. Weight, 245 pounds..... **$16.50**

32KM920½—Plow Attachment to convert walking plow into a tractor plow complete with lever assembly. Made to fit Thrifty Farmer Unit only. Wt., 95 lbs. **$7.90**

For other tillage equipment made especially for use with Thrifty Farmer unit write for illustrated Thrifty Farmer booklet P97170K. For Time Payment Prices and Terms, Page 973.

SPECIAL GEAR DESIGN

Special, hard gear metal is used in the driving gears. Extra-wide faced teeth mean longer life and positive traction. Drive gear is 18½ in. in diameter, has 2-in. face and contains 41 teeth. Drive Pinion is 4½-inch diameter, 2½-inch face with 10 teeth. Gear ratio of 14 to 1 and ratio to engine of 51 to 1 insures plenty of power with maximum engine efficiency and economy and minimum wear.

TIMKEN BEARINGS

Drive wheels are equipped with Timken Roller bearings to eliminate wear from end thrust. Long life is assured because of the friction-free operation. Heliflex roller bearings. Jackshaft is mounted on Only the best of materials are used in these parts and accurate fitting is insisted upon throughout.

SPREAD LIME for GREATER PROFITS

All Steel, Two-Horse, Force Feed Lime and Fertilizer Sower

—Spreads commercial fertilizers; pulverized lime stone, marl, ashes or lime.
—Hand lever feed control.
—Hopper, 12 bushel capacity.
—Heavy Cast paddle agitators.

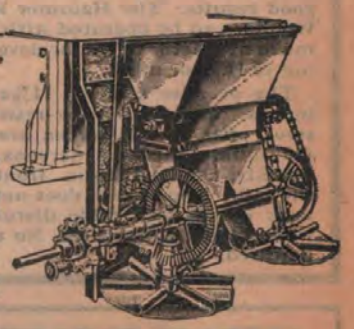
$43.50

Will sow as little as 250 pounds of dry commercial fertilizer to the acre depending on kind of fertilizer and moisture content. The agitator consists of heavy cast paddles mounted on 1¼-inch square steel shaft axles driven from both wheels.

Drive shaft has a center bearing and each wheel drives half the shaft independently of the other half. A clutch in each wheel enables operator to throw out one or both drives. The agitator paddles are 6 inches in diameter, one directly over each discharge opening in hopper bottom. Insures steady uniform feed of any weight material. Hopper has hinged lid. A removable galvanized screen keeps out obstructions. Extra large grease cups on bearings provide thorough lubrication. Steel wheels, 30 inches in diameter; 4-in. wide concave tires. Price includes pole but no neckyoke or eveners. **Shipped from Harrisburg, Pa. Not Prepaid.**

32KM1133½—Width of sowing 8 feet. Weight, 465 lbs..... **$43.50**

One-Horse Lime and Fertilizer Sower



Similar to illustration above, except has wood hopper and no screen; in addition, has special feature for top dressing for growing plants. All but four openings can be closed, allowing a top dressing on two rows 3 feet apart. Openings for each row are about 6 inches apart, so dressing will fall on either side of plant in the row. Can furnish plate for drilling 3½ feet apart instead of 3 feet if so stated on your order. 3-inch tires. Price includes shafts. **Shipped from factory near Philadelphia, Pa. Not Prepaid.**

32KM1154½—With shafts; width of sowing, 6 ft.; wt., 355 lbs..... **$39.50**

ESTIMATED FREIGHT CHARGES per 100 lbs. on Tractor Attachments and Lime Fertilizer Spreaders: 150 miles, 47c; 300 miles, 69c; 500 miles, $1.05; 750 miles, $1.19.

Endgate Lime and Fertilizer Spreader

—Attaches to rear end of Wagon Box in place of Endgate.
—Spreads all commercial fertilizer and pulverizes lime, wet or dry.
—Positive worm force feed.
—Convenient lever control.

Material is simply shoveled into hopper from wagon box. No clogging or caking. Installed or removed in a few minutes' time. No holes to bore. Regulator slides permit big range of adjustment for spreading the desired amount per acre. Dry commercial fertilizer can be applied in as small quantities as 150 pounds to the acre. Sows close to the ground. All bearings are on outside, dust and dirt free, easily oiled. Protector board or shield extending below the revolving discs prevents interference with even sowing by wind, cornstalks or other obstructions. Double revolving discs with fans driven by balanced gears insure an even, uniform spread up to approximately 20 feet in width, depending on weight and condition of material. Price includes large sprocket wheel with clips for attaching to wagon wheel; also chain for driving. **Shipped from factory near FORT WAYNE, IND. Not Prepaid.**

$25.75

32KM1153½—Wt., 200 pounds..... **$25.75**

Outgrinds Any Mill

REGARDLESS OF PRICE!

Hammer King Wonder Defeats Competition

Results of Grinding Tests Prove Super Capacity

THE HAMMER KING WONDER

$79.00 And Up CASH

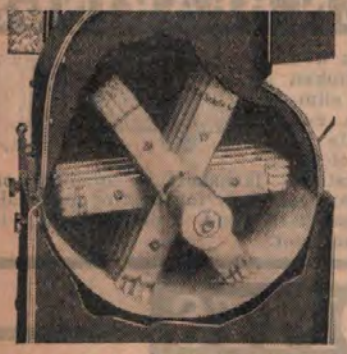
See Page 973

Traveling feedtable can be furnished in place of plain table at extra cost as listed below.

5 BIG REASONS FOR HAMMER KING LEADERSHIP

- Heavy steel screens, with total screen area of 490 square inches give tremendous capacity and long life under most severe conditions. Easily changed.
- Extra large grinding chamber, specially suitable for ear corn, soy beans, alfalfa, corn stalk and all kinds of grain. Grinds any grain or roughage as fine as you desire. Newly designed, 24-inch cylinder—better balanced—greater capacity.
- 24 hammer arms with 48 double-heat treated hammer tips and 288 cutting edges in fan like arrangement insure uniform quick grinding.
- New design flat suction pipe prevents clogging at lower speeds.
- Four extra large double Timken automotive bearings, two on each side of mill insure smooth long life operation—Alemite—Zerk lubrication.

Grinds Any Grain or Roughage



Here's the biggest "scoop" on the market in many years—a new Hammer King mill, worthy of the famous name, at a price way below anything of this quality ever offered! In actual comparative grinding tests with hammer mills, several selling for $150 or more, the new Hammer King Wonder conclusively proved that it can grind more grain per hour on a given horse power than any hammer mill built, regardless of price. What's more, it will grind the grain more uniformly!

Here is no hastily-designed, doubtful capacity mill thrown together to sell at a price! Here is the product of the combined experience of a successful hammer mill manufacturer and thousands of satisfied customers. That's why its great oversize grinding chamber, 12x28 inches is ideally suited for grinding ear corn, soy beans, alfalfa, corn stalk as well as all kinds of grain and roughage.

That's why 24 hammers with 288 cutting edges are arranged fanwise so that no grain can escape the reducing process. **It comes out free from lumps.** That's why the hammer bars have been made long to give full service at lower speeds.

The extra heavy steel plate body and special alloy steel shafts and hammers will stand the hardest kind of farm grinding. Extra large grinding capacity meets a definite need. (Study close-up construction view.) Here is a mill that meets in every way the diversified needs of modern power farming. Ground feed increases your income per acre in milk, beef and pork. Put the new Hammer King Wonder to work for you! It will pay for itself in a short time!

Here's the Secret

The special designed hammers and 24-inch diameter cylinder not only give the mill its tremendous capacity but makes it possible to rotate the main cylinder shaft as low as 2,000 R.P.M. and obtain good results. The Hammer King Wonder can be operated with any make of tractor or motor developing 15 H.P. or more.

The oversize screens, 11⅞x41½ inches, made of wear-resisting steel, offer a total screen area of 490 square inches. Screens are quickly changed from front of the mill. Top of mill does not tip back nor is feed table disturbed when changing screens. No tools required.

Construction Features

BLOWER—All steel, rigidly mounted on the mill side with a cast steel spider mounted on the main cylinder shaft.

PLAIN FEED TABLE—Large size, 12 inches deep, 23 inches wide—made of heavy steel—easily adjusted for the handling of grain or roughage. Screw slide controls flow of grain and can be quickly removed for roughage.

TRAVELING FEED TABLE—10½ inches deep, 26½ inches wide, 43 in. long made of heavy steel riveted together so that it is grain tight. It is equipped with a heavy steel heat treated feed chain with a simple adjustment for tension. Has a large adjustable feed roll mounted above the traveling table, driven by a heavy chain with a simple automatic adjustment for tension. Screw slide controls flow of grain.

DUST COLLECTOR—The latest improved design-mounted on mast pipe attached to the mill side—contains a large two spout bagger which is an integral part of the collector. It is connected to the mill with a galvanized pipe and a long sweep elbow **made of extra heavy material.**

An extra length of galvanized pipe and mast pipe extension to raise the dust collector to such height to load into a wagon box, can be furnished for Wonder Mill for $2.00 additional. **If wanted, be sure and specify when ordering.**

BEARINGS—Extra large automotive type Timken bearings, two on each side of mill, mounted to Timken Engineer's specifications, in dust-proof boxes.

PULLEY—Genuine Rockwood fiber weather proof pulley, 4½ or 5 inches in diameter with 7-inch face. 4½-inch size regularly furnished unless otherwise specified.

¼-inch screen regularly furnished with mill. Will furnish other sizes listed below instead when so stated on your order. Additional screens must be ordered extra at prices shown.

Prices of Hammer King Wonder Mills

Note—When ordering be sure to tell us what kind of power you expect to use with the mill, together with the diameter and speed R.P.M. of pulley. Shipped from Harrisburg, Pa. Not Prepaid.

LARGE CAPACITY Small Power Requirement

DAVID BRADLEY Cob Crusher and Feed Grinder

—Strong, large sheet steel hopper.
—Lever regulates burrs to control size of grinding.
—Coil spring pressure on burrs.
—1½-inch cold-rolled steel main shaft with end-thrust bearing.
—12-inch pulley with 6-in. face, regular. 8, 10 or 14-inch furnished instead at no extra charge.

Should be operated from 500 to 800 R.P.M. depending on Horse Power.

Spiral force feed crushes cobs and grains thoroughly before feed enters burrs for final grinding. Grinds to any desired fineness. **8-inch burrs grind** 10 to 25 bu. of ear corn per hour, other grains 10 to 40 bu. Requires 4 H.P. or larger engine or motor. Capacity depends on power, speed, condition of grain and fineness of grinding. **State size of your engine pulley and speed.**

Grinder With 8-Inch Burrs

Includes one set of coarse burrs for crushing or cracking ear and shelled corn for rough feed, and one set medium burrs for fine grinding of shelled corn and small grains. **Shipped from HARRISBURG, PA. Not Prepaid.**

CHAMPION Farm Trucks

$53.50 Wood Wheel Truck **And Up**

$39.95 Up **Steel Wheel Truck**

SUPER QUALITY THROUGHOUT

- Extra large hickory axles, 3½x4½ inches, strongly trussed. Stay chain hooks on front axle.
- Eight steel braces (four more than usual).
- Fully clipped hardwood gears.
- Strong wood hounds fully clipped to axle; drop tongue; reach, 9½ ft.; steel rub plates.
- Extra large hardwood bolsters to match large axle. Covered with steel top plates and with steel bands around end. Circle irons over sandboard.
- Bolster stakes ringed, double braced and ironed.
- Cast skeins, 3¼x10 inches with 4¾-inch bell to take most of axle.
- Steel wheels, 4x⅜-inch grooved tires; wood wheels. 3x½-in. steel tires instead of the usual 3x⅜ rims; riveted at spokes.
- Standard track, 38 inches between bolster stakes; 56 inches between wheel centers. WIDE, 42 inches between bolster stakes and 60 inches between wheel centers.

Regardless of any trade mark or claim you cannot buy a better wood gear farm truck than our Champion. It is extra good all the way through! Extra strength, extra bracings. Oversize axles. Only selected seasoned timber. Here's a truck that will stand the "gaff." Can furnish stiff or coach tongue with chains instead of drop tongue for $1.90 extra. **Shipped from Harrisburg, Pa. or factory in Central Virginia. Not Prepaid.**

Fruit Pickers' Bag

$1.95

A most unique bag for use in picking apples, pears, peaches, etc. Made of heavy, handsome olive drab duck. Entire mouth of bag is collapsible and springs back to position when pressure of tree or ladder is removed; thus it is always comfortable against picker's body. Worn on shoulder between side and front of body, providing more freedom and being not so tiring to carry as other type bags. Discharge of fruit regulated by a control rope carried over the shoulder which minimizes the bruising of fruit. Bag can be made more shallow by drawing rope through and making a half hitch at any point. Holds about ⅝ bushel. By far the best bag ever offered—you will like it.

32KC7138—Wt., 2 lbs. **Not Prepaid.** Each.... **$1.95**

Low Prices Buy BETTER QUALITY at Sears

CHALLENGER Farm Trucks

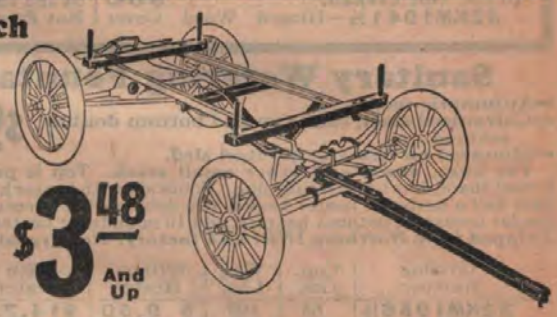
32KC8498¼—Fittings to convert Model "T" Ford, rear running gears into two-wheel trailer, with 22-inch torque tube extension. Wt., 22 lbs..... **$4.10**

Bull Dog Trailer and Team Hitch



- —All steel—no castings.
- —Heavy channel steel draw bar reinforced at universal joint and clevis.
- —Grease cup lubrication.
- —Steel universal block.
- —Heavy long flexible clevis to prevent binding on short turns.

Make a trailer or wagon from your old Ford, Chevrolet or other car chassis. Handles a ton and one-half with safety.

This new **all steel** hitch has every improvement. Extra heavy steel drawbar cannot warp or get out of shape. The heavy casting back of axle, malleable universal joint braces, hard oil grease cups and principal bolts tapped in, all go to make this new BULL DOG HITCH good for a lifetime of service. Coupled or detached in a minute's time. Substantial connection to tie-rod strengthens the rod and steers the trailer so it follows the pulling car without swaying, zig-zagging or cutting corners. With the hitch for models "A" or "T" Ford, we furnish extra-heavy radius rod supports for both front and rear maintaining correct alignment. Universal and "Bumperette" couplers have malleable clamps—can be put on or taken off in a minute's time. **Standard wagon box fits without changing the Chassis. Shipped from Philadelphia, Pa. Not Prepaid.**

32KC8485¼—Trailer Hitch only, for Chevrolet or other light chassis. Wt., 19 lbs..... **$3.48**

The SEASON'S LOWEST PRICES *on* CIDER MILLS *and* FRUIT PRESSES

Steel Frame FAMILY CIDER MILL and Press

- —Heavy steel frame legs and crosshead.
- —Geared mill has large agitator hopper with extra wide adjustable throat.

A handy, easy to operate cider mill that will last practically a lifetime. Will grind larger apples than any other type of single tub mill. Oscillating hopper sides automatically force fruit against cast iron grinding cylinder, until reduced to pulp. Grinding part can be detached, making an efficient press. Hardwood slatted tub. 10x10½ in.; reinforced by heavy wrought iron hoops securely riveted. Capacity, 5 to 7 bushels per hour. **Shipped from PHILADELPHIA, PA. Not Prepaid.**

32KM2386¼—Wt., 140 lbs... **$13.75**

Household Fruit Press

- —Crosshead strong semi-steel.
- —Hardwood frame, held by two long bolts.
- —Smooth hardwood tub, with heavy iron hoops, riveted to slats.
- —Heavy press screw and lever.
- —Tub, 9x9¼ in., capacity 8 quarts.

Just the right size for limited home use. **Not Prepaid.**

32KC2383¼ Wt., 23 lbs.... **$2.35**

Senior and Medium

Illustration shows positive force feed furnished on medium and senior size. Grinds all size apples without clogging.

Junior

$22.50 MEDIUM

Standard Cider Mills

$16.75 JUNIOR

- —Heavy hardwood frames strongly bolted together.
- —Grinding parts cast iron and steel.
- —Crossheads for press screws extra heavy cast iron.
- —Press screws are extra heavy steel, accurately threaded and fitted.
- —Large hoppers with forced feed.
- —Back geared, equipped with heavy balance wheels and self-aligning bearings.
- —Tubs smooth, selected hardwood with steel hoops riveted to slats.

Will grind grapes as well as small and large apples. Junior and Medium Mills are of the same general construction, differing only in size and are operated by a single crank. The Senior Mill is much larger, double back geared, fitted with two cranks and wide face balance wheel. Can be driven by belt from engine when desired. **Shipped from factory near Harrisburg, Pa. Not Prepaid.**

"Farmers' Friend" Caldron Cookers and Kettles

$5.95 And Up Complete

- **Smooth, fine grained iron kettles—full capacity.**
- **Heavy steel Plate Jacket—strongly reinforced.**

This feed cooker has many handy uses such as rendering lard, scalding hogs, boiling sap, making soap, etc. Jacket has no bottom. Build wood fire on ground. **When ordering jacket alone be sure to give exact circumference or measurement around kettle underneath the flange, and allow the price of the jacket nearest in size to your old cooker.** Rim of kettle rests on top of jacket so kettle can be easily removed. Coal grates, cover and pipes are extra at prices given below. **Shipped from factory in CENTRAL OHIO. Not Prepaid.**

Improved Steamer and Cooker

$59.75 And Up

- **Boiler plate steel shell ¼ in. thick with 5/16-in. steel heads.**
- **Cast iron base and dump grate; large fire door.**

For cooking feed, scalding hogs, scalding milk cans, heating tanks and for all steam cooking, washing and renovating. Bakers use them for supplying steam to ovens. Very economical with fuel. Will burn coal, wood or cobs.

Water completely surrounds fire box, preventing burning out of the body and enabling boiler to generate steam quickly. Will furnish a continuous supply of steam or hot water. No small flues to clog or burn out. Heads are securely welded to shell. Equipped with pop safety valve set at 15 pounds, steam gauge, water gauge, two sets of ½-inch steam pipes with shut-off valves, two try cocks, hand pump and hand pump hose. Diameter of boiler, 17 inches. **Shipped from factory in Michigan. Not Prepaid.**

Morton's Meat-Curing Salt

78c 10-LB. CAN

Have sweeter, juicier meat. Eliminate all smoke-house work and worry and save money by curing your meat at home with Morton's Figaro smoke salt. This high grade meat salt is saturated with the flavoring and preserving qualities of wood smoke and is blended with a delicious sugar cane.

Unhardened by smokehouse heat, free from shrinkage and with the rich juices saved, your meat will have a delicious distinctive flavor. **Shipped with complete instructions.** Shpg. wt., 12 lbs. **Not Prepaid.**

43KC650¼—Curing Salt. 10-lb. can **78c**

Automatic Regulator Valve and Float

- **Heavy Brass Valves.**

A universal valve that will work either under gravity or pressure feed. Easily installed in any trough or tank. Small valve for hog troughs, large valve where a large amount of water is needed. Either valve can be connected to any size pipe by using ordinary pipe reducers. Complete with copper float, locknuts and pipe nipple. **Not Prepaid.**

$2.10 And Up

32KC1978—½-inch valve. Weight, 2 pounds **$2.10**

32KC1979—¾-inch valve. Weight, 4 pounds **$2.80**

Improved Waterer

—Cast iron cup 9¾ x 9 in. 3¾ in. deep.

Only one ¾-in. hole needed in tank. Large enough for hogs, sheep or calves.

Quickly detached. Brass float and valve regulate flow of water. Complete with gaskets and strainer. Wt., 16 lbs. **Not Prepaid.** **32KC1989¼. $1.95**

Galvanized Hog Troughs

- **Galvanized steel.**
- **12 in. wide, 4 in. deep.**
- **Rounded bottom easily cleaned.**
- **Crossbars spaced 1 ft. apart; flanged edges.**

A heavy strong trough at a very low price. No sharp edges to injure stock. Easily cleaned. Shipped nested with ends detached to save one-half in freight charges. Ends are easily attached with bolts furnished. The 4, 6 and 8-foot sizes are of extra heavy construction. **All sizes shipped Not Prepaid.**

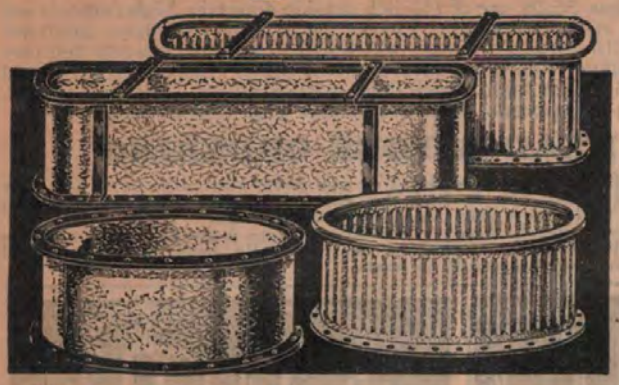
32KM1875½—5 feet 9 inches. Capacity, 21½ bushels, 3 compartments. Weight, 230 pounds **$9.75**

Auto Power Jack



$19.95

A practical device for using power from your automobile or truck for wood sawing or feed grinding. Simply run the rear wheels of your auto on the jack, place a timber or steel pipe through the front wheels to keep the car from moving and start your engine. No strain on the car. Consists of a frame with two shafts, to which are attached flanged wheels on which the rear wheels of the auto run. An extension on one shaft carries the pulley to which is belted the saw, feed grinder, or machine you desire to operate. Can furnish jack either for autos with pneumatic tires, or for light delivery trucks with solid tires. **When ordering be sure to state kind of car and what machines you will operate to enable us to send you pulleys of proper size. Shipped from PENNSYLVANIA factory. Wt., 250 lbs. Not Prepaid.**

32KM2292½—Auto Jack, Complete, with babbitted bearings ... **$19.95**

Certified Quality—LOW PRICES

Dimensions are outside over all. Weights are for smooth steel tanks. Corrugated tanks weigh slightly less. Weights are subject to some variation and are given as accurately as possible for the purpose of estimating shipping charges. **Shipped from factory in Central Ohio. Not Prepaid.**

Smooth Side Tanks

$3.55 And Up

—Heavy 20-gauge rust-resisting galvanized steel.
—Soldered lock seams.

Low Cost Delivery. We ship from Factory Near You. Very strongly and rigidly constructed. Sides are flanged out at bottom and closely riveted to bottom in such manner as to provide an outside flange of several thicknesses of metal with resulting strength and rigidity. Bottom soldered inside all around. Round end tanks have one or more heavy side and cross braces depending on size of tank. Smooth tanks can be made of 18-gauge metal at prices 30 per cent higher.

Round Stock Tanks

Corrugated Tanks

Corrugated tanks are preferred by many. While a trifle lighter than the smooth tanks the corrugations add strength and stiffness and in all cases they are very strong and durable. Sides are double-folded and rolled into a flange at top and bottom, making three thicknesses of metal at top and four at bottom. The bottom flange is then securely riveted through elastic packing, assuring a perfectly waterproof tank.

PEERLESS SELF-OILING WINDMILLS

Now! Choice of Roller or Babbitted Bearings!

—Machine cut stub tooth gears.
—Double gears—double pinions.
—Ball Bearing turntable.
—All moving parts run in oil.
—Extra long babbitted bearing or roller bearings on main shaft.
—Galvanized helmet protects working parts.
—Self regulating vane with coiled spring governor.
—Heavy cast iron main frame.
—Improved pull out device.
—Back geared 3 to 1, with 6-inch stroke.

Hitherto, windmills of the highest type have cost so much as to be beyond the reach of many. Now, everyone can have the New-Auto-oiled Peerless, with its many valuable and exclusive features, at no more cost than for an inferior windmill.

The Peerless Roller Bearing Windmills have high grade Roller Bearing at wheel end of main shaft, another roller bearing at the gear end, and a ball bearing to take the end thrust on the windmill shaft. Also bronze bushings for pitman arm bearings and for the main gear bearings. They will start and run in lighter winds than any windmill with ordinary bearings, and will deliver a greater part of the wind power to the pump rod, more pumping hours per day and pump more water every hour.

$36.50 And Up WITHOUT TOWERS

Write for Windmill Circular P7489K **showing these windmills in detail and giving tables showing the work they will do.**

SEE PAGE 973

ESTIMATED FREIGHT CHARGES, per 100 lbs. on Windmills and Towers: 150 miles, 47c; 300 miles, 69c; 500 miles, $1.05; 750 miles, $1.19.

Peerless Windmills and Steel Towers Complete

A windmill complete with galvanized steel tower will be more satisfactory and cheaper in the end than building a wood tower. Prices include windmill and tower complete ready to set over your well—no pump, pipe or water fittings included. Be sure to order a tower high enough to place windmill above nearby trees, buildings or other obstructions to the wind.

Galvanized steel towers have four heavy angle posts strongly supported by steel angle girts every ten feet, and eight round steel diagonal brace rods for each 10-foot section. Sizes and thicknesses of corner posts and girts used depend on height of tower. Every ten feet of height, heavier steel is used. Easily erected. Price includes anchor posts and wood pump pole. Also steel ladder and wood platform. No. 1 towers are of standard weight and strength for 6-ft. and 8-ft. windmills. No. 2 towers are heavier for 10-ft. windmills.

Shipped from factory near Chicago, Ill. Not Prepaid.

NOTICE: Prices shown below are for tower and windmills equipped with plain bearings. If roller bearings are wanted on the 8 or 10-foot sizes allow $5.00 extra and specify on your order "With Roller Bearings." The 6-ft. windmill is made only with plain bored bearings.

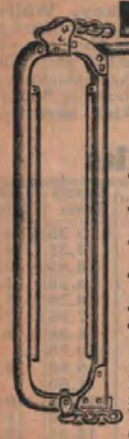
New 6-Ft. PEERLESS Single Back-Geared Windmills

—Self-oiling engine head.
—Machine molded gears running in oil-tight case.
—Coiled spring governor.
—Wind Wheel and vane galvanized steel.
—Ball bearing turn table.

Where the well is shallow and the work is light, a 6-foot windmill will pump all the water required. Requires oiling only once or twice a year.

Coiled spring governor holds the mill against the wind and throws mill out of the wind at too high speeds. When pulled out of the wind and locked out of gear, brake prevents wind wheel from turning. Mill responds quickly to any change in direction of wind. Furnished only with plain bored bearings.



Unless otherwise ordered, we furnish bed plate and spider for four-post wood tower. If wanted to mount on an old steel tower, state whether tower has three or four posts. Shipped from factory near Chicago, Ill.

32KM4030½—6-ft. plain bearing windmill. Without Tower. Wt., 250 lbs. Not Prepaid..... **$23.75**

Price does not include wood pole for connecting windmill to the pump. Order pump pole 32KM4043½.

Our Competition Stanchion

$1.70 And Up

—Sides, 1¼x3/16-in. steel U-bars.
—Malleable spring latch and corners.
—Heavy 5-inch top and bottom chains.
—Adjustable for width, opens 17 inches at top.
—Length, inside, 43 in.
—Finished in Gray enamel.

A strong, well made stanchion. Lined stanchions have the channel turned in and linings set in channel. Unlined stanchions have channel outward, giving a smooth surface to cow's neck. **Shipped from our store. Not Prepaid.**

32KM2223¼—With hardwood lining. Weight, 19 lbs..... **$1.98**

32KM2224¼—All metal, unlined. Weight, 17 lbs..... **$1.70**

Improved Peerless Steel Stanchion

$2.65

—Sides, heavy 1¼x3/16 in. steel U-bars.
—Protected spring latch.
—Heavy 6-in. top and bottom chains.
—Adjustable for width, opens 24 inches.
—Height inside, 48 inches.
—Black japan finish.

One of the most practical stanchions sold. Channels turned inward and hardwood lined. Left side is extended to form top bar, and slides in malleable iron loop. Hinged side bar is thus supported to top and bottom, cow cannot push it out of adjustment. **Shipped from our store. Not Prepaid.**

32KM2209¼ Weight, 23 lbs..... **$2.65**

Oval Steel Stanchions

—Side bars 1¼x3/16 Inch U-Bar steel
—Malleable hinge, latch and top
—Chains, 6 Inches long
—Adjustable for width; opens 23 Inches
—Length, 48 Inches Inside
—Black japan finish

$1.95 And Up

Lined stanchions have smooth, rounded hardwood strips. Channel of steel U-bars being turned inward, the wood linings are firmly supported by steel. Unlined stanchions have flat side of the steel U-bars turned inward, presenting a smooth flat surface against animal's neck. **Shipped from our store. Not Prepaid.**

32KM2214¼—With wood lining. Wt., 20 lbs... **$2.25**

32KM2213¼—Without wood lining. Wt., 17 lbs. **$1.95**

Attachments for Installing Any of our Stanchions

32KC2273—6-inch Hook Bolt, for hanging in wood frames. Weight, 4 oz. **Not Prepaid**..... **9c**

32KC2220—Bottom Anchor, for fastening to concrete curb. Weight, 1 lb. 8 oz. **Not Prepaid**..... **24c**

32KC2219—Anchor, for fastening to wood floor. Weight, 12 oz. **Not Prepaid**..... **15c**

32KC2221—Malleable Clamp, with bolts for hanging stanchion to 1⅝ in. outside diameter pipe frame. Weight, 1 lb. **Not Prepaid**..... **24c**

Peerless Complete Litter Carrier Outfit

—Bucket 42 inches long, 24 inches wide, 16 in. deep.
—18-gauge galvanized steel.
—Hardwood nds.

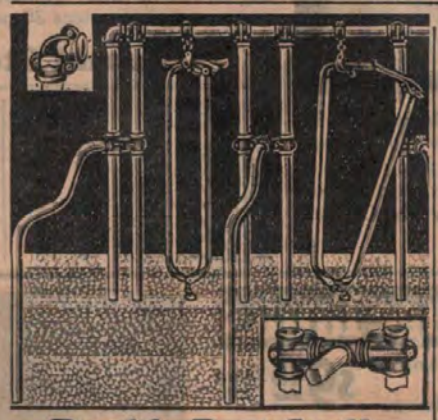
For barns with low ceilings or doorways. Price includes carrier, 100 ft. standard rod track, end loop clamps, two tension bolts, one trip and anchor rod with turnbuckle. For additional track allow 4c per foot extra. If heavy rod track is wanted, allow $1.50 extra. **Shipped from factory near CHICAGO. Not Prepaid.**

32KM1275½—Outfit complete. Weight, 200 lbs..... **$25.75**

32KM1278½—Carrier only. Weight, 135 lbs..... **$17.10**

SEND FOR FREE CATALOG P676K

Shows other styles of stalls, an extensive line of litter carriers and attachments and everything needed for a modern Dairy Barn. also Steel Pens and equipment for hog barns. It contains plans and instructions for laying out the complete equipment.



ALSO SOLD ON EASY PAYMENTS — SEE PAGE 973

Peerless Stalls are of 1⅝-inch outside diameter, high carbon steel tubing, stiff and strong. Elbows for ends of rows have tightener bolts with hardened wedges which grip the frame securely and prevent tubing from being forced out of place. Upright posts stand 5 feet 5 inches high, above floor, with 5 inches additional for imbedding in concrete. Finished in blue gray enamel paint.

READ BEFORE ORDERING

When ordering stalls tell us: Into how many rows will stalls be divided? The desired width of stalls? Will rows join building wall at one or both ends? Also furnish a pencil drawing showing number of stalls in each row, the location, size and kind of any posts that may be in the way of the rows, and the distance between centers of such posts.

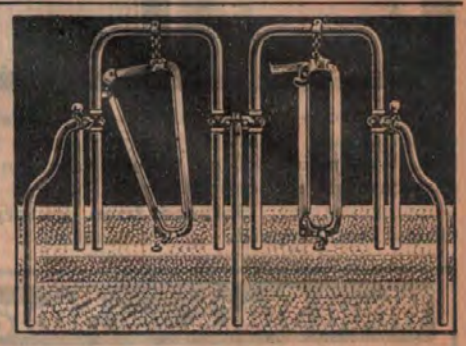
An extra charge is made for special fittings where stalls must be connected to posts.

Double Post Stalls

$7.70 And Up

—High carbon steel tubing, 1⅝-inch outside diameter.
—Stalls, 3 ft. 6 in. to 4 ft. wide.

The double stall posts are held immovable by heavy malleable iron cross couplings, and the two stall posts and partitions at the end of the row, with special cross coupling, form a rigid brace for the entire row of stalls.



Price includes top rail, two uprights, one bent partition, necessary clamps and bolts, and one stanchion with anchor. Illustration shows two complete stalls and one extra end section. **Be sure to state width of stall wanted. Shipped from Philadelphia, Pa. Not Prepaid.**

32KM2264¼—Double Post stall, with stanchion No. 32KM2209¼. Weight, 75 lbs. **$8.10**

32KM2263¼—With stanchion No. 32KM2214¼. Weight, 75 lbs..... **$7.70**

If neither end of a row of stalls joins the building wall, an extra end section No. 32KM2268¼ must be ordered.

32KM2268¼ Weight, 25 pounds..... **$2.90**

Arch Type Stall

—High carbon steel tubing, 1⅝-inch outside diameter.
—Heavy malleable iron couplings.

$6.80

—Height of arch, 5 feet 5 inches.
—Stalls, 3 feet 2 inches to 4 feet wide.

A new type stall that permits narrowing the stanchion frame, reducing the space between stanchion and frame, yet leaving ample room for comfort. One stall consists of one arch, one bent partition with couplings and one stanchion. No. 32KM2223¼—Other stanchions cannot be used in this stall.

Illustration shows two stalls and one extra end section. **Be sure to state width of stall wanted. Shipped from Philadelphia, Pa. Not Prepaid.**

32KM2265¼ Weight 62 pounds..... **$6.80**

32KM2266¼—Extra end section for arch stall, for finishing end of row. Needed where both ends of a row must be finished off and neither end joins the wall. Weight, 20 pounds..... **$2.90**

Steel Stall Partitions for Wood Frames

Same as used with our complete steel stalls. (Stanchion or frame work not included.) **Shipped from our store. Not Prepaid.**

32KM2270¼ One partition only with flange and screws. Wt., 15 pounds.... **$1.70**

32KM2272—Wood floor flange. Wt., 3 lbs..... **45c**

Estimated Freight Charges per 100 lbs. on Barn Equipment: 150 miles 47c; 300 miles 69c; 500 miles $1.05; 750 miles $1.19.

Detachable Water Bowls

—Cast iron bowl, 10-in. in dia., 4¼-in. deep with rolled edges.
—Connections for ¾-in. pipe.

Automatic—requires no attention except occasional cleaning. Attach to either steel or wood posts. Elevated storage tank provides the pressure, or bowls can be connected to city water. When piped from below, two ordinary elbows and a short nipple are required—**(not included in the price of the bowl, nor are the pieces of pipe, shown in the illustration).** Quickly detached for cleaning by removing one bolt which locks bowl securely in place. Wt., 12 lbs. **Shipped from our store. Not Prepaid.**

32KC2240¼—Bowl for steel stalls..... **$2.20**

32KC2241¼—Bowl for wood stalls..... **$2.25**

HIGH QUALITY ROAD SCRAPERS

$71.50 And Up

See Page 973 for Easy Terms

Fresno Scraper With Tractor Hitch

An ideal tool for the farmer or small contractor. Can be used with any small tractor. One man with a tractor can move as much dirt as five to ten men with horse-drawn scrapers. Easy to operate. Scraper is self-loading.

Lever regulates depth of cut and one setting does for the job. One pull on lever spreads load, another pull dumps entire load. After dumping scraper is reset by backing tractor a few feet. Complete instructions for setting up and operating included. **Shipped from factory in Western OHIO.**

32KM2530½—4-Foot Size. Cap., 12 cu. ft. Weight, 400 lbs. **Not Prepaid**..... **$71.50**

32KM2531½—5-Foot Size. Cap., 17 cu. ft. Weight, 430 lbs. **Not Prepaid**..... **$75.00**

$5.80 And Up

Drag Scrapers

—Bowl, heavy gauge steel.
—Full thickness of steel at point of greatest wear.
—Hardwood handles.
—Heavy forged steel bail and swivel.

Suitable for contractors and all grading and agricultural work. Double runner scrapers have two runners of hardened steel riveted to bottom; double bottom scrapers and extra plate of hardened steel riveted to bottom. **Shipped from factory near Harrisburg, Pa. Not Prepaid.**

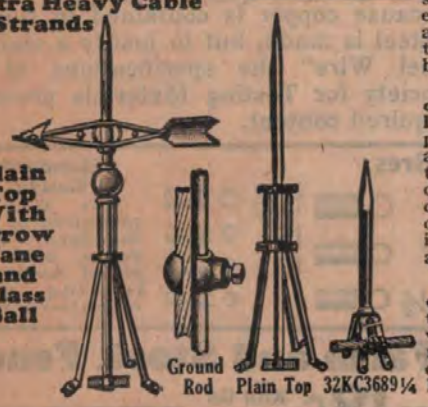
Protect Your Buildings With LIGHTNING RODS

Standard Cable
30 Strands

Extra Heavy Cable
34 Strands



4c And Up PER FOOT

—Cables pure stranded copper wire.
—Woven for greatest electrical capacity.
—Seamless 20-gauge copper tube uprights ⅝-inch in diameter.
—Brace stands hot dipped galvanized steel.

Standard cable is suitable for small farm buildings or residences, but for larger buildings requiring three or more groundings and in sections where storms are especially severe, the use of heavy and extra heavy cables is advisable. Tops should be placed at ridge ends and corners, and not over 25 feet apart; also at chimneys. At least two ground connections are needed for every building and on large buildings with more than five tops three groundings are required.

Prices of cable include copper clips, nails and connectors. **In ordering, state whether connectors are wanted for branch line or to connect two straight lines.** The 4½ and 2½-foot plain tops consist of copper tube upright with point and coupler and galvanized brace stand. The 14-inch top consists of a pointed tube securely fastened to a copper saddle which can be bent to conform with roof pitch. The 2½-foot and 14-inch tops are especially desirable for residences, but may also be used on barns and outbuildings. Arrow vanes, animal vanes and glass balls are not included with the tops, but must be ordered extra at prices shown at right.

Rods can be grounded by making a hole in the earth and extending the cable therein, but the best and easiest way is to use our ground rod. This is a steel rod heavily copper coated which is easily driven in any soil. The cable is then clamped to the rod. A complete lightning rod outfit including cable tops and ornament weighs packed for shipment from ¾ to 1 lb. per foot. **Not Prepaid.**

Lightning causes more loss by fire on the farm than any other agency, yet practically all fires caused by lightning could be avoided by the use of lightning rods properly installed. Anyone can easily put up his own outfit. No expert needed.

32KC3700¼—Standard copper cable, 30-strand No. 18 gauge wires, about ⅜ inch in dia. Per foot..... **4c**
32KC3696¼—Heavy copper cable, 32-strand No. 17-gauge wires, about ½ inch in dia. Per foot..... **5½c**
32KC3695¼—Extra heavy copper cable, 34-strand No. 17-gauge wires, about 9/16 inch in dia. Per foot..... **7c**
32KC3697¼—Extra heavy copper cable, 42-strand No. 17-gauge wires, about ⅝ inch in dia. Per foot..... **8½c**

32KC3694¼—Chimney top. We furnish a solid copper bracket with 20-inch copper point and lag screws for attaching to chimney. Order enough cable to extend from roof to chimney bracket..... **$1.15**
32KC3685¼—Copper coated ground rod. ½-inch diameter, 6 feet long, with copper clamp..... **$1.30**

PITLESS SCALES

$96.50 And Up

Especially Convenient for Farm Usage

See Page 973 for Easy Terms on Scales and Cane Mills.

—Heavy steel channel frames.
—Steel I Beam platform joists.
—Platform moves freely on ball bearings—and saves wear on knife edges.
—Substantial beam box, well painted.
—Weigh beams full capacity—no loose weights used.

Our pitless scales are constructed on the same principles of lever application and ball bearing features as our pit scales, described at the right. They are accurate and durable and will give excellent service wherever pitless scales can be used.

Platform lumber is not furnished.

Pitless scales are especially suited to the purposes of tenant farmers or on rented land as they can be moved by the owner. Because of the lack of permanent foundations or settings, some localities restrict the use of pitless scales for public or commercial weighing. While our pitless scales will weigh as accurately and give as good satisfaction as any of the type, a pitless scale should not be ordered where a pit scale is required. **Shipped from factory near Kansas City, Mo. Not Prepaid.**

Pitless Wagon and Stock Scales for Farm or Other Light Service

Catalog Number	Capacity	Size Platform	Wt., Lbs.	Cash Price

Portable Platform Scales

$17.25 And Up

—Single beam or weightless types.
—Hardwood platform and pillar.
—Brass beam and poises.
—Knife edges fine tool steel.

A good scale for buying and selling. Sealed to U. S. standards; guaranteed accurate, close weighing and durable. Single beam scales have hardwood platform and pillar, and brass beam, graduated to ½ pound with sliding poise. Except for the beam, the weightless type scales are the same. Upper bar graduated by ½-pound marks to 100 lbs. Lower bar has large poise which engages notches, weighing by 100 lbs., to full capacity of scales. **Shipped from Philadelphia, Pa. Not Prepaid.**

Single Beam Scales

Catalog Number	Capacity Pounds	Platform Inches	Shipping Weight	Price
32KM1792¼	600	16x24	150 Lbs.	$17.25
32KM1793¼	800	17x25	160 Lbs.	18.95
32KM1794¼	1000	18x25	165 Lbs.	21.95

Weightless Type Scales

Catalog Number	Capacity Pounds	Platform Inches	Shipping Weight	Price
32KM1795¼	600	16x24	160 Lbs.	$21.25
32KM1796¼	800	17x25	170 Lbs.	22.95

MOTOR TRUCK AND FARM SCALES

—Full capacity weigh beams—no loose weights.
—Main beam, brass faced machine milled and notched on top, with roller bearing poise.
—Tare beam, solid brass with section for fractional weights. Brass poises.
—Each notch and graduation milled to extreme accuracy.
—Knife edges fine tool steel perfectly ground and tempered.
—Levers cast semi-steel, strong enough to carry more than their weighing capacity.
—Economical to install—requires only a shallow pit.

$56.00 And Up

These scales are the most modern type of scale construction; accurate, close weighing, sealed to U. S. standards and are suited for weighing hay, grain or live stock anywhere, by coal and ice dealers; in fact, for all commercial or farm purposes. They are made to install with wood platform joists and cross timbers or with steel platform joists.

The installed cost of scales with steel is but little higher than with wood. When installed with steel platform supports, the depth of the pit is about half that required with wood construction. You save in the cost of the pit and walls, and this saving will greatly offset the difference in price between steel and wood. With steel construction you have to buy only the wood platform boards.

Two heavy main levers extend across the platform and rest on heavy bearing chairs. Another lever extends from each main lever and carries the weight to the fifth lever, which transmits it to the weigh beam. Thus the entire lever system always remains stationary, preventing scraping and wear on knife edges.

The corner ball bearings act as an automatic leveling device and if the scale should get slightly out of level, the weighing is not affected. The bearing foot always retains a true bearing seat, the ball acting as a hinge between the two. **The ball bearings** relieve the knife edges from wear since the movement of the platform is taken on the balls. **Prices include beam box, but not platform or platform timbers.** Office fixtures for hanging beam in office will be furnished in place of beam box if so ordered. **Shipped from factory near KANSAS CITY, MO. Not Prepaid.**

Pit Motor Truck Scales

Catalog Number	Cap. Tons	Size Platform	Edge of Platform to Weigh Beam	Wood Construction Wt., Lbs.	Wood Construction Price	Steel Construction Wt., Lbs.	Steel Construction Price
32KM1790½	10	16x8 feet	36-inch	1475	$147.50	2400	$215.00
32KM1780½	12	18x9 feet	38-inch	1925	210.00	3100	290.00

Shallow Pit Wagon Scales for Farm Use

Construction exactly as illustrated for our Motor Truck Scales—but not as heavy. They are heavy enough for all farm or other private weighing but are not recommended for commercial installations. Distance edge of platform to weigh beam, 22 inches. Prices include beam box—but no other lumber.

Catalog Number	Capacity	Size Platform	Weight	Price
32KM1786⅓	4 tons	14x8 feet	670 pounds	$ 56.00
32KM1787⅓	5 tons	14x8 feet	680 pounds	61.75

...Here's Proof of SEARS

When we tell you that Sears fencing is made by leading American manufacturers and of the best galvanized steel fencing wire obtainable, we mean just that. So much, however, has been said by others about the superiority of their wire and their galvanizing processes, that we asked the laboratory for the real truth.

The "Copper" Tests

When eight samples of wires "A" and "B" (*nationally advertised as "Copper Steel"*) wire and eight samples of *Sears regular fence* were analyzed for copper content, the laboratory found that Sears regular fence wire actually contained over *twice* as much copper as the others. See figures at left.

Test	Copper Content Sears	Copper Content Wires "A" and "B"
1	.057	.053
2	.051	.005
3	.014	.0056
4	.034	.0088
5	.033	.028
6	.033	.0069
7	.022	.0031
8	.025	.0019
Average Copper Content	.033	.0140

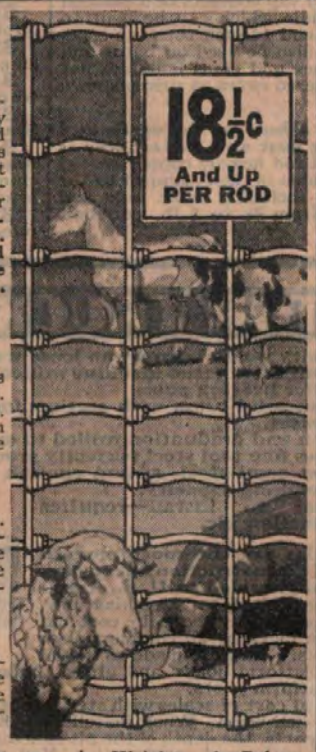
All steel fencing wire contains a varying amount of copper because copper is contained in the ore from which steel is made, but to justify a claim to "Copper Steel Wire" the specifications of the American Society for Testing Materials prescribe .20 as the required content.

VICTOR HINGE JOINT Farm Fence

The hinge-joint tie forms a perfect union between line and stay wires and adds years of service and durability. No spreading of wires possible. Yet so flexible that it conforms to any ground irregularities. For hog-tight fence order fencing with 6-inch stays. **Furnished in 20 and 30-rod bales only. We do not cut bales. Shipped Not Prepaid from warehouse in Central Pennsylvania.**

Furnished in Three Weights

Standard No. 13



Both top and bottom wires No. 10, gauge all other wires No. 13 gauge galvanized steel wire. Very satisfactory where a medium weight stock or general purpose farm fence is required.

Heavy No. 11

Both top and bottom wires No. 9-gauge, all ther wires No. 11-gauge, galvanized steel wire. The most popular hog and cattle fence in the principal agricultural sections.

Extra Heavy No. 9

Made throughout of No. 9-gauge, galvanized steel wires. The strongest farm fence made. The very best for permanent enclosures.

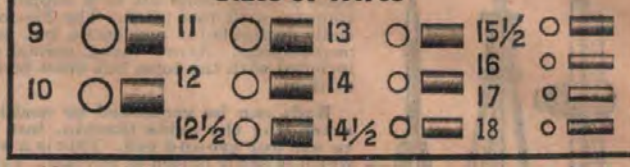
CHAMPION No. 11 FARM FENCE



For an all around serviceable heavy duty farm and stock fence with the stiff stay features you'll find nothing better. The "S" tie firmly grips the wires so they cannot slip or sag. Heavy one-piece stiff stays spaced 6 or 12 inches apart give a rigid fence that stands straight and requires the minimum number of posts. Heavily crimped line wires between stays compensate for expansion and allow fence to conform to irregularities of the ground. **Shipped in 20 and 30-rod bales only from factory in Eastern Ind. We do not cut bales. Not Prepaid.**

Top and bottom wires No. 9 gauge, all other wires No. 11 gauge galv. steel wires.

Sizes of Wires

Standard Gauge

Our Wire is measured by the Standard Wire gauge used by all of America's leading wire manufacturers.

Victor Special Farm and Stock Fence

A Real Economical Fence **18c** And Up PER ROD

Designed to turn horses, cattle and sheep. Makes a splendid low-cost field fence where a close mesh hog-tight fence is not required. The wide spacing makes it low in cost, yet it is efficient in turning larger stock. **Furnished in two weights with stay wires 12 inches apart. The No. 12½-gauge** which will meet all ordinary requirements, and the **No. 11-gauge** for those who require a heavier fence. **Illustration shows 49-inch height.** 45-inch has 8 bars spacing from bottom up, 4½, 5, 5½, 6, 7, 8 and 9 inches apart. The 35-inch height has 6 bars spacing from bottom up as follows: 5½, 6, 7, 8, and 9 inches apart. **Shipped in 20 and 30-rod bales only, from warehouse in Central Pa. We do not cut bales. Not Prepaid.**

X-L-ALL No. 14½ Twist Joint Farm Fence

Here is a low-priced effective stock and farm fence that has always been a big favorite. The interlocked stay eliminates tie wires. This saving in wire reduces the cost of manufacture, and reflects to the benefit of the purchaser in the low prices we name. The X-L-All tie firmly interlocks line and stay wires together into a strongly woven fabric preventing spreading of wires no matter how severe the usage. All strains equally divided over entire fence. For hog-tight fence be sure to order the 6-inch stay. **Shipped in 20 and 30-rod bales only from factory in Eastern Indiana. We do not cut bales. Not Prepaid.**

Both top and bottom wires, No. 11-gauge; all other wires No. 14½-gauge galvanized steel wire.

Low Prices Buy BETTER QUALITY at Sears

Superior Fencing Quality

The Galvanizing Test

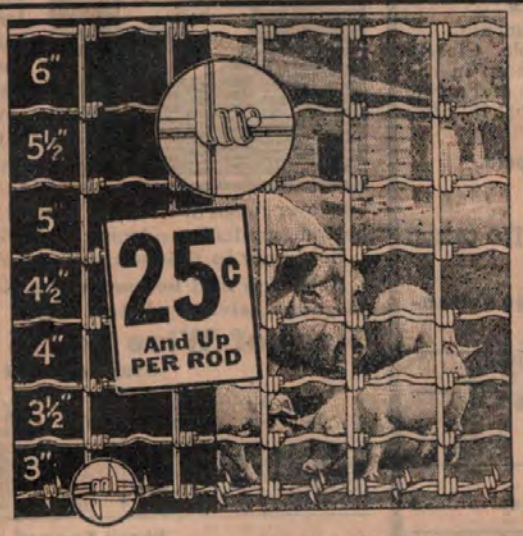
Despite the fact, too, that a standard method of galvanizing is used by practically all fence wire manufacturers, claims for "special processes" still persist. So the laboratory analyzed samples of wire for which special claims were made and Sears regular fence wire to determine the comparative quality and thickness of zinc coating.

Here are the results:

Test	Sears Regular	Wire "A"
1	.55 oz. zinc	.31 oz. zinc
2	.63 oz. zinc	.32 oz. zinc
3	.63 oz. zinc	.32 oz. zinc
Average	.60 oz. zinc	.32 oz. zinc

Note: A.S.T.M. Specifications for Farm Fence Wire require .50 oz. of zinc per square foot.

Finally, in a severe comparative atmospheric test, Sears fence showed no signs of rust—the zinc coating was not tarnished, while another fencing, widely advertised as "special process" wire was badly tarnished and rusted.



The moral is: *Don't be misled by "special claims." Sears make no claims that cannot be proved.*

VICTOR No. 13
Hinge Joint
Hog Fence

—Hog-tight.
—Barbed bottom wire keeps hogs from rooting under.

Sears bigger values and bigger savings help cut your fencing costs. The closely spaced line wires, spaced 3 inches at the bottom and gradually widening to 6 inches at the top, with stays spaced 6 inches apart, make this fencing of so small a mesh that even the smallest pig cannot squeeze through; also makes a splendid farm fencing by stretching several lines of barbed wire at the top. **Shipped in 20 and 30-rod bales. Not Prepaid.**

Top wire No. 10-gauge, intermediate wires No. 13-gauge galvanized steel wire. Bottom Wire of Special Barbed Wire.

Catalog Number	Height	No. Line Wires	Wt. 100 Rods	Price Per Rod, at Harrisburg, Pa.	Price Per Rod, at Boston, Mass.

X-L-ALL No. 14½ Twist Joint Hog Fence

—Hog-tight.
—Barbed bottom wire.

Compare our low prices. Prove for yourself the quality and savings.

A practical low priced hog-tight fencing with barbed bottom wire. The line wires, being spaced 3 inches apart at the bottom and gradually widening to 7 inches apart at the top, make an ideal close mesh hog fencing. Stays spaced 6 inches apart. The X-L-ALL tie firmly interlocks the line and stay wires into a strongly woven fabric, preventing spreading of wires.

Shipped in 20 and 30-rod bales only. Not Prepaid.

Top Line Wires are No. 11-gauge; intermediate Wires No. 14½-gauge Galvanized Steel Wire. Bottom of Special Galvanized Barbed Wire.

VICTOR Hinge-Joint Poultry Fence

$2.25 And Up PER 165-FOOT ROLL

VERY Close Mesh for Turning Chicks

● **Line wires 1 inch apart at bottom.**

Now is the time to buy. Never before have Sears offered such money saving fence bargains. Here's a hinge-joint fence unsurpassed for turning small chicks. Also extensively used for orchards and gardens. Built to highest standards of quality. Our enormous volume and our methods of selling make possible these exceptionally low prices.

Furnished in Two Weights

No. 17 Fence meets all ordinary requirements.

No. 15½ Fence is heavier and more durable. Closely spaced line wires, only 1 inch apart that keep in the smallest chicks. Stretches easily, stays firm and erect, and needs no top or bottom boards to support it. Stay wires spaced 6 inches apart.

Sold only in 165-foot rolls. Not Prepaid.

X-L-ALL No. 18 Poultry Fence

$2.10 And Up PER 165-FOOT ROLL

Stronger and more serviceable than ordinary poultry netting—yet priced far lower. An excellent combination fence and poultry netting, for poultry yards, orchards and gardens.

Here are the distinct advantages of the X-L-All inter-locked stay:

The intermediate line wires and stay wires are each one continuous length, interlocked so that one will reinforce the other. This permits a continuous weaving process which cuts the manufacturing cost and saves tie wires.

Line and stay wires firmly woven together, cannot possibly spread, no matter how severely used. Easily erected even over rough or irregular ground. Line wires spaced 1⅛ inches apart at bottom, gradually widening to 4½ inches at top.

Sold only in 165-foot rolls. Not Prepaid.

Both top and bottom wires No. 15½-gauge; all other wires No. 18-gauge galvanized steel wire.

DIAMOND MESH POULTRY NETTING

Sears Save you Money on Diamond Mesh Poultry Netting. For poultry yards, tennis courts, gardens, stucco work, etc. The netting, galvanized before weaving, is serviceable and meets all ordinary requirements. Wherever destructive climatic conditions have to be met, we recommend netting galvanized after weaving, as this process makes it more rust resisting, rigid and durable. *Sold only in 150-foot rolls. Shipped from Philadelphia, or Boston, Mass. Not Prepaid.*

Low Prices Buy BETTER QUALITY at Sears

CHAIN LINK FENCE

Galvanized After Weaving

—Copper bearing steel wire.
—Continuous spiral stay wires form interlocking 2-in. (non-climbable) mesh.

We are now offering hot dipped "Galvanized after Weaving" Chain Link Fencing at prices lower than "Galvanized before Weaving" Fencing is generally sold for. The "Galvanized after weaving" process makes possible a much heavier coating of zinc on the wire. Consequently, the wire will withstand rust and corrosion much longer and better than ordinary wire which is galvanized before it is made into fence.

Shipped from factory in Massachusetts. Not Prepaid.

32KM9580⅓—Chain Link (11-Gauge Wire) Fencing.

Ornamental Lawn Fence

Two popular types of ornamental lawn fence. Made of the very best galvanized fencing wire. Strong and durable. Pickets on Windsor design 3 inches apart.

Oaklawn design same construction as the Windsor except that an extra picket is added at bottom. Wherever this closer spacing is not a consideration the Windsor will meet every requirement. Upright wires or pickets No. 9½ gauge closely crimped which adds stiffness. Double cable line wires No. 13 gauge tightly twisted, spaced 2⅜ inches apart at top balance spaced 6 inches apart.

A Height for Every Need

Put up in 50, 75 and 100 foot rolls. **Carried in stock for immediate shipment from Philadelphia, Harrisburg, Pa., or Boston, Mass. Special lengths shipped from INDIANA factory only and require a few days to prepare. Not Prepaid.**

12 feet	65 pounds	6.00
14 feet	70 pounds	6.90

Galvanized Steel Frame Gates

Built to stand up under the hardest kind of wear and strain. Nothing better in gate construction. Made of strong steel tubing heavily galvanized. Ends are electrically welded together forming a continuous frame. No cracks or clamps to cause rust or joints to loosen. Lower end of diagonal brace fitted with a special non-slip collar, can be easily adjusted to prevent gate from sagging or twisting out of shape. Gates are filled with Victor Hinge joint Farm Fencing, having stays spaced 6 inches apart. **All sizes are 4½ feet high.** Width given is distance between posts. Prices include galvanized hinges and latch for wood posts. Can furnish hinges and latch for 2-inch round or angle gate posts at 50c extra. **Posts not included. State which is wanted. Shipped from Harrisburg, Pa., or Boston, Mass. Not Prepaid.**

92c And Up 25-FOOT ROLL

Square Mesh Galvanized Screen

Also Known as Hardware Cloth

There are hundreds of uses for Hardware Cloth. Such as window guards, tree guards, glass protection, partitions, machinery guards, animal cages, sifters, ventilator coverings, incubator trays, fruit evaporators or rabbit hutches, also for lining corn cribs, storage bins, feeding floors in poultry houses and to make them rat-proof—or wherever a tough protective square mesh screen is required. The heavier No. 16 and No. 17-gauge are extensively used for rabbit hutches and poultry houses. **Shipped only from factory in Massachusetts. All other gauges shipped from Philadelphia, or Boston. Not Prepaid.**

SAVE *on* STEEL POSTS

18½c And Up EACH

No fence is stronger than its posts. At Sears low prices anyone can afford the best when the cost is so small. Remember the first cost is the last cost.

Use everywhere, orchard, gardens, poultry yards as well as for all farm fencing purposes. Steel posts are stronger and neater than wood posts. Made of rail carbon steel the strongest and most durable material for posts. Fireproof, rotproof. Fit all types of fencing and netting. Posts are well painted with rust resisting paint. We recommend that all line posts be set 24 inches in the ground. Shipped complete with anchor plates which improve anchorage. **Shipped from Boston, Mass., Philadelphia, Pa. warehouse in Central Pennsylvania or Buffalo, N. Y. Not Prepaid.**

Punched Steel Line Posts

Have oval shaped holes ½x⅜-inch punched 2 inches apart so fencing or wire can be fastened with staples or special fasteners.

Punched Angle Line Posts

32KM5475⅓—1¼x1¼x3⁄16-Inch Angles.

7 feet	60 inches	9¼ lbs.	30½c
8 feet	72 inches	10½ lbs.	34½c

Self Fastener Steel Line Posts

The most popular with fence builders. Makes fencing easy to erect or take down. Requires no staples, tie wires or other type fasteners. Lugs spaced 2 inches apart. Simply place wires in protruding lugs and tap with hammer. Lugs easily loosened for removing fence. Lower lugs reversed so bottom line wires will not slip out when stretching fence through low places also prevents hogs from rooting under or lifting fence.

Self Fastener Angle Line Posts

32KM5464⅓—1¼x1¼x3⁄16-Inch Angles. Not Prepaid.

BARBED WIRE

$1.58 And Up PER SPOOL

Galvanized—Full Length—Wire Spools

● **Barbs spaced 3 inches apart on 2-point hog wire, 5 inches apart on 2-point cattle wire, 4 inches apart on 4-point hog wire, 6 inches apart on 4-point cattle wire.**

Big savings possible only because of Sears enormous purchasing power. Every spool contains full 80 rods, first quality, evenly wound. No shorts, no seconds or rejects. Barbs are sharp-pointed, double twisted around cable wire.

Compactly Wound on Wire Spools

Wire spools do not break or come apart like wooden spools and keep the wire in better shape.

The No. 14-gauge lightweight wire will, in many instances, serve the purpose fully as well as the heavier No. 12½-gauge wire. **Shipped from Philadelphia, Pa., or Boston, Mass. Not Prepaid.**

Fortified COD LIVER OIL
For Increased Strength-Health and Vitality

INCREASE PROFITS With Nopco Cod Liver Oil

—Twice as potent and therefore only half as costly.
—Helps to increase egg production.
—Helps reduce soft shelled eggs.
—Improves hatchability.
—Vitamin potency guaranteed.
—Each lot biologically tested.
—Produces stronger chicks.
—Builds rugged bone structure and eliminates rickets.
—Promotes growth.
—Reduces mortality.

Good Cod Liver Oil is a necessary supplement in the daily diet of all poultry. And especially is this true in the case of Battery Brooder feeding and in the case of poultry in confinement (away from sunlight).

This is a pure, unadulterated, certified, effective light amber colored oil with twice the Vitamin D Content of ordinary oil. Because you use only half as much as you would of ordinary oil (8 oz. to 100 lbs. in mash feeding) the actual cost of this product is approximately half the cost of any other high grade oil.

$18.45 SUPER HATCHER INCUBATORS

250-Egg

Every Super Hatcher Bears the Underwriters' Label

—Double wall insulated redwood case.
—3-ply laminated top and bottom.
—Copper hot water tank, Jacketed heater conserves heat.
—Galvanized screen bottom trays equipped with egg turning device.
—Automatic heat regulator.
—Encircling leg clamps.
—Door has double glass and draw-tight fasteners.
—New type filler and expansion cup.

Nature's way is the right way—and in the Super Hatcher, Nature's methods are closely followed. Thousands of poultry raisers have found that with a Super Hatcher they get **hardier, stronger chicks and fewer losses.** It is economical in use of oil. Its dependable regulator keeps the right temperature day in and day out. Ample nursery space under each tray. To own a Super Hatcher is the best possible assurance that you can make poultry raising pay. **Each incubator complete with thermometer, egg tester and instructions for operating. Shipped from our store. Not Prepaid.**

New Idea COAL BURNING HEATER With BROODER CANOPY

$10.45 And Up

—Heavy cast iron stove.
—Improved thermostatic check draft regulator.
—Extra large fuel pot: rocking grates.
—Swinging section canopy.

The New Idea Heater with its extra large coal capacity, will keep a well constructed brooder house warm and comfortable. The baby chicks can safely stray beyond the edge of the canopy without becoming chilled. No huddling and crowding together, nor are they alternately overheated and then chilled. They have more range and room for exercise and growth. New Idea Coal Heaters are conservatively rated as to chick hovering capacity, but with the advantages derived from their construction and greater fuel capacity, they will care for more chicks and raise them, than other stoves of the same rated capacity.

Burns Hard or Soft Coal

Heavy specially designed shape of cast iron body permits use of either hard or soft coal. Shape radiates heat to floor.

Improved Thermostat Control

By placing the check draft regulator well above the fuel bed at the top of the stove body and directly in the chimney draft, a quicker, closer control of the draft is accomplished. The cold air, passing through the check opening does not come in contact with the hot gasses and distilled vapors which collect immediately above the fuel bed. A clean steady fire is easily maintained and most of the soot will also be consumed. Once regulated this brooder will run all day or night on one filling requiring little or no attention.

Oversize canopy distributes the heat uniformly. All sizes take 4-inch pipe. No pipe included. **Shipped from our store.**

32KM2882¼—No. 1 with 44-inch diameter hover. For 300 to 500 day-old chicks. Ht., 19 in.; diam., 13 in.; grate, 8½ inches diameter. Fuel capacity, 1,000 cu. in. Wt., 96 lbs. **$10.45**
Not Prepaid

32KM2883¼—No. 2 with 54-inch diameter hover. For 500 to 1,000 day-old chicks. Ht., 20 in.; diam., 14½ in.; grate, 8½-inch diameter. Fuel capacity, 1,150 cu. in. Wt., 105 lbs.
Not Prepaid **$12.95**

32KM2884¼—No. 3 with 64-inch diameter hover. For 1,000 to 1,200 day-old chicks. Ht.. 21 in. Diam., 16 in.; grate, 9½-inch diameter, Fuel capacity, 1,500 cu. in. Wt., 125 lbs.
Not Prepaid **$15.35**

Famous RADIO Oil-Burning Heater with Brooder Canopy

$7.95 And Up

—Automatic Needle valve control.
—Metal fuel tank with gauge.
—Large size blue flame kerosene burners.

Electric Brooder Battery

—Each drawer measures 23x35x11 inches.
—Automatic Thermostatic control in each drawer.
—Resistance type heating elements.
—Dropping pans easily removed for cleaning.
—Heavily tinned wire floors, ½-inch mesh.
—Removable open troughs on 3 sides.
—Doors filled with heavy galvanized wire screen.
—Hinged side doors regulate feeding space.

Start your chicks in this brooder battery—after they are feathered out, they can be put under a floor brooder—or transferred to a finishing battery and raised to the brooder stage, or until they are ready to be turned out on range.

Each tray is a complete unit with heater, cord and plug and each can be used separately, or all together. Each drawer accommodates 100 day-old chicks. Heavy curtain divides unit in two compartments. Furnished all ready to plug in on current.

Wired for 105 to 115 volt alternating current. Stand is strongly made of one inch steel angles, well braced, has large steel wheel swivel casters. **Shipped from factory in Central Indiana. Not Prepaid.**

32KM2930½—Battery of five brooders. Complete with Stand, Capacity, 500 day-old chicks. Wt., 245 lbs..... **$45.25**

Anti-Freeze Top Fill Poultry Fountain

$3.25

Cleanable Sanitary

—Outer and inner walls galvanized steel.
—1¾-inch layer of heavy insulation.
—Separate telescoping inner tank.
—Capacity, 5 gallons.

The most convenient all year round fountain to keep clean. No lamp required. Will keep water from freezing 12 hours or more in winter, and will keep water cool in summer. Cone shape top prevents roosting. To fill or clean, simply lift out inner tank and fill other tank from top. Wt., 25 lbs. Not Prepaid.

32KC3144¼—Capacity, 5 gallons..... **$3.25**

Anti-Freeze Waterer

—Heavy galvanized steel.
—Double walls packed with insulating material.

Maintains a cool supply of water in summer, and keeps water from freezing 12 hours or more in winter. Cone shape top prevents fowls from roosting. Fills through the trough opening in the side. Not Prepaid.

32KC3134¼—2-gallon. Weight, 11 pounds..... **$1.45**
32KC3135¼—3-gallon. Weight, 16 lbs... **$1.98**
32KC3136¼—5-gallon. Weight, 20 lbs... **2.25**

Top Fill Poultry Fountain

$1.25 And Up

—Galvanized steel.
—Top and water container separate telescoping cylinders.

Easy to fill and clean. Chickens drink all around. Fountain is filled from top by withdrawing inner cylinder. A strongly made, high quality fountain. Not Prepaid.

32KC3328¼—Capacity, 2 gallons. Weight, 6 pounds..... **$1.25**
32KC3330¼—Capacity, 5 gals. Wt., 9 lbs. **$1.95**

Large Capacity Poultry Waterer

—With oil or electric heater; or plain—without heater.
—Fills from the top.
—Sanitary, easily cleaned.
—Automatic spring valve.
—Drinking space all around.

$2.85 And Up Without Stand

Fountain is well made of galvanized steel in two parts, an inner container and outer jacket. Container has bail for carrying. Spring valve prevents overflow when jacket is removed.

When used with heater, fowls cannot scratch litter into drinking pan, but we recommend the stand and perches as very desirable.

Oil heaters have high grade chimneyless brass burner and galvanized oil container. For electric heat a bracket is furnished for supporting a socket and lamp bulb. Socket, lamp or cord not included. Not Prepaid.

Galvanized Lice Proof Nests

With or Without Traps

—Length, 47 inches.
—11½ in. wide, 13 in. deep.
—Round opening, 8½-in. diameter.
—Folding wood perches.

Nest openings have smooth rolled edge—no sharp edges to injure hens' feet or combs. Steep sloping roof prevents roosting. Ample ventilation in each nest. Hang against wall which forms back. Illustration shows trap doors which must be ordered if wanted. Traps are positive in action. When not needed they are held open by a catch. Nests shipped flat, easily put together with bolts furnished.

32KC3244¼—4-nest sections, without traps. Weight, 26 lbs. Not Prepaid..... **$3.25**

Improved Metal Trap Nest Fronts

—Positive action trap door.
—All galvanized.

When traps are not needed they are held open by a catch. Make the nest box from boards or an old box. Size, 15 in. high, 12 in. wide; round opening, 8½ inches in diam. Wt. 2 lbs. Not Prepaid.

32KC3247—Each..... **32c**

5-Foot Wire Guard Flock Feeder

$3.40 COMPLETE

—Galvanized wire guard.
—Trough heavy galvanized steel, 5 ft. long, 8 in. wide, 5 in. deep with turned edges.
—Strong angle steel legs, rigidly braced.
—Stout wooden perches, 17 in. high.
—Capacity, 32 quarts.

For feeding wet and dry mash or green feeds to a large flock of fowls. The welded galvanized wire guard prevents birds from roosting and saves feed. Guard can be removed for filling and cleaning trough. Trough has turned-in edges to prevent billing out of feed. Trough can be used separately. Not Prepaid.

32KC3198¼—Complete. Wt., 25 lbs.. **$3.40**
32KC3199¼—Trough only with wire guard (no stand). Wt., 17 lbs..... **$1.80**

Electric Time Switch

This switch will make the sun rise hours earlier for your hens, thus increasing egg production. The extra hours of light gives more time for feeding and exercise. Set the clock at the desired time; switch will automatically turn on the lights. **While specially recommended for poultry raisers,** it is adapted for use wherever it is desired to turn on lights or other electric appliances. Accurate 24-hr. clock work movement. Instructions for use furnished.

PROOF of Sears Harness Superiority

Not only is Sears harness leather the equal or superior of any harness leather on the market, but the design and construction of the finished harness is second to none. Here are four of Sears many superior features.

(A) and (B) show the leather-filled breeching and bellyband folds. No burlap or buckram is used anywhere. This means longer life—greater strength—utmost flexibility.

(C) shows Sears large 5x21 inch leather-bottom back pad with 1½-inch layer. Double and reverse market strap assures long wear. Roller buckle on market strap and two leather loops.

(D) shows Sears hip straps with metal-to-metal wear buckles and heavy wear leathers for longer wear.

Bronze Beauty NAT-URA-TAN Harness

The Natural Brown Color Harness

Our "BRONZE BEAUTY" NAT-URA-TAN leather harness is the nearest approach to a wearproof, weatherproof harness ever produced. The trimming (except snaps) is solid bronze—there's nothing to rust. The stitching and workmanship are of highest quality.

● **BRIDLE**—Soft-folded adjustable ring crown style, heavy ⅞-inch double and stitched cheeks; ⅞-inch nose band and bit strap, concord blinds, ¾-inch throat strap; ⅞-inch flat reins to check over hame. Made with roller buckles and soft leather loops throughout (no rivets).

● **LINES**—Heavy 1⅛-inch x 20 feet, sewed and riveted laps, double and stitched centers of outside checks, flat spring snaps and metal wear buckles.

● **TRACES**—Heavy 3-ply double and stitched 3-rows, 1¾-inch and 2-inch wide, 6-feet long with 6-link screw dee and swivel heel chain sewed in. 1½-inch billets, bellybands folded with layer and leather filled.

● **BREAST STRAPS**—Heavy 1½-inch by 4½ feet with snaps.

● **MARTINGALES**—Heavy 1½-inch to reverse into combination roller snap.

● **PADS**—Double and stitched, leather bottom 5x21 in., 1½-inch layer, with dee in end, 1½-inch double market straps, metal bridges and spotted.

● **BREECHING BODY**—Heavy folded and leather filled. 2½-inch wide with 1½-in. layer, dee in end. Lazy straps, 1-in. billets with 1¾-in. wear leather. Side straps, 1¼-in. single reverse attached to breeching with metal wear buckles.

● **BACK AND HIP STRAPS**—Heavy 1⅛-inch divided back strap to hame with metal wear buckles. Hip straps 1⅛-inch double, reverse into breeching, metal wear buckles, side trace carrier, and spotted hip layer.

● **HAMES**—Black enameled with bronze ball top, bolt style, with 1x21 in. bottom and 24-inch top hame straps; spread straps, ¾-inch with rings.

● **TRIMMINGS**—Solid bronze throughout except snaps. **Priced without collars. Not Prepaid.** Weight, about 100 pounds.

Collars That Fit Better and Last Longer

Figure 1

IT IS EASY TO GET CORRECT-SIZE COLLARS AT SEARS!

IF your old collar is a good fit, measure it carefully, *inside*, from top to bottom C to D (See Figure No. 1.)

If you have no old collar, take sticks or pieces of lath, nail them together in "T" shape, and measure your horse's neck as in Figure No. 2. The number of inches between points A and B will be the size to order. Tell us on your order the *exact measurement wanted* and we will send the right size. Order sweat pads one inch larger than horse collar.

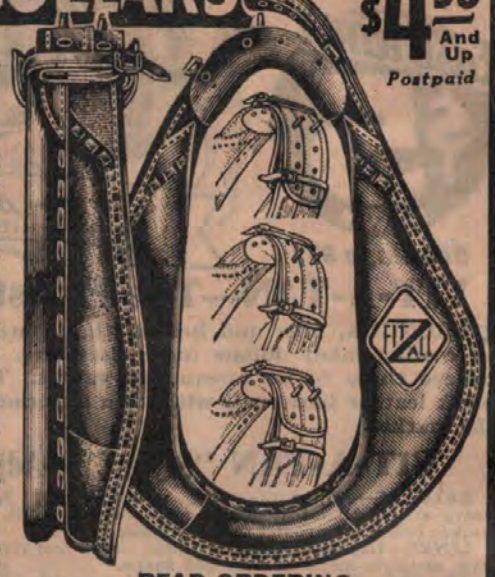

Figure 2

★ High quality Leather is used exclusively in Sears collars.
★ Expert Workmanship goes into every one of these collars.
★ Proper shape assures more work from your horses, because the collar is made to fit properly.

FITZALL HORSE COLLARS

$4.95 And Up Postpaid

—Adjustable to 4 perfect fitting sizes.
—Stuffed with long rye straw, and hair next to face.
—Thong sewed seams.
—Sole leather neck pad.
—Wear leather at draft.
—Draft about 17 inches.

Before you buy an adjustable collar, investigate Sears Fit Rite—FITZALL Collar. Note the construction of it, the way it is built at the top, then compare it with any other adjustable collar on the market and we are sure you will find Sears FITZALL to be the most practical adjustable collar made.

Its construction allows **four different adjustments** without changing the width at the top. When the hames are on the collar, the heavy, sole-leather top pad, which is reinforced with a steel plate, stays close to the sides of the collar—cannot pinch the horse's neck.

Made from the highest quality leather by expert collar makers. Thong stitched inside and outer seams. The top of the collar is not stuffed but is stiffened by several layers of leather stitched together, with holes punched to take the pegs on the top pad. You adjust the steel pegs in the holes on both sides, thereby lengthening or shortening the collar. This can be done very quickly, changing the size so that collar always fits properly. **State size. Postpaid.**

10K3451—Heavy Black split leather back and rim. Pearl gray, heavy chrome leather face. Spliced rim.

Our Finest Blanket

- About four-fifths wool—the only cotton used being in the warp.
- Fine, plaid pattern; clear, bright colors. Soft, fluffy and warm.
- Bottom edge stitched in contrasting color.
- Buckle and billet fasteners.
- Weight 6 and 7 pounds according to size.

Made by one of the leading blanket manufacturers in America. One of the very best blankets on the market—popular wherever quality blankets are used. Has long been one of our "best sellers." Can be used as an auto robe; and serves many useful purposes around the house. Billets may be removed without damaging blanket. Red body with combination plaid design of blue, gray and tan.

10K9938¼—80x84 inches.
Weight, 6 pounds. Each. Postpaid.....$5.75
10K9939¼—84x90 inches.

Beautiful Auto or Buggy Robe

About four-fifths wool, the same quality and design, as the above blankets. Size, 60x80 inches. Weight, 4½ lbs. Same quality that sold at $4.75 each a year ago.
10K9802¼—Each.
Postpaid.....$3.65

REGAL Blanket

- Genuine L. C. Chase blanket.
- About two-thirds wool—heavy warp.
- Extra heavy and long for large horses.
- Buckle and leather billet fastener, reinforced.
- Bottom edge whipped all around.
- Weight, 8 pounds.

Pleasing combination of colors—**gray** body with **red, black** and **blue** heading and stripes. Heavy and warm—ideal cold weather blanket, or where an extra-heavy and strong blanket is needed to withstand severe usage. You'll make no mistake in ordering a REGAL blanket—we guarantee full satisfaction.

10K9943¼—Size, 84x90 inches.

Durability · · · Comfort · · · Style

are BUILT INTO EVERY SEARS SADDLE

DURABILITY in a saddle depends on its workmanship and materials. Sears saddles are made by skilled saddlemakers from quality materials. Superior tree construction—extra strength where needed.

COMFORT in a saddle depends on the design of the Tree—and Sears saddle trees are built the right shape to give comfort to the rider, even after hours of hard riding. We're sure you'll agree with us after one ride in a Sears saddle.

STYLE is important in your saddle. Skilled workmen in America's leading saddle factory know what today's horseman wants in his saddle—they certify the style of every Sears saddle. On range or bridle path, Sears lead all.

$17.95 Post Paid

Our Leader Saddle

- Made from fine russet leather.
- TREE—14-inch, about 11-inch bulge; shaped just right to give comfort. Leather covered horn and steel fork.
- SEAT—full; seat, jockey and cantle in one piece.
- SKIRT—11x21 inches; genuine sheepskin wool lined; in one piece, not spliced skirt usually found in saddles near this price.
- STIRRUP STRAPS—1½ in. wide, with buckles for easy adjustment.
- FENDERS—About 6½x13 inches. Wood stirrups, leather bottoms.
- GIRTH—double, soft cotton.

Our **LEADER** saddle compares most favorably with saddles selling for a great deal more. It is one of the outstanding saddle values on the market. It is extremely easy riding, handsomely designed and strongly built.

10K1486¼—Postpaid. Each..... **$17.95**

Eclipse Electric Clipper

- For clipping cows, horses, mules, dogs, etc.
- 20 feet of rubber-covered cord included.
- Operates from either alternating or direct current. Can be used with automobile battery.

Care and grooming of animals is accomplished easier when they are properly clipped. It is quiet and smooth running and while it has lots of power it is easy to handle. Costs no more to use than a 40-watt bulb. It has solved the power question for clipping. Book of instructions with each machine. Shpg. wt., 6 lbs. **Postpaid.**

10K4700¼—110-120 volt... **$15.95**

10K4701¼—6-volt (to attach to your car battery)..... **$17.95**

$15.95 And Up *Postpaid*

Eclipse Hand-Power Clipper

—Operated by hand crank.
—Stands on tripod.
—Clean-cutting head; concave knives.
—Flexible chain.

The Eclipse is compact and substantially constructed. It has strong power, uniform speed and turns easily. In every way, it is a quality clipper ideally suited to all kinds of clipping.

10K4680¼ Clipping Machine. **Postpaid**... **$13.50**

10K4682—Extra Top Plate. Wt., 6 oz. Each..... **$1.40**

10K4684—Extra Bottom Plate. Wt., 6 oz. Each..... **$1.85**

Myers' Lockstitch Sewing Awl

For repairing harness, saddles, shoes, carpets, rugs, tents, etc.

10K7742—Complete Awl, with two needles (one medium, one coarse) and spool of thread. Wt., 5 oz.... **60c**

10K7751—Spool Waxed Thread. Wt., each 2 oz. 2 for..... **28c**

10K7753—Waxed Thread. Wt., 2 oz..... **42c**

Extra Needles

10K7755—Fine, straight point. Wt., each 2 oz. 3 for..... **18c**

10K7756—Medium, curved point. Wt., each 2 oz. 3 for..... **18c**

10K7758—Coarse, straight point. Wt., each 2 oz. 3 for..... **18c**

Harness Needles

The highest grade imported needle. Twenty-five in a paper. Assorted sizes. Wt., 2 oz.

10K7685 Package..... **7c**

Harness Makers' Edging Tool.

5 inches long, polished. Wt., 3 oz.

10K7716 Each..... **32c**

Harness Punch

High grade. Spring punch with six revolving removable screw tubes. Wt., 1 lb.

10K7773 Each..... **95c**

Extra tubes. Sizes, 4 to 9. **State size.** Wt., 1 oz.

10K7775—Each. **10c**

Harness Makers' Knife

Round 5-inch best quality tool steel blade. Wt., 7 oz.

10K7595 Each..... **$1.20**

Wood Awl Handles

To be used with Blade 10K7710. Wt., 2 oz.

10K7715 Set of four..... **12c**

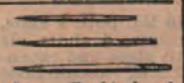
Linen Harness Thread

A strong harness thread used with Wax 10K7690 for making wax-ends; "Columbia" Linen Brand No. 10.

10K7695 Per ball of 2 oz..... **32c**

For 4, 2 oz. balls..... **$1.22**

Harness Makers' Wax



Used with harness thread for making wax-ends. Wt., 5 oz.

10K7690 4 balls..... **7c**

1 Dozen balls for..... **18c**

Awl Blades

Best Quality Polished Steel.

Straight blades only. Assorted sizes. Wt., 2 oz.

10K7710 Per pkg. of 1 dozen.... **52c**

Drawing Awl

Collar or Drawing Awl. Large eye. Tool steel, highly tempered. Length, 9 inches. Wt., 5 oz.

10K7520—Each... **65c**

Draw Gauge

Leather gauge knife. Cuts straps ⅛ to 4 inches wide. Weight, 1 lb. 8 oz.

10K7550 Each..... **$1.73**

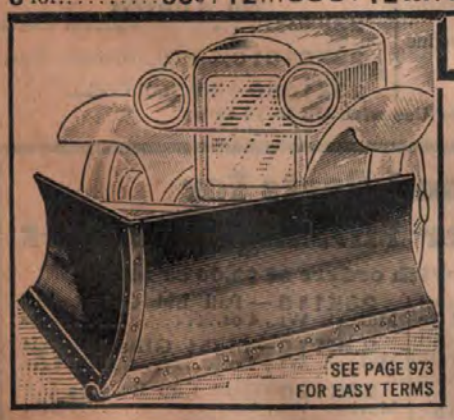
10K7551—Extra Blades. Wt., 2 oz. Each..... **20c**

Trimming Knife

Square Point Trimming Knife. Three and one-half inch fine tool steel blade. Weight, 4 oz.

10K7605 Each..... **20c**

Awl Haft



Quick Setting. With wrench and 4 blades. Assorted sizes.

10K7717 Wt., 12 oz. Set. **48c**

SHOVEL SNOW *with* YOUR CAR!

SEE PAGE 973 FOR EASY TERMS

Sears V-Type Snow Plow

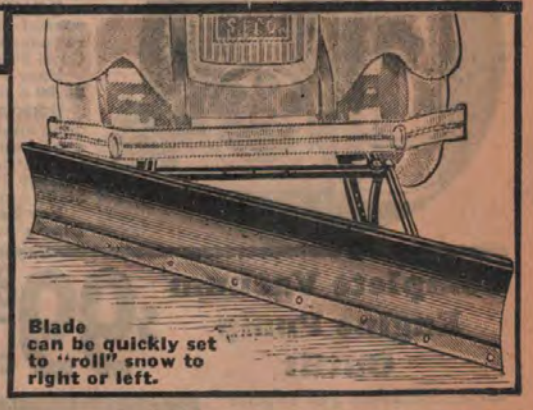
$97.50

- For deep, heavy snow and drifts.
- V-type, two-blade angle plow with 24-inch blades.
- Bottom cutting edges regular road grader blade steel, welded at stress points for greater strength.

A LARGER, stronger snow plow especially recommended for townships, rural communities, large cemeteries, estates and other places not reached by city or state maintenance. Designed particularly for use in deep, heavy snow and in drifted areas. Its blades, set at a sharp cutting angle, divide and roll the snow making it possible to get through drifts which a blade plow could not negotiate.

Very Popular Type

Quickly coupled to any automobile, bus, light truck or tractor having **I-beam front axle.** The weight of plow is carried by the patented steel runner. The car just pushes. Does not interfere with steering.



Blades measure about 81 inches across and clear a path six feet wide. After first trip through, either side can be used to push snow back to widen the path.

Will give perfect satisfaction under severe conditions. **When ordering, state model and make of car. Shipped from warehouse near Toledo, Ohio. Not Prepaid.**

32KM8481⅛—V-Type Snow Plow, Wt., 310 lbs..... **$97.50**

Sears Automobile Blade Snow Plow

$57.50

Blade can be quickly set to "roll" snow to right or left.

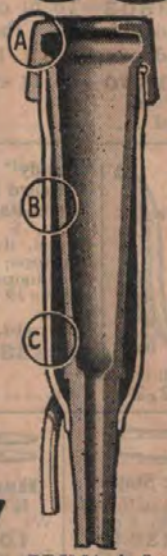
- For private driveways, sidewalks, etc.
- Blade, 18 inches high, 6½ feet long with high carbon steel cutting edge.
- All-steel construction combined with light weight.

The Sears Blade Snow Plow can be adjusted to push straight ahead for removing snow or to "roll" the snow to the right or left for clearing driveways and walks. There is virtually no weight for the car to carry, as the plow rides on two specially constructed patented steel runners. To disconnect the plow, it is only necessary to remove two hinge pins from the cast steel axle clamps bolted to the front axle (made for I-beam axle only). **When being transported, it can be suspended several inches above ground.**

Sears Blade Snow Plow is absolutely the last word in **simplicity, sturdiness and serviceability.** No intricate or complicated parts to assemble. No holes to drill. Clears a path slightly beyond car wheels. Compact enough to be easily stored. **Cannot be successfully used on highly crowned or deeply rutted roads or very rough ground. When ordering, state model and make of car. Shipped from warehouse, near Toledo, Ohio. Not Prepaid.**

32KM8480½—Blade Snow Plow. Weight, 230 lbs. **$57.50**

For Snow Fencing, See Page 986



HERE'S THE SECRET.. OF THE Prima's SUPERIOR Milking Action

$49.95 Cash And Up

EASY TERMS AS LOW AS $6 DOWN

SAVE AT SEARS

Ⓐ Special diaphragm design at the top of the inflation gives rolling action—the nearest approach to hand milking yet developed. Notice difference in PRIMA design and that of the usual-type cup at right.

Ⓑ In the PRIMA, the teats are supported their entire length by conically-shaped inflations. This makes the PRIMA a "dry milker," while, in many cups the teat hangs loosely, causing "wet milking."

Ⓒ Conical shape of PRIMA inflation gives greater area at top, near udder. This causes more pressure to be exerted at this point, creating a "rolling action" closely approaching hand milking. Short movement gives longer life to the rubber parts.

Prima Teat Cups

PRIMA inflations and shells fit DeLaval, Empire, Perfection, Pine Tree, Fairbanks, McCormick-Deering, Universal, or any machine using inflations

23K1078¼—Set of 4 inflations and shells. Postpaid..... $3.30
23K1075 —Inflations. Wt., 4 oz. Each.....55c
Postpaid if part of $2.00 order

Save ½ the Cost on a Milker

WE firmly believe that there is no better milking machine on the market than the PRIMA—at any price. The superior performance, easy operation and long life of the PRIMA is absolutely unequalled by any other milker now on the market. Even if you milk but six or seven cows, a PRIMA will soon pay for itself in the time and labor it saves you.

But, do not simply accept our statement. Try the PRIMA on your own farm. Test it beside any other milker you desire. If the PRIMA does not give equal or better results, superior all-around performance, you can send it back at our expense and every cent that you have paid will be refunded.

Single Unit Milker

Consists of: Pulsator and lid, pail, 1 claw, 4 teat cup shells, 4 inflations, 4 short air tubes, 1 long milk tube with glass and extension, 1 duplex air hose and 1 long vacuum hose with extensions. Full instructions. Shipped from our Store. Not Prepaid.

23KC1010¼—Shpg. wt., 25 lbs. Cash Price..... $49.95

Easy Payment, $7 down, $6 a mo... $65.95

For Easy Payments use Time Payment Order Blank in Back of Catalog

★ **FITS ANY STANDARD PIPE LINE.** If you already have a pipe line installation, merely operate the PRIMA as you would any other milker unit.

★ **PAIL CAPACITIES.** Single unit, 5 gallons; double unit, 8 gallons. Pails are of non-corrosive aluminum.

★ **NON-STOP, FOOL-PROOF, PULSATOR.** Fewer moving parts. Nothing to get out of order. Has balanced stroke and is easily regulated.

★ **SANITARY, EASY TO CLEAN.** No disconnecting of tubes is necessary; but few parts to clean. Best-grade rubber used throughout. 2-piece teat cups with sanitary, compact balanced claw.

★ **SIMPLE, EASY TO OPERATE.** Anyone can operate the PRIMA properly. Automatic shut-off for easy attaching of cups to the cow. No special tools are needed at any time. Automatically adjusts itself to the cow's peculiarities.

★ **INCREASES MILK FLOW.** Natural, lifelike action, closely approaching that of a calf, encourages increased production. Alternating action is easy on the cow.

Vacuum Power Pump Tank

—Specially built. ⅓ H.P. electric motor for V-Belt drive.
—Vacuum pump, tank, gauge and petcocks.
—For use with 2 double or 3 single units.
—For use with any standard-design milker.

Outfit does not include pipe or stall cocks. Shipped from our store, Not Prepaid.

Here Are the Inside Facts on the BRADLEY Cream Separator

$53.85 CASH And Up | **Easy Terms $5.00 DOWN**

★ ***Free-Floating Bowl***—Tests prove this bowl to be the closest-skimming device ever used on *any* separator. Its vibration-free motion, the construction and design of its fewer discs, the improved cream and skim-milk outlets and the cream adjusting screw insure getting all the cream possible from the milk. Centrifugally tin-plated discs—perfect workmanship.

★ ***New Departure Ball Bearings***—There are four of these fine friction removers used. Perfect seal insures against oil leakage. Tempered Swedish steel upper-bearing spring.

★ ***Heavy Bronze Bushings on Crankshaft***—A feature found only on the highest priced separators. Easily removed for replacement. Perfectly lubricated.

★ ***New, Extended Pinion Shaft***—the work of but a few moments to attach electric-drive equipment.

★ ***Noiseless, all-steel Ratchet***—Practically break-proof. Engages instantly and never slips.

★ ***Bell Timer***—insures accurate timing of revolutions; it's easy to keep the BRADLEY up to speed.

★ ***Automatic Oiling System***—Gears pick up oil from reservoir, forcing it onto every surface in a fine spray. Improved oil overflow and oil sight indicator.

★ ***Fully-Enclosed Gears***—Unusually heavy gears are fully enclosed to protect operator and also to keep out dirt. No other separator has as heavy or more accurately machined gears. BRADLEY gears are wider-faced and have more teeth. Forged, floating worm wheel.

★ ***New Disc Remover and Washer***—Eliminates all mess—requires half the time. Discs quickly washed by whirling rapidly in pail of hot water.

★ ***New Bowl Vise*** placed on bowl pot. Acts as protecting cover for spindle when machine is not in use.

★ ***Seamless, Beadless Bowl Covers***—No place for dirt and grease to accumulate. Tinware is double-plated—much heavier. Genuine Allegheny steel float.

★ ***Beautifully Finished***—Porcelain-like enamel finish in scarlet and black colors. Finely-proportioned frame designed for easy cleaning.

The Closest Skimming Separator Ever Built

TO GET maximum cream checks, you need a separator that gets **all** the cream. Exhaustive tests and actual operation on thousands of farms, have proved that the BRADLEY is the closest-skimming separator ever built. Likewise, it is easier to turn and vastly easier to clean. It pays well to separate your own milk—it pays even bigger returns to choose the **best** separator.

Don't pay $35 to $50 more for a separator that cannot give you BRADLEY performance! We know the BRADLEY outperforms any machine on the market because it has been tested side-by-side with every separator in the world under exactly equal conditions. And, remember, Sears maintain an open invitation for you to test the BRADLEY on your own farm beside any separator you choose.

If the BRADLEY fails to skim closer than any competitive machine, you can send the separator back at our expense and every cent you have paid will be refunded.

Fairest Prices Ever Offered

With prices of raw materials at the lowest levels in 20 years, the new BRADLEY comes to you at prices far below its real value. Considering the high quality materials and workmanship, the advanced design and superior performance of the BRADLEY, these prices are the fairest ever placed on any cream separator.

Check Every Feature

The BRADLEY has fewer and stronger discs—you know what that means in easier cleaning. The new disc remover does away with a messy table when removing the discs for washing. The BRADLEY cannot be equalled for quick, clean flushing. It produces frothless skim milk and velvet-smooth cream.

Larger stem and bowl nut threads are features of established superiority. Lower bearing is **above** the oil basin, avoiding gummy oil and sediment that provide such great annoyance in ordinary separators.

400 Lbs. Milk per Hour

For dairies up to 6 cows. Skims over 3 qts. of milk per minute. Shpg. wt., 170 lbs.

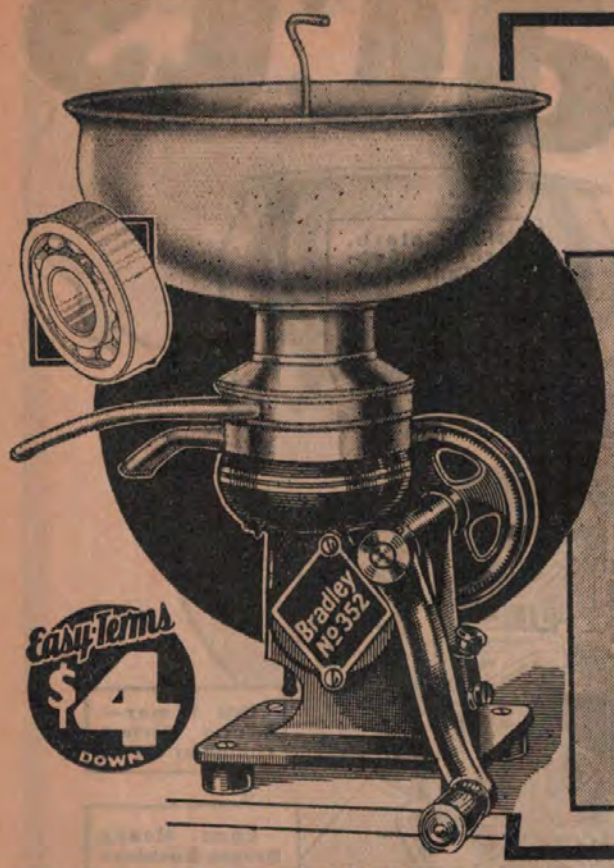
NEW DISC REMOVER

Unnecessary to drain the bowl and turn it over when removing discs. Merely insert the 3-pronged disc remover in the slots provided and the discs come out in a jiffy—without a bit of mess!

IMPROVED DISC WASHER



To wash, the discs are mounted on the washing rod and then given a whirling motion in the water. It's the work of but a few moments to wash and dry the discs.

NEW BOWL VISE

For best results, the bowl nut must be screwed down securely with both vise and bowl wrench. The BRADLEY vise fits conveniently over the bowl pot. Covers bowl pot when machine is idle.

The Finest TABLE STYLE Separator Built

$18.65 CASH

- ❶ Equipped with Ball Bearings.
- ❷ Free-Floating Bowl.
- ❸ Capacity, 200 Lbs. per Hour.
- ❹ Bolts to Table or Bench.
- ❺ Skim-Milk Regulating Screw.
- ❻ Guaranteed Close Skimming.
- ❼ Beadless, Seamless Tinware.

SKIMS AS CLOSE AS ANY LARGE SEPARATOR

HERE is the finest table-model separator ever built. It adds to the best features of competitive machines the outstanding developments of the BRADLEY engineers —plus the low prices that only Sears are able to offer.

Compare it, part for part, with any other separator of the same type. The BRADLEY will stand far above any in close skimming under any milk condition, in easy operation and in stamina and strength to provide long life under hardest service. Even if you milk but one or two cows, you need the economy of machine separating. The BRADLEY table model was built especially to meet your needs.

Greatest of All Table Models

The BRADLEY will recover from 50% to 100% more butterfat than you can possibly obtain by using the older hand skimming methods. You cannot afford to employ wasteful dairy methods when you can buy the very best in cream separators at this amazingly low price.

Remember that the BRADLEY is equipped with NEW DEPARTURE Ball Bearings and has highest-quality steel shafting and gears to insure long life and easier turning. In addition, countless small improvements have been made—absolutely no expense was spared to make this the greatest of all table-model separators.

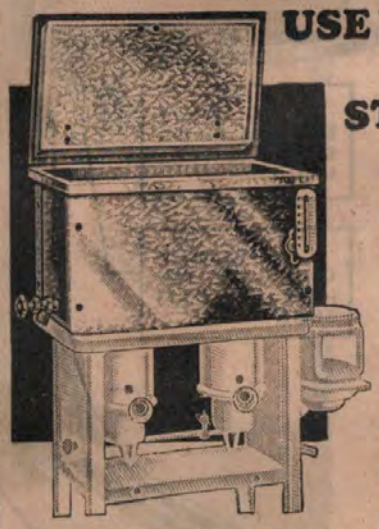
QUALITY DAIRY EQUIPMENT THAT BRINGS BIGGER CREAM CHECKS

Tubular Milk Cooler

$28.35 Cash

- Heavily-tinned tank. Capacity, 35 gallons per hour. Tank suspends from two wall brackets; Rounded corners for easy cleaning.
- Regulating faucet.
- Drip troughs, tubes and pipes are heavily tinned.
- Manifold tubes guaranteed against leakage up to 75 pounds pressure.
- Swinging spout is open at each end.
- Manifold of thick, pressed copper, heavily tin plated.



One of the simplest, most satisfactory and lowest-priced coolers on the market. Highly recommended by boards of health everywhere. Meets the demands of states with legislation requiring ultra-sanitary dairy equipment. Insures larger cream checks because milk with low bacteria count commands larger prices. Milk quickly cooled below 60° retards bacteria growth. Not only does Sears Tubular Cooler **cool** the milk but it aerates it as well—removing all foreign odors, assuring pure sweet, milk at low cost.

Cold water or brine solution passes **through** the manifold tubes, while warm milk flows **over** the coils, being quickly cooled and aerated. Simply attach to cold running water or to a circulating stream under pump pressure. **Shipped Not Prepaid from factory in Central Maryland or Boston, Mass.** Weight, 58 pounds.

USE Your STOVE *for* STERILIZING

$7.95 Cash

- For use with oil, gas or wood stove.
- Capacity, 6 pails, 2 strainers. 20 gallons of water.
- 13x26 inches, 16 inches deep.
- Removable perforated bottom.
- Made of No. 22 Keystone galvanized, copper bearing steel.
- Complete with thermometer, drain cock, and tinned lid handle.

Use With Any Stove

Ends pinned, riveted and soldered into tank body. Absolutely heat-proof joints and seams. Body has ¾-inch square rims around top for extra strength and easy handling. Lid has condensation drip on the inside.

With one of these heaters and a small two-burner gasoline or kerosene stove hot water will no longer be a luxury, because with this heater you will have an abundance of boiling water. Then, after all parts are washed properly the smaller parts can be placed on the rack inside the box and sterilized by live steam. **Shipped from factory in Northwestern Md. or Boston, Mass.** Shpg. wt., 30 pounds. **Mailable. Not Prepaid.**

23KC1216½—Water Heater. (Stove not included.) **Sold for Cash only**..... **$7.95**

Sterilizing Rack

Keep your milker tubes and inflations free from bacterial germination when not in use and you will produce a higher grade of milk as well as make your rubber goods last longer. Convenient and economical. Full directions and instructions for making the most satisfactory disinfectant packed with each unit. Complete with crock cover, petcocks and teat cup holders. **Shipped from our Store.**

23K150¼—Sterilizing Rack. **Postpaid. Sold for cash only**..... **$5.25**

ECONOMY Electric Water Heater

$45.85 CASH

- Operates on 110- or 220-volt current, either A.C. or D.C.
- Boils 5 gallons of water in an hour, consuming less than 2 Kilowatts of electricity—approximately 1c a gallon.
- Safety fuse eliminates fire hazard or damage to heater should current be turned on when heater contains no water.
- Special safety faucet.
- Outside shell of tank is *Cadmium* plated.
- Inside of tank is of copper.
- Has 2 inches of "glass wool" insulation.
- Two heating coils, each with patented *Thermo-tube Circulation* system.

Can be used in dairy barns, homes, stands, resorts or any other place where hot water is needed. Absolutely safe and trouble-free; requires no attention after filling. Excellent for heating chicken water. Ideal for use wherever electricity is available. Sears bring it to you far below prices elsewhere. **Shipped Not Prepaid from our Store.** Shipping weight, 60 lbs.

23KM1215¼—Electric Water Heater, 110 or 220 volt..... **$45.85**

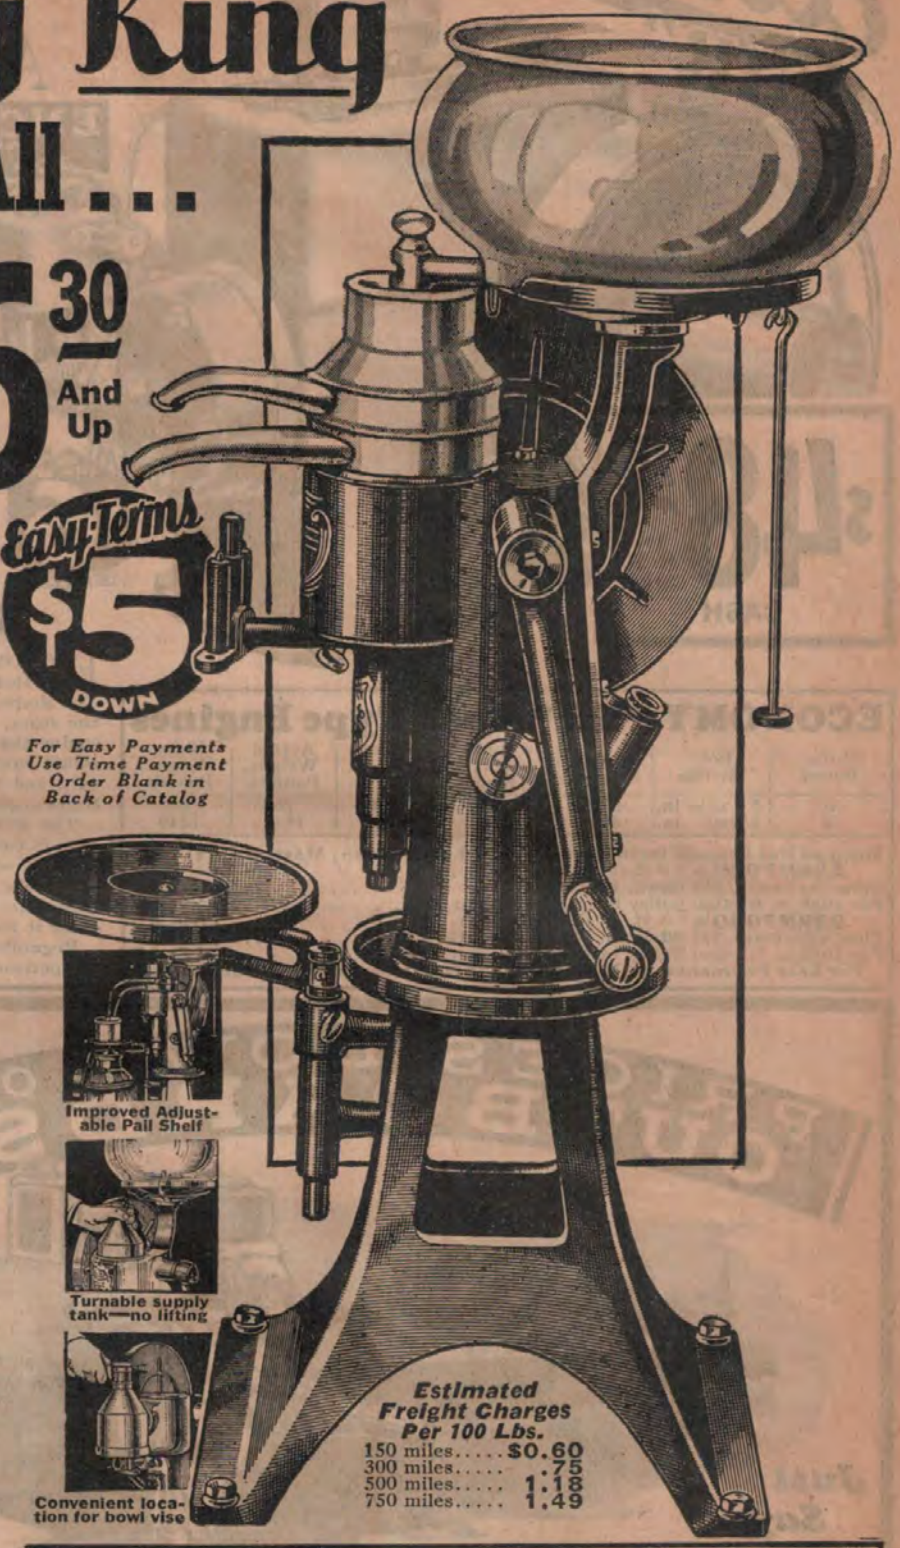
"...used 7 different kinds of separators" BUT THE Economy King Outskimmed Them All...



said Milt Bradshaw of Beaconsfield, Iowa

"Regarding your ECONOMY KING separator: We have been in the dairy business for 30 years. During that time have used 7 different makes of separators but this is the first time that we have ever had our cream thoroughly separated from the milk. Also, our produce manager says it is the best cream ever brought to the station. We are more than pleased with the ECONOMY KING."

Improved Adjustable Pail Shelf

Turnable supply tank—no lifting

Convenient location for bowl vise

Estimated Freight Charges Per 100 Lbs.

150 miles	$0.60
300 miles	.75
500 miles	1.18
750 miles	1.49

READ THESE FACTS

- **Four NEW DEPARTURE Ball Bearings are used. No other separator has more ball bearing units. Bowl spindle also turns on a ball.**
- **Splash Oiling System keeps bearings and gears perfectly lubricated. Large-size, conveniently-located oil indicator.**
- **Bowl spindle is larger and longer than usual, reducing vibration and wear to the minimum.**
- **Gearing has extra strength where needed. Worm gear is large and has extra-heavy teeth; can be reversed for double life. Pinion gear is extra large and has longer teeth than any other separator.**
- **Turnable supply tank allows easier removing and reassembling of bowl. Also permits easier and quicker changing of cream screw.**
- **New, Detachable Bowl Vise is placed on front of separator, or can be fastened to table or bench as you desire.**
- **New, Improved Dividing Disc with cream screw lug actually built into the disc. Practically impossible to come loose and cause cream loss.**
- **Float is of Allegheny Steel—A great improvement over the ordinary tin-plated float. Will not rust.**
- **Handy Disc Washer saves many minutes each time you wash the discs.**
- **Extra-heavy Frame—repair worries are practically eliminated because the rigid construction, scientific lubrication, quality materials and superior workmanship mean stamina and strength to withstand severe service and stress. Long years of service are assured.**

Nearly 1,000,000 ECONOMY KING Owners

Superior performance has earned the ECONOMY KING its great nationwide popularity. In practically every rural district, you'll find them in large numbers. These farmers have not been looking for low price alone, but, also, for efficient, economical service from their dairy equipment.

Nearly 1,000,000 happy, satisfied owners of Sears separators will testify to the closer skimming, easier operation and longer life of their machines. They also found that warm skim milk fed to hogs, calves and chickens yields quick profits. Also, that an ECONOMY KING soon pays for itself with the extra butterfat it saves.

Favorites for 25 Years

For a quarter of a century, Sears separators have been making dairy farming more profitable. Many of our customers now own their third or fourth ECONOMY KING—having replaced smaller-sized machines with larger as their dairy herd increased.

Thousands of farmers like Mr. Bradshaw have shopped around, tested and compared leading makes of separators for quality and performance without considering price. Sears huge sales on separators are sufficient testimony to the result. Not alone to save money, but to secure a **better** separator, these particular farmers have turned to the ECONOMY KING. Now our prices have been cut practically to factory cost!

Try It on Your Farm

Send us the down payment or cash if you prefer and try this separator on your own farm—test it side by side with any other separator on the market. If you aren't satisfied that ECONOMY KING performance is second to none, you can return the machine to us at our expense and every cent that you have paid will be refunded.

Run Your Separator for One Cent an Hour!

REMEMBER—a small-size separator equipped with electric drive will conveniently separate as much milk as a larger hand operated machine. It costs but 1c an hour to separate your milk by electricity. Saves you many valuable hours for other work or recreation. And you can buy no better electric drive equipment than the standard equipment we list for both ECONOMY KING and BRADLEY cream separators.

Electric-Drive Equipment for BRADLEY Separators

The Economy "JK" NO BETTER DESIGN...OR CONSTRUCTION AT ANY PRICE!

ENCLOSED TYPE · SELF-OILING · NO GREASING

ESTIMATED FREIGHT

Charges per 100 lbs. on Gas Engines:

150 miles	$0.58
300 miles	.83
500 miles	1.27
750 miles	1.45

- Fully enclosed—fewer parts—lighter weight—balanced power.
- No grease cups; positive splash or pump oiling system.
- Adjustable speed from 500 to 800 R. P. M.
- Flyball governor control.
- Weather and worryproof automotive construction.
- Valve-in-head design with improved WICO high-tension magneto.
- Safety-type, solid flywheels.
- Water-cooled cylinder head.
- ECONOMY carburetor—burns gasoline or kerosene.

Horse Power	Bore Stroke	Speed R.P.M.	Oil System	Crank Shaft	Pulley Size	Shpg. Weight
1½–2	3¼ x4 in.	500–800	Splash	1¼ in.	3x4 in.	210 lbs.
2½–3½	4 x5 in.	500–800	Pump	1⅝ in.	6x4 in.	410 lbs.

Standard Design—Guaranteed Performance

ECONOMY Engines have long been known for their splendid, reliable, economical service. The simple, standard design of these engines tells the story. Sears spared no expense in finding an engine that could safely carry a guarantee of absolute satisfaction—the ECONOMY was the result, and has continued to be the first choice of Sears engineers.

The ECONOMY brings you (1) easy starting even in coldest weather; (2) it is so simple even a child can start and operate it; (3) it is safe because practically all moving parts except solid flywheels are enclosed; (4) it is more economical because it burns either gasoline or kerosene.

Regardless of names, trade marks, or claims of competitors, we believe you cannot buy a better engine of this type. Compare specifications . . . compare prices . . . ask your neighbor about his ECONOMY. If it's quality and long-lived, reliable service that you want, buy an ECONOMY Engine.

Specify make and size wanted.

We Guarantee Safe Delivery of All Our Shipments

Freight Orders Save You Most

Shipping charges on your orders are very little when your merchandise is sent by freight. Today, freight trains run on much faster schedules than formerly. The handling of freight shipments has been speeded up "all along the line," and they are not subject to troublesome delays.

One hundred pounds or more is the most economical freight shipment, because less than that weight takes the 100-pound rate, regardless.

If your order does not total 100 pounds, we suggest that you anticipate your needs and buy ahead. Or join with a neighbor and make up the necessary weight. Many thousands of dollars have been saved by SEARS customers sending us "club orders" in the past. If you include postpaid items in your freight shipment we will make an allowance on your bill for a proportionate amount of the shipping charges, an extra saving to you.

We ship much of our heavier merchandise direct from warehouses and factories to save you transportation costs; and when that is the case, we so state in the description. These articles must be shipped separately and cannot be included with goods shipped from our store.

Make your orders large enough to ship by freight whenever possible, as it is the most economical way for you to secure your merchandise.

We Do Not Pay Transportation Charges on Freight or Express Shipments

If There Is No Freight Agent at your shipping point, include with your order sufficient money in addition to the price of the merchandise to cover the freight charges. If there is an agent, you pay the freight charges when the shipment reaches you.

How to Tell What Freight Charges Will Be: You know about how far you live from Philadelphia. If you do not know, refer to map on Page 1008 for approximate distance. Then by referring to the chart shown here, you can easily estimate the freight charges. Shipping weights are given in descriptions in this catalog.

For Example: Suppose you live about 150 miles from PHILADELPHIA and order a bed weighing 125 pounds. The list below shows the freight charges for 100 pounds on beds (or bedsteads) to be 68c. Multiply the shipping weight, 125 pounds (1¼ times the hundred pound rate), by 68c and your answer is 85c, the approximate total freight charge.

We will tell you exactly what the freight charges will be on any shipment, whether from Philadelphia or one of our factories, if you will write to us. Or your station agent will gladly tell you.

We pack all merchandise to obtain the lowest freight charge.

The letters KD in above chart mean the merchandise is shipped **knocked down** or taken apart. SU means merchandise is shipped **set up.**

THE ABOVE RATES WERE IN EFFECT WHEN THIS CATALOG WAS PRINTED AND ARE SUBJECT TO CHANGE WITHOUT NOTICE

EXPRESS **If at any time you require rapid service on unmailable merchandise and want your order shipped by express, figure the approximate weight of the shipment and ask an express agent to tell you how much it will cost.**

We Guarantee Safe Delivery of All Our Shipments

We Pay the Postage on Orders of $2 or More

(If you order one article priced at $2 or more, or several articles totalling $2 or more, *we pay all postage*, except on "Not Prepaid" items.)

On Orders of Less Than $2

Be sure to include additional money in your remittance to pay the postage, as charges for parcel post shipments must be paid in advance. For your greater convenience, the amount of postage is given in many descriptions of articles priced at less than $2. On others we tell you the shipping weight and on these the postage can easily and quickly be figured from the chart below.

Remember, we always return every penny you send over actual postage required, and if the postage is more than the amount we quote, we stand the difference.

"Not Prepaid" Articles

There are many articles which, because of their nature are usually shipped with other goods by freight and for that reason are listed "Not Prepaid." Should you want any of these items shipped by parcel post, it is necessary that you include postage in your remittance, regardless of the total value of your order.

When Postpaid Goods Are Shipped by Freight

When items on which we prepay the postage are included in a freight shipment, we will make an allowance on your bill for a proportionate amount of the shipping charges.

Parcel Post Zone Map of the Territory Served by Our Philadelphia Store

Distance From Philadelphia:

Local Zone—Within Philadelphia
Zones 1 and 2—Not over 150 miles
Zone 3—151 to 300 miles
Zone 4—301 to 600 miles
Zone 7—Porto Rico and Virgin Islands
Zone 8—Canal Zone

Packages weighing up to 70 pounds or measuring no more than 100 inches, length and girth combined, can be carried by Parcel Post in All Zones. For special delivery or any other information regarding parcel post matters, ask your mailman or your postmaster.

HOW TO FIGURE PARCEL POST CHARGES

Packages up to 8 ounces in weight are carried at the rate of 1½ cents for each 2 ounces or fraction thereof, regardless of distance.

If you live in LOCAL ZONE	*If you live in ZONE 1 or 2*	*If you live in ZONE 3*	*If you live in ZONE 4*	*If you live in ZONE 7*	*If you live in ZONE 8*
Over 8 oz. up to the First Pound, Postage is..... **7¢**	Over 8 oz. up to the First Pound, Postage is..... **8¢**	Over 8 oz. up to the First Pound, Postage is..... **9¢**	Over 8 oz. up to the 1st Pound, Postage is..... **10¢**	Over 8 oz. up to the 1st Pound, Postage is..... **14¢**	Over 8 oz. up to the 1st Pound, Postage is..... **15¢**
For each additional 2 Pounds or Fraction, Add..... **1¢**	For each additional Pound or Part of Pound, Add..... **1¢**	For each additional Pound or Part of Pound, Add..... **2¢**	For each additional Pound or Part of Pound, Add..... **3½¢**	For each additional Pound or Part of Pound, Add..... **9¢**	For each additional Pound or Part of Pound, Add..... **11¢**

FOR EXAMPLE, if you live in Zone 3 and order merchandise weighing 8 pounds 12 ounces, the parcel post charge is 9 cents for the first pound; the remaining 7 pounds and 12 ounces (same as 8 pounds) at 2 cents is 16 cents; total postage, 25 cents.

The above rates become effective October 1, 1932. Until that date, the following rates will be in effect:

	Zones 1 and 2	Zone 3	Zone 4	Zone 7	Zone 8
Postage for first pound or fraction.	7¢	8¢	8¢	12¢	13¢
For each additional pound or fraction, add.....	1¢	2¢	4¢	10¢	12¢

. . . . *Your Christmas Presents*

WRAPPED AND MAILED DIRECT FOR 10 CENTS

WE will be glad to make attractive Christmas packages of any gifts purchased here, of the kind usually classed as gifts, and mail them direct, without price marks, to your kinfolk and friends. If you want several articles enclosed in one large package, each will be placed in separate Christmas wrappings and marked with a card for the person intended. Heavy, bulky articles cannot be so wrapped, of course.

Your name, in place of ours, as sender will appear on the special outside shipping label. All paper, cord, ribbon and seals used will be Christmas-like.

The additional charge for this wrapping and mailing service is ten cents for each package mailed to an address other than your own. And as its object is to save you the inconvenience of wrapping packages at home and taking them yourself to the crowded postoffice, it is not available on merchandise shipped to your own address.

Your order may be divided in any way you like—part going to one or more other addresses and part going to you. Just write your order in the usual way, mark it, "For Special Gift Wrapping," and tell us clearly how the order is to be handled. If you want cards written and attached to individual articles, tell us exactly what to write. Be sure to add 10c to your remittance for each package we are to mail to someone else.

If your total order is for $2 or more (not counting articles cataloged "Not Prepaid") we will pay all postage. If for less than $2, send enough additional money to cover postage on all parts of the order, in the usual way.

For Your Own Wrapping

A LITTLE Christmas paper and ribbon and a few colorful seals make any gift more attractive and add to the pleasure of both giver and recipient. Gifts purchased at SEARS come in boxes that *you* can easily transform by wrapping, into beautiful Christmas packages. Where merchandise is described "In Gift Box on Request," we will, without cost to you, place the goods in a Christmas box if you ask for it on your order.

Everything you will need for wrapping your gifts is listed on Page 639—paper, ribbon, cord, seals, cards—at low SEARS prices which will mean a worth while saving.

IT'S EASY to ORDER from SEARS

Simply pick out the things you want, write them down on one of our order blanks, figure up the total cost of the articles ordered, and enclose amount of money required. For your convenience, order blanks are in the back of this catalog. If you haven't one of our order blanks, any plain paper will do, and you may write in any language. Be sure to give the correct number as stated in our catalog, quantity desired, name of article and, wherever necessary, state size and color.

The best ways to send money are by postoffice money order, express money order, bank draft or personal check. We do not recommend sending currency remittances, but, if absolutely necessary, be sure to have the letter registered. If you live on a rural route, you can give the carrier your order and money, and he will buy a money order for you.

If you are in a special hurry you may telephone or telegraph your order to our Philadelphia Store, and the merchandise will be sent you C.O.D.
Telegraph or Telephone to Special Order Desk.

Our Monthly Payment Plan affords you the opportunity to buy much of our merchandise on liberal easy terms. Terms of payment are fully explained in descriptions of articles offered on time payments or on pages where this merchandise is listed. Read about our Home Furnishings Group Purchase Plan on page 737, and see page 876 for our Home Modernization Group Purchase Plan. If you wish to purchase Farm Equipment on easy terms, see page 973. We have included a Time Payment Order Blank in the back of this catalog for your convenience in ordering. On all merchandise except that which can be bought on easy payments, our terms are cash in full with order.

We Pay the Postage on orders of $2.00 or more except on "Not Prepaid" items (See page 1008). On orders of less than $2.00 or ordering mailable articles which the catalog states are "Not paid," be sure to include additional money in your remitt the postage, as charges for parcel post shipments mus advance. **We always return every penny you send postage required.**

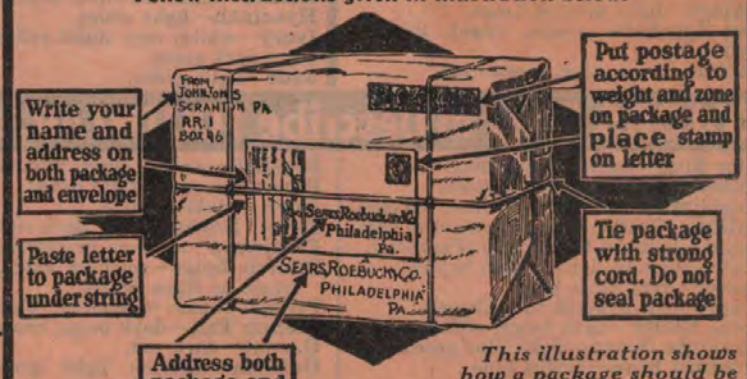
On freight and express shipments it will not be include money order for freight or express charges if there is an age station; you can pay him when shipment is received. If agent, send additional money to prepay the freight or expr Charges are the same either way. We do not pay shippin freight or express shipments. See page 1007.

Warehouse and factory shipments. We save you m you better serv of our heavier, bulkier articles by shipping them direct houses and factories close to your home. The descript these various points of shipment, but orders for a must be sent to our Philadelphia store. We ship all our factories and warehouses.

If Necessary to Return Goods

We Can Give You Better Service If You Follow These Simple Instructions

Please Give Reason



We are always anxious to improve our merchandise and our service If you ever have occasion to return merchandise, we will appreciat your telling us frankly in just what way it did not please you.

If You Live on a Rural Route

and wish to return goods, you are entitled to deduct 2 cents from th postage on each package you mail if you live within the local zone, and 3 cents on all other zones (effective October 1, 1932). It is necessary, however, to write on your package "Mailed on Rural Route" in order to make this saving.

To Send Goods by Parcel Post

Follow instructions given in illustration below.

This illustration shows how a package should be wrapped and addressed when returning goods to us by parcel post.

Do Not Enclose Your Letter INSIDE the Package as This is Contrary to Postal Laws

To Send Goods by Freight or Express

Before returning goods shipped by freight or express, please write us, so we can tell you where and how we want goods shipped. See that merchandise is packed securely and addressed to us. Your full name and address should be placed on the inside or outside of the package with the word "FROM" in front of your name. Your agent will give you a receipt and this should be mailed to us at once with your letter explaining your reason for returning the merchandise. If your postoffice is different than the town from which the goods are returned, be sure to tell us.

SAY IT IN COLOR

. . . Here We SIMPLIFY Color Selection for You!

Nature has said it in color for centuries untold . . . every morning and evening she tints the skies; even on the dark thunder clouds she paints the rainbow . . . every Spring she spreads a carpet of green over the landscape and dots it with flowers in a thousand varied hues . . . every Autumn she tints forests in gorgeous shades! And yet it is only in quite recent years that mankind has learned how to use color intelligently!

Color dominates the world today, not only in wearing apparel, but in furniture, draperies—in fact, all merchandise—even bathroom fixtures and kitchen ware. And so the World's Largest Store offers a most complete presentation of color in all lines of merchandise.

While new names for colors are introduced each season, there is practically no change in the colors themselves, except that certain colors vary in popularity. Our Color Committee establishes color standards and their definitions on this page simplify your choice of ensembles. Color names vary sometimes, according to the class of merchandise, so we have listed different groups for convenient reference.

COLORS USED IN DESCRIBING CLOTHING, UNDERWEAR *and* TEXTILES

Alice—light grayish blue (Powder).
Almond—light bluish green; gray cast.

A Plan to Fit Every Need

· · HOME FURNISHINGS · ·

THE greatest investment you can make right now is in new home furnishings. You can get the high quality furnishings you have always wanted at prices you never dreamed possible—it pays to buy quality, too. You don't have to pay cash. Use your credit. One order with one down payment brings you everything you want in our Home Furnishings Group. Under our Home Furnishings Group Purchase Plan you may combine in one order: Furniture, Floor Coverings, Refrigerators, Washing Machines, Electric Ironers, Sewing Machines, Stoves, Vacuum Cleaners, Electric Floor and Table Lamps, BATTLESHIP Aluminum, Chinaware, Silverware, and Electric Appliances, such as toasters, waffle irons, percolators and irons, taking advantage of easy payments if your order amounts to $20.00 or more. Just make up one order and send one down payment according to the table of terms on page 737.

· HOME MODERNIZATION ·

THERE is no better time than now to completely remodel your home. Make all those needed improvements at once, and pay for them by the month, while you enjoy them. Let us give you a Free estimate on your home modernizing materials—you can use our convenient Easy Payments to combine all those "piecemeal" jobs in one really up to date modernization job. A modern Heating Plant, labor saving built-in Cabinets and improved Millwork, new Plumbing Equipment, a Water Supply System, the latest Electric Fixtures and wiring, a new guaranteed Roof, and Master Mixed House Paint—any one, all, or any combination of these items may be purchased under our Home Modernization Group Purchase Plan on easy payments, provided your order amounts to $20.00 or more. Everything you need on one order with one down payment. See page 876 for complete details of this remarkable plan.

· · FARM EQUIPMENT · ·

BRING your farm equipment up to date now while you can buy the famous high quality David Bradley Implements at prices that represent the greatest values of all time. You don't need the ready cash, take advantage of our Easy Payments. This is a golden opportunity for you to buy needed farm equipment at the prices you've been waiting for. One order with one down payment now brings you Farm Implements, Grinders, Hammer Mills, Dairy Barn Equipment, Grain Bins, Windmills and Towers, Farm Trucks, Wagon Boxes, Fencing, Harness and Saddles, as long as the order amounts to $20.00 or more. Easy payment terms on Gasoline Engines and Cream Separators are shown on the pages where these items are listed. A great convenience—an easy way to buy—read about our Farm Equipment Group Purchase Plan on page 973.

IT IS EASY to BE FITTED at SEAR

Our Clothing Is Carefully Made According to Correct Size Standards

Our descriptions tell you the size range and you can order with the assurance that, if your size is listed, we guarantee the garment will fit you. Our sizes are obtained by securing the average of thousands of men, women and children in each size, and we believe they are the most accurate in the country.

You do not need to order larger sizes than we specify

Men's, Young Men's and Youths' Clothing

How to Take Measurements

Stand in your natural way, breathe regularly and do not expand chest; also take everything bulky out of your pockets.

Chest. Take measurement over vest (A). Measure all around body at chest, close up under arms, snug but not tight. Tape measure should be over shoulder blades at the back.

Waist. If you wear a belt, take it off and take your measure over trousers all around body at waist (B). Your waistline is just above hip bones. Feel sides for location of hip bones.

Inseam. This is to show length of leg. Stand straight and draw trousers well up in crotch. Measure from close up in crotch to bottom of trousers, to length desired. See line marked C-C.

Give These Measurements In Your Order

Suits. Give chest measure as taken over vest. State waist measure and length of inseam. **Also state height, weight and age.**

Coats of All Kinds, Jackets, Raincoats and Overcoats. State chest measure taken over **vest; also height, weight and age.**

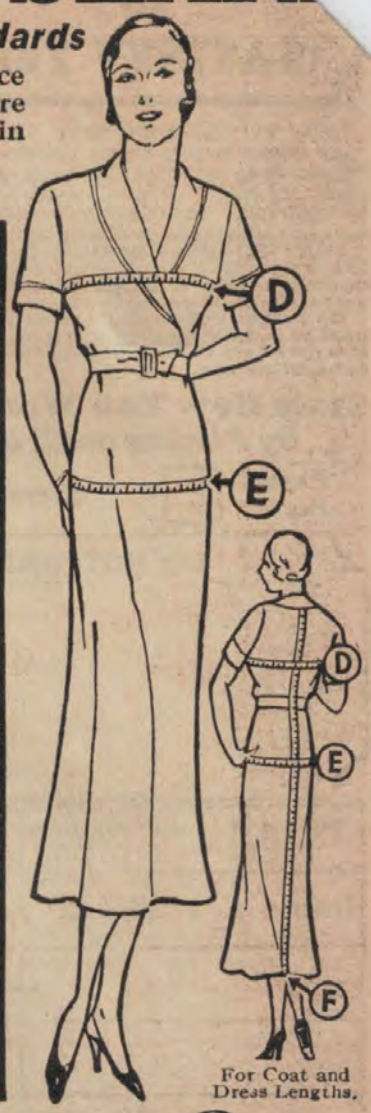
Vests. Give chest and waist sizes; **also height, weight and age.**

Trousers (Both Dress and Work) and Overalls. Give waist size and length of inseam; **also height, weight and age.**

Women's, Misses' and Juniors' Coats, Dresses, Blouses, Raincoats

We guarantee to fit you. Just give us the following simple measurements:

BUST MEASURE (D). Place tape entirely around body over fullest part of bust, close up under arms. Be careful not to stretch tape too tightly or allow to slip down at back. Send us exact measurements. Do not allow extra for fullness. Show your exact bust measurement in space provided on order blank.



HIP MEASURE (E). Take hip measure 7 inches below the natural waistline. Show your actual hip measure in space provided on order blank.

LENGTH (F). Take measure at back, from base of neck down to length desired, **and note length quoted in size scale or description.**

Height and Weight. Knowing your height we can use the very best judgment in sending you the proper dress, coat or suit. Give weight, also, to obtain best possible fit.

Tell Us This—Do you like to wear your garments loose fitting or close fitting? See space for answer on order blank.

You will be delighted to learn how easily and quickly you can be correctly fitted when above information is given to us. Our years of experience enable us to determine from these measurements exactly what size garment will fit you. **Always pull tape close but not tight. Do not allow. We will make all necessary allowances. Give each measurement requested in description of garment you're ordering.**

For Coat and Dress Lengths.

Boys' *and* Girls' Clothing

GIVE AGE SIZE. To find AGE SIZE, take the chest measure, then consult size scales below.

Before ordering a boy's or girl's garment it is necessary to know the chest measure in order to know the proper AGE SIZE to order, as boys of the same age will usually vary greatly in size, and the same with girls. For example, a boy of only 10 years of age may be as large as the average boy of 12, or, on the other hand, he may be as small as the average boy of 9 years. Girls of the same age also vary in size. These size scales show the average chest measure of boys and girls of each age.

Boys' or Little Fellows' Suits, Overalls, Knickers, Shorts, Coats and Blouses

How to Measure Chest:

See L on figure. Measure all around body at chest over his shirt or blouse. See that the tape measure is well up under arms, and that it is over shoulder blades at the back. See size scale at left for age size to order.

For example: If your boy's chest measure is 24 inches, order age size 5, or if it is 30¼ inches, order age size 14.

In case the measure is between two of the measurements given at left, order the age size for the next larger chest measure.

For example: If your boy's chest measure is 28½ inches, order age size 13.

34	18

Boys' Long Trousers and Long Trousers Suits

How to Measure

For suits, measure boy's chest, waist and inseam as shown on figure at M, N and O-O. For trousers, measure waist and inseam only (N and O-O). Our boys' long trousers and long trouser suits are sold according to age size. The table below shows you the measurements of the different age sizes. For example: If your boy's chest measure is 27 inches, waist measure 26 inches and inseam 24½ inches, order size 10. **If you find that your boy's measurements do not agree with age sizes given in table,** send us the chest, waist and inseam measurements and state height and weight.

Age Size to Order	Chest Measure, In.	Waist Measure, In.	Inseam, In.	Age Size to Order	Chest Measure, In.	Waist Measure, In.	Inseam, In.
5	24	23½	19½	12	28	27	25½

10	27	26	24½	17	33	30¼	30½
11	27½	26½	24½	18	34	31	31½

Girls' Coats, Dresses, Blouses, Middies and Raincoats

How to Measure Chest:

See "R" on figure. Measure all around body at chest over her dress or blouse. See that the tape measure is well up under arms, and that it is over shoulder blades at the back. See size scale at right for age size to order.

If your girl's chest measure is 27 inches order age size 8, or if it is 31 inches, order age size 12.

In case your girl's chest measure is between two of the measurements given at right, order the age size for the next larger chest measure.

For example: If your girl's chest measure is 26½ inches, order age size 8.

Sears, Roebuck and Co.

We Pay Postage on Orders of $2 or More Except for Articles Marked "Not Prepaid"

HOW TO SEND MONEY. The safest ways to send money are by post-office money order, express money order, bank draft or personal check. If impossible to obtain any of these, send currency wrapped in heavy paper by registered letter. If in a special hurry, your order and money may be sent by telegraph. The telegraph company will arrange this for you. Give your complete address in your telegram.

SHIPPING INFORMATION. On parcel post shipments, if your order amounts to less than $2.00, include additional money in your remittance to pay the postage as charges must be paid in advance. **We will return every penny you send over actual postage required.**

On freight shipments, if there is a freight agent at your station, you don't need to include money for freight charges. If there isn't a freight agent it is necessary to send money to prepay freight charges. Charges are the same either way.

The Sheen and Beauty of an Oriental

Long Wear and Lasting Effect of Luster by the Newest Rug Weave

$39.95 CASH PRICE

9 × 12 Ft.

$5.00 DOWN

$5.00 A MONTH

- **Exquisite Ispahan Pattern—Fringed.**
- **Thick, all wool pile.**
- **Luster woven in.**
- **Pattern clear through to the back.**
- **Seamless.**

One of the finest patterns from those famed Oriental weavers; is here cleverly reproduced by a late American weaving method which preserves such Oriental characteristics as pattern-on-back, lasting sheen, and sturdy resistance to wear.

The thick, heavy pile is entirely of genuine *Imported Virgin Wool*, from hardy, highland sheep whose luxuriant and sturdy coats make the finest rug material in the world.

The sumptuous effect of luster is woven in. It cannot wear off, as in many "Washed" American Orientals. It is there to stay, and will last as long as the rug.

The *new weave* brings the pattern through to the back (see small illustration at the right), just as it appears in genuine Oriental Rugs, a result obtained by no other method. The patterned back lies snugly and smoothly on the floor, another Oriental earmark.

With all of their unusual beauty, their sturdiness has not been sacrificed. In their perfection of materials and weaving are years of satisfactory wear.

These rugs in the 9x12 Ft. size were made to sell for $10 More than Sears Low price. They are one of the great home investment opportunities of 1932. Decide *now* to have one!

For Easy Payments, use our Time Payment Order Blank. Large sizes Not Prepaid.

NOTE: THE PATTERN IS BROUGHT THROUGH TO THE BACK.

Sears Score Again With the Latest!

It's here! That ***full size Steel Cabinet Range*** you've always wanted. The New ***DOMINANT*** is its name, and we created it solely for the benefit of you who have held back for reasons of price. Now that reason exists no longer! The price is down where you can afford it. ***The quality is up where you want it.*** The New ***DOMINANT*** is a bold, value giving stroke that marks ***a new epoch in stove history.*** It permits ***thousands*** to enjoy the kitchen luxury heretofore possessed by the few.

Compare the New *DOMINANT* point for point—don't let a feature escape! We've not overlooked a detail to make the new *DOMINANT* a stove you'll be decidedly pleased to own, proud to display and *happy to use*. Let these features guide you in your selection.

We've employed scientific methods of fire box construction, flue arrangement and insulation at strategic points to insure the utmost in fuel economy, and proportionately *reduce your fuel expense*.

The New *DOMINANT* is offered in *8 different styles*, as follows: With Grate for *hard or soft coal*, with *French Plate* top or with *open plate top* and with built-in *reservoir* or *Utility Cabinet* in place of Reservoir. Reservoir is of copper, tinned on inside.

The *cooking tops* are ground, highly polished, and ribbed on the underside for extra strength. Lids are 8 inches in diameter, 1 nested and 1 anti-scorch. In the open top style, the other 4 lids are solid. Oven top is insulated with *asbestos*.

Measurements: Cooking top, overall, *42x24* in. *Oven, 18x18¼x12* in. *Height* to cooking top, *31¼* in. *Firebox, 15½x8x7½* in. *Length for wood*, with end linings removed, *20½* in. Burns any fuel. Takes 7-inch stovepipe.

Shipped from Harrisburg, Pa. or factory in Central Ohio, whichever is nearer you. *Mail order to Philadelphia. Estimated freight charges per 100 lbs.: 150 miles, 47c; 300 miles, 69c; 500 miles, $1.05; 750 miles, $1.19. NOT PREPAID.*
